**Note:** This syllabus may change according to class needs. Students will be advised of any changes immediately through George Mason e-mail and/or through Blackboard.

**Course Description**  
Focuses on basic principles and procedures of applied behavior analysis; identification of factors that contribute to behavioral problems and improved performance; and procedures that can be used to minimize behavioral problems, improve performance, teach new behaviors, and increase probability of behaviors occurring under appropriate circumstances.

**Prerequisite(s):** Admission to applied behavior analysis graduate certificate program

**Co-requisite(s):** Admission to applied behavior analysis graduate certificate program

**Advising Contact Information**  
Please make sure that you are being advised on a regular basis as to your status and progress through your program. Mason M.Ed. and Certificate students should contact the Special Education Advising Office at (703)993-3145 for assistance. All other students should refer to their faculty advisor.
Nature of Course Delivery

[Instructors, please revise in accordance with your specific course format]

Learning activities include the following:
1. Class lecture and discussion
2. Application activities
3. Small group activities and assignments
4. Video and other media supports
5. Research and presentation activities
6. Electronic supplements and activities via Blackboard

Learner Outcomes

Upon completion of this course, students will:
• Describe educational, experiential, degree, and examination requirements for Behavior Analyst Certification.
• Define, describe, and identify basic philosophical assumptions of applied behavior analysis.
• Define, describe, and identify basic characteristics of applied behavior analysis.
• Define, describe, and identify respondent behavior and respondent conditioning.
• Define, describe, and identify operant behavior and operant conditioning.
• Define, describe, and exemplify operant and respondent principles.
• Define, describe, and exemplify operant and respondent procedures.
• Describe, identify, and exemplify behavior analytic teaching procedures.
• Describe and identify factors affecting behavioral variables.

Required Textbooks

Recommended Textbooks: None. However, if you wish to complete the extra optional, extra credit portion of the course, you will need to purchase a subscription to the BCBA Examination Study software, available through Behavior Development Solutions at http://www.behaviordevelopmentsolutions.com/.

Required Resources: You will need to go to the Behavior Analyst Certification Board website (www.bacb.com), and download the Task List and the Guidelines for Responsible Conduct. We will refer to these documents throughout this course and all others in this Certificate Program.
Additional Readings: None

Course Relationship to Program Goals and Professional Organizations
This course is part of the George Mason University, Graduate School of Education (GSE), Special Education Program for Applied Behavior Analysis Graduate Certificate. This program complies with the standards for teacher licensure established by the Council for Exceptional Children (CEC), the major special education professional organization. The CEC Standards are listed on the following website: http://www.cec.sped.org/Content/NavigationMenu/ProfessionalDevelopment/ProfessionalStandards/ . The content of the courses in this program is derived from the Task List published by the national Behavior Analyst Certification Board (BACB) as well as the Board’s Guidelines for Responsible Conduct. The BACB Standards are listed on the following website: For more information on the Board and the examination, please visit the Board’s website at www.bacb.com. The CEC standard that will be addressed in this class is Standard 4: Instructional Strategies.

GMU POLICIES AND RESOURCES FOR STUDENTS:

a. Students must adhere to the guidelines of the George Mason University Honor Code [See http://academicintegrity.gmu.edu/honorcode/].

b. Students must follow the university policy for Responsible Use of Computing [See http://universitypolicy.gmu.edu/1301gen.html].

c. Students are responsible for the content of university communications sent to their George Mason University email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students solely through their Mason email account.

d. The George Mason University Counseling and Psychological Services (CAPS) staff consists of professional counseling and clinical psychologists, social workers, and counselors who offer a wide range of services (e.g., individual and group counseling, workshops and outreach programs) to enhance students’ personal experience and academic performance [See http://caps.gmu.edu/].

e. Students with disabilities who seek accommodations in a course must be registered with the George Mason University Office of Disability Services (ODS) and inform their instructor, in writing, at the beginning of the semester [See http://ods.gmu.edu/].

f. Students must follow the university policy stating that all sound emitting devices shall be turned off during class unless otherwise authorized by the instructor.

g. The George Mason University Writing Center staff provides a variety of resources and services (e.g., tutoring, workshops, writing guides, handbooks) intended to
support students as they work to construct and share knowledge through writing [See http://writingcenter.gmu.edu/].

PROFESSIONAL DISPOSITIONS
Students are expected to exhibit professional behaviors and dispositions at all times.

CORE VALUES COMMITMENT
The College of Education & Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles. [See http://cehd.gmu.edu/values/]

For additional information on the College of Education and Human Development, Graduate School of Education, please visit our website [See http://gse.gmu.edu/].

