Fax: 703-993-2013

Course Description
This course is one of a pair of courses that provide a research-based introduction to literacy teaching and learning for children in grades PK-6. The emphasis in this second course is on writing processes, word study (including phonemic awareness, word analysis, spelling development and vocabulary development), listening, speaking and dramatic expression. Field experience is required. Prerequisites: Admission into GMU Elementary Education Graduate program; courses must be completed according to program sequence.

Relationship to Program Goals and Professional Organizations
This course addresses priorities in the GSE master plan including literacy, technology, and diversity. It is designed as an integral component of the new Elementary Program for teachers of grades PK-6, and meets new state and national guidelines and standards. This course will build closely upon themes taught in the first literacy course and will integrate ideas from other elementary methods courses. It addresses standards from the following professional organizations: Interstate New Teacher Assessment and Support Consortium (INTASC); International Society for Technology in Education (ISTE) National Educational Technology Standards (NETS); the Virginia State Technology Standards for Instructional Personnel; and International Reading Association (IRA) Standards for Literacy Professionals and Paraprofessionals.

Student Outcomes
1. Students will demonstrate an understanding of the linguistic, sociological, cultural, cognitive and psychological bases of literacy processes.
2. Students will reflect on their own literacy learning histories and connect these to current theories of literacy teaching and learning.
3. Students will observe and assess the literacy development and needs of elementary literacy learners.
4. Students will plan literacy lessons that demonstrate an understanding of the children’s spelling and writing development.
5. Students will survey technological tools, print materials, and other resources for teaching writing.
6. Students will describe the literacy needs of diverse learners, including English Language Learners and students with other special needs, and they will adapt lesson plans to meet these needs.

7. Students will explore and explain the role of families, communities, and schools in children’s literacy learning.

8. Students will demonstrate an understanding of the knowledge, skills, and processes necessary for teaching writing, including attention to form, purpose, audience, grammar, punctuation, spelling and syntax.

9. Students will understand and be able to facilitate oral language development, including speaking, listening, and learning of “standard English” by speakers of other languages and dialects.

10. Students will demonstrate an understanding of the structure of the English language.

11. Students will demonstrate an understanding of the unique needs of students who have special needs in the area of literacy and language development.

12. Students will demonstrate the ability to promote creative thinking and expression, as through writing, storytelling, drama, and choral/oral reading.

13. Students will demonstrate the ability to assess individual and group literacy needs in a classroom situation, and organize classroom instruction to facilitate the literacy development of all learners.

Nature of Course Delivery
This course includes multiple instructional strategies. Individual session formats will vary and may include lecture, small group/large group discussion, hands-on, interactive work, student presentations, and cooperative learning.

Required Texts

Assignments
All assignments are to be completed by the date listed in the syllabus. Written work will not be accepted after the due date unless prior arrangements *(in writing, at least a week before the due date)* have been made with the instructor.

**Hunting and Sorting Activities** Due 10/27 Outcomes 3, 4, 6, 10
Students will plan and implement two hunting and two sorting activities. After implementation, students will write a reflection, evaluating the success of the activities. More information will be provided in class.
Evaluation
Activities will be evaluated based on consistency with instructional methods taught in the course, appropriate developmental design, coherence of writing, and mechanics.

Guided Reading Lessons Due 11/10 Outcomes 3, 9, 11, 13
Students will plan and implement instruction for a guided reading group. Students will be required to teach a minimum of two lessons. Additional information will be provided.

Evaluation
Guided reading lessons will be evaluated based upon thoroughness and ability to apply knowledge gained in readings and in class.

Writing Lesson Due 12/1 Outcomes 5, 6, 8, 12
Students will plan and implement a writing lesson incorporating technology in their placement. The focus should be on shared and/or interactive writing. Additional information will be provided in class.

Evaluation
The lesson plan is one third of the grade (5%) and will be evaluated based on adherence to the Elementary Program lesson plan format; consistency with instructional methods taught in the course; appropriate rationale provided; specification of objectives as related to state and national standards; appropriate match between assessment of learning and learning objectives. The post implementation reflection is the other two thirds (10%). Reflections will be evaluated for ability to apply knowledge gained in readings and in class; coherence of writing; and mechanics.

Reading, Writing, Spelling Analysis Due 12/8 Outcomes 3, 8, 10, 13
This is the Performance Based Assessment for EDCI 555 and EDCI 556. Each student should select a child to read with frequently in order to gather data on the child’s reading ability, level, strategy use, and comprehension. Written analysis will include instructional decisions, as well as when and how that instruction would be provided.

