EDLE 791.DL1 Internship in Education Leadership  
Spring 2015, 3 credit hours

Instructor: Dr. Anne-Marie Balzano  
Email: alohse@gmu.edu

Phone: Cell: 650-740-5228  Office: 703-993-5699

Mailing address: George Mason University  
4400 University Drive, MSN 4C2  
Fairfax, VA 22030-4444

Office Hours: Online - Mondays 4:30-6:30 p.m. and by appointment  
In person – by appointment only (Thompson Hall, Room 1301)

Course Term: January 20 – May 4, 2015

Course Delivery Method  
This course will be delivered online using an asynchronous (not “real time”) format via the Blackboard learning management system (LMS) housed in the MyMason portal. You will log in to the Blackboard course site using your Mason email name (everything before “@masonlive.gmu.edu) and email password. The course site will be available on January 20, 2015.

Course Description  
This course provides candidates in the Education Leadership Program with an intensive and extensive set of field experiences in a variety of school settings. In the first semester, candidates plan the internship experience, and over the next year enact their internship, reflect and document internship experiences, and prepare a culminating online portfolio that summarizes their accomplishments.

Internship Requirements  
All candidates seeking state licensure in PK-12 Administration & Supervision are required by both the state and other accrediting agencies to complete a standards-based internship. The internship provides opportunities to apply theory to practice within a broad range of leadership and administrative tasks. The central focus of the internship is on planning, experiencing, and reflecting on major responsibilities in school administration and supervision. The internship
focuses on the development of skills in the six areas defined within the ELCC Standards for Building Leaders.

Students registered for EDLE 791 should be taking EDLE 690 – Using Research to Lead School Improvement, or should have already completed this class. (As a culminating activity in the EDLE 690 class, students develop a plan for implementing a school improvement project that becomes the capstone field experience within their internship.)

Students complete a set of required activities that scaffold to each of the ELCC standards, representing approximately half of the internship activities. One of the distinctive features of the internship within the EDLE program is that the remaining portion of the internship is designed based on a self-assessment of leadership competencies and career objectives. Your internship plan is based on dialogue with your university supervisor (the instructor for this class) and site supervisor (a licensed administrator you chose, typically from your home school), and your assessment of the leadership experiences that best demonstrate your knowledge and ability to perform the leadership proficiencies embodied in the ELCC standards.

Specific requirements in the internship are described in detail in the Internship Manual. These include the following:

1. The intern will understand and demonstrate proficiencies and dispositions consistent with the ELCC Standards for School Leaders.
2. The intern will work with their his or her university supervisor, site supervisor, and other school leaders to prepare an Internship Plan that describes field experiences the intern will pursue in order to demonstrate his/her development of the range of leadership proficiencies associated with each standard. The internship plan will include each of the required activities, including enactment and evaluation of the School Improvement Project planned during completion of EDLE 690.
3. The intern will implement the internship plan (previously approved by the University supervisor). During implementation, the intern will maintain up-to-date records, including internship hour verification; frequent reflective journal entries demonstrating growth and understanding; and compilation of artifacts reflecting accomplishments. The final portfolio must include descriptions, artifacts, and reflections for each of the required activities.
4. Internship activities will result in a minimum of 320 clock-hours of field-based experience. Experiences should include a balance of activities, some of which will be outside of the primary area of assignment. Experiences must be completed and described in the reflective journal in at least three of the four areas of assignment (high, elementary, middle, and/or central office). At least 40-hours must be logged in each of the secondary assignments.
5. The intern will participate in at least one meeting with the university supervisor per semester.
6. The intern will complete a Collective Record (electronic portfolio) of internship accomplishments. The preparation of the Collective Record is an ongoing and culminating part of the internship experience.
7. The intern will seek guidance and feedback from the site supervisor throughout completion of field experiences, and solicit a summative assessment in the form of the *Evaluation of Student Intern*, which is completed by the site supervisor at the end of the internship.
8. The intern will present the web-based Collective Record to the university supervisor upon completion of all requirements. An individual meeting will be conducted to discuss the record and internship experiences prior to completion of the course.

