**Grading**

<table>
<thead>
<tr>
<th>Grade</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>S</td>
<td>Satisfactory—Intern successfully meets internship requirements and can be recommended for teacher licensure</td>
</tr>
<tr>
<td>NC</td>
<td>No Credit—Intern will not be recommended for teacher licensure unless he/she repeats all or part of the internship with satisfactory performance (This may require enrolling and paying tuition for additional credit hours in a subsequent semester, or paying a fee for extended supervision.)</td>
</tr>
<tr>
<td>IP</td>
<td>In Progress—Intern’s performance cannot be evaluated at the end of the grading period. IP grade can be changed to S or NC for graduate students, upon completion of requirements</td>
</tr>
</tbody>
</table>

The mentor teacher and the university supervisor will jointly determine interim and final grades.

**Assignments**

**Observations:** The University Supervisor will have a minimum of six (6) meetings throughout the semester with you, one pre-internship meeting, four on-site visits, and one post-internship meeting. In addition, it is expected that you will maintain weekly contact with your university supervisor to submit reflections and any other materials, such as hour log, lesson plans or other documentation to demonstrate progress. Mentor teachers will also conduct a minimum of four formal observations and four informal observations during the internship.

**Teacher Work Sample:** You will complete and submit a Teacher Work Sample designed to measure impact on student learning. Details including objectives, expectations and assessment rubrics for each content area’s Teacher Work Sample can be found in the internship handbook. Please review these guidelines carefully, as each content area has distinct expectations. Upon completion of the Teacher Work Sample, you will upload all artifacts to TaskStream for assessment. Information regarding TaskStream can be found at http://cehd.gmu.edu/api/taskstream

**General Expectations:** Throughout the first 10-11 weeks of the Internship, you will co-teach and gradually assume more teaching responsibilities for the mentor teacher’s classes. You should take responsibility for all or nearly all of the courses for the 4-5 week period following the co-teaching experience. See internship handbook for a more detailed suggested schedule.

**During the first week of internship experience, you should:**
1) Have a period-by-period schedule written out to submit to your university supervisor. This schedule should indicate teaching periods, subjects being taught, room number, the time each
period begins and ends, non-teaching periods, mentor teacher’s periods, and conference times scheduled between intern and mentor teacher; A form for a period-by-period schedule is attached to the syllabus. Total hours are to be recorded for each week on Appendix O.

2) Arrange a specific time and place for the university supervisor to visit for a “meet and greet” session.

**During the first few days in the internship:**
1) get acquainted with the classroom and your mentor teacher;
2) become accustomed to classroom rules and procedures;
3) assist your mentor teacher by helping in daily activities, work with small groups of pupils, make reports, read announcements, help a pupil who has been absent, arrange bulletin boards, etc.;
4) become familiar with a wide variety of instructional materials;
5) begin planning the first units of work you will teach and review Teacher Work Sample requirements;
6) learn as much as you can about the students in the classes you will teach;
7) set aside a definite time each day for conferring with your mentor teacher about progress and feedback;
8) identify and use effective techniques for maintaining a good climate for learning;
9) become familiar with the policy related to writing unit and daily lesson plans, and routines for submitting these materials to your mentor teacher, university supervisor, and/or other personnel.

**At the end of each week, you should turn in you log hours, weekly sheets, and a reflective summary of observations/experiences to your University Supervisor. Specific artifacts to be submitted are at the discretion of your University Supervisor.**

Some suggestions for formatting your reflections include
- A one page reflective summary
- A concept map linking ideas with implementation intentions
- A case study of a student with ideas for impacting achievement

Instructions regarding log hours are found in Appendix N provided in your Intern Handbook, and submitted with all other artifacts found in your internship handbook.

**Observations by University Supervisor**
Your University Supervisor will to observe your progress in assuming responsibilities for teaching a minimum of four (4) times. You or your University Supervisor may also request additional observations to gather feedback for improvement. Please accept your University Supervisor into your classroom as a resource to inform your instruction.

**Technology**

- Regarding electronic devices (such as laptops, cell phones, etc.), please be respectful of your peers and your mentor teacher and do not engage in activities
that are unrelated to your student teaching. Such disruptions show a lack of professionalism and may affect your assessment.

**Taskstream**

Every student registered for any Secondary Education Program course with a required performance-based assessment is required to submit this assessment to **Taskstream**. For your internship, you are required to submit three (3) assessments; the **final observation rubrics done by your University Supervisor (e.g. content and InTASC rubrics), and your Teacher Work Sample artifacts.** Evaluation of these performance-based assessments will be done using TaskStream. Failure to submit these three assessments to Taskstream will result in the course instructor reporting the course grade as Incomplete (IN). Unless this grade is changed upon completion of the required Taskstream submission, the IN will convert to an F nine weeks into the following semester.
