COURSE DESCRIPTION

Covers biological, behavioral, and sociocultural factors in human sexual behavior.

DELIVERY METHOD:

This course will be delivered online using an **asynchronous** (not “real time”) format via the Blackboard learning management system (LMS) housed in the MyMason portal. You will log in to the Blackboard course site using your Mason email name (everything before “@masonlive.gmu.edu) and email password. The course site will be available on Aug. 25, 12:01a.. There will also be synchronous learning activities through Bb Collaborate (by appointment).

TECHNICAL REQUIREMENTS:

To participate in this course, students will need the following resources:

- High-speed Internet access with a standard up-to-date browser, either Internet Explorer or Mozilla Firefox. Opera and Safari are not compatible with Blackboard;
- Consistent and reliable access to their GMU email and Blackboard, as these are the official methods of communication for this course
- Students may be asked to create logins and passwords on supplemental websites and/or to download trial software to their computer or tablet as part of the course requirements.
- The following software plug-ins for PCs and Macs respectively, available for free downloading by clicking on the link next to each plug-in:
 - Adobe Acrobat Reader: <http://get.adobe.com/reader/>
 - Windows Media Player: <http://windows.microsoft.com/en-US/windows/downloads/windows-media-player>
 - Apple QuickTime Player: www.apple.com/quicktime/download/
- A headset microphone for use with the Blackboard Collaborate web conferencing tool

EXPECTATIONS:

- **Course Week:** Because online courses do not have a “fixed” meeting day, our week will **start** on Mon, and **finish** on Sun.
- **Log-in Frequency:** Students must actively check the course Blackboard site and their GMU email for communications from the instructor, at a minimum this should be 2 times per week.

- **Participation:** Students are expected to actively engage in all course activities throughout the semester/session, which include viewing of all course materials, completing course activities and assignments, and participating in course discussions and group interactions.
- **Technical Competence:** Students are expected to demonstrate competence in the use of all course technology. Students are expected to seek assistance if they are struggling with technical components of the course.
- **Technical Issues:** Students should expect that they could experience some technical difficulties at some point in the semester and should, therefore, budget their time accordingly. Late work will not be accepted based on individual technical issues.
- **Workload:** Expect to log in to this course **at least three times a week** to read announcements, participate in the discussions, and work on course materials. Remember, this course is **not** self-paced. There are **specific deadlines** and **due dates** listed in the **CLASS SCHEDULE** section of this syllabus to which you are expected to adhere. It is the student's responsibility to keep track of the weekly course schedule of topics, readings, activities and assignments due.
- **Advising:** If you would like to schedule a one-on-one meeting to discuss course requirements, content or other course-related issues, and you are unable to come to the Mason campus, we can meet via telephone or web conference. Send me an email to schedule your one-on-one session and include your preferred meeting method and suggested dates/times.
- **Netiquette:** Our goal is to be **collaborative**, not combative. Experience shows that even an innocent remark in the online environment can be misconstrued. I suggest that you always re-read your responses carefully before you post them to encourage others from taking them as personal attacks. **Be positive in your approach to others and diplomatic with your words.** I will do the same. Remember, you are not competing with each other but sharing information and learning from one another as well as from the instructor.

COURSE OBJECTIVES:

At the completion of this course students should be able to:

1. Develop a solid basic understanding of biological, social, and psychological components of their human sexuality.
2. Form and express educated attitudes and viewpoints on several aspects of human sexuality through the interpretation of readings, lectures, guest speakers, and open discussion with peers.
3. Form and express rational and responsible decisions concerning their human sexuality and development.
4. Write and discuss the value of human sexuality education with professional teachers as well as the community.

COURSE OVERVIEW:

This course explores the health aspects of human sexuality.

REQUIRED READINGS:

Crooks, R., & Baur, K. (2013). *Our Sexuality: 12th Ed.* Belmont, CA: Wadsworth/Cengage

Learning. ISBN: 9781133943389. Additional course material at Blackboard: <https://mymasonportal.gmu.edu>

EVALUATION:

This course will be graded on a point system, with a total of 100 possible points.

Requirements	Possible Points
<u>Tests</u> Test 01 (covers chapters 1-6) Test 02 (covers chapters 7-12) Test 03 (covers chapters 13-18) Each Blackboard online exam is composed of 50 multiple-choice questions. The tests are based on the content of the text as organized and presented in Powerpoint lectures. Each test will be graded 0-100 points and weighted .10 of overall course grade. To best prepare for the tests, students should use their textbook-based notes as well as PowerPoint lecture slides. Multiple-choice items will measure students' abilities to identify/recall, differentiate, apply and analyze subject material.	30 points
<u>Short Essay Quizzes</u> There will be 10 short essay quizzes based on the content of the text as organized and presented in PowerPoint lectures. Each short essay quiz will be graded 0-3 points with a total of 30 possible points that will be factored directly into the overall grade. The short essay questions will measure students' abilities to apply and analyze subject material.	30 points
<u>Discussion Forums</u> Each student is expected to post a comment in 10 different discussion forums. Each discussion forum will be based on a self-assessment related to text material and completed by the student and then posting as a comment at the forum. Each posting is worth 2 points and a total of 20 points will be factored directly into the overall grade. The discussion forums will represent affective learning experiences.	20 points
<u>Human Sexuality Provocative Paper</u> The human sexuality provocative paper involves completing a writing assignment according to posted guidelines by its due date. The total possible score of 100 points will be weighted .20 of overall course grade. This writing assignment will represent cognitive, affective and psychomotor learning experiences.	20 points
