New Courses

EDUC 797  Multilingual/Multicultural Education-Seminar in Multilingual Learners with Special Needs: Identification, Assessment and Instruction

ACTION: EDUC 797 Advanced Topics in Education. Our assumption is that the title will stay the same and what you have proposed is the syllabus and content for a special topic course. Please clarify if this is the case.

If your intent is to submit as a brand new course we will need to find a new course number. If the intent is for a new course, please address the following: a) Catalog copy should begin with examines (rather than students will) b) Recommend modification of title to shorten it.

EDRS 824  PhD in Education-Integrating Research Approaches

ACTION: requested revisions and resubmit for the April meeting.

Modified Programs

**Foreign Language Licensure**
EDSE 501 and EDSE 502 are approved in concept.

This approval form request should be for the M.ED and not the certificate. Please submit a separate form for each concentration (i.e. M.ED – Arabic, foreign language – Chinese). Please resubmit for the April meeting.

ACTION: There is a strong recommendation from the Curriculum Committee that an inter-program committee be formed to consider development of a general education classroom management and behavior course. Consider including representatives across programs.

Modified Certificates

None

Modified Courses

**EDCI 516  Multilingual/Multicultural Education-Bilingualism and Language Acquisition Research**

ACTION: Approved EDCI 516.
Request a new course approval form EDCI 560 indicating that EDCI 516 is a co-requisite

Deleted Courses
