FAST TRAIN

EDUC 511: Introduction to Teaching in International Schools

**Syllabus**

Instructor: Sharon Morris

smorris@gmu.edu
sharon.morris100@gmail.com

Course Description: This course focuses on the structure and variations of international schools and human growth and development of their students. This includes the examination of international education, its mission and philosophies; comparative models of international education; the relationship between models of international education and patterns of student development; and parameters of effective instruction.

Please make sure you read the complete syllabus. There is a lot of important information in this document which will help you finish the class smoothly. On the last few pages you will find important information you will need to complete the assignments. Included are information you will need for the “Disposition Statement”, Child/Adolescent Study Guidelines and field experience.

GMU graduate classes all use APA Formatting for final papers. Make sure you have read the guidelines which I have put onto Bb which explain the APA formatting rules. They are very easy, once you get used to it. Many students continue to forget that the reference page should be ‘backward indented’! This means the first line is not indented, but the second one is. Follow the guidelines and make sure you use APA formatting in all your papers.

Plagiarism is a serious offence and it is grounds for dismissal from FAST TRAIN and the University. If you are uncertain about your work please contact me. APA clearly outlines the guidelines for the use of others work and anything used from the web must follow those guidelines and be clearly referenced. Exemplars given for assignments in this class CANNOT BE COPIED.

**Student Outcomes**

a. To become familiar with the role and purpose of international schools, as well understanding contemporary issues in the international school community. (INTASC Standards 7,9,10; PYP-IB A, N, O)

b. To become familiar with international school student characteristics - including the stage theories of development, age-level characteristics and student variability. (IN 2,3; PYP-IB G, H, I)

c. To identify and analyze issues related to education in a pluralistic and multicultural setting and society. (IN 5,7; PYP-IB B, D)

d. To become familiar with principles in educational psychology that affect learning. (IN 5,6; PYP-IB B, C)
e. To understand the parameters of effective instruction - including behavioral learning theories, cognitive learning theory, information processing theory, as well as understanding motivation and humanistic approaches to education. (IN 4,5; PYP-IB B, F, G, H)

f. To become familiar with the following aspects of child abuse: definition, historical evolution, different forms, underlying factors, legal statutes, assessments, interventions. (INTASC Standards 7,9,10)

Relationship to Program Goals and Professional Organization

EDUC 511 is the introductory course in FAST TRAIN, a program that prepares elementary and ESOL teachers for international schools. FAST TRAIN applies the goals of GMU elementary and ESOL education curriculum to an international context. EDUC 511 addresses the program goals that address educational foundations, especially in human growth and development and psychology. In addition, EDUC 511 primarily addresses the Interstate New Teacher Assessment and Support Consortium (INTASC) standards #2-7, 9, 10.

Principle #2: The teacher understands how children learn and develop, and can provide learning opportunities that support their intellectual, social and personal development.

Principle #3: The teacher understands how students differ in their approaches to learning and creates instructional opportunities that are adapted to diverse learners.

Principle #4: The teacher understands and uses a variety of instructional strategies to encourage students’ development of critical thinking, problem solving, and performance skills.

Principle #5: The teacher uses an understanding of individual and group motivation and behavior to create a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

Principle #6: The teacher uses knowledge of effective verbal, nonverbal, and media communication techniques to foster active inquiry, collaboration, and supportive interaction in the classroom.

Principle #7: The teacher plans instruction based upon knowledge of subject matter, students, the community, and curriculum goals.

Principle #9: The teacher is a reflective practitioner who continually evaluates the effects of his/her choices and actions on others (students, parents, and other professionals in the learning community) and who actively seeks out opportunities to grow professionally.

Principle #10: The teacher fosters relationships with school colleagues, parents, and agencies in the larger community to support students' learning and well-being.

