COURSE DESCRIPTION

Prerequisites: Eligibility for student teacher/internships requires
1. Good academic standing
2. Satisfactory completion of all other coursework in the licensure program
3. Submission of passing scores on:
   a. Praxis I tests for Reading, Writing, and Mathematics (Passing Score = 532)
   b. Virginia Communication and Literacy Assessment (VCLA)

Constraints: Teacher Interns are NOT ALLOWED to take any courses concurrently to the Teaching Internship.

Course description: Intensive, supervised clinical experience for full semester in accredited public schools, at EITHER elementary or secondary levels. Students must register for ESL Teaching Internship section.

NATURE OF COURSE DELIVERY:
This course is highly interactive by design. It is predicated upon learning by doing and discovery learning under the guidance and supervision of a cooperating teacher and a university supervisor over a fifteen-week period. Assessment is performance-based. Teacher Interns will lead their students in cooperative learning activities, small group discussions, student-led teaching, videos, multimedia, and reflection on learning. Rubrics are provided in the Student Teaching Internship Manual.

LENGTH OF TEACHING INTERNSHIP
GMU requires 300 teaching clock hours, including 150 clock hours of direct teaching. This commitment is a 15-week full-time experience. These requirements exceed the current state licensure requirement. An extended period for the internship provides better preparation and is protection against contingencies such as illness and other disruptions to the daily schedule. Internship candidates are expected to complete the full semester, except in unusual circumstances. In such cases, the Director of Student and Faculty Services may approve early termination based on the recommendation of the university supervisor and cooperating teacher.
FORMAT FOR TEACHING INTERNSHIP
Teaching interns can spend the entire semester teaching at either the elementary or secondary level OR spend half of the semester at the elementary grade level (K-5), and then switch to the secondary level (6-12) for the other half of the internship period. This often requires a change of school.

In the case of those hired under PROVISIONAL LICENSES who wish to do an ON-THE-JOB Teaching Internship which may be conducted completely at the school of employment.

In all cases, the Teaching Intern begins by observing the Cooperating Teacher in the school, then co-teaching with this teacher, and finally assuming total responsibility for instruction of all students in the teacher’s care. The Teaching Intern gradually returns responsibility for instruction to the classroom teacher. During the transition periods before and after independent teaching, the Cooperating Teacher and the Intern may co-teach or share responsibility for specific periods or subjects.

Teaching interns should always progress at a rate appropriate to their preparedness to assume responsibility for instruction.

LEARNER OUTCOMES:
This course is designed to enable students to:
- Demonstrate ability to teach students who have English as their second language using a synthesis of research-based and innovative teaching approaches;
- Use scaffolding approaches to accommodate varying levels of English language proficiency among the target students; and
- Demonstrate ability to organize a detailed lesson plan and accompanying assessment tools.

PROFESSIONAL STANDARDS:
TESOL Professional Preparation Standards for Pre-K-12 Teachers

B. Performance-based assessments –
DOCUMENTATION
The Student Teaching Manual contains all forms, which must be submitted to the OSFS at the end of the student teaching/internship experience (except for the forms required for compensation of the cooperating teacher). These forms should be copied as needed.

Folders containing the Student Teaching Manual and other information for university supervisors and cooperating teachers are distributed at the scheduled Student Teacher/Intern Orientation or afterward in OSFS, Robinson A307. Students deliver the folders to their cooperating teachers unless teachers have requested the materials earlier. These folders should be used to collect and submit documentation to OSFS through the university supervisor. Teacher Interns should be provided with copies of all documents delivered to the university supervisor and the cooperating teacher.

Documentation: Teacher Interns
The Teacher Intern must keep lesson plans and all other documentation in a 3-ring binder for review by the university supervisor during observation visits. This binder becomes a valuable record of progress and a source of materials. These may be included in the ESL licensure portfolio due at the end of the Teaching Internship semester.

