HEAL 350 001 - Interventions for Populations and Communities at Risk (3)
Spring 2014

DAY/TIME:	Wednesday 4:30pm – 7:10 p.m.	LOCATION	Engineering Bldg. 1103
PROFESSOR:	Dr. G. Hope Asterilla	EMAIL ADDRESS:	gasteril@gmu.edu
OFFICE HOURS:	By Appointment	PHONE NUMBER:	202-289-1510 x1154

PREREQUISITES: None

COURSE DESCRIPTION

Identifies culturally, physically, emotionally, mentally, and demographically diverse populations and communities at risk. Covers implications for developing innovative programs and role of HFRR interventions.

COURSE OBJECTIVES

1. At the completion of this course students should be able to:
2. Define the concepts of vulnerability and resiliency
3. Identify factors that influence vulnerability and resiliency in populations and communities at-risk
4. Identify the conceptual models and themes associated with populations and communities at-risk
5. Identify and analyze structure and process in developing intervention programs
6. Identify resources that empower populations and communities at-risk and contribute to their resiliency
- 7.

COURSE OVERVIEW

Using a multidisciplinary and experiential approach, this course will address concepts and issues relating to various communities and populations in at-risk environments. Particular attention will be devoted to the identification of vulnerable populations inclusive of cultural, physical, emotional, and demographic factors which impact on the diversity of these communities. Additional activities will provide students the opportunity to access their level of cultural competency. Students will examine real life factors which place a designated population at-risk and then develop a specific community-based programmatic intervention to address those identified risk factors. *Student attendance is critical for presentations as well as for participation as an audience member. Work performance and class participation with assigned tasks are factored in this process. Absences for oral presentations will result in a deduction of 25 points from the total assignment value.* Students will be held to the standards of the George Mason University Honor Code.

NATURE OF COURSE DELIVERY

Face to Face

REQUIRED READINGS

Sebastian, J & Bushy, A. (1999). Special populations in the community: Advances in reducing health disparities. Gaithersburg, MD. Aspen.

Other readings as assigned.

EVALUATION

- **In-class assignments/Homework/Work Ethic (15%):**
Small Group Projects/Oral presentations/Class Participation
- **Individual Project Folder (20%):**
Three independent activities completed by student relevant to class
- **Intervention Strategy Proposal/Presentation (25%)**
- **Examinations:** Mid-term: Objective Exam (15%) Final: Essay Exam (25%)

Requirements

- **In-Class Assignments/Homework/Work Ethic:** Students will work in small groups to facilitate understanding of various topics. In addition, student groups will present an oral review (**5-8 minutes total**) of assigned chapters or studies to the class for discussion. *Student attendance is critical for presentations as well as for participation as an audience member. Work performance and class participation with assigned tasks are factored in this process. Collective homework assignments carry significant point value. Absences for oral presentations will result in a deduction of 25 points from the total assignment value.*
- **Individual Project Folder:** Students will complete **three** individual projects. For the first project, all students must select and participate in **an approved new leisure activity** of his/her choice. This activity must have an organizational backing. For the second project, students will **interview an elder in their family**. Students may then choose **any one activity of interest** from the below list to complete. All activities must relate to populations at-risk. Students will submit a one-paged typed summary, in correct format, of *each* experience detailing (1) why they chose that activity (2) what they learned from it (3) how the activity was relevant to the class and its significance/connection to populations at risk. Student will share **the leisure activity** with the class and **submit all project summaries in a soft folder for grading**. The list of options for the individual projects include:
 - ▶ visit a different neighborhood*
 - ▶ participate in a new cultural event
 - ▶ attend a community meeting
 - ▶ write a poem about a community issue
 - ▶ write a relevant movie review
 - ▶ volunteer for day for a new organization
 - ▶ interview a health professional
 - ▶ attend the meeting of a campus group new to you
 - ▶ visit the ODIME Offices for ideas on services available at GMU
 - ▶ convince the instructor of another option

