COURSE OBJECTIVES

By the end of the course the students will be able to:

1. Recognize specific aspects and determinants of personal health;
2. Demonstrate knowledge in ten basic health areas:
 - a. Mental/emotional well-being;
 - b. Fitness;
 - c. Nutrition/weight management;
 - d. Family/social wellness;
 - e. Alcohol, tobacco and other substance abuse prevention;
 - f. Infectious/chronic disease control and prevention;
 - g. Consumerism and health care utilization;
 - h. Safety;
 - i. Human growth and development; and
 - j. Environmental conservation.
3. Identify ways they can improve their personal health;
4. Investigate the basic principles of the functioning of the human body as they relate to a person's health behavior choices and practices; and
5. Examine and discuss key facts, issues and problems related to personal health.

COURSE OVERVIEW

The focus of this course is health for the 21st century. Through a variety of learning activities, students will be expected to master content in 10 content areas of personal health. Students will also be expected to apply strategies for change to improve personal health.

DELIVERY METHOD

This course will be delivered online using an asynchronous (not "real time") format via the Blackboard learning management system (LMS) housed in the MyMason portal. You will log in to the Blackboard course site using your

Mason email name (everything before “@masonlive.gmu.edu) and email password. The course site will be available on the first day of classes.

TECHNICAL REQUIREMENTS

- To participate in this course, students will need the following resources: High-speed Internet access with a standard up-to-date browser, either Internet Explorer or Mozilla Firefox. Opera and Safari are not compatible with Blackboard;
- Consistent and reliable access to their GMU email and Blackboard, as these are the official methods of communication for this course

EXPECTATIONS

- Course Week: Because online course does not have a “fixed” meeting day, our week will **start on Monday** and **finish on Sunday at 11:59pm**.
- Students must actively check the course Blackboard site and their GMU email for communications from me, at a minimum of 3 times per week.
- Students are expected to actively engage in all course activities throughout the semester, which include viewing of all course materials, completing course activities, quizzes, exams, and assignments, and participating in course discussions.
- Students are expected to demonstrate competence in the use of all course technology. Students are expected to seek assistance from me or from IT if they are struggling with technical components of the course.
- Students should expect that they could experience some technical difficulties at some point in the semester and should, therefore, budget their time accordingly. Late work will not be accepted based on individual technical issues.
- Workload: Expect to log in to this course **at least three times a week** to read announcements, participate in the discussions, complete quizzes/exams/assignments, and work on course materials. Remember, this course is **not** self-paced. There are **specific deadlines** and **due dates** listed in the Course Schedule section of this syllabus to which you are expected to adhere. It is the student’s responsibility to keep track of the weekly course schedule of topics, readings, activities, and assignments due.
- *****No late work will be accepted, no exceptions. It is your responsibility to keep up in this course and to use the syllabus and weekly schedules provided.**
- Advising: If you would like to schedule a one-on-one meeting to discuss course requirements, content, or other course-related issues, and you are unable to come to the Mason campus, we can meet by phone. Send me an email to schedule your one-on-one session and include your preferred meeting method and suggested dates/times. I am always willing to advise you on other academic or health topics as well.
- Online Etiquette: Our goal is to be collaborative, not combative. Be positive in your approach to others and diplomatic with your words.

TERM TOTAL—721 points

Weekly schedules are already posted for the semester and serve as your detailed guides for the week's assignments. You can find these on Blackboard under Weekly Schedules. **You will not succeed in this course if you do not follow these closely.**

Chapter Quizzes

The quizzes are designed to assist you in mastering the concepts in the readings. These quizzes are due weekly, and they are open-book. Quizzes may only be taken once each, but they are NOT timed.

Discussion Board Posts

Over the semester, you will have assigned topics for you to post your response on the discussion board as well as comments and questions to your classmates' responses. The topics will be listed in your weekly schedules and on the discussion board. The discussions will be graded based on your knowledge and understanding of the readings and your ability to relate the concepts to everyday experiences. Grading criteria and additional due dates (when applicable) will be listed in the weekly schedules and on the discussion board.

Assignments

You will have multiple assignments that will further your thinking about and application of the topics. The assignments will be listed in your weekly schedules and on the assignment submission links. The grading criteria for each assignment will be included in both locations.

Health Change Plan

The Health Change Plan assignment is your major project for the term. Many of the past students in this class have made big, exciting health changes through this project, so get excited about something you've wanted to do! The Health Change Plan is broken into 5 parts:

- (1) You will complete a health assessment to determine areas where change is most needed and desired and you will select your goal(s)
- (2) You will provide a progress report on your changes including any difficulties or needs for assistance or other resources
- (3) You will continue to execute your plan and for this assignment, you will report on your progress at this midway point
- (4) You will provide a second progress report on your changes, again including any challenges (current or ones you've overcome) and needs for help or resources
- (5) You will give a final report on your success and brag about your hard work and accomplishments

Further assignment details can be found on Blackboard under Assignments.

Exams

Each exam is open-book and will consist of 50 multiple-choice questions. Exams may only be taken once each and they are timed.

- Exam 1—Chapters 1-7
- Exam 2—Chapters 8-14
- Exam 3—Chapters 15-20