Course Policies & Expectations

Attendance.
Students may not reschedule missed Synchronous Discussion or Research Profile presentation without approval from their professor that is requested at least 24 hours in advance of the scheduled Discussion or Profile presentation.

Late Work.
Given the possibility of computer or internet difficulties some students may experience from time to time, students must consider and identify alternative availability of computers and internet access (e.g., public libraries, their employer (if permissible by the employer), internet cafes, etc.) within the first week of this course to ensure that they will be able to complete their assignments in a timely manner.

Students are strongly encouraged to complete all assignments during the weeks they first become available in order to keep up with the course. No work may be edited or submitted after 15 May 2013 at 11:15 pm, US Eastern Time.

Students may not reschedule missed Synchronous Discussion or Research Profile presentation without approval from their professor that is requested at least 24 hours in advance of the scheduled Discussion or Profile presentation.

The Final Exam is available only between midnight on 29 April 2013 and midnight on 15 May 2013, both US Eastern Time. Students will not have access to this exam before or after those times.
TaskStream Submission

For student evaluation, program evaluation, and accreditation purposes, all students are required to submit an NCATE assignment from selected Special Education courses to TaskStream. The NCATE assignment required for this course must be submitted electronically to Mason’s NCATE management system, TaskStream: (https://www.taskstream.com).

Note: Every student registered for any EDSE course as of the Fall 2007 semester is required to submit NCATE assignments to TaskStream (regardless of whether a course is an elective or part of an undergraduate minor). TaskStream information is available at http://gse.gmu.edu/programs/sped/. Students who do not submit the required NCATE assignment to TaskStream will receive a grade of Incomplete (IN) in the course. The Incomplete (IN) will change to a grade of (F) if the required signature assignment has not been posted to TaskStream by the incomplete work due date listed in the current semester’s Schedule of Classes.

Assignments

NCATE/TaskStream Assignments.

Final Examination. You will take a 50 multiple choice item final exam online. This final exam will become available to you at midnight US Eastern Time on 29 April 2013, and will close at 11:59 US Eastern Time on 15 May 2013. You must complete this exam during this period of time. Once you open this exam, you must complete it – you may not close it and reopen it. You will have only one opportunity to complete this exam. You will earn 1 point toward your final grade for each correct response. You will also take this examination on your first night
of class as a pretest. Using the exam in this way permits the instructor an
evaluation of the extent to which the course objectives of were met. It also
removes any mystery, for the students, as to what constitutes the final exam.
You’ll receive feedback on your pretest performance during the second or third
class session, including a breakdown of percentage correct by content area. Your
final exam is your NCATE Assessment Assignment. After completing the exam,
you’ll receive a feedback form by e-mail which you will be required to then
submit electronically to Taskstream.

Common Assignments.

Blackboard Discussion Board Items. For weeks indicated below, and in
conjunction with readings from About Behaviorism, you will respond to the
week’s two Discussion Board Items. To respond, first do the assigned reading
from About Behaviorism. Then, go to the Discussion Board Items for that week.
Once there, you’ll need to make two posts – on different days. On one day,
answer the question(s) posed by your instructor. On another day, comment on or
ask a question about a post made by a classmate. You will earn up to two points
for these assignments – one for your first post (1/2 point if post is made after the
week for which it was assigned), and one for your response to another classmate’s
post (1/2 point if post is made after the week for which it is assigned.)

Other Assignments.

Quizzes. There are 134 quiz questions embedded into the lecture presentations
you will view as part of this course. Most of the presentation segments end with
one to seven quiz questions. You will receive 1 point for each correct quiz
response. Missed quiz items may be repeated, but you must watch again the
presentation segment of which that quiz question is a part to answer it a second
time.

Online Flashcards. These are available through the Anki tab on this course's
blackboard site. You will be assigned one or two sets of flash cards during most
weeks. You are strongly encouraged to complete these assignments to mastery –
responding correctly on each card in the deck in 30 seconds or less per deck (and,
the faster, the better). These assignments will help you build fluency with some
basic vocabulary and concepts that you will encounter throughout the Applied
Behavior Analysis courses at George Mason University, and throughout your
career as a Behavior Analyst. Fluent behavior (e.g., behavior that is correct,
quickly – almost automatically) is generally more durable, likely to generalize,
and likely to persist in the face of distraction than non-fluent behavior. Please
practice every deck, as assigned, several times each day, until you are regularly
completing each deck with 100% accuracy in fewer than 30 seconds. (Even
shorter timings are better!)

