COLLEGE OF EDUCATION AND HUMAN DEVELOPMENT
Multilingual/Multicultural Education
EDCI 519 – SECTION 001
METHODS OF TEACHING MULTILINGUAL STUDENTS
3 CREDITS SPRING 2015
TUE: 4:30-7:10 PM
THOMPSON HALL – RM 1017

PROFESSOR:

DR. Marjorie Hall Haley

Office Hours: By Appt

Office: Thompson 1504

TELEPHONE: (703) 993-8710

E-MAIL: mhaley@gmu.edu

COURSE DESCRIPTION:

- A. Pre or co-requisite: EDCI 516
- B. University Catalog description: Examines approaches, methods, and techniques for teaching English as second language (ESL) in bilingual and ESL classrooms, as well as resources available in field. Participants critically analyze and demonstrate teaching approaches based on second language acquisition research, including teaching language through content.

NATURE OF COURSE DELIVERY

This course is highly interactive by design. It is predicated upon *learning by doing* and *discovery learning*. Assessment is based on performance-based assignments. This class will be engaged in cooperative learning, small group discussions, whole class discussions, peer feedback, short lectures, student-led micro teaching simulations, guest speakers, peer feedback, videos, multimedia, and reflection.

TECHNICAL REQUIREMENTS:

To participate in this course, students will need the following resources:

- High-speed Internet access with a standard up-to-date browser, either Internet Explorer or Mozilla Firefox. Opera and Safari are not compatible with Blackboard;
- Consistent and reliable access to their GMU email and Blackboard, as these are the official methods of communication for this course
- Students may be asked to create logins and passwords on supplemental websites and/or to download trial software to their computer or tablet as part of the course requirements.

Marjorie Hall Haley, PhD

- The following software plug-ins for PCs and Macs respectively, available for free downloading by clicking on the link next to each plug-in:

EXPECTATIONS:

- **Participation:** Students are expected to actively engage in all course activities throughout the semester, which include viewing of all course materials, completing course activities and assignments, and participating in course discussions and group interactions.
- **Technical Competence:** Students are expected to demonstrate competence in the use of all course technology. Students are expected to seek assistance if they are struggling with technical components of the course.
- **Technical Issues:** Students should expect that they could experience some technical difficulties at some point in the semester and should, therefore, budget their time accordingly. Late work will not be accepted based on individual technical issues.
- **Workload:** Expect to log in to this course **at least three (3) times a week** to read announcements and work on course materials. Remember, this course is **not** self-paced. There are **specific deadlines** and **due dates** listed in the **CLASS SCHEDULE** section of this syllabus to which you are expected to adhere. It is the student's responsibility to keep track of the weekly course schedule of topics, readings, activities and assignments due.
- **Advising:** If you would like to schedule a one-on-one meeting to discuss course requirements, content or other course-related issues, and you are unable to come to the Mason campus, we can meet via telephone or web conference. Send me an email to schedule your one-on-one session and include your preferred meeting method and suggested dates/times.

LEARNER OUTCOMES OR OBJECTIVES

This course is aligned with TESOL/NCATE Standards for PK-12 Teacher Education.

This course is designed to enable students to.....

- (1.) Examine second language teaching methods/approaches, past and present, and relate them to teaching in a second language setting.
- (2.) Learn to develop a lesson plan that uses the four language skills, listening, speaking, reading, and writing. This includes learning to develop a lesson plan that shows evidence of scaffolded, differentiated, and multi-level instruction.
- (3.) Plan and demonstrate 2 mini lessons: based on a method/approach or on an instructional strategy.
- (4.) Locate and examine multimedia resources in the field of bilingual/ESL education.