Further, EDUC 511 addresses the following essential understandings in the PYP Level I Award Programme at an introductory (awareness) level:

A. International education and the role/philosophy of the IBO programmes.
B. Curriculum frameworks (principles, structures and practices).
C. Curriculum and instructional design.
D. Curriculum articulation
F. Teaching methodologies and the support of learning
G. Differentiated teaching strategies
H. Selection and evaluation of teaching and learning materials
I. The principles of assessment
N. The principles and process of reflective practice
O. Collaborative working: planning, implementation and evaluation.

CHED Statement of Expectations

The College of Education and Human Development expects that all students abide by the following:

• Students are expected to exhibit professional behavior and dispositions (see http://www.gse.gmu.edu for a listing of dispositions).
• Students must follow the guidelines of the University Honor Code (see http://www.gmu.edu/catalog/apolicies/#TOC_H12 for the full honor code).
• Students must agree to abide by the university policy for Responsible Use of Computing (see http://mail.gmu.edu).
• Students with disabilities who seek accommodations in a course must inform the instructor, in writing, at the beginning of the semester (see www.gmu.edu/student/drc or call 703.993.2474 to access the DRC).

Attendance Policy

FAST TRAIN students are expected to attend all class periods of courses for which they registered. No absences are accepted. On-Line class session are Thursday to Wednesday evening; new moderation assignments will begin each Thursday (Eastern Standard Time, USA) and the Discussion Board (DB) will close Wednesday evening at midnight.

In the online Blackboard learning environment, attendance is assessed by active weekly participation on the Discussion Board. Failure to post relevant and thoughtful comments in a timely manner each week is considered an absence. Our class discussions are held on-line; the more relevant information we discuss – the more you will get out of the class.

Class discussion is a factor in grading; instructors may use absence, tardiness, or lack of relevant posting as de facto evidence of nonparticipation and as a result lower the grade as stated in the course syllabus.

If online learning is new to you, think about this class the same as if you were physically attending class at MASON. You would be here a minimum of 3 hours during the week reading and posting on the Discussion Board. Expect a minimum of an additional 4 - 6 hours of work (readings, writing, reviewing) per week. Set aside time during your week to focus on EDUC 511, including posting on Db.

Honor Code

To promote a stronger sense of mutual responsibility, respect, trust, and fairness among all members of the George Mason University community and with the desire for greater academic and
personal achievement, we, the student members of the university community, have set forth this honor code: Student members of the George Mason University community pledge not to cheat, plagiarize, steal, or lie in matters related to academic work. (Mason Catalog, 2009).

**Late Work/Submissions**

At the graduate level all work is expected to be of high quality and submitted on the dates due. *Up to one week prior to the due date*, you may submit any drafts of your work for review and editing. Once your work is submitted and graded, the grade is final. *Work submitted more than one week late will be reduced one letter grade for every day of delay.*

There is an excellent online Writing Lab available at GMU and several resources for writing support provided on the Bb site. If written work is not considered graduate level, but has been turned in on time, there is the option that the professor may ask the student to take their paper to the Writing Lab for extra help. Take advantage of this opportunity, and learn from it.

Because we live in uncertain times, if you have any extraordinary circumstances (think flood, earthquake, evacuation) that prevent you from submitting your work in a timely manner it is your responsibility to contact the instructor as soon as possible after the circumstances occur and make arrangements to complete your work. It is up to the discretion of the instructor to approve the late/makeup work.

**Nature of Course Delivery**

This course is delivered in a series of inquiry-based learning experiences that include individual assignments, and informed discussion. Courteous and cooperative learning is encouraged between and among all participants. Successful students in an online learning environment are proactive, self-regulated, and manage their time well.

Mason uses electronic mail to provide official information to students. Examples include notices from the library, notices about academic standing, financial aid information, class materials, assignments, questions, and instructor feedback. Students are responsible for the content of university communication sent to their Mason e-mail account and are required to activate that account and check it regularly (Mason Catalog, 2009).