**Required Readings**

There are no required texts for this course. However, students will be required to download and read the following:

1. Internship Manual for School Administration and Supervision Candidates, November 2014 (v. 7.0)
2. ELCC Standards for Building Leaders (2011 version)

**Course Learning Objectives**

Students taking this course will:

1. Know and understand how to apply planning, assessment, and instructional leadership that builds collective professional capacity;
2. Understand and apply their knowledge of systems theory and organization theory;
3. Apply management and leadership skills that achieve effective and efficient organizational operations;
4. Understand the purpose of education and the role of professionalism in advancing educational goals;
5. Apply basic leadership theories and understand influences that impact schools; and
6. Pursue improved student learning.

**Course Learning Outcomes**

At the conclusion of this course, successful students should be able to:

1. Take on leadership roles within their home schools, schools at another level, and the central office with confidence and competence;
2. Reflect on what they have learned through their leadership experiences;
3. Engage in self-reflection and improvement, including participation in a 360 degree-type of evaluation and a site supervisor evaluation; and
4. Lead a specific, focused school improvement project.
Program Learning Objectives

EDLE 791 student outcomes and activities are directly related to all ELCC Standards and the following program goals:

- Study and application of theories
- Reflective practice
- Improvement of communication skills
- Development of skills in bringing about change
- Utilization of technology as a management tool

National Standards and Virginia Competencies

Each M.Ed. licensure course has at least one Performance-Based Assessment (PBA) as required by the program. The PBA for this course is the Collective Record.

This course addresses all of the ELLC Standards, and the following corresponding components of the Virginia Standards for School Leaders:

The program in administration and supervision preK-12 shall ensure that the candidate has demonstrated the following competencies:

(a) Knowledge understanding, and application of planning, assessment, and instructional leadership that builds collective professional capacity, including:
   (1) Principles of student motivation, growth, and development as a foundation for age and grade-appropriate curriculum, instruction, and assessment;
   (2) Collaborative leadership in gathering and analyzing data to identify needs to develop and implement a school improvement plan that results in increased student learning;
   (3) Planning, implementation, and refinement of standards-based curriculum aligned with instruction and assessment; and
   (7) Identification, analysis, and resolution of problems using effective problem-solving techniques.

(b) Knowledge, understanding and application of systems and organizations, including;
   (1) Systems theory and the change process of systems, organizations and individuals, using appropriate and effective adult learning models; and
   (2) Aligning organizational practice, division mission, and core beliefs for developing and implementing strategic plans; and
   (4) Using data as a part of ongoing program evaluation to inform and lead change.

(c) Knowledge understanding and application of management and leadership skills that achieve effective and efficient organizational operations, including;
   (2) Principles and issues of supervising and leading others to ensure a working and learning climate that is safe, secure, and respectful of a diverse school community; and
(5) Principles and issues related to school facilities and use of space and time.

(e) Knowledge, understanding and application of the purpose of education and the role of professionalism in advancing educational goals, including:
(2) Integration of high quality, content rich, job-embedded professional learning that respects the contribution of all faculty and staff members in building a diverse professional learning community; and
(5) Intentional and purposeful effort to model continuous professional learning and to work collegially and collaboratively with all members of the school community to support the school’s goals and enhance its collective capacity.

(f) Knowledge, understanding and application of basic leadership theories and influences that impact schools including:
(4) Identify and apply the processes of educational policy development at the state, local, and school level; and
(5) Identify and demonstrate ways to influence educational policy development at the state, local, and school level.

(g) Embedded learning strategies for improved student learning totaling at least 120 clock hours including:
(1) Experiential activities that complement, implement, and parallel the university curriculum;
(2) Complete a minimum of 320 clock hours of a deliberately structured and supervised internship that provides exposure to multiple sites (elementary, middle, high, central office, agency) with diverse student populations. These experiences shall be an integral component of a Virginia Board of Education approved preparation program. The internship shall be focused on learning for all students and shall occur in a public school or accredit nonpublic school; and
(3) Satisfy the requirements for the school leaders licensure assessment prescribed by the Board of Education (Individuals seeking an initial administration and supervision endorsement who are interested in serving as central office instructional personnel are not required to take and pass the school leaders assessment prescribed by the Board of Education.)