PROFESSIONAL STANDARDS

<i>Outcomes (above)</i>	<i>Standards Domain</i>	<i>Principles</i>
<i>1</i>	<i>1a 1b</i>	<i>P1</i>
<i>2.</i>	<i>2a 2b</i>	<i>P2 P3</i>
<i>3.</i>	<i>3a 3b 3c</i>	<i>P4 P7</i>
<i>4.</i>	<i>3a 3b 3c</i>	<i>P4 P6 P7 P9</i>

Key: TESOL/NCATE Standards and Domains

INTASC = Standards for Licensing Beginning Teachers, where P = principles

EDCI 519's relationship to the GSE program goals include:

- 1. Knowledge base for teaching in the second language classroom.*** Learn the fundamental concepts of the knowledge base pertaining to ESL, English as a second dialect, and the teaching of other second and foreign languages; second language acquisition, psycholinguistics, sociolinguistics, pragmatics, and language pedagogy.
- 2. Utilization of research.*** EDCI 519 students should be able to understand and critically evaluate second language learning theories and engage in systematic investigation of the knowledge base to inform their own or others teaching practices.
- 3. Classroom teaching.*** EDCI 519 students should be able to plan and manage a second language class effectively and be able to evaluate and selectively apply a range of teaching strategies as appropriate to their students needs and characteristics. For this purpose, they will need to be able to assess different teaching situations and changing conditions in culturally and linguistically diverse classrooms, so as to select appropriate teaching procedures and adapt to teaching students with differing learning styles and cultural backgrounds.
- 4. Curriculum.*** Students will develop the skills needed to design, implement second language teaching strategies.

The EDCI 519 relationship to National and State Standards include:

ESL Standards for P-12 Teacher Education Programs

The ESL Standards for Pre-K-12 Students

Interstate New Teacher Assessment and Support Consortium (INTASC) Standards

National Board for Professional Teaching Standards (NBPTS)

Virginia Standards of Learning (SOLs)

The EDCI 519 relationship to professional organizations include:

EDCI 519 follows the guidelines and recommendations made by the Teachers of English for Speakers of Other Languages (TESOL), the American Council on the Teaching of Foreign Languages (ACTFL), the National Association for Bilingual Education (NABE), and the National Association for Multicultural Education (NAME). ACTFL and TESOL, along with NABE and NAME, are the largest professional organizations that specialize in research on working with

Marjorie Hall Haley, PhD

culturally and linguistically diverse populations. They embrace and celebrate cultural and ethnic diversity as a national strength that enriches a society and rejects the view that diversity threatens the fabric of a society. TESOL and ACTFL have the more specialized mission of developing the expertise of their members and other educators involved in teaching world languages, to help them foster an effective learning environment while accomplishing the goal of effective communication in diverse settings and oral and written language proficiency while respecting individuals' rights and needs.

COURSE ASSIGNMENTS/REQUIREMENTS:

- | | |
|---|------------------|
| 1. *Field experience and paper | 20 points |
| 2. Two teaching simulations - one based on a particular method/strategy and one on a specific technique/skill | 25 points |
| 3. *Tech Project – Mid Term | 20 points |
| 4. *Final Project – Unit Lesson Plan | 20 points |

5. Class attendance and Participation **15 points**

* These projects must be submitted both in paper copy and on either CD/DVD/Diskette

Using the designated ratings scale, requirements 1-5 will be added to calculate a final course grade.

GRADING: Point Scale

Grade	Standards	Grading	Grade Points
A+	Substantially Exceeds Standard	100	4.00
A	Meets Standard	94-99	4.00
A-	Meets Standard	90-93	3.67
B+	Approaches Standard	85-89	3.33
B	Approaches Standard	80-84	3.00
C	Unsatisfactory	70-79	2.00
F	Unsatisfactory/ Failing	<69	0.00

- **Note:** Mason students are advised that a B-, while it is a passing grade for many courses, is an unsatisfactory grade for CEHD graduate students. Students receiving a B- or below must re-take the course. A student's performance will be evaluated using letter grades.

TASK STREAM REQUIREMENTS

The Unit Plan Assignment is a required performance-based assessment (PBA) in the Multilingual/Multicultural Education (MME) Program. Every student registered for any MME course with a required performance-based assessment is required to submit this assessment to TaskStream (regardless of whether a course is an elective, a onetime course or part of an undergraduate minor). Evaluation of your performance-based assessment will also be provided using TaskStream. Failure to submit the assessment to TaskStream will result in the course instructor reporting the course grade as Incomplete (IN). Unless this grade is changed upon completion of the required TaskStream submission, the IN will convert to an F nine weeks into the following semester.