**GMU E-mail: Web:** [www.gmu.edu/email](http://www.gmu.edu/email)

**Course Withdrawal with Dean Approval**

For graduate and non degree students, withdrawal after the last day for dropping a course requires approval by the student's academic dean, and is permitted only for nonacademic reasons that prevent course completion. (Mason Catalog, 2009). Students requesting withdrawal from a course must first contact their instructor, if the instructor approves the withdrawal, student contact the FAST TRAIN office.

Course Evaluation Guidelines

Students are expected to read the assigned material ahead of the Bb Discussion topic, be prepared with relevant and timely comments, and participate in all Bb class discussions. The final grade will be based on the following course requirements:

<table>
<thead>
<tr>
<th>Course Component</th>
<th>Percentage</th>
<th>Due Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>Dispositions Statement (PBA)</td>
<td>15%</td>
<td>Due Wednesday, February 24</td>
</tr>
<tr>
<td>Classroom Management/Action Plan</td>
<td>20%</td>
<td>Due Wednesday, March 18</td>
</tr>
<tr>
<td>Influences on Learning and Student Engagement</td>
<td>25%</td>
<td>Due Wednesday, April 8</td>
</tr>
<tr>
<td>Child/Adolescent Study Assignment</td>
<td>25%</td>
<td>Due Wednesday, April 29</td>
</tr>
<tr>
<td>Bb Moderation/Discussion Postings</td>
<td>15%</td>
<td>Weekly for 15 weeks</td>
</tr>
<tr>
<td>Syllabus Quiz</td>
<td>S/U</td>
<td>Due January 28</td>
</tr>
<tr>
<td>Child Abuse Prevention Module</td>
<td>S/U</td>
<td>Due February 4</td>
</tr>
<tr>
<td>Field Experience Requirements and reflection</td>
<td>S/U</td>
<td>Due May 5</td>
</tr>
</tbody>
</table>

100%
NOTE: Failure to submit documentation of successful completion of your field work in a timely manner will make you ineligible to register for coursework or be recommended for licensure.

Grading System: Graduate Coursework

A+ = 100
A = 94-99
A- = 90-93
B+ = 85-89
B = 80-84
Courses below a B are ineligible for licensure or recommendation for Level I IB Award – these must be repeated.
C = 70-79 – does not meet licensure requirements or Level I award recommendation
F = Does not meet requirements of the Graduate School of Education

S/U
Satisfactory: completion of all assignments with high quality in a timely and efficient manner.
Unsatisfactory: incomplete and/or low quality of assignments submitted more than one week late from due dates.

Students must maintain a 3.0 average and a grade of B or higher for licensure and master’s degree. All course assignments and field experience activities must be satisfactorily completed before the final grade is awarded.

Please read the specific grading rubrics which will be used for each assignment.

Incomplete (IN): This grade may be given to students who are passing a course and in good standing but who may be unable to complete scheduled course work for a cause beyond reasonable control. The student must then complete all the requirements by the end of the ninth week of the next semester, not including summer term, and the instructor must turn in the final grade by the end of the 10th week. Unless an explicit written extension is filed with the Registrar's Office by the faculty deadline, the grade of IN is changed by the registrar to an F. (Mason catalog); Faculty may grant an incomplete with a contract developed by the student with a reasonable time to complete the course at the discretion of the faculty member. The faculty member does not need to allow up to the following semester for the student to complete the course. A copy of the contract should be provided to the FAST TRAIN office.

Assignment Guidelines

1. Child Abuse, Neglect and Intervention (INTASC Standards 2,3,6,7, and 10)
February 4
This on-line training module will provide an overview on child abuse and neglect. Students will find the tutorial at the following web site:

www.vcu.edu/vissta/training/va_teachers/requirements.html
Plan to spend about two hours for the completion of the training session. Once you have completed the training you will be able to print a certificate that verifies your completion of the training. This certificate should be kept by the student for licensure purposes.

