Introduces sport management profession. Primary focus is on sport industry, including professional sport entertainment, amateur sport entertainment, for-profit sport participation, nonprofit sport participation, sporting goods, and sport services.

**COURSE OBJECTIVES**

At the conclusion of this course, students should be able to:

1. Differentiate between the various functional areas of sport management;
2. Describe the organizational and managerial foundations of sport management;
3. Identify the historical, sociological, cultural, and psychological foundations of sport management;
4. Identify current trends and issues in sport management;
5. Demonstrate an understanding of professional preparation in sport management.
6. Demonstrate an improvement in their overall communications skills during class

**INSTRUCTOR EXPECTATIONS**

1. All assigned reading for each class is expected to be done prior to coming to class.
2. All written assignments must be typed in APA format (computer word processing is recommended).
3. Regular attendance and participation is expected. If you miss a class, it is your responsibility to obtain class materials from sources other than the instructor. Attendance will be monitored and attendance is defined as arriving on time for class and remaining in class.
4. You will be expected to check Bb regularly as well as being alert to emails from the instructor. The instructor will email you using *Bb email*.

**CLASS ATTENDANCE**

It enhances your academic success to be in class; therefore, you should attend ALL scheduled class meetings. Students are expected to attend the class periods of the courses for which they register and attend those classes **on time**. In-class participation is important not only to the individual student, but to the class as a whole. Because class participation is a factor in grading, instructors may use absence, tardiness, or early departure as de facto evidence of nonparticipation. Texting in class is **NOT** acceptable behavior; neither is falling asleep. It is assumed that laptops are being used to take notes or to follow Blackboard power points; other use is a distraction to me and your classmates.

## **PARTICIPATION**

Respect the free exchange of thought in an academic environment and the participants therein. For example: a) do not have any sound emitting devices turned on; b) wait until the teacher/guest speaker has finished prior to gathering your belongings; and c) do not smoke, chew tobacco, eat, sleep, disrupt others by inappropriate talking, or disrespect the class schedule by being tardy. You are encouraged to a) feel free to openly and respectfully contribute your thoughts; b) listen actively to the comments of others; c) be punctual; d) ask any and all appropriate questions that you have; and e) maintain civility in your interpersonal communications. Class discussions will be conducted in a civil, informed fashion wherein disruptive students will be asked to leave the class. Your contributions are not only welcomed, they are essential.

## **ALTERNATIVE WORK**

*There is NO make-up work.* Only those excused absences supported by documentation will be addressed at the instructor's discretion on an individual basis (e.g. a physician's note for an illness). Alternative work due to intercollegiate athletic competitions or other legitimate university activity must be arranged **PRIOR** to due date. A grade of '0' will be assigned to all missed work unless otherwise determined by the instructor. You are strongly encouraged to hand assignments in on time.

## **GRADING**     *There will be NO extra credit.*

The instructor is solely responsible for assigning grades. As such, the instructor reserves the right to assess student performance in each of the categories identified in the EVALUATION section of this syllabus. Student non-compliance with stated academic, honor, attendance, or participation expectations will result in a '0' for the associated evaluation.