GMU POLICIES AND RESOURCES FOR STUDENTS

- a. Students must adhere to the guidelines of the George Mason University Honor Code <http://oai.gmu.edu/honor-code/>
- b. Students must follow the university policy for Responsible Use of Computing [See <http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/>].
- c. Students are responsible for the content of university communications sent to their George Mason University email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students solely through their Mason email account.

Marjorie Hall Haley, PhD

- d. The George Mason University Counseling and Psychological Services (CAPS) staff consists of professional counseling and clinical psychologists, social workers, and counselors who offer a wide range of services (e.g., individual and group counseling, workshops and outreach programs) to enhance students' personal experience and academic performance [See <http://caps.gmu.edu/>].
- e. Students with disabilities who seek accommodations in a course must be registered with the George Mason University Office of Disability Services (ODS) and inform their instructor, in writing, at the beginning of the semester [See <http://ods.gmu.edu/>].
- f. Students must follow the university policy stating that all sound emitting devices shall be turned off during class unless otherwise authorized by the instructor.
- g. The George Mason University Writing Center staff provides a variety of resources and services (e.g., tutoring, workshops, writing guides, handbooks) intended to support students as they work to construct and share knowledge through writing [See <http://writingcenter.gmu.edu/>].

PROFESSIONAL DISPOSITIONS

Students are expected to exhibit professional behaviors and dispositions at all times.

CORE VALUES COMMITMENT

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles. <http://cehd.gmu.edu/values/>

For additional information on the College of Education and Human Development, Graduate School of Education, please visit our website [See <http://gse.gmu.edu/>].

Students will be expected to...

1. Attend all class sessions, ***arriving on time***, and actively participate during large and small group discussions and activities. **Three or more absences and/or tardies will result in one letter grade reduction. You are to refrain from checking email and/or texting during class.**
2. Complete all assignments on time.
3. Purchase and maintain a three-ring binder which will be used for all course materials and should be brought to class every day.

GSE Syllabus Statements of Expectations

The Graduate School of Education (GSE) expects that all students abide by the following: Students are expected to exhibit professional behavior and dispositions. See gse.gmu.edu for a listing of these dispositions.

Students must follow the guidelines of the University Honor Code. See <http://oai.gmu.edu/honor-code/> for the full honor code.

Students must agree to abide by the university policy for Responsible Use of Computing. See <http://mail.gmu.edu> and click on Responsible Use of Computing at the bottom of the screen.

Marjorie Hall Haley, PhD

Students with disabilities who seek accommodations in a course must be registered with the GMU Office of Disability Services (ODS) and inform the instructor, in writing, at the beginning of the semester. See <http://ods.gmu.edu> call 703-993-2474.

20 JAN Introduction/Orientation – Domain 1: Language

Week (1)

Orientation. Review Course Outline. Bios collected. Readings’ partners selected. PowerPoint – *Brain-Compatible Differentiated Instruction*

Assignment # 1 for next class:

(1) Read Haley pp. xi – xvi.

(2) Read Haley/Austin xiii-xvii and Chapter 1 (PowerPoint available online)

27 JAN Language Acquisition – Domain 1 : Language Domain 2 : Culture Domain 3 : Planning Instruction –

Week (2)

Second Language Acquisition and its impact on planning. Review assignments. Read aloud Haley pp. 1-5. Introduce National, State, Local Standards, and WIDA. TESOL Levels of Proficiency, p. 23. PowerPoint – *Standards-Based Planning*. Writing objectives. Haley, pp. 111-112. Video, *Victor*. Starting Off The School Year – To Do Lists.

Assignments #2 and # 3 for weeks 3 & 4: Must be typed and handed in to Dr. Haley.

Week 3 (10 Sept) – Haley/Austin, Chapter 2, and PowerPoint “Planning for Today’s Millennial Learners and a Standards-based Classroom.” Answer questions on pp. 47-48 (Discuss and Reflect, Ask Yourself These Questions, Activities)

Week 4 -- (17 Sept) Read Chapter 3 (Haley/Austin),”A Critique of Methods and Approaches in Language Teaching” and Haley, pp. 41-48

Using a set of national, state or local standards, create two content and two language objectives.