The purpose of the training is to become familiar with the multiple aspects of child abuse, including: the definition and historical evolution of child abuse, different forms, underlying factors, legal statutes, assessments, and interventions. Because teachers will work with helping professionals from different disciplines, this course will also provide a multidisciplinary perspective to child abuse and neglect.

This module is a licensure requirement, it must be completed prior to applying for licensure and the printed certificate attached to your application for Virginia licensure.

II Discussion (Db) Postings (15%) (INTASC 2-7, 9, 10) – Weekly for 15 weeks

We will cover more than 20 topics during the class. Each participant will be responsible for contributing a minimum of twice weekly. (Other than moderator responsibilities). Participants should try to contribute more than twice weekly, the more you participate in class the more you will get out of it. You should plan to have your readings finished by Saturday, (I suggest finish the readings before the class begins, on Thursdays) and post your contributions by Sunday. You need to return to the discussion site, to read other students comments and posting, then add your own. Remember the more we contribute – the more you will get out of the class. Your posts are automatically monitored by day/time through the Blackboard site.

Your discussion posting should be thoughtful and critically reflective. Just posting “I agree” or “I think the same” does not count and is considered inadequate for graduate level work. Your responses should reflect the connections you are making in your reading, between and among chapters, your teaching experiences and your professional activities. You may relate your experiences, as long as they are relative to our discussion topic, and our readings.

To Overview
1. You are required to post at least twice a week. Posting your answers on Wednesday, the last day of our week – is not considered timely, your classmates do not have time to reply to your posting. This may incur in a lowered grade. You must post early in our week (try to post by Sunday EST) so that other students may respond, and this will create our discussion.

2. You must then reply to two of your classmate’s responses. This, again, will help generate our discussion.

3. Read your original reply to see your classmate’s replies/responses – answer any relevant questions.

4. Enjoy the discussions, share, and have fun in the class!

Assessment Rubric for Weekly Discussions:

Excellent (90-100)
Consistently asks thoughtful, analytic questions or makes astute observations that indicate reflection and reading of assigned material. Participates very actively in class discussions (on-line).

Competent (80-89)
Frequently asks questions or makes observations that indicate reflection and some reading of assigned material. Participates very actively in class discussions. May be absent one time.
Minimal (70-79)
Rarely asks questions or makes observations that indicate familiarity with the assigned readings. Does not participate actively in class discussions. May be absent two times.

Unsatisfactory (69 or below)
Does not ask questions or make any observations that indicate reading of assigned material. Does not participate in small groups and is frequently absent.

**Moderation Tasks**

b). Each week two people will be assigned as moderators to that week’s discussions. You should contact each other prior to the date and come up with three discussion threads on the readings to be posted for that week.

c). Moderation teams will send (e-mail) me their questions on the Tuesday before their week begins. For example, if your week’s moderation assignment begins on a Thursday, I should receive the moderation questions to post no later than the Tuesday before.

d) The questions should be based in the chapters assigned or the readings. If you are experiencing problems with your questions, please review the study guides provided in Course Materials (Bb) to focus on critical points or issues.

e). Once the questions are posted, each team member should read the responses to the questions for accuracy, clarifications and specific examples. (Team members do not need to answer the questions) Each member of the moderation team should provide information based on your readings to each Group that goes beyond the initial questions and raises more curiosity and inquiry on the part of the discussants.

f). Mid-way through the week, moderation team members should log on again, prompting more inquiry and responding to the threads of the ‘conversation.’

g). At the close of the week, Tuesday, the moderation team will submit a joint summary of the week’s discussion to me (via e-mail) and I will post it under Course Materials (Bb) for review by the class.

Moderation assignments are tentatively scheduled to start the end of February or early March. I will send out an announcement asking for your topic preference. Moderation grading will be similar as the Discussion Board grading.