Professional Dispositions

Students are expected to exhibit professional behaviors and dispositions at all times.

Core Values Commitment

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles.
On-line Expectations

- **Log-in Frequency**: Students must actively check the course Blackboard site and their GMU email for communications from the instructor, at a minimum this should be 2 times per week.
- **Participation**: Students are expected to actively engage in all course activities throughout the semester, which include viewing of all course materials, completing course activities and assignments, and participating in course discussions and group interactions.
- **Technical Competence**: Students are expected to demonstrate competence in the use of all course technology. Students are expected to seek assistance if they are struggling with technical components of the course.
- **Technical Issues**: Students should expect that they could experience some technical difficulties at some point in the semester and should, therefore, budget their time accordingly. Late work will not be accepted based on individual technical issues.
- **Workload**: Expect to log in to this course at least two times a week (during the first semester) to read announcements, participate in the discussions, and work on course materials. Remember, this course is not self-paced. There are specific deadlines and due dates listed in the CLASS SCHEDULE section of this syllabus to which you are expected to adhere. It is the student’s responsibility to keep track of the weekly course schedule of topics, readings, activities and assignments due.
- **Advising**: If you would like to schedule a one-on-one meeting to discuss course requirements, content or other course-related issues, and you are unable to come to the Mason campus, we can meet via telephone or web conference. Send me an email to schedule your one-on-one session and include your preferred meeting method and suggested dates/times.
- **Netiquette**: Our goal is to be collaborative, not combative. Experience shows that even an innocent remark in the online environment can be misconstrued. I suggest that you always re-read your responses carefully before you post. **Be positive in your approach to others and diplomatic with your words.** I will do the same. Remember, you are not competing with each other but sharing information and learning from one another as well as from the instructor.

Technology Requirements

**High-speed Internet Access**: with a standard up-to-date browser, either Internet Explorer or Mozilla Firefox. Opera and Safari are not compatible with Blackboard;

**Consistent and Reliable Access to GMU email and Blackboard**: these are the official methods of communication for this course.

**Students may be asked to create logins and passwords on supplemental websites and/or to download trial software to their computer or tablet as part of the course requirements.**
Headset Microphone: for use with the Blackboard Collaborate web conferencing tool Blackboard

Blackboard: This course will be delivered on GMU’s Blackboard platform, so students are required to have access to Blackboard. A Blackboard site is available to all students enrolled in the course at: http://mymason.gmu.edu. You need to log on using your GMU user name and password.

Video/Screencasting Tools: You will use Kaltura, to record group presentations.

Group Work: You will use Blackboard Discussion Boards to participate in various learning activities throughout the semester.

Bb Collaborate: You will communicate with your colleagues and instructor using Bb Collaborate for both group collaborate sessions and the instructor’s virtual office hours. We may also use Skype and Google Hangout as possible video communication platforms when needed.

WordPress: You will use WordPress and a template created for you by the EDLE program to create and use a blog to post periodic reflections as you enact your internship, receive periodic feedback on your progress, and to assemble your Collective Record.

Email: Students are also required to activate and monitor their GMU e-mail accounts, which will serve as the primary mode of communication outside of Blackboard. Per university policy in compliance with federal law, the professor will only communicate with students via their GMU email accounts, and will be unable to respond to emails sent from other accounts (i.e., gmail, yahoo, work email, etc.) Any announcements regarding the course will be sent to your GMU account. I will respond to emails within 24 hours, excluding weekends.

Time Limits

Enrollment in the internship must total not fewer than three credit hours, representing a minimum of 320 clock-hours of field-based internship experiences. The completion of the internship takes place over a period of not fewer than 12 months. Candidates must complete and submit their culminating portfolio, the Collective Record, within 18 months of the date their Internship Plan is approved by their University Supervisor (the instructor for this class).