3 AND 10 FEB –

– The Planning Process – Domain 3: Planning Instruction

Weeks (3 & 4)

Planning effectively and advocating for ELLs.

GUIDELINES, TEMPLATES, & RUBRICS

FORMAL TEACHING DEMONSTRATIONS

Note: Instructions will be given in class for “informal” teaching demonstrations.

Methods/Approaches

- Total Physical Response (TPR)
- Natural Approach (Terrell and Krashen)
- Direct Method (such as Berlitz, Jespersen, de Souza)
- Cognitive Academic Language Learning Approach (CALLA)
- Total Physical Response Storytelling (TPRS)
- Audiolingual Method (ALM)

Instructional Strategies

- Cooperative Learning
- Information Gap/Jigsaw or Other Interactive Activities
- Grouping
- Computer Assisted Language Learning
- Alternative Forms of Assessment
- Content-based Instruction (CBI)

GUIDELINES FOR *METHODS* AND STRATEGIES TEACHING DEMONSTRATIONS

1. Prepare a lesson plan, using page 1 of the template provided. Page two of the lesson plan is to be completed after your teaching simulation and submitted to Professor Haley the following day. Read at least three articles on the method or approach you have chosen. Try to find at least one source by the original developer of the method/approach/strategy.
2. You will work in groups or pairs for your teaching demonstration. You have **30 minutes**. Plan your time carefully. You have a maximum of 15-20 minutes to teach. You may take another 5-10 minutes to provide background information about the method/approach/strategy and discuss your handout. The class will take 10 minutes at the end of your demonstration to give you feedback and ask questions.
3. The demonstration may include:
 - Background information about the method
 - The type of class your particular demonstration is intended for, e.g., level of proficiency, grade level, type of class, etc.

Marjorie Hall Haley, PhD

- Skills you are teaching and basic objectives of the lesson
- Special teacher-made materials; props and realia are strongly encouraged
- Possible follow-up activities to the lesson you have presented
- How you might conduct assessment of the lesson you have presented, if appropriate
- Others you can think of....

4. BE CREATIVE!

5. Try to spend less time talking about the method/approach/strategy, more time demonstrating it. You may decide to introduce your lesson by describing the method first or you may wish to immerse us in the experience and explain after the demonstration.

6. We will be your students. You may assign us whatever roles and ages you wish.

7. As a team, you may try any combination of team teaching, or each of you may demonstrate a separate activity. If you wish, you may divide teaching responsibilities by proficiency level of students. Remember that you do not have a lot of time (maximum 30 minutes).

8. Prepare a handout for the class that includes your lesson plan. It might be a summary of some points you have made or it might be sharing something from the lesson you have developed that class members might like to use in their own teaching.

EVALUATION of your teaching demonstration will be based upon the following criteria:

- Quality and accuracy of lesson plan
- An accurate summary of the method chosen
- Faithfulness to the general philosophy and techniques of the method chosen
- Evidence of preparation
- Use of teacher-developed materials
- Flexibility in response to students' spontaneity
- Efficient use of time
- Class rapport, warmth, and enthusiasm of teacher
- Creativity
- Usefulness of Handout

REFLECTION PHASE – To be sent electronically to Dr. Haley within one week of the teaching demonstration.

Guidelines for Informal Teaching Demonstration

1. Using Lessons 1-5 in the Haley book, you and your partner(s) will prepare and present a **20-30 minute** content-based lesson in class. At the end of your demonstration the class will take 5 minutes to ask questions and give feedback.
2. You and your partner(s) will sign up for a specific date to prepare and present your lesson. It will be your responsibility to bring the necessary materials (markers, pens, transparencies, sentence strips, poster paper, etc), visuals, and manipulatives for your demonstration.
3. When preparing your lesson, you will need to consider students' diverse learning styles, multiple intelligences and proficiency levels. How can you differentiate instruction so that all students' diverse needs and proficiency levels are accommodated?
4. You and your partner(s) may choose one, two or any combination of methods/approaches/strategies to present your lesson.
5. We will be your students. You and your partner(s) can assign us different proficiency levels and ages.
6. Teaching responsibilities can be divided, or you may wish to team teach.