- **Daily Lesson Plans:** The student teacher/intern must provide daily lesson plans for review by the cooperating teacher and for the university supervisor as requested. The format may be mutually determined, but should include the elements shown in Appendices C (1-3).
- **Daily Log of Hours:** Student teachers must keep a daily log of hours. The log (Appendix E-2) and summary (Appendix F) are kept in the binder and submitted to the university supervisor upon completion of each placement of the student teaching/internship.
- **Journal Entries:** Student teachers/interns must make journal entries, which are kept in the binder for review by the university supervisor and cooperating teacher. These entries should reflect teaching experiences that impact the student teacher’s growth and progress during the internship.
- **Bi-weekly Progress Report:** Student teachers complete Part I of the Progress Report (Appendix D) once every two weeks, give it to the cooperating teacher for completion of Parts 2 and 3, and submit it to the university supervisor. Interns should keep copies of these for the Professional Development Portfolio as evidence of professional growth.
- **Experience Checklist:** The student teacher/intern should review the Experience Checklist (Appendix B) with each cooperating teacher after the first few weeks of working together. Areas of interest should be addressed during the rest of the internship (for each placement).
• **Self Evaluation of Teaching Video:** The student teacher/intern should create one teaching demonstration video for each placement. A self-evaluation of each teaching video should be conducted using Appendix G as a guide.

• **Evaluations:** The student/teacher intern should complete evaluation reports for each cooperating teacher (Appendix K-1) and the university supervisor (Appendix K-2). An evaluation of this manual should also be completed using Appendix L.

• **Other:** Student teacher/interns should keep copies of the Classroom Observation Reports (Appendix A-1, A-2), Summary Observation Reports (Appendix G) and the Profile for Evaluation of Student Teacher (Appendix H) in the binder. These reports may also be incorporated in the professional development portfolio as evidence of professional growth.

**C. Criteria for evaluation**

**Grading -- GRADING POLICY**

The Graduate School of Education has approved the following grading policy for EDCI 790.

1. The grading scale will be S (Satisfactory), NC (No Credit), or IP (In Progress) in accordance with GMU policy for internships and GSE policy for counseling and administrative internships.

2. The cooperating teacher(s) and the university supervisor shall determine the interim and final grades jointly after consultation. If they cannot agree, the Director of Student and Faculty Services will determine the grade based on a review of the documentation and, in some cases, observation of the intern’s performance.

3. A graduate intern who receives a No Credit grade or an undergraduate who receives a grade of D or F will not be recommended for teacher licensure unless he/she repeats all or part of the internship with satisfactory performance. (This may require enrolling and paying tuition for additional credit hours in a subsequent semester, or paying a fee for extended supervision.)

4. An intern or student teacher whose performance cannot be evaluated at the end of the grading period will receive a grade of IP (In Progress). An IP grade shall be changed to Satisfactory or No Credit for graduate students or to A-F for undergraduates upon completion of requirements - usually before the beginning of the next semester.

5. In some cases, a grade of No Credit or D-F may be accompanied by a recommendation that the student not be allowed to repeat the internship or student teaching. In such cases, the student will be counseled out of the licensure program although not necessarily out of the degree program.
COLLEGE OF EDUCATION AND HUMAN DEVELOPMENT

Recommended Mid-Semester/Interim Grade: _______ or End-of-Semester/Final Grade: _______

Use this list of standards and rating scale for self-assessment and assessment of the student’s performance by the clinical faculty/cooperating teacher and university supervisor at the beginning and end of independent teaching. Write the number of the appropriate rating in the space provided. The intern should demonstrate growth throughout the experience. At the interim evaluation, performance should be assessed according to expectations for a student teacher/intern and for the final evaluation, according to expectations for a beginning teacher.

The evaluator’s judgments about the student’s performance should be made in relation to the following criteria. Comments must be provided for ratings of 2 or 1, which indicate marginal or unsatisfactory performance.

Performance Rating Scale

4 = Exceeds Standards
3 = Meets Standards
2 = Meets Some Standards
1 = Does Not Meet Most Standards
NR = Not rated during this evaluation.

The interim or final grade is based on this profile, but may not be numerically correlated.