**III. Dispositions for a Career Educator* (15%) Performance Based Assessment**
(NTASC Standard 9, PYP-IB N, O) – February 24

The College of Education and Human Development along with national and international organizations promote maintaining standards of professional competence. Students must meet GSE grading standards and course requirements as well as demonstrate professional performance in the areas required of professional educators: content knowledge, pedagogical skill and professional dispositions.
This assignment requires you to consider the professional performance criteria for career educators and the IB Learner Profile. You will write a 4-5 page **reflective essay** identifying your professional strengths, areas for development with respect to the Dispositions and IB Learner Profile. (This is not a paper of how you would teach, but what strengths or weaknesses you are starting with, clarified with sufficient evidence.) You will sign the “Dispositions for a Career Educator” form and submit the form with your reflective essay. Dispositions for a Career Educator are posted in the Course Requirement section on Blackboard and at the back of the Syllabus.

See Rubric(in a folder on the Db, under Syllabus) for grading details.

*SEE ADDENDUM A*

All FAST TRAIN licensure courses have a required Performance Based Assessment (PBA). The required PBA for this course is “Dispositions for a Career Educator.”

**Elementary Teacher Candidates: Teacher Anthology and Performance Based Assignments**

The Teacher Candidate Anthology (TCA) is designed to be a collection of performance-based tasks that are valid samples of candidate work throughout the program. It documents the individual’s knowledge, skills, dispositions and ability to teach. Further it documents the candidate’s ability to positively influence PK-6 student learning. Its purpose is to assess the attainment of the Interstate New Teacher Assessment and Support Consortium (INTASC) standards and to provide an avenue for growth and reflection.

Elementary Students are required to submit both a mid-point portfolio reflective paper after completing three licensure courses and a final reflective after completing the final licensure courses. Both the mid-point and final portfolio will be posted to Task Stream for scoring. Future registrations will be effected if this requirement is not met by the due dates indicated in the guidelines. Please see the FAST TRAIN website: [http://gse.gmu.edu/fasttrain/programs_of_study/portfolio/](http://gse.gmu.edu/fasttrain/programs_of_study/portfolio/) for more guidelines about the anthology requirement.

All FAST TRAIN licensure courses have a required Performance Based Assessment (PBA). The required PBA for this course is “Dispositions for a Career Educator.” **This assignment must be posted to Task Stream, where it will be reviewed and graded.**

**ESOL Students Candidates**

**The Professional Development Portfolio**

The Professional Development Portfolio is a collection of carefully selected materials and targeted reflections that provide a record of teaching experiences and growth. It documents a teacher candidate’s knowledge, skills, and ability to teach. A performance-based document, the portfolio synthesizes learning from the teacher candidate’s coursework and school-based experiences and includes multiple sources of data that should be gathered and developed in the teaching-learning process. You may want to use this paper in your Professional Development Portfolio. ESOL students do not need to put this paper onto Task Stream.
IV. Classroom Environment/Management and Action Plan (INTASC Standards 2,3,4,5,9) (20%) – DUE Wednesday March 18

The purpose of this assignment is to help you reflect on the relationship between your philosophy of education and your style of management in your classroom (now or future). You paper should range from 5-8 pages in total length. APA format required.

1) Write a brief review of the current practices that you use (or intend to use) to manage your classroom environment that reflect your professional philosophy/dispositions toward teaching and learning. What values are you trying to support for your students? How would the Learner Profile affect your management strategies? Analyze those elements of your management strategy that are working effectively and those that need improvement.

2) Read the textbook chapters on Classroom Environments/Management and the articles provided on Bb. Identify and read three additional readings, of your own choosing, on the topic of classroom environment/management. Do not rely on Woolfolk’s readings only – do some research and find other classroom management ideas.

3) Based on the above readings and the analysis of your teaching philosophy and management plan, briefly describe 5 potential strategies that you will consider using in the classroom prior to the use punishment or punitive measures in the classroom (no more than three pages total). First name the concept (i.e. Proximity) then define the concept and provide an example of how proximity would be used in the classroom and/or why it is effective (comprehension and then application). Plan on approximately one paragraph per concept.

