### **Relationship of Course Goals to Program Goals**

This course introduces students to major issues and practices in financial and human resource management as part of the Education Leadership endorsement sequence. A substantial emphasis on simulation and follow-up discussion gives students opportunities to learn and practice skills they will use in their internship experiences and administrative careers. All of the program goals are active, to a greater or lesser degree, in this course. Students will:

- engage in reflective practice with regard to financial and human resource management.
- strengthen and improve their communication skills through simulation, class discussion, and paper writing.
- understand how resource allocation supports or inhibits cultural, economic, and learning diversity.
- reflect on the ethical implications of resource allocation choices in schools and school districts.
- use computers for communication, data analysis, and data presentation.

### **Internship in Education Leadership—EDLE 791**

All students should be making progress on their internship during the semester in which they are enrolled in EDLE 614. Consequently, we will bring up issues related to the internship. Students should be seeking internship opportunities that provide practice with budget allocation, staffing planning, and personnel management.

### **Course Materials**

#### Readings

Articles will be made available.

#### *Outside-of-Class Resources*

All students are required to use <http://www.taskstream.com> as part of this course. This is an Internet site where information for the course will be posted. All students are expected to have access to a personal computer that is linked to the

Internet and the ability to use word processing, spreadsheet, and web-browsing software.

### **Grading**

Students' grades are based on their proficiency with respect to the student outcomes stated above. Each outcome will have an oral (class participation) and/or a written component. The outcomes are weighted as described below:

<b>OUTCOMES</b>	<b>ORAL PRODUCTS</b>	<b>WRITTEN PRODUCTS</b>	<b>PORTION OF FINAL GRADE</b>
<p>Students will apply major concepts related to financial and human resource allocation and management.</p> <p>Students will use a site allocation to build a budget that supports school mission and goals.</p> <p>Students will develop a staffing plan that is consistent with site goals and district guidelines.</p>	<p>Students will present, defend, and reflect upon resource allocation plans.</p>	<p>Students will display their own budgets and staffing plans in a spreadsheet format and include brief cover memos explaining their rationales for each document.</p>	<p>Each oral presentation, discussion, and reflection is worth 10 points. Each written report is worth 15 points.</p>
<p>Students will evaluate the effectiveness of simulated teacher interviews that are consistent with legal guidelines.</p>	<p>Students will participate in mock interviews and follow-up discussion.</p>	<p>Students will write a reflective essay about the interview experience.</p>	<p>Mock interview participation is worth 5 points. administrative purposes		processing software as part of their participation in the course.	TaskStream online discussions is worth 10 points.
Students will participate in reflective practice.	The course will employ reflective practice techniques throughout		

Below are the basic percentages for the various kinds of work required for the class. Students should always bear in mind that grading is primarily my judgment about your performance. Grades are designed to indicate your success in completing the course, not the level of effort you put into it.

Class participation	10 percent
Oral communication	25 percent
Written communication	65 percent

### *Participation*

A large proportion of the work in this class will be done in small groups. Each student is expected to be an active, contributing member of her/his small group in every class session and outside of class. Every student is also expected to contribute to TaskStream discussions as they become available. If you are absent or miss part of a class session, you may lose participation points. **If you are absent for an oral activity listed above, there will be no alternative way to engage in the activity and you will not receive credit for it.** Such an absence will cause you to lose participation points regardless of your overall attendance record.

### *Absence From Class*

Students are expected to attend every class for its entirety. Emergencies sometimes arise, however. If you need to be absent from class, you are expected to notify me in advance by telephone or e-mail. If you miss more than one class, you will lose participation points. If you come to class more than 30 minutes late or leave more than 30 minutes early, you will lose participation points. Papers due on a day you are absent **must be submitted via TaskStream by the due date.**

### *Writing*

There are four writing assignments for this course. The budget and staffing assignments are completed in groups and are more numerical than verbal, but the

verbal portion is important. It is critical that all group members contribute equally to a high quality final product. Your reflection on the interview process and your grant proposal will require substantially more writing. All written work should be **of the highest quality**. See detailed assignment sheets and assessment rubrics at the end of this syllabus.

### *Late Work*

Students are expected to submit their work on time. If you have an emergency or a work log-jam, it is acceptable to turn in an individual assignment up to 48 hours late. **I will not accept any work later than 48 hours after it is due**. Any attempt to submit work past the 48-hour deadline will result in no credit for the assignment.