**cultural tourism*
- **Current Journal Article:** Throughout the semester, students will be given several articles to analyze relating to the health and well-being of populations at-risk. These articles will be researched based and selected from professional journals, or credible magazines. **As part of the assigned chapter presentations, each group will select, reproduce and present one article that addresses the current status of your chapter topic. This article will be submitted with your group handouts.**
- **Intervention Strategy Proposal (IP):** The purpose of this project is to provide students with exposure to community-based organizations that work with populations at-risk. Students will select an organization or program in which to volunteer /observe for the semester. During this time students will interact with organization and talk with its leadership to identify a gap in current services where an intervention may be helpful. (Ideally, this project should be supportive of your major course of study). Students' will then complete an **Intervention Proposal Analysis Form (IPA)** and develop a short-term, "do-able" intervention strategy appropriate for this audience. **This intervention will be presented to the class in a three-minute oral presentation supported by a two page written proposal to be submitted.**
- **Independent Study Days:** Assignments in this class involve community-based interaction. Independent Study days provide students the opportunity to make appointments/observe their designated community organization during "regular" business hours in order to complete projects and the Intervention Proposal.
- **Examinations:** The midterm will be objective in format. The final exam will be a case study.

Grading Scale

A = 94 – 100	B+ = 88 – 89	C+ = 78 – 79	D = 60 – 69
A- = 90 – 93	B = 84 – 87	C = 74 – 77	F = 0 – 59
	B- = 80 – 83	C- = 70 – 73	

NOTES:

- **Inclement Weather:** Cancellation of classes due to weather will be announced by George Mason University. Students may be required to complete assignments for cancelled classes *virtually or through Blackboard* at the discretion of the instructor to maintain course flow.
- **Assignments/Grading/Extra Credit:** All assignments and presentations are due on the scheduled date. **All written assignments are to be typed.** Late assignments (including those provided by email after class) may be accepted at the discretion of the instructor but will be assessed a **five-point penalty or a letter grade deduction**. Assignments will **not be accepted** past original due date unless previously discussed. Any extenuating circumstances **must** be discussed with the instructor **prior** to the due date. Extra credit work will not be given in place of scheduled work assignments.
- **Blackboard:** Selected classroom materials, assignments, project templates and updates will be posted on Blackboard for a monitored time duration.
- **Absences:** Hand-outs or missed information are the student's responsibility to obtain.
- **Class Courtesy:** Please be mindful of your colleagues while in class. Please limit food intake to small snack items...**not meals**. Cell phones should be on vibrate or turned off. Use of laptops in class must be for class purposes only. ***Please do not take or make calls while class is in session—this includes texting while in class.***
- **Student Support Resources on Campus:** George Mason University has a number of academic support and other resources to facilitate student success. A list with descriptions of supportive services for student success can be found on the GMU website.
- **Students with disabilities.** Students who are on file with the Disability Support Service Office should bring the documentation to the professor at the first class session.
- **E-mail:** Questions for the Professor will be returned in as timely a manner as possible. Many times specific questions may be answered in an all-class email response.

HEAL 350 001 - COURSE SCHEDULE - Spring 2014

January 22, 2014 - May 7, 2014

(Note: Instructor reserves the right to alter the schedule as necessary)

May 7	Final Exam	

Student Expectations

- Students must adhere to the guidelines of the George Mason University Honor Code [See <http://oai.gmu.edu/honor-code/>].
- Students with disabilities who seek accommodations in a course must be registered with the George Mason University Office of Disability Services (ODS) and inform their instructor, in writing, at the beginning of the semester [See <http://ods.gmu.edu/>].
- Students must follow the university policy for Responsible Use of Computing [See <http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/>].
- Students are responsible for the content of university communications sent to their George Mason University email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students solely through their Mason email account.
- Students must follow the university policy stating that all sound emitting devices shall be turned off during class unless otherwise authorized by the instructor.

Campus Resources

- The George Mason University Counseling and Psychological Services (CAPS) staff consists of professional

counseling and clinical psychologists, social workers, and counselors who offer a wide range of services (e.g., individual and group counseling, workshops and outreach programs) to enhance students' personal experience and academic performance [See <http://caps.gmu.edu/>].

- The George Mason University Writing Center staff provides a variety of resources and services (e.g., tutoring, workshops, writing guides, handbooks) intended to support students as they work to construct and share knowledge through writing [See <http://writingcenter.gmu.edu/>].
- For additional information on the College of Education and Human Development, School of Recreation, Health, and Tourism, please visit our website [See <http://rht.gmu.edu/>].

PROFESSIONAL BEHAVIOR: Students are expected to exhibit professional behaviors and dispositions at all times.

CORE VALUES COMMITMENT: The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles.