4) Create a written action-plan to be used before the end of your field experience that identifies two of the strategies you have selected, your reasoning behind the selection, how it relates to your philosophy of teaching/learning, and outlines a timeline for implementation. When you turn in your final reflection on your field experience be sure to comment on the success (or lack thereof) of your choices.

V. Influences on Learning and Student Engagement (INTASC Standards 2, 3, 5; PYP IB A, G) (25%) – DUE Wednesday April 8

This assignment is designed to increase your knowledge about factors that influence students and their ability to engage in learning. The concept should help you work more effectively with students and should be related to topics in the course. Examples of topics include: the importance of play in early childhood, third culture kids (TCK’s), gifted and talented students, the effects of divorce on children, inclusion in international schools, mobility/transition, cultural influences on teaching/learning, language/learning, learning disabled students… have your topic approved by your instructor.

Review several sources for your paper including the IBO website on special needs/issues. Two to three of your sources should come from traditional references such as referred journals or books. You may use the internet as a source of information, but you will need to evaluate the quality of the information you find and reference it properly. As you research the concept you may find that it is too broad in nature and consequently you may have to narrow or modify your topic as you conduct your search and develop your paper.
Read and review what you have found, then select a minimum of four sources for the report of your key findings on the topic (limit the length of the paper to 4-6 pages of text). Please note the paper is not necessarily a summary of the topic, rather it should identify information that will be helpful to you as a teacher. In addition, supply at least five on-line resources that your colleagues can draw upon to find resources on your topic. Use sub-headings as a way to organize the paper into various sections. Use the APA format to reference your sources within the document and to provide a listing of the references at the end of the paper.

Use the information from your paper in the Bb Discussion of learning influences.

**VI. Child/Adolescent Study* – 25% Due April 29**

You will conduct a Child/Adolescent Study using a variety of activities, small/whole group lessons, teacher/parent/student interviews and write paper that describes the key findings from the Child/Adolescent Study. It is important that you read this guideline NOW so that you know what you will be writing about for this assignment. You should begin your Child/Adolescent Study no later than the third week of February.

The purpose of the study is to begin to learn about international children in a holistic sense. It is important to note that these activities are introductory in nature - they cannot explain characteristics of large groups of students. It is important to begin planning for your Child/Adolescent Study very early in your Field Experience in order to complete sufficient activities and observations with your target student.

*SEE Child Study Guidelines in Syllabus Folder on Discussion Board*

**VII. Field Experience Reflection* – DUE May 5**

The field experience is a required component of the teacher preparation program at George Mason University. Each student in EDUC 511 is required to complete 20 hours of field work; half in lower primary (K-2) and half in upper elementary (3-6). Your Child Study Assignment is designed to be embedded into your 20 hours of field work.

If you are currently employed you will need written approval from your immediate supervisor to complete the field experience portion of this class (contact Dr. Steeley for information). If you need a placement you will need to contact Dr. Sherry Steeley for placement information (domestic) or placement guidelines (international). You need to arrange your field experience in order to be able to complete your assignments appropriately. **Please let me know when you have arranged to work at a school, and where you will be observing by February 18.**

*SEE ADDENDUM B for Guidelines of your Field Experience*
The Virginia Department of Education promotes maintaining standards of professional competence and requires applicants for licensure to possess good moral character. Students must meet GSE grading standards and course requirements as well as demonstrate professional performance in the areas required of professional educators: communication, collaboration and professionalism. Therefore, the Graduate School of Education expects its students to develop and exhibit the following:

Commitment to the Profession
   a. Promoting exemplary practice
   b. Excellence in teaching and learning
   c. Advancing the profession
   d. Engagement in partnerships

