

**College of Education and Human Development
Division of Special Education and disAbility Research**

Spring 2013

EDSE 503 678: Language Development and Reading
CRN: 17835, 3 - Credit(s)

Instructor: Dr. Kelly Krug	Meeting Dates: 01/28/13 - 05/13/13
Phone: 703-731-2048	Meeting Day(s): Mondays
E-Mail: kkrug83@gmail.com	Meeting Times: 7:20PM-10:00PM
Office Hours: By appointment	Meeting Location: Arlington Campus- Founders Hall /ARLFH 308

Note: This syllabus may change according to class needs. Students will be advised of any changes immediately through George Mason e-mail and/or through Blackboard.

Course Description

In-depth coverage of reading instruction for students with special needs. Topics include language development and emergent literacy skills; reading subskills including auditory discrimination and phonemic awareness, decoding and word reading; reading comprehension; and use of technological advances in the teaching of reading.

Prerequisite(s): None

Co-requisite(s): None

Advising Contact Information

Please make sure that you are being advised on a regular basis as to your status and progress through your program. Mason M.Ed. and Certificate students should contact the Special Education Advising Office at (703)993-3145 for assistance. All other students should refer to their faculty advisor.

Nature of Course Delivery

Learning activities include the following:

1. Class lecture and discussion

2. Application activities
3. Small group activities and assignments
4. Video and other media supports
5. Research and presentation activities
6. Electronic supplements and activities via Blackboard

Field Experience Requirement

A Field Experience is a part of this course. "Field Experiences" entail Mason students conducting activities that may involve students, parents, and/or teachers, etc. in a school setting. "Finding" an individual needed to complete a Field Experience Project/Case Study for a course may be a challenge. Mason's Field Placement Specialist, Lauren Clark lclarkg@gmu.edu can assist in placing Mason students at school sites. Mason is required to track when and where Mason students complete any field experiences. Consequently, EACH PERSON ENROLLED in this course must access this link <http://cehd.gmu.edu/endorse/ferf> at the beginning of the semester (if not before) and complete the information requested REGARDLESS if one needs assistance in 'finding' an individual for the project/case study or not.

Evidence-Based Practices

This course will incorporate the evidence-based practices (EBPs) relevant to the five essential elements of reading, language, and informal literacy assessments. These EBPs are indicated with an asterisk (*) in this syllabus' schedule. Evidence for the selected research-based practices is informed by meta-analysis, literature reviews/synthesis, the technical assistance networks which provide web-based resources, and the national organizations whose mission is to support students with disabilities. We address both promising and emerging practices in the field of special education. This course will provide opportunities for students to take an active, decision-making role to thoughtfully select, modify, apply, and evaluate EBPs in order to improve outcomes for students with disabilities.

Learner Outcomes

Upon completion of this course, students will be able to

- Describe emergent literacy skills, including concepts about print, phonemic awareness, phonics, syntactical forms of language, vocabulary, and pragmatics.
- Describe how stages of language development for typical students and students with learning disabilities, emotional disturbance, and mild intellectual disabilities (high-incidence disabilities) impact reading and writing development of these students.
- Describe the rules (e.g., spelling patterns, syllables, morphemes) of language, the forms (e.g., syntax, writing, speaking, listening, spelling) of language, and the functions (e.g., pragmatics, semantics) of language and its relationship to reading comprehension.
- Identify distinctions between language delay/disorders of students with high-incidence disabilities and language differences of students with cultural and linguistic backgrounds.

- Describe the five components of reading identified by the National Reading Panel (phonemic awareness, phonics, vocabulary, fluency, comprehension), and evidence-based practices for the specialized reading and writing instruction delivered to students with high-incidence disabilities.
- Describe diagnostic decision making based on assessments (e.g., informal reading inventories, running records, and curriculum-based assessments) which monitor the ongoing progress of students, and the design and delivery of a balanced approach for students' specialized reading and writing instruction.
- Describe evidence-based practices to effectively differentiate literacy instruction for elementary and secondary students with and without high-incidence disabilities.

Required Textbooks

George Mason University Programs in Special Education. (2008). *Language development & reading*. Boston, MA: Pearson. ***customized text -- available this link ONLY -- <http://store.pearsoned.com//georgemason> ISBN: 1256104574

Fox, B. J. (2010). *Phonics and structural analysis for the teacher of reading* (10th edition). Columbus, OH: Prentice Hall.

Recommended Textbooks

None

Required Resources

A version of the Jennings Informal Inventory (IRI) is at this web site: www.ablongman.com/jennings5e as Appendix C.
You will need to use an IRI to complete your case study assignment.

Additional Readings

Will be assigned as needed.

Course Relationship to Program Goals and Professional Organizations

This course is part of the George Mason University, Graduate School of Education (GSE), Special Education Program for teacher licensure in the Commonwealth of Virginia in the special education areas of Special Education: Students with Disabilities who Access the General Curriculum K-12. This program complies with the standards for teacher licensure established by the Council for Exceptional Children (CEC), the major special education professional organization. The CEC Standards are listed on the following website: <http://www.cec.sped.org/Content/NavigationMenu/ProfessionalDevelopment/ProfessionalStandards/>. The CEC standards that will be addressed in this class include Standard 2: Characteristics of Learners, Standard 3: Individual Learning Differences, Standard 4: Instructional Strategies, Standard 6: Language and Standard 8: Assessment.

