COURSE DESCRIPTION:

Prerequisites: Eligibility for student teacher/internships requires:

1. Good academic standing
2. Satisfactory completion of all other coursework in the licensure program
3. Submission of scores on:
 - a. Praxis I tests for Reading, Writing, and Mathematics
 - b. Virginia Communication and Literacy Assessment (VCLA)
 - c. ACTFL Oral Proficiency Interview (OPI) and Written Proficiency Test (WPT) effective Spring 2008.

In addition to these requirements, licensure candidates seeking endorsements in French, Spanish, and/or German must take and pass the Praxis II: French (169), Spanish (161), and/or German (162).

Course description: Intensive, supervised clinical experience for full semester in accredited schools, both at elementary and secondary levels. Students must register for appropriate section.

NATURE OF COURSE DELIVERY:

This course is highly interactive by design. It is predicated upon **learning by doing** and **discovery learning** under the guidance and supervision of a cooperating teacher and a university supervisor over a fifteen week period. Assessment is based on performance-based assignments. Students will be engaged in cooperative learning, small group discussions, student-led teaching, videos, multimedia, and reflection. Rubrics are provided in the Student Teaching Internship Manual.

LENGTH OF STUDENT TEACHING/INTERNSHIP

GMU requires 300 student teaching clock hours, including 150 clock hours of direct teaching. This commitment is a 15-week full-time experience. These requirements exceed the current state licensure requirement. An extended period of student teaching provides better preparation and is protection against contingencies such as illness or other interruptions. Students are

expected to complete the full semester of internship except in unusual circumstances. In such cases, the Director of Student and Faculty Services may approve early termination based on the recommendation of the university supervisor and cooperating teacher.

FORMAT FOR STUDENT TEACHING/INTERNSHIP

Student teachers/interns in the Foreign/World Language program spend half of the student teaching/internship period at the elementary grade level (K-5), and then switch to the secondary level (6-12). This often requires a change of school.

In all cases, the student teacher/intern begins by observing and co-teaching and then gradually assumes responsibility for instruction until he or she carries the full teaching load. Toward the end of the assignment, the student gradually returns responsibility for instruction to the classroom teacher. During the transition periods before and after independent teaching, the teacher and the student may co-teach or share responsibility for specific periods or subjects.

However, student teachers/interns should always progress at a rate appropriate to their preparedness to assume responsibility for instruction.

LEARNER OUTCOMES:

This course is designed to enable students to:

- Be able to demonstrate ability to teach a foreign/second language using a synthesis of both older and more recent innovative methods
- Be able to use instructional strategies which accommodate methods of teaching foreign/second languages
- Demonstrate ability to organize a detailed lesson plan for foreign/second language teaching, including all three communicative modes (interpersonal, interpretive, and presentational) while focusing on the end goal of oral proficiency and performance.

PROFESSIONAL STANDARDS:

The ACTFL Standards for Pre-K-12 Students

Interstate New Teacher Assessment and Support Consortium (INTASC) Standards

National Board for Professional Teaching Standards (NBPTS)

Virginia Standards of Learning (SOLs)

**B. Performance-based assessments –
DOCUMENTATION**

The Student Teaching Manual contains all forms, which must be submitted to OSFS at the end of the student teaching/internship experience (except for the forms required for compensation of the cooperating teacher). **These forms should be copied as needed.** Folders containing the Student Teaching Manual and other information for university supervisors and cooperating teachers are distributed at the scheduled Student Teacher/Intern Orientation or afterward in OSFS, Robinson A307. Students deliver the folders to their cooperating teachers unless teachers have requested the materials earlier. These folders should be used to collect and submit documentation to OSFS through the university supervisor. Students should be provided copies of all documents to the university supervisor and the cooperating teacher.

Documentation: Student Teachers/Interns

The student teacher/intern must keep **lesson plans and all other documentation in a 3-ring binder** for review by the university supervisor during observation visits. This binder becomes a valuable record of progress and a source of materials. These may be used in the professional development portfolio for evidence of professional growth or for a job search. Items for the binder should include:

- **Daily Lesson Plans:** The student teacher/intern must provide daily lesson plans for review by the cooperating teacher and for the university supervisor as requested. The format may be mutually determined, but should include the elements shown in Appendices C (1-3).
- **Daily Log of Hours:** Student teacher's must keep a daily log of hours. The **log** (Appendix E-2) and **summary** (Appendix F) are kept in the binder and submitted to the university supervisor upon completion of each placement of the student teaching/internship.
- **Journal Entries:** Student teachers/interns must make journal entries, which are kept in the binder for review by the university supervisor and cooperating teacher. These entries should reflect teaching experiences that impact the student teacher's growth and progress during the internship
- **Bi-weekly Progress Report:** Student teachers complete Part I of the Progress Report (Appendix D) once every two weeks, give it to the cooperating teacher for completion of Parts 2 and 3, and submit it to the university supervisor. Interns should keep copies of these for the Professional Development Portfolio as evidence of professional growth.
- **Experience Checklist:** The student teacher/intern should review the **Experience Checklist** (Appendix B) with each cooperating teacher after the first few weeks of working together. Areas of interest should be addressed during the rest of the internship

(for each placement).

- **Self Evaluation of Teaching Video:** The student teacher/intern should create one teaching demonstration video for each placement. A self-evaluation of each teaching video should be conducted using Appendix G as a guide.
- **Evaluations:** The student/teacher intern should complete evaluation reports for each cooperating teacher (Appendix K-1) and the university supervisor (Appendix K-2). An evaluation of this manual should also be completed using Appendix L.
- **Other:** Student teacher/interns should keep copies of the **Classroom Observation Reports** (Appendix A-1, A-2), **Summary Observation Reports** (Appendix G) and the **Profile for Evaluation of Student Teacher** (Appendix H) in the binder. These reports may also be incorporated in the professional development portfolio as evidence of professional growth.

C. Criteria for evaluation

Grading -- **GRADING POLICY**

The Graduate School of Education has approved the following grading policy for EDCI 790.

1. The grading scale will be S (Satisfactory), NC (No Credit), or IP (In Progress) in accordance with GMU policy for internships and GSE policy for counseling and administrative internships.
2. The cooperating teacher(s) and the university supervisor shall determine the interim and final grades jointly after consultation. If they cannot agree, the Director of Student and Faculty Services will determine the grade based on a review of the documentation and, in some cases, observation of the intern's performance.
3. A graduate intern who receives a No Credit grade or an undergraduate who receives a grade of D or F will not be recommended for teacher licensure unless he/she repeats all or part of the internship with satisfactory performance. (This may require enrolling and paying tuition for additional credit hours in a subsequent semester, or paying a fee for extended supervision.)
4. An intern or student teacher whose performance cannot be evaluated at the end of the grading period will receive a grade of IP (In Progress). An IP grade shall be changed to Satisfactory or No Credit for graduate students or to A-F for undergraduates upon completion of requirements - usually before the beginning of the next semester.
5. In some cases, a grade of No Credit or D-F may be accompanied by a recommendation that the student not be allowed to repeat the internship or student teaching. In such cases, the student will be counseled out of the licensure program although not necessarily out of the degree program.