Commitment to Honoring Professional Ethical Standards
   a. Fairness
   b. Honesty
   c. Integrity
   d. Trustworthiness
   e. Confidentiality
   f. Respect for Colleagues and students

Commitment to Key Elements of Professional Knowledge
   a. Belief that all individuals have the potential for growth and learning
   b. Persistence in helping individuals succeed
   c. High standards
   d. Safe and supportive learning environments
   e. Systematic planning
   f. Intrinsic motivation
   g. Reciprocal, active learning
   h. Continuous, integrated assessment
   i. Critical thinking
   j. Thoughtful, responsive listening
   k. Active, supportive interactions
   l. Technology-supported learning
   m. Research-based practices
Commitment to Being a Member of A Learning Community
   a. Professional dialogue
   b. Self-improvement
   c. Collective improvement
   d. Reflective practice
   e. Responsibility
   f. Flexibility
   g. Collaboration
   h. Continuous, lifelong learning

Commitment to Democratic Values and Social Justice
   a. Understanding systemic issues the prevent full participation
   b. Awareness of practices that promote equity and access
   c. Respects the opinion and dignity of others
   d. Appreciates and integrates multiple perspectives

Adopted by GSE – May 2004

In addition, candidates for initial teaching licensure in elementary education are assessed on the following standards:
   • Possess the basic skills and knowledge needed to guide students’ learning
   • Demonstrate effort to continue learning both content and pedagogy
   • Reflect on his/her professional practice, including personal teaching and learning style
   • Welcome assistance for improvement and problem solving
   • Can develop and explain professional judgments using research-base theory and practice
   • Engage in productive relationships with professional colleagues and support staff
   • Demonstrate stamina, flexibility, and a positive attitude
   • Is responsible, dependable, and observant of school policies and procedures
   • Project a professional image in terms of demeanor and appearance
   • Maintain confidentiality of information about colleagues, school sites and students unless disclosure serves a professionally compelling purpose or is required by law
   • Is punctual and prepared for all responsibilities
   • Meets all expectations for professional behavior

I understand my responsibility to develop and maintain professional behaviors and dispositions that are associated with career professionals in education. I also understand that my development toward the acquisition of such professional dispositions will be part of the Elementary Program assessment process.

ADDENDUM B
(Four pages)

EDUC 511
OBJECTIVES FOR FIELD PLACEMENT

Total Number of Hours Required:  20

Placement Site:  Public or private elementary school classroom, (For Elementary majors: ten hours K-2 and ten hours 3rd-6th grade; for ESL majors ten hours elementary and ten hours middle school or secondary).  For those seeking the IB Level I Award, field experience should take place in an authorized IB school where possible.

Objectives:

1. To become familiar with student characteristics - including the age/stage developmental theories; age-level characteristics; and student variability/diversity.

2. To observe the role of teachers in lower primary and upper elementary school settings and gain experience in working with elementary school students.

3. To become aware of the ways in which educational theories and research in the areas of: motivation, individual differences, student engagement including the nature of learning and knowledge, environmental influences on behavior, effective educational practices, and classroom based assessment is applied to instruction.

4. To understand the parameters of effective instruction - including behavioral learning theories, cognitive learning theory, information processing theory, as well as understanding motivation, and humanistic approaches to education.

5. To assess one’s potential to assume the responsibilities of a teacher

Required Activities:

1. You will observe two teachers and assist in the classrooms by working with individuals and small groups of students as deemed appropriate by the teacher (a minimum of 10 hours in an early childhood setting, K-2, and 10 hours in a 3rd – 6th grade classroom is required for licensure for elementary.  ESOL may have 10 hours at lower grades (K-6) and 10 hours at upper grades (7-12).