EVALUATION of your teaching demonstration will be based upon the following criteria:

- Evidence of differentiated instruction
- Efficient use of time

Marjorie Hall Haley, PhD

- ❑ Class rapport, warmth, and enthusiasm of teacher
- ❑ Creativity

GUIDELINES FOR FIELD EXPERIENCE – PRE-SERVICE TEACHERS
COURSE TITLE: Methods of Teaching Multilingual Students (EDCI 519)
INSTRUCTOR: Dr. Marjorie Hall Haley

For EDCI 519 you are required to complete a minimum of 10 hours of field experience. You have two options to complete this requirement: (1) you may choose to have your placement made for you by GMU; and (2) you may participate in a designated site experience with Prince Williams County Public Schools – Battlefield High School (Arrangements made by Dr. Haley). Note: This visit will not satisfy the full 10 requirement. See the following instructions:

- (1) The online Field Experience Presentation discusses the registration process for students. The presentation and the registration website can be accessed from this location: <https://cehd.gmu.edu/endorse/ferf>

Please inform students about this website, either showing them the presentation during class time or asking them to view it from home. It is important that all students completing field experience register by the **deadline**.

If you have questions, contact Comfort Uanserume,(cuanseru@gmu.edu)

COURSE DESCRIPTION:

Study of theories and methods of Bilingual/ESL teaching, with practical application to the classroom. Field experience required for those seeking initial teacher certification.

FIELD EXPERIENCE OBJECTIVES: PRE-SERVICE TEACHERS

1. To observe the application of Bilingual/ESL teaching strategies and methods embodied in the classroom procedures of the cooperating teachers at K-16 levels.
2. To select one of the recommended *Field-based Experiences* listed in each chapter of the text.
3. To learn and become familiar with successful and innovative practices.
4. To gain valuable insight into student responses to each type of activity.
5. To get to know students at a given age and grade, areas of strength and weakness, and general learning pace.
6. To become familiar with special Bilingual/ESL resources and activities in the particular school: (a) computer laboratory (where used), its functioning, specific tapes (or software) available for use; (b) films, tapes, slides, records, or any other multimedia relating to language; (c) special Bilingual/ESL classrooms, i.e., electronic, transition immersion, self contained, as well as those decorated with posters, interactive bulletin boards, and learning centers.

Method: As a requirement of the GMU Graduate School of Education, participants will engage in an on-site school-based field experience. Students will engage in observations, interactions with students and in teacher interviews in the school setting. A short written report, **due by the end of the semester** should consist of **three principle parts** and be a **total of 3-4 pages, double-spaced, 12 pt font, in length**. Guidelines and suggested report format are listed below

Part I -- INTRODUCTION – Use this section to introduce where you observed, demographics of the school community, etc. Follow the list below as a guidepost for things you may wish to observe. It is not necessary to try and cover all 20 items.

Marjorie Hall Haley, PhD

1. Observe how the teacher handles multiple learning styles
2. Seating arrangements
3. Discipline problems
4. Daily routine
5. What percentage of time is devoted to each of the 4 skills?
6. Describe the way the teacher began the class. Did it lead into the lesson effectively? Why or why not?
7. Combined classes
8. Homework – how was it assigned and checked?
9. Amount, if any of students' L1 used
10. Variety of activities
11. Use of daily lesson plan
12. Use of visuals and/or technology
13. Works with accelerated and slower students
14. Use of textbook(s)
15. Classroom appearance
16. How the teacher creates a community of learners
17. Were the objectives of the day's lesson given to the students? If yes, what were the objectives and how were they given?
18. Was the atmosphere conducive to motivating students to participate actively? Explain.
19. How did the teacher keep the students on task?
20. Describe the rapport between teacher and students

PART II – INTERVIEWS WITH TEACHER(S) – plan to conduct at least one interview with a teacher. Use the following questions as guides (add your own as appropriate).

1. What instructional approaches work well for this age group?
2. In terms of classroom management, what strategies are most effective for your students?
3. What are some effective methods/strategies/assessments for working with students from many different countries?
4. What are the areas of weakness or difficulty for students at your grade level and what do you do to overcome these difficulties?
5. In what ways do you assess student progress?
6. How would you describe your teaching style?
7. How has your teaching style changed since you started your career?
8. What do you (or your school) do to build partnerships with the ESOL students' families?
9. How would you go about establishing better communication with the parents of ELLs?