GMU POLICIES AND RESOURCES FOR STUDENTS:

- a.* Students must adhere to the guidelines of the George Mason University Honor Code [See <http://academicintegrity.gmu.edu/honorcode/>].
- b.* Students must follow the university policy for Responsible Use of Computing [See <http://universitypolicy.gmu.edu/1301gen.html>].
- c.* Students are responsible for the content of university communications sent to their George Mason University email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students solely through their Mason email account.
- d.* The George Mason University Counseling and Psychological Services (CAPS) staff consists of professional counseling and clinical psychologists, social workers, and counselors who offer a wide range of services (e.g., individual and group counseling, workshops and outreach programs) to enhance students' personal experience and academic performance [See <http://caps.gmu.edu/>].
- e.* Students with disabilities who seek accommodations in a course must be registered with the George Mason University Office of Disability Services (ODS) and inform their instructor, in writing, at the beginning of the semester [See <http://ods.gmu.edu/>].
- f.* Students must follow the university policy stating that all sound emitting devices shall be turned off during class unless otherwise authorized by the instructor.
- g.* The George Mason University Writing Center staff provides a variety of resources and services (e.g., tutoring, workshops, writing guides, handbooks) intended to support students as they work to construct and share knowledge through writing [See <http://writingcenter.gmu.edu/>].

PROFESSIONAL DISPOSITIONS

Students are expected to exhibit professional behaviors and dispositions at all times.

CORE VALUES COMMITMENT

The College of Education & Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles. [See <http://cehd.gmu.edu/values/>]

For additional information on the College of Education and Human Development, Graduate School of Education, please visit our website [See <http://gse.gmu.edu/>].

Course Policies & Expectations

Attendance.

1. Professional Behavior: For a satisfactory grade in the course, students are expected to attend all classes, arrive on time, be prepared for class, demonstrate professional behavior (see *Professional Disposition Criteria* at <http://www.gse.gmu.edu> for a listing of these dispositions), and complete all assignments with professional quality in a timely manner. To successfully complete this course, students need to adhere to the due dates for specific readings and assignments to be completed. If you feel you cannot adhere to the schedule noted in the syllabus, please contact the Instructor immediately to discuss options for withdrawing and completing the course during another semester.
2. Laptops, cell phones, PDAs and all other electronic devices should be **silenced** during class time. If you choose to use your personal laptop for note taking, I ask that you utilize it for that purpose only (**not** for surfing the web, checking email, etc.).
3. Written Products: All written assignments must be prepared in a professional manner following guidelines stated in the Publication Manual of the American Psychological Association (6th edition). All final products must be typed. Products that, in the judgment of the instructor, are unreadable or unprofessionally prepared will be returned un-graded or assigned a lower evaluation.

Late Work.

Promptness: All assignments must be submitted *on or before* the assigned due date. **In fairness to students who make the effort to submit work on time, 5% of the total assignment points will be deducted each day from your grade for late assignments.**

TaskStream Submission

For student evaluation, program evaluation, and accreditation purposes, all students are required to submit an NCATE assignment from selected Special Education courses to TaskStream. The NCATE assignment required for this course must be submitted electronically to Mason's NCATE management system, TaskStream: (<https://www.taskstream.com>).

Note: Every student registered for any EDSE course as of the Fall 2007 semester is required to submit NCATE assignments to TaskStream (regardless of whether a course is an elective or part of an undergraduate minor). TaskStream information is available at <http://gse.gmu.edu/programs/sped/>. Students who do not submit the required NCATE assignment to TaskStream will receive a grade of Incomplete (IN) in the course. The Incomplete (IN) will change to a grade of (F) if the required signature assignment has not been posted to TaskStream by the incomplete work due date listed in the current semester's Schedule of Classes.

Grading Scale

GRADING

1. Self-paced Completion of Fox Text	6 points
2. Group Project	15 points
3. Final Project: Case Study	30 points
4. Midterm	15 points
5. Participation, Quizzes and In-Class Activities	14 points
6. Fox Text Test	10 points
7. Final Exam	10 points
TOTAL	100 POINTS

Student Self-Management for Calculating Course Grade Based on Points Earned on Performance Based Summative Evaluations	
Title of Performance-Based Summative Evaluation	Points Earned/Total Points
1. Self paced completion of Fox text (3 x 2 = 6)	/6
2. Group Project	/15
3. Final Project: Case Study Part I	/30
4. Midterm	/15
5. Participation, Quizzes and In-class Activities	/14
6. Fox Text Test	/10
7. Final Exam	/10
Total # of points earned	/100

** Bonus Point for Final Project submission posted to Taskstream before deadline.

Students can calculate their points earned/total points available at any date in the semester in order to determine what their grade-to-date is. This is particularly important for students to self-evaluate their performance prior to key dates in the George Mason University schedule, such as withdrawal dates with varying tuition penalties.

Assignments

NCATE/TaskStream Assignments.