2. You will conduct a Child/Adolescent Study using a variety of activities, small/whole group lessons, teacher/parent/student interviews and write paper that describes the key findings from the Child/Adolescent Study – Due Wednesday, April 29

The purpose of the study is to begin to learn about international children in a holistic sense.  It is important to note that these activities are introductory in nature - they cannot explain characteristics of large groups of students.(See appendix for outline of Child - Adolescent Study/Learner Profile).  It is important to begin planning for your Child/Adolescent Study very
early in your Field Experience in order to complete sufficient activities and observations with your target student.

3. You will write a two - three page reflective statement about your overall field experience activities and what you learned from your experiences, including the two management strategies outlined in Assignment #3. Due May 5

4. The Field Experience Evaluation Form and Observation Form will be completed by the student and signed by the cooperating teacher/supervisor and submitted to the course instructor no later than May 6. The forms are to be filled out by your observing teacher. Some may not apply to you, just put N/A in those lines.

|         | In the Discussion Board area, under the heading Welcome - write a brief introduction about yourself. You may answer these questions to get started: How long have you been in the Fast Train program? Where do you live? What are your future teaching related goals? What is your international experience? Your teaching experience? Tell us a little about yourself...married? Children? Single? Read the Syllabus and take the quiz. Turn it in to the Assignment Drop Box. Review requirements in Course Schedule and post any questions you have under the Question/Answer section. Please use this area to ask any course related questions. Remember there is no such thing as a stupid question!! If you have personal questions to ask me, you may use the GMU email or my Gmail email accounts.  

smorrisk@gmu.edu
sharon.morris100@gmail.com  

Respond to the Discussion Board Question. Make sure you answer it, and respond to two of your classmate’s replies. |  
|         | Read Navigating Blackboard. Become familiar with information in the folders (no need to read it all now!). All of our readings (other than our book) will be found in the Documents or PYP folder. Read International Education (From Making the Difference,) (Documents Folder) Read Democratic Shifts (From Making the Difference) (Documents Folder) Begin to read Woolfolk: Educational Psychology Book Chapter 1: Learning, Teaching and Educational Psychology  

Take some time to peruse the Educational Psychology book. There is a lot of information in it which you may find helpful in the next few years. The web pages, the pod casts, the interview questions - are all worth looking at. |
| January 28 | Respond to Discussion Board Questions on this week’s readings. | Woolfolk: Educational Psychology Book  

Chapter 13: Teaching Every Student pgs 454 – 473. |

| February 11 | **Review APA format information (in Examples and Formats Files) Become very familiar with this style of writing. All papers are to be written in APA format.**  
**Respond to Db Questions - Highlight the international side of emotional, moral and personal development in your life/school setting/your child’s school setting.**  
**Dispositions Statement are Due by Wednesday, February 24, EST (Elementary Students to put your Dispositions Essay to Task Stream ESL – hold second copy in reserve for optional ESL portfolio)**  
**Review Field Experience and Child Study information**  
**Be sure to ask relevant questions of other members of the class, making connections to your readings and engaging in critical reflection. A strategy which is to be used throughout the course.**  
**Field Experience should be set up and started soon.** |
| Chapter 3: The Self, Social and Moral Development  
**Read A Paradigm Shift, from Making the Difference (Documents Folder)**  
**Point/Counterpoint discussion (pg 92) - Think about it - is this a world wide view? Do all cultures believe your self-esteem is important?**  
**Read one of the articles in the resource section of the Bb site (Geneva Gay, Third Culture Kids, Global Nomads)** |
| February 18 | **Respond to Discussion Board**  
**Have you ever done a learning styles survey? If you have never done one, take a survey to find your learning style/multiple intelligence. Try to find a survey for children – share this information in our Discussion Board.**  
**Read Child Study information - begin to prepare for your study.**  
**Respond to Db Questions**  
**Do we differentiate only for those language challenged? Or for all students? Is this fair?** |
| Chapter 4: Learner Differences and Learning Needs  
**Chapter 13: Pgs 477 (Differentiated Instruction) - 490**  
**Read the article Learner Preferences, Making it Happen (Documents Folder)** |