PART III – REFLECTION - Summarize your learning from each observation and interview. This provides you the opportunity to connect *theory to practice*. As you think and write about these school-based experiences, refer to the course content, readings, and discussions. Synthesize this information and apply it to the class content as well as your future (or current status) as an ESL or Bilingual teacher.

SUGGESTED ACTIVITIES FOR FIELD EXPERIENCE:

1. Work with individual students or small groups to gain confidence and make some initial contact with students.

Marjorie Hall Haley, PhD

Note: Pay strict attention to the above guidelines. Remember, you are a guest in these schools and classrooms. Appropriate attire and conduct are mandatory. Professional courtesy is essential. If you must cancel a scheduled visit, call as soon as possible to let the teacher know.

These teachers are **not** on display. They have willingly agreed to make themselves available to you. Try to be helpful and lend assistance where possible. This is to be an **interactive** experience - not passive.

In-Service Teachers Field Experience

**Guidelines for Videotaping
IN-SERVICE TEACHERS ONLY**

In-service: Videotape - - two 15-minute clips of you and your class during a period of instruction. The videotape should portray how you apply various strategies and give a glimpse of the learning environment. Of particular importance is that you demonstrate the following: instructional strategies, classroom management, assessment, differentiated instruction, and how to accommodate multiple proficiency and literacy levels.

It is important to remember that the purpose of the videotape is to provide as authentic and complete a view of your teaching as possible. A videotape is an indication of how you interact with students, the climate you create in the classroom, the ways in which you engage students in learning. A picture is “worth a thousand words” in conveying to others how you practice your profession, the decisions you make, and your relationships with students.

It is normal to find the initial experience with a video camera uncomfortable. We do not see ourselves quite the way others see us, and the difference can be a shock. It takes some getting used to, and practice is the only remedy. The same can be said of students; only multiple opportunities with a video camera will enable students to behave naturally in its presence. Therefore, it is highly advisable to practice with a video camera. Place the camera and tripod where the camera will receive a good picture of the entire classroom. Tape several lessons and watch them alone. You will become accustomed to how you look and sound and you will begin to notice what the students are doing and how their learning could be improved.

Practical matters

Permission You will need a parental permission slip for each student who might appear on your tape. You may ask your school for such a form or use the one provided. If possible, you should secure a blanket permission slip from the parents or legal guardians of all your students to cover taping as needed. Explain to the parents or legal guardians that you are using the tapes for discussions with other teachers about the best ways to teach and that the students will never be identified by their full names in the tape. Try and help them understand that the videotape is not about the student, but is intended for professional discussion. If, for some reason, a student’s parents refuse to grant permission, you will have to take care that he or she is seated out of the camera’s range.

Equipment - - Use the best videotaping equipment available when making your videotape. This also includes your choice of videotape. Previously used tapes from home may be worn or may contain other material and will not provide the best quality for you. Make sure that the equipment has a sensitive microphone so that all voices are easily discernible.

Analysis of Videotape: Answer no fewer than 12 of the following questions:

1. What connections with prior experience were visible in the video?
2. What kinds of activities did you use to help students discover and explore connections to other academic disciplines and to their own lives?
3. What were any unexpected changes that you had to make to your planned instruction during this lesson? What prompted the change(s)?
4. What instructional challenge(s) are presented for achieving your goals for this lesson?
5. How did you provide appropriate feedback to these students throughout the sequence of instruction?
6. What is the extent of classroom involvement (e.g., are the same students doing all the talking)?
7. Are the students engaged in the lesson? How can you tell? What do students' facial expressions and body language tell you about your instruction?
8. What kinds of questions do you ask? Can all questions be answered with a single word? How long do you wait for responses? Do you ask students to explain and/or defend a particular answer? Do you ask students to compare or evaluate alternative interpretations or strategies?
9. Were there any opportunities for students to ask questions? How would you categorize the students' questions (e.g., did they indicate confusion and a need for clarification or understanding and extension)?
10. What roles (e.g., expert, facilitator, co-learner) did you play in the videotape? Was each role appropriate for the situation?
11. What kinds of tasks did you ask students to do? Did you capitalize on their previous knowledge and experiences?
12. What instructional opportunities did you take advantage of? Why?
13. What evidence did you see of the students taking intellectual risks? Does the class look safe as an environment for getting something wrong? Do students talk to each other as well as to you?
14. Do you push students to task risks, to speculate, to offer conjectures about possible approaches, strategies, and interpretations?
15. Were the learning goals for the lesson achieved? Did you adjust the lesson so your goals could be achieved by every student? What are the evidences for your answers, both in the videotape and from other sources?
16. Explain how your design and execution of this lesson affected the achievement of your instructional goals. (Your response might include – but is not limited to – such things as the anticipation and handling of student misconceptions, the unexpected questions from students, the unanticipated opportunity for learning that you captured, or your planned strategy and its outcomes in the lesson.)
17. What do you do to include parents?
18. What do you do to educate your colleagues?

