General Requirements

Readings and Participation

The completion of all readings assigned for the course is assumed. Because the class will be structured around discussion and small group activities pertaining to school inquiry in literacy, it is important to keep up with the readings and to participate in class. It is your responsibility to come to class with insights, questions, comments, and concerns from the readings. I suggest that you keep a reading log that includes both notes on and reactions to each reading. Class participation will influence your grade.

Class Attendance

If, due to an emergency, you will not be in class, please contact me prior to class time; it's best to do so via email (sparson5@gmu.edu). You are expected to email assignments to me regardless of your class attendance on the day that the assignment is due. Students are responsible for obtaining information given during class discussions despite attendance. Attendance will influence your grade.

Assignment Formatting

All assignments should be turned in on the due date indicated in the schedule below. All projects must be typed, in 12-point font, with one inch margins, double-spaced, in Times New Roman font. Writing quality (including mechanics, organization, and content) is figured into the overall points for each writing assignment, so please proofread carefully. Late papers and projects will not be accepted without penalty, excepting extraordinary circumstances.

TaskStream Artifacts

- Your final **teacher research paper** is the performance-based assessment for this course; it is required that you upload this paper to the TaskStream website at the end of the course.
- Your **Virginia Reading Assessment** score is also a required portfolio artifact that you will upload to the TaskStream system. The ASTL/Literacy program advises you to take the VRA sometime between the end of EDRD 633 and the end of EDRD 635; information on the VRA can be found at <http://www.va.nesinc.com>. You are **required** to take the VRA in order to complete the reading specialist program at Mason. All ASTL/Literacy program students must submit a VRA score before receiving credit for EDRD 635.

Capstone Assignment: Teacher Research Project

Outline of Finished Project

[Use the seven topics (in bold) below for the section headings in the paper]

- a. **Introduction** – brief description of overall topic, why it is important, and a clear rationale (“this purpose of this study is...”). About one or two paragraphs.
- b. **Literature Review** (Compare/contrast at least 10 sources in an essay format – be sure to have an introduction and conclusion to this section - more detail below). About 5 pages. It is very important to cite sources appropriately and consistently throughout the paper. (Rule of thumb – most paragraphs in the literature review will have more than one citation). Include your research question(s) at the end.
- c. **Methodology** (Details of what data you collected and how you analyzed it). About a page. Can include a chart in the appendix (refer to the chart in the text). Also include in the appendix and instruments you developed (e.g., survey, questionnaire, behavioral observation tool, etc.)
- d. **Analysis of Preliminary Data** (pilot test at least one of your data collection methods and describe what you did and what you learned from this). (About 2 pages; must include a data sample in the appendix).
- e. **Next steps** --A narrative explaining what you will do next with this research project (Will you carry it out as planned? When and where? Will you modify your original plan in some way?). (About one page).
- f. **References** – use APA format (5th or 6th edition). At least 10 references (see below). See OWL at Purdue for format.
- g. **Appendices**. Data chart (see #1 below), sample of your data, instruments you created (if you use one you did not create, put a citation for it in the methodology section).