Synchronous Discussions. You will participate in five synchronous (live)
discussions as specified on the first page of this syllabus. You will earn 5 points
for participating in each discussion. (Please note, though, that participation points
are contingent on speaking and contributing to the discussion – not solely on the
basis of attendance.) You may not make up missed synchronous discussion points due to attendance without participation, or due to absence.

**Module Tests.** Seven of the modules end with a 10 - 15 multiple choice item Module Test. Test questions are based on content of your Cooper, Heron, and Heward text and on the content of the Module presentations. Please complete these tests only after completing the other portions of each respective module. Missed module test items may be retaken, but to do so, you must review your guided notes and text, and review the module presentations. Each module test item is worth one point toward your final grade.

**Research Profile.** This assignment will: 1) provide you experience using PsychInfo to conduct literature searches; 2) acquaint students with GMU library resources; 3) provide individual students with exposure to the behavior analytic literature; and 4) provide exposure to behavior analysis as a transcendent discipline and practice to the class. To do this assignment:

1. You will be randomly assigned an author from the list below:

<table>
<thead>
<tr>
<th>Timothy R. Vollmer</th>
<th>Beth Sulzer-Azaroff</th>
<th>Gina Green</th>
<th>Sigrid Glenn</th>
<th>Kathryn J. Saunders</th>
</tr>
</thead>
<tbody>
<tr>
<td>Kennon A. Lattal</td>
<td>Linda J. Hayes</td>
<td>Alan Poling</td>
<td>Michael J. Dougher</td>
<td>Gerald L. Shook</td>
</tr>
<tr>
<td>Mark Sundberg</td>
<td>Judith E. Favell</td>
<td>Raymond G. Miltenberger</td>
<td>Donald Baer</td>
<td>Johnny Matson</td>
</tr>
<tr>
<td>Thomas S. Critchfield</td>
<td>Beatrice Barrett</td>
<td>Jon S. Bailey</td>
<td>Deromt Holmes-Barnes</td>
<td>Aubrey C. Daniels</td>
</tr>
<tr>
<td>Julie S. Vargas</td>
<td>R. Douglas Greer</td>
<td>Timothy D. Hackenberg</td>
<td>Lawrence E. Fraley</td>
<td>Dennis H. Reid</td>
</tr>
<tr>
<td>Glen Dunlap</td>
<td>Louis Burgio</td>
<td>Jay Moore</td>
<td>Paul Touchette</td>
<td>Murray Sidman</td>
</tr>
</tbody>
</table>

2. Once you have an author assignment, do a PsychInfo search for articles, chapters, and books written by the author. Conduct the list such that you not only get the references for the author’s work, but also the abstracts.
3. Print the outcome of the search.
4. Read the abstracts.
5. Obtain several of the articles, chapters, or books from the library, or through interlibrary lending. Read them.
6. Prepare a report in which you:
   a. Identify the type of work the author has done, and the populations considered.
   b. Describe three notable themes you found in the author’s work.
   c. Discuss possible applications of the authors work to other populations or problems.
   d. Cite the articles, chapters, and/or books you read in preparing your report (using APA Sixth Edition style).
7. Deliver your report in 5 minutes or less, leaving 2 minutes for questions or comments afterward, during one of the class sessions so indicated on the class schedule.

Your written report will receive up to 15 points for accurately describing salient themes in your author’s work, and up to 5 points for good composition (including correct spelling, grammar, punctuation, and syntax; and for adhering to APA style). Your presentation will earn up to 5 points for accurately describing and citing salient themes in your author’s work without reading the paper to the class, correct pronunciation, and addressing others’ questions and comments.

Extra Credit. Completing the following Behavior Development Solutions modules:

- Definitions and Characteristics
- Principles, Procedures, and Concepts

and e-mailing the certificates of completion for the module(s) to your instructor no later than 11:59 US Eastern Time on 15 May 2013 will earn 10 points of extra credit per certificate submitted. Information on purchasing a subscription to the Behavior Development Solutions Behavior Analyst Certification Exam study software can be found at www.behaviordevelopmentsolutions.com.

Additionally, one may go to the Autism Internet Modules at www.autisminternetmodules.org. Once there, create an account. (This is free of charge.) Completing the following modules:

- Differential Reinforcement
- Extinction
- Prompting
- Reinforcement

and e-mailing the certificates of completion for each module completed to your instructor no later than 11:59 pm, US Eastern Time on 15 May 2013 will earn 5 points of extra credit per certificate submitted.
Schedule

Throughout the following table, **ABA** refers to the Cooper, Heron, & Heward (2007) text, **AB** to *About Behaviorism*, **GRC** refers to the Guidelines for Responsible Conduct, and **TL** refers to the BACB’s Task List.