Reflection on the Videotape: Answer the following questions:

1. What in the instructional sequence worked well in advancing student learning? If anything did not work as well as you expected, how would you change it? Cite specific evidence from the videotape.
2. What would you do differently, if you were given the opportunity to teach this particular lesson again with these students, and why?
3. How does this segment reflect a classroom climate that supports language learning?

Videotape: Your videotape must

1. Have voices that are audible
2. Be no longer than 30 minutes.
3. Be either digital or standard VHS format, CD, or DVD

GUIDELINES FOR MID-TERM PROJECT

Option A:

Using Technology to Enhance Learning Experiences for English Language Learners

Begin by viewing this You Tube: http://www.youtube.com/watch?v=Fnh9q_cQcUE

The following was retrieved on 16 Jan 2010 from: http://en.wikipedia.org/wiki/Digital_native

[Marc Prensky](#) is acknowledged to have coined the term *digital native* in his work *Digital Natives, Digital Immigrants* published in 2001. In his seminal article, he assigns it to a new breed of student entering educational establishments.^[1] The term draws an [analogy](#) to a country's [natives](#), for whom the local religion, language, and folkways are natural and indigenous, over against [immigrants](#) to a country who often are expected to adapt and assimilate to their newly adopted home. Prensky refers to *accents* employed by digital immigrants, such as printing documents rather than commenting on screen or printing out emails to save in hard copy form. Digital immigrants are said to have a "thick accent" when operating in the digital world in distinctly pre-digital ways, for instance, calling someone on the telephone to ask if they have received a sent [e-mail](#).

Not everyone agrees with the language and underlying assumptions of the *digital native*, particularly as it pertains to the concept of their differentiation. There are many reasonable arguments against this differentiation. It suggests a fluidity with technology that not all children and young adults have, and a corresponding awkwardness with technology that not all older adults have. It entirely ignores the fact that the digital universe was conceived of pioneered, and created by the *digital immigrants*. In its application, the concept of the digital native preferences those who grow up with technology as having a special status ignoring the significant difference between familiarity and creative application.

Crucially, there is debate over whether there is any adequate evidence for claims made about *digital natives* and their implications for education. [Bennett, Maton & Kervin \(2008\)](#), for example, critically review the research evidence and describe some accounts of *digital natives* as an academic form of a [moral panic](#).

Your Task:

You will select an educational technology that can be utilized in today's classrooms with English Language Learners. This can be something you currently use or would like to learn to use. You will plan a demonstration on how to use this technology in a content (math, science, social studies, English Language Arts) standards-based lesson activity. Dr. Haley can help in providing some technologies. However, most can be obtained online. Your tech project will consist of demonstrating "how" to use the technology you've selected. You will submit a paper copy and CD/DVD detailing the activity. You may select from the following or choose a technology with which you are already familiar:

Wikis

Blog

Electronic grade book

Marjorie Hall Haley, PhD

Digital camera
EPals
Facebook
Twitter
Skype
Smartboard
MySpace
Flickr

Additional technologies:

iPod, Flip Cameras, iClickers, iPods, Pod-cast, Webinar, BlackBoard, PhotoStory, Hot Potato, Flash Media, Kindle, Wii, Mimio, Video tape, Multimedia, PowerPoint, MOOs and MUDs, You Tube, Teacher Tube, Web Quest, Picasa, Jing, Wordle, Wikispaces, Animoto, Voxopop, Toondo, Voicethread, or Other Technologies

