- Praxis Braille Proficiency: (<http://www.ets.org/praxis/va>) – score of 157+

Tuition Assistance and Grant Funding:

Visual Impairments Consortium (<https://gse.gmu.edu/special-education/vi-consortium/>): The Virginia Consortium for Teacher Preparation in Visual Impairments made up of five universities: George Mason University, James Madison University, Norfolk State University, Old Dominion University, and Radford University. Its primary goal is to prepare teachers to be highly skilled at working with students with visual impairment and blindness. Classes will be offered through distance education technology to establish real-time, interactive, multipoint instruction among the five universities. The consortium is supported by a grant from the Virginia Department of Education. Every semester a limited number of tuition stipends are awarded to qualified applicants.

George Mason University College of Education and Human Development is accredited by the National Council for Accreditation of Teacher Education (NCATE). All licensure programs are approved by the Virginia Department of Education. George Mason University will verify completion of the requirements of a Virginia Department of Education (VDOE) state-approved preparation program at the graduate or undergraduate level. Such verification does not guarantee the issuance of Virginia Collegiate Professional, Postgraduate Professional, or Pupil Personnel license from the Commonwealth of Virginia. It is solely the student's responsibility to comply with all requirements for licensure by the Commonwealth. Under Virginia law a social security number is required for licensure.