The University Supervisor may require revision and resubmission of the Collective Record, and/or completion of additional internship activities in order to successfully complete the internship. Candidates must complete the internship and receive a satisfactory grade within 24 months of the date their Internship Plan is approved by their University Supervisor. Failure to satisfactorily complete the Collective Record and be graded in EDLE 791 will result in being
assigned an NC (no credit) grade. Candidates who exceed the 24-month time limit may re-enroll in EDLE 791 to complete their internships.

**Grading**

This course takes place over an extended period of time, so students receive a grade of IP (“in-progress”) at the end of the first semester. Students are ultimately graded as “satisfactory” (S) or “no credit” (NC).

As such, for each unit of this class, students are graded as “S” or “NC” as described below. A grade of “NC” for any unit indicates that the student has not fulfilled the requirements of the internship and must register anew for the class in a subsequent semester.

**Participation Requirements (200 points)**

To maximize learning and engagement in the online environment, students are expected to participate actively in asynchronous class discussions, asynchronous and synchronous group activities, and serve as critical friends to other students. Below is a list of all required learning activities, by unit, which will count toward your overall participation grade. Please refer to the Course Participation Rubric for details.

**Unit 1 (100 points) -** A main goal of the initial semester of EDLE 791 is completion of the internship plan. Plans are based on ELCC standards. Approval of the internship plan marks the culmination of the unit, and is the candidate’s admission to clinical practice in the EDLE program. Candidates must receive approval of their internship plan from their university supervisor before they may engage in internship activities. A grade of “S” will be assigned if you earn 80 or more points on this unit.

- Scavenger hunt worksheet (10 points)
- Internship application (10 points)
- Critical reflection – shadowing your principal (10 points)
- Group assignment – Standards and activities (20 points)
- Submit plan to university supervisor for final approval (50 points)

**Unit 2 (100 points) - Unit 2** of this class involves implementing the internship plan, i.e., conducting your internship. Students are required to post journals regularly to a blog created for that purpose using WordPress. At least every two months, the intern will submit to the instructor a complete log of internship activities; the instructor will provide feedback to help monitor progress. A grade of “S” will be assigned if you earn 80 or more points on this unit.

- Ongoing posting of reflections and bi-monthly submission of internship logs (10 points for each submission)
- Small group collaborate sessions (10 points for attendance in each session)
- Whole class collaborate sessions (10 points for attendance in each session)
Collective Record (500 points)

**Unit 3** of this class involves completing and submitting the culminating portfolio, the Collective Record of internship activities. The Collective Record is graded using two rubrics, one for internship activities excluding the School Improvement Project, and one for the School Improvement Project, which deals primarily with the intern’s impact on student learning.

- Face-to-face meeting with site supervisor.
- Post site supervisor evaluation of intern.
- Finalize collective record, submit to university supervisor.
- Collaborate or Skype meeting with university supervisor.

The Collective Record is the performance-based assessment for this class. To receive a grade of “S”, you must score a 3.2 or better (on a 4.0 point scale) on both assessments of the Collective Record, i.e., 200 points for each assignment. Note, also, that taking and passing the **School Leaders Licensure Assessment (SLLA)** is a requirement for receiving an S grade for EDLE 791. The candidate’s SLLA record must be scanned into the appropriate section of the Collective Record. The SLLA is a required performance for EDLE 791.

**Course Policies**

Assignments are due by 11:59 p.m. on the dates listed on the syllabus. Late assignments will not be accepted except in emergency situations that have been discussed and approved by the instructor in advance of the due date. Please take advantage of instructor office hours and availability to get assistance prior to assignment deadlines.

**GMU Policies and Resources for Students**

**GMU Add/Drop Policy:** The last day to drop this class without any penalty is provided on the GMU academic calendar page [http://registrar.gmu.edu/calendar/](http://registrar.gmu.edu/calendar/). It is the student’s responsibility to check to verify that they are properly enrolled, as no credit will be awarded to students who are not.

**Students with Disabilities:** All students with questions or concerns about this class are encouraged to set up a time to meet with the professor, preferably during the first 2 weeks of the semester. Students with disabilities should work with the Disabilities Resource Center (DRC) to identify appropriate accommodations and communicate those with the professor. [See http://ods.gmu.edu/](http://ods.gmu.edu/).