Procedures/Steps to Follow:

1. Prepare a 30-minute technology-based project to be taught in a standards-based math, science, social studies or ELA classroom and apply it to a teaching setting. The purpose of the project is to focus on one technology and inform teachers about its implications for working with ELLs.
2. Describe the teacher/student population and their needs.
3. Prepare a printed guide to your product to help a novice use it.
4. Refer to course topics to add support to this project. For instance, describe how you can scaffold and differentiate instruction for multiple proficiency levels students working along side mainstream English-only students.
5. Submit your project on either DVD/CD/diskette **and** in paper format.

Option B:

If you have other ideas for ways to increase your knowledge of successfully implementing technology, please see Dr. Haley for permission to pursue another option.

GUIDELINES FOR UNIT LESSON PLAN: Planning for Standards-based ESL and Content Instruction; Managing and Implementing Standards-based ESL and Content Instruction; and Using Resources Effectively in ESL and Content Instruction

Description: Plan classroom instruction in a supportive learning environment for multilevel classrooms with learners from diverse backgrounds using standards-based ESL and content curriculum. You will plan language-building activities that are designed for student-centered learning. This is to include cooperative learning and flexible grouping. Your plans are to include specific ESL and content, standards-based objectives and provide multiple ways of presenting content. Show that you know, understand and can apply concepts acquired in this course to your own approach to planning a supporting learning environment for ESL students in multilevel classrooms with learners from diverse backgrounds. Demonstrate effective use of a wide range of standards-based materials, resources and technologies. In this five day plan you will design activities and provide materials build strengths in reading, writing, listening, and speaking. Activities should include a variety of activities based on students' interest, texts and themes, a range of genres, and personal experiences to enhance students' expression in English and other content areas. Organize learning around standards-based subject matter and language learning objectives. Incorporate activities, tasks, and assignments that develop authentic uses of language, as students learn about content-area material. Provide activities and materials that integrate listening, speaking, reading, and writing. Employ an appropriate variety of materials for language learning, including books, visual aids, props, and realia. Use appropriate technological resources to enhance language and content-area instruction for ESOL students.

Process: Follow the outline below for planning a unit/lesson plan that is specific to your own current or future teaching circumstance. This plan should cover 5 days (1 separate lesson plan for each day) and each day's plan must include *preparation, presentation, practice, evaluation, expansion, and scaffolded (multilevel) instruction*. Use the lesson plan template pages 1-2 provided in the syllabus. Choose one theme or topic and the level/age/grade/content you want to teach. Include this in the title. Define the program model, i.e., pull out, push in, sheltered, immersion, etc. Provide a scenario of the school and class setting for whom this unit plan is intended.

TESOL/NCATE Standard 3a: Know, understand and apply concepts, research, and best practices to plan instruction in a supportive learning environment for ESL students. Serve as effective English-language models, as they plan for multilevel classrooms with learners from diverse backgrounds using standards-based ESL and content curriculum.

Marjorie Hall Haley, PhD

TESOL/NCATE Standard 3b: Know, manage and implement a variety of standards-based teaching strategies and techniques for developing and integrating English listening, speaking, reading, and writing, and for accessing the core curriculum.

TESOL/NCATE Standard 3c: Are familiar with a wide range of standards-based materials, resources, and technologies, and choose, adapt, and use them in effective ESL and content teaching.

TESOL/NCATE Standard 4c. Know and use a variety of classroom and performance-based assessment tools that are standards based to inform instruction:

Assessment Criteria: The following assessment criteria used will be

1. Concepts, research, and best practices
2. A descriptive scenario of the school, class composition, and time of year (similar to those provided in the Brain Compatible book)
3. Multilevel, differentiated instruction, that includes culturally responsive planning
4. Standards, content, and theme-based
5. Five separate lesson plans and includes all 4 skills: listening, speaking, reading and writing. Use lesson plan template: Planning Phase, Teaching Phase Sequence, pp. 13-14. Do not include Reflection Phase.
6. Standards-based materials, resources, and technologies