Students may revise and re-submit graded work to improve their performance. Such revisions are due **no later than one week after** receiving my feedback on the assignment. An assignment grade will be re-considered, but no grades will be negotiated.

### *Grading Scale*

A+	=	100 percent
A	=	95 – 99 percent
A-	=	90 – 94 percent
B+	=	86 – 89 percent
B	=	83 – 85 percent
B-	=	80 – 82 percent
C	=	75 – 79 percent
F	=	74 percent or below

## **WRITING ASSIGNMENT # 1—BUDGET ALLOCATION**

### **15 Points**

#### Rationale:

Budget allocations must be prepared in a fashion that is both comprehensive and clearly understood by school personnel, central office administrators, and parents. The primary goal of this assignment is to help students learn how to take a site budget dollar amount; allocate it among needs at the school site consistent with the school's vision, mission, and goals; and present the allocation in a brief verbal statement, in detail using numbers. (Note: The oral portion is not part of this assignment sheet, but will occur during class.)

#### Product:

Each group is required to submit four written pieces for this assignment (Note: Every student in the group must submit all four pieces so that all can be graded through TaskStream):

1. For each school, a brief, verbal overview of the budget that includes a clear rationale for the allocation of funds—this may not be longer than one single-spaced page and serves as a cover memo for #2 below
2. For each school, a spreadsheet that shows the dollar amount allocated to each relevant budget category and the fact that the budget balances

#### Suggestions:

1. Your cover memos should be as brief as possible, but they also need to be clear. They should be written with the person who misses your budget meeting in mind. In other words, you want to state all the important thinking that went into the budget to avoid future arguments as much as possible.
2. Be certain your cover memos have a clear thesis—"My rationale for this budget allocation is \_\_\_\_\_ because \_\_\_\_\_." Support your thesis with strong reasoning in the rest of the statement.
3. Your spreadsheets should be simple enough for anyone to be able to understand. Teachers are most concerned about who gets what relative to their own budgets, so you need to make certain that comparisons are easily made.
4. Remember, this is a group project. Before you begin, be certain to get clear agreements and understanding on the following:
  - How and when will you communicate and/or meet with one another while working on the project?
  - What work will be divided up and how?
  - What work requires approval from the whole group before going forward?
  - What deadlines will you need to meet along the way to insure that your assignment is ready on September 21?

**WRITING ASSIGNMENT # 2—STAFFING ALLOCATION**  
**15 Points**

Rationale:

This assignment is very similar in format and requirements to the budget allocation assignment. The reason for this is that the needs are essentially the same—to present somewhat complicated data in a fashion that others can easily grasp.

Product:

Groups are required to submit four written pieces for this assignment:

1. A brief, verbal overview of the staffing allocation for each school that includes a clear rationale explaining how each one serves the vision, mission, and goals of the school
2. For each school, a spreadsheet that shows staff FTE allocated to each course or grade level and the fact that the school has not exceeded its staffing allotment (any “understaffing” must be indicated). This assignment is due October 12.

Suggestions:

**ASSIGNMENT #3—REFLECTIVE ESSAY ON INTERVIEW PROCESS**  
**15 points**

Rationale

Perhaps the most important activity for a school site administrator is the selection of staff—both certified and classified. Going through a mock process of teacher selection is helpful for thinking about important characteristics of prospective teachers and school needs. But, the experience is made richer by reflection so that the student can become much clearer in her or his own mind about how to make teacher selections count toward school improvement. This reflection paper will help you to discover what worked well during the interview(s), what could be improved, and what you would do differently next time.

Product

You will write a coherent reflective essay that explains your reaction to the total interview experience you had in connection with this class. Your paper must contain the following:

1. A thesis that clearly describes the major insights you gained as a result of participating in preparing an interview and the actual interviews that you witnessed
2. A brief description of what happened during preparation and the interviews
3. A thorough reflection of the entire process from start to finish that demonstrates the validity of your thesis
4. A conclusion that includes what you learned from the process and how you might engage in it differently when you are working as an administrator.