**Honor Code:** This course will be conducted in accordance with the GMU Honor Code, and all students are expected to abide by it. The GMU Honor Code, as found in the University Catalog, is as follows: To promote a stronger sense of mutual responsibility, respect, trust, and fairness
among all members of the George Mason University community and with the desire for greater academic and personal achievement, we, the student members of the university community, have set forth this honor code: Student members of the George Mason University community pledge not to cheat, plagiarize, steal, or lie in matters related to academic work. Details can be found here: [http://catalog.gmu.edu/content.php?catoid=15&navoid=1039&returnto=search#Honor](http://catalog.gmu.edu/content.php?catoid=15&navoid=1039&returnto=search#Honor)

**Responsible Use of Computing:** Students must follow the university policy for Responsible Use of Computing [See [http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/](http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/)]

**Plagiarism Statement:** Plagiarism means using the exact words, opinions, or factual information from another person without giving that person credit. Writers give credit through accepted documentation styles, such as parenthetical citation, footnotes, or endnotes; a simple listing of books and articles is not sufficient. Plagiarism is the equivalent of intellectual robbery and cannot be tolerated in an academic setting (Statement of English Department at George Mason University). George Mason University operates under an honor system, which is published in the University Catalog and deals specifically with cheating, attempted cheating, plagiarism, lying, and stealing. Please familiarize yourself with the honor code, especially the statement on plagiarism ([http://www.gmu.edu/facstaff/handbook/aD.html](http://www.gmu.edu/facstaff/handbook/aD.html)).

If you have questions about when the contributions of others to your work must be acknowledged and appropriate ways to cite those contributions, please talk with the professor or utilize the GMU Writing Center.

**Plagiarism and the Internet:** Copyright rules also apply to users of the Internet who cite from Internet sources. Information and graphics accessed electronically must also be cited, giving credit to the sources. This material includes but is not limited to e-mail (don't cite or forward someone else's e-mail without permission), newsgroup material, information from Web sites, including graphics. Even if you give credit, you must get permission from the original source to put any graphic that you did not create on your web page. Shareware graphics are not free. Freeware clipart is available for you to freely use. If the material does not say "free," assume it is not. Putting someone else's Internet material on your web page is stealing intellectual property. Making links to a site is, at this time, okay, but getting permission is strongly advised, since many Web sites have their own requirements for linking to their material.

**Academic Integrity & Inclusivity:** This course embodies the perspective that we all have differing perspectives and ideas and we each deserve the opportunity to share our thoughts. Therefore, we will conduct our discussions with respect for those differences, meaning we each have the freedom to express our ideas, but we should also do so keeping in mind that our colleagues deserve to hear differing thoughts in a respectful manner, i.e. we may disagree without being disagreeable. [http://integrity.gmu.edu/](http://integrity.gmu.edu/)

**Diversity, Religious Holiday:** Please refer to George Mason University’s calendar of religious holidays and observations ([http://ulife.gmu.edu/calendar/religious-holiday-calendar/](http://ulife.gmu.edu/calendar/religious-holiday-calendar/)). It is the student's responsibility to speak to the instructor in advance should their religious observances impact their participation in class activities and assignments.
The George Mason University Counseling and Psychological Services (CAPS) staff consists of professional counseling and clinical psychologists, social workers, and counselors who offer a wide range of services (e.g., individual and group counseling, workshops and outreach programs) to enhance students' personal experience and academic performance [See http://caps.gmu.edu/].

Student Privacy Policy: George Mason University strives to fully comply with FERPA by protecting the privacy of student records and judiciously evaluating requests for release of information from those records. Please see George Mason University’s student privacy policy https://registrar.gmu.edu/students/privacy/

Other Concerns: If you have concerns or issues relating to the content or conduct of the class, please come see me and talk with me directly. Although the specifics of these conversations are entirely confidential, they may provide me with useful suggestions that may be shared indirectly with the class to improve the learning experience for all students. As a matter of policy, I do not respond to anonymous e-mails.

EDLE 791.DL1 Weekly Course Schedule