1. Self-paced Completion of Fox Text (3 x 2 check points = 6 points)

In order to effectively teach reading and language, teachers must be proficient in phonics. You will need to independently complete the Fox self-instruction textbook. You are expected to complete each of the self-paced exercises in the text. Write in the text and make notes/highlights for yourself. You have the option of accelerating your pace. Plan to turn in the Fox text at the beginning of the class session on the date for the mid-term. The instructor will review your text for credit. *Approximately half of the text* should be completed by this time in order to adequately be prepared for the final exam. The remaining part of the Fox text will be checked for completion at the end of the semester. **A Fox Post Test Exam will be worth 10 points.**

2. Group Project (15 points)

The Group Project Assignment is designed to help you prepare for the planning phase of your final project. You will be researching an area of reading and delivering information in a 20-minute presentation to the class on an assigned night. Specific guidelines for the project will be provided by the instructor (See grading rubric below). Some class time will be provided to gather with your group.

Your presentation should include:

- A definition of the chosen area of reading from the National Reading Panel's 2000 report and all terminology.
- A thorough description of the skills, which are addressed in this area.
- A thorough description of the strategies, which can be used to teach these skills.
- At least one activity that can be used in this area of reading instruction.
- A description of at least one commercial reading program that can be used in this area of reading.
- A handout for the class and at least one type of visual support (PowerPoint, etc.)
- A bibliography (APA format) with at least five references.

3. Reading Case Study: (30 total points)

The Reading Case Study requires selection of a student with a disability with whom you will implement a comprehensive sequence of tasks representing excellent practices in reading assessment and accurate interpretations to inform instruction. People who are not currently working with students with disabilities may network with colleagues in the course or other personal/professional contacts to ensure they have a student to work with during the semester for this assignment.

Here are some general expectations to guide your planning:

The duration of “a meeting session” with your student varies. That is, if you are permitted to extend beyond 20-30 minutes with an individual in order to complete the tasks, the number of sessions may be fewer. We anticipate that with effective planning, preparation, and materials you will be able to complete the tasks for the field placement activities of this project in 4-5 sessions lasting 20-30 minutes per session.

□ *1 meeting: collect information about your student (meet w/ student and/or w/ teacher, parent, service provider, face-to-face or by phone, etc.) NOTE: A copy of the student's IEP is **NOT** required for this assignment. You may request information about the student's abilities and areas of need verbally from the teacher/parent/service provider; OR observe the IEP while in the presence of the adult contact.*

□ *2 - 3 meetings: conduct the Informal Reading Inventory (IRI) - floor and ceiling.*

□ *1 - 2 meetings: collect information using additional skills assessments you have selected*

This project is a paper submission to Taskstream and should be submitted by 4:30 pm on the respective due date. This assignment is the NCATE assessment for the course.

4. Midterm (15 points)

The midterm exam includes multiple choice items and short essay questions. This exam will cover assigned readings and class lectures up to the midterm date.

5. Regular Attendance & Participation (14 points)

Students are expected to attend all classes, arrive on time, and stay for the duration of the class time. **Three or more absences will result in no credit for this course.** As you all lead active lives and circumstances sometimes happen at unfortunate times – so, if you are unable to attend class, it is your responsibility to make arrangements to obtain notes, handouts, and lecture details from another student. Students who are absent are held responsible for the material covered and assignments given and due. It is also recommended that you notify the instructor about absences in advance or within 24 hours after an absence. Be aware that any points earned for participation in class activities during a time of absence will not be earned and cannot be made up.

Points for class attendance and participation are positively impacted by:

- a. attending class and being psychologically available to learn,
- b. completing and handing in weekly class assignments, and
- c. participating in class discussions/activities throughout the semester
- d. thoughtfully contributing to class discussions
- e. listening to the ideas of other peers, respectively, and
- f. demonstrating an enthusiasm for learning.

Points are negatively affected by being late to class, demonstrating a disinterest in the material/discussions (e.g., reflection activities, small group activities, discussions, etc.), and/or absences. Also, please display digital etiquette during class sessions. Use of laptops may be used to observe the class Powerpoints/materials, specifically.

Each class (14 sessions): .5 = psychologically invested, prepared, and present; .5 = participation, thoughtful contributions, completed in-class assignments.

6. Final Exam (10 points)

The final exam may include multiple-choice and application items and short-essay question that cover assigned readings and class lectures. In addition, the final exam will include items related to the Fox self-study AND the Reading for Virginia Educators Assessment (RVE).

CLASS TOPICS & DUE DATES

Date	Class Topic & Reading Assignments	Readings Due for NEXT Class
1/28	<ul style="list-style-type: none"> • Course overview • A Historical Perspective • Reflection Response & Share • Knowledge and Skills teachers need to be effective literacy instructors • Scientifically Based Reading Instruction (National Reading Panel, 2000; NCLB, IDEA) Five Domains of Reading* • Video 	<ul style="list-style-type: none"> • Put Reading First from the National Institute of Literacy K-3 (XV in customized text) • Review: Reading for Virginia Educators (RVE) www.ets.org/praxis/prepare/materials/0306 Test at a Glance