Interviews are scheduled for October 26 and the essay is due November 2

	<b>EXCEEDS EXPECTATIONS</b>	<b>MEETS EXPECTATIONS</b>	<b>APPROACHING EXPECTATIONS</b>	<b>FALLS BELOW EXPECTATIONS</b>
<p><b><u>Supporting Arguments</u></b> <b>(45%)</b> The author must articulate arguments in support of the thesis. These should be logical and made compelling by clear examples.</p>	Each paragraph of the body of the paper has a direct relationship to the thesis and helps to demonstrate the validity of the thesis. The author uses persuasive arguments relevant to the thesis.	The body of the paper provides some support for the thesis, but it also contains paragraphs that are not entirely persuasive.	Analysis is weak or difficult to follow. Some paragraphs are irrelevant to the thesis, not logical, or not persuasive	Analysis is largely absent from the paper. The paper may be expository rather than analytical.
<p><b><u>Concluding Paragraph</u></b> <b>(25%)</b> It is important to conclude your paper in a manner that is persuasive to the reader and that leads to broader thinking on the topic.</p>	The conclusions the author draws are clearly stated in the final paragraph, beginning with a restatement of the thesis in new language. The concluding paragraph follows in a compelling manner from the body of the paper and explains what the author would do differently for the next interview opportunity	The conclusions the author draws are clearly stated in the final paragraph, but they may not be entirely persuasive.	Conclusions can be inferred from the body, but the thesis is not re-stated and the conclusions are not persuasive.	Conclusions are unclear or irrelevant to the thesis.
<p><b><u>Grammar &amp; Mechanics</u></b> <b>(10%)</b> Any writing submitted for public review should be free of errors.</p>	The paper is <b>free</b> of errors.	The paper contains few errors.	The paper contains some errors.	The paper contains numerous errors.

**ASSIGNMENT #4—GRANT PROPOSAL**  
**20 points**

Rationale

Funds are usually tight in schools and districts, making it very difficult to initiate new and innovative programs. Consequently, grant money is often the only way to reach a particular population of students in a new way. Learning how to write a grant is a vital skill for a future education leader. The ideal way to approach this assignment is to pursue a grant that will support the School Improvement Project proposal you created in EDLE 690.

Product

1. Identify the financial needs of your SIP that cannot or will not be met through your school or district and target your grant toward meeting these needs. Alternatively, work with your principal or supervisor to identify an area of need that could be addressed through the procurement of additional funds.
2. Once you have identified a need at your site, you will explore several different sources of grant money to find one that is most appropriate to the need you have identified.
3. Following the guidelines of the grant you wish to receive, you will write a proposal that presents the need, your plan for how to meet the need, expected outcomes, how you will evaluate the success of your project, and a budget for the grant.
4. Grant proposals must be for not less than \$1,000 and should probably not exceed \$20,000.

The grant proposal is due November 23.

**GRANT PROPOSAL  
ASSESSMENT RUBRIC**

	<b>EXCEEDS EXPECTATIONS</b>	<b>MEETS EXPECTATIONS</b>	<b>APPROACHING EXPECTATIONS</b>	<b>FALLS BELOW EXPECTATIONS</b>
<p><b><u>Plan to Meet the Need (20%)</u></b> For a plan to gain the confidence of a funding agency, it must be clearly and directly tied to the specific need you have identified.</p>	The plan addresses the need in detail, demonstrating numerous links that show each aspect of the need will be met through the plan.	The plan is logically and tightly linked to the identified need.	The plan seems attractive but may have some areas that do not seem to be tied to need as you have identified it.	The plan is unclear and/or not directly linked to the need as you have articulated it.
<p><b><u>Expected Outcomes (20%)</u></b> The funding agency wants a clear picture of how the grant will help your site.</p>	The expected outcomes are persuasively stated so that any person observing the grant in action would recognize them. Expected teaching and learning results are clear.	The expected outcomes are clearly presented and logically linked to the plan.	Expected outcomes are stated, but they are not as clear as they could be, or they seem unrelated to the plan and/or the need.	Expected outcomes are unclear or missing.
<p><b><u>Evaluation of the Project (15%)</u></b> The funding agency usually wants to know how you will know if the money was well spent.</p>	The evaluation plan persuasively addresses all components of the plan to meet the need. Clear criteria and standards are established.	The evaluation plan addresses the plan to meet the need. Criteria and standards may not be entirely clear and/or logical.	The evaluation plan is not clearly connected to other aspects of the grant and/or lacks clear criteria and standards.	The evaluation plan is missing or difficult to understand. Criteria and/or standards may be missing.
<p><b><u>Budget (15%)</u></b> All grants require a budget so that the funding agency has a clear picture of how granted money will be spent.</p>	The budget meets the criteria contained in the budget allocation assessment rubric. It supports all aspects of the plan to meet the need.	The budget is clear and well presented.	The budget is somewhat confusing.	The budget is missing or incomplete.