Each student should also collect at least three writing samples (e.g., one each from September, October, and November) from the target child. Based on these samples, students will prepare an assessment of the child’s writing ability, including ideas for further instruction.

Spelling should be evaluated based on the writing samples as well as information from the qualitative spelling inventory. Instructional decisions should be outlined, including implementation.

Additional information will be provided in class.

Evaluation
Accuracy of assigning developmental level and appropriateness of instructional suggestions based on information from class discussions and texts will determine grade.
Final Project: Literacy Action Plan   Due 12/15   Outcomes 1, 2, 7
Students will outline their ideal literacy program. Select a grade level and include your own philosophy about literacy instruction in general as well as specific goals for that level. Additional information will be provided in class.

Evaluation
Papers will be evaluated for accuracy in explaining literacy practices and theories; appropriate citation of research; ability to apply knowledge gained in readings, in class, and during the internship; coherence of writing; and mechanics.

Hunting and Sorting Activities   DUE 10/27   20%
Guided Reading Lessons   DUE 11/10   15%
Writing Lesson   DUE 12/1   20%
Reading, Writing, Spelling Analysis   DUE 12/8   25%
Final Project: Literacy Action Plan   DUE 12/15   20%

Grading Scale
A = 94-100%   A- = 90-93%   B+ = 88-89%
B = 80-87%   C = 77-79%   F = below 70%

Standards: Virginia State Technology Standards for Instructional Personnel
   1. Instructional personnel shall be able to demonstrate effective use of a computer system and utilize computer software.
   2. Instructional personnel shall be able to apply knowledge of terms associated with educational computing and technology.
   3. Instructional personnel shall be able to apply computer productivity tools for professional use.
   4. Instructional personnel shall be able to use electronic technologies to access and exchange information.

Standards: IRA (http://www.reading.org/resources/issues/reports/professional_standards.html)
   I. Foundational Knowledge
   Candidates have knowledge of the foundations of reading and writing processes and instruction.
      Inventory and Groups
      Guided Reading Lessons
      Hunts and Sorts
      Writing Lesson
      Reading, Writing, Spelling Analysis
      Literacy Action Plan
II. Instructional Strategies and Curriculum Materials
Candidates use a wide range of instructional practices, approaches, methods, and curricular materials.
- Guided Reading Groups
- Hunts and Sorts
- Writing Lesson
- Reading, Writing, Spelling Analysis
- Literacy Action Plan

III. Assessment, Diagnosis and Evaluation
Candidates use a variety of assessment tools and practices to plan and evaluate effective reading instruction.
- Inventory and Groups
- Guided Reading Group
- Reading, Writing, Spelling Analysis
- Literacy Action Plan

IV. Creating a Literate Environment
Candidates create a literate environment that fosters reading and writing by integrating foundational knowledge, use of instructional practices, approaches and methods, curriculum materials and appropriate use of assessments.
- Inventory and Groups
- Guided Reading Group
- Hunts and Sorts
- Writing Lesson
- Literacy Action Plan

COLLEGE OF EDUCATION AND HUMAN DEVELOPMENT STATEMENT OF EXPECTATIONS:

Students are expected to exhibit professional behavior and dispositions. See gse.gmu.edu for a listing of these dispositions.

Students must follow the guidelines of the University Honor Code. See http://www.gmu.edu/catalog/apolicies/#TOC_H12 for the full honor code.

Students must agree to abide by the university policy for Responsible Use of Computing. See http://mail.gmu.edu and click on Responsible Use of Computing at the bottom of the screen.

Students with disabilities who seek accommodations in a course must be registered with the GMU Disability Resource Center (DRC) and inform the instructor, in writing, at the beginning of the semester. See www.gmu.edu/student/drc or call 703-993-2474 to access the DRC.

University and Elementary Program Policies

Attendance. This is an advanced graduate level course, therefore the quality of your work, attendance, and informed participation are expected to be of the highest caliber. Unless it is an emergency situation, no absences are excused. Should you need to miss a class, it is your responsibility to inform the instructor ahead of time, turn in your assignments, collect any
notes/assignments from a colleague, and do your utmost to remain current in the class. (See GMU Catalog, page 32.)

Late Assignments. Late assignments will not be accepted without the prior consent of the instructor.

Quality of Written Work. Written work should be word-processed in 12-point font. Legibility, organizational clarity, and standard English usage and mechanics are expected. Unacceptable work may be returned for editing prior to grading. Quotations, paraphrases, and references must appear in proper APA format. If you require special assistance, see the instructor.

Cell Phones. The university has a policy that requests students to turn off pagers and cell phones before class begins. One cell phone that is registered with the Mason Alert System will remain on in class.
