COURSE DESCRIPTION: Provides a paid or voluntary supervised professional experience in an approved tourism or event management industry setting under the supervision of a practicum University Supervisor and Agency Supervisor. The student is assigned tasks and responsibilities and is held responsible for their completion. Students are expected to complete a minimum 120 hours over a period of 10 to 14 weeks. The number of weeks may be abbreviated for summer experiences.

COURSE OBJECTIVES:

At the conclusion of this course, students should be able to:

1. Describe and analyze the managerial and operational structure of their practicum site;
2. Demonstrate skills and competencies in routine business administration (e.g., accounting and record keeping, planning, public relations, assessments, staff relation);
3. Evaluate their personal strengths and weaknesses in light of demands and expectations of employment in the various positions in the field; and
4. Set career objectives in the tourism and event management industry.

RESPONSIBILITIES:

Student responsibilities during the practicum:

During the practicum, which involves a minimum of 120 hours, the student must meet certain responsibilities and obligations to the Agency and/or Agency Supervisor, as well as to the University to fulfill their requirements. These include:

1. Reporting directly to the Agency Supervisor for instructions. The practicum student is responsible for fulfilling their duties as stipulated by their supervisor, and for meeting their scheduled training commitments and arrangements;
2. Participating in orientation sessions with their Agency Supervisor;
3. Familiarizing and abiding by all the rules, regulations, policies and procedures of the Agency applicable to their conduct while in the Agency's employment;

4. Becoming an integral and participating member of the Agency's staff;
5. Acting in a professional manner both as an Agency staff member and when dealing with the Agency's clientele. The student is a representative of GMU and an ambassador for the TEM program. A positive work experience effectively 'paves the way' for the future placement of other interns. It is therefore imperative that a cooperative attitude and good work record and habits be maintained for good rapport between the student, University Supervisor and the Agency;
6. Visiting, observing and participating, as appropriate, in various levels of the Agency's operations, including meeting, programs, projects and training sessions. This enables the student to strive toward higher levels of personal and professional growth and fulfillment;
7. Meeting with the Agency Supervisor and the University Supervisor during a routine on-site visit of the latter to the Agency, if such a meeting is practicable; otherwise, the University Supervisor will contact the Agency Supervisor by phone or e-mail for feedback regarding the student's performance;
8. Notify the Agency Supervisor in advance when it is necessary to be absent from work;
9. Participating in post-activity discussion with their Agency Supervisor, if applicable, and
10. Each student enrolled in TOUR 241 must meet and share the responsibilities and *Practicum Portfolio Guidelines* requirements with their Agency Supervisor as outlined below to earn a letter grade for the practicum experience. The *Practicum Portfolio* must be well organized (i.e., table of contents, tabbed), typed and otherwise professionally presented. The front cover and title page must include: name, name of practicum site, course information (e.g., TOUR 241) and the semester/year. Practicum contents are normally compiled in a 3-ring notebook(portfolio). Be certain to include samples of work completed during the practicum experience.

Agency Supervisor responsibilities during the practicum:

The Agency Supervisor plays a pivotal role in the lives of students at the personal and professional career level by offering advice, instruction and supervision that furthers a student's professional competence. By providing a challenging and stimulating work experience, students are allowed to discover their own strengths and weaknesses in their chosen professional career. Thus, the Agency Supervisor is expected to assume responsibilities and obligations to the student and the University Supervisor that foster learning and are in line with the Tourism and Event Management's practicum course. These are summarized below:

1. Providing the student with a structured and supervised learning experience;
2. Preparing the Agency or institution staff for the arrival of the student, and orienting the student to the Agency's history (including organizational chart), philosophy, policies regulations, administration, programs and facilities in order to allow the student to function effectively in the practicum setting;
3. Providing timely and fair evaluative summaries of the student's work, including filling in a written *Final Practicum Performance Assessment Form*, which is sent confidentially to the student's University Supervisor;
4. Immediately notifying the practicum University Supervisor of any emerging condition that significantly affects the student's ability to succeed or complete the agreed upon practicum tasks;
5. Directly reimbursing the student for any costs they are authorized to incur on behalf of the Agency, or for reimbursable expenses identified in advance by the Agency; and
6. Accepting the student as a volunteer or paid member of staff (as applicable) and afford them all the rights and protections pertaining to that status.

University Supervisor responsibilities during the practicum:

1. Assisting the student to develop or acquire resources or skills necessary for the successful completion of assigned tasks;
2. Facilitating resolution of problems that may occur during the practicum between the student and the Agency;
3. Soliciting evaluative commentary and reports from the student and the Agency Supervisor;
4. Receiving, reviewing and evaluating required submissions from the student and Agency Supervisor; and
5. Advising and assisting the Agency on matters pertaining to enrichment of the educational experience in the practicum.
