RELATIONSHIP TO PROFESSIONAL STANDARDS

There are a number of organizations that are oriented to specific international education audiences, such as the NAFSA: The Association of International Educators, the Association for the Advancement of International Education (AAIE), which serves international schools; the Institute of International Education (IIE), The Alliance for International Education (AIE) focused on developing partnerships between higher education institutions and international schools; the Comparative and International Education Society (CIES), purpose is to promote cross-cultural understanding and social development through international education research, policy and practices, and many others. This course addresses some of the goals and purposes of the above international education organizations and is intended for policymakers, practitioners and researchers who are interested in international education.

In addition, this course is aligned with the following vision statements: CEHD Core Values of research-based practice, social justice, reflection, innovation and collaboration; CEHD’s Center for International Education (CIE); and, the National Association for Multicultural Education (NAME) and the American Psychological Association (APA).

TEACHING/LEARNING METHOD

As a doctoral seminar, the course will be taught using social constructivist and project-based approaches. Relevant print and non-print publications, media and data sources will be reviewed. Discussions will be facilitated by both the professor and course participants. Participants will engage in the design and development of an educational plan that address a specific need or problem within a particular international educational system. All materials should be read prior to the class date in order to engage in a meaningful discussion.

Some of our classes may be conducted an online discussions using the Bb format. In the instance of an online class students will be notified in advance, the class week will be “Wednesday-Tuesday”. All students will be expected to login a minimum of 3 times during the week (logins on Tuesday will not count in facilitating a rich discussion). The first opportunity should be early in the week to review the assignment, finish readings and answer the discussion
questions. The second login should be to respond to a minimum of two other colleagues with thoughtful comments and in-depth questions (responses such as “I agree” do not count). The final login should be no later than Monday to synthesize your understandings, respond to any additional comments and to note what you learned from this week’s discussion. Limit discussion posts to no more than two-three brief paragraphs (be concise and direct while being courteous).

CELL PHONE/LAPTOP USE

All cell phones should be turned off during class and laptops open at the discretion of the instructor. During class discussions, presentations or other interactive experience laptops will be closed.

ATTENDANCE POLICY

PhD students are expected to attend all class periods of courses for which they registered. Class participation is a factor in grading; instructors may use absence or tardiness as de facto evidence of nonparticipation and as a result lower the grade as stated in the course syllabus (Mason Catalog). Excused absences are up to the discretion of the instructor and will be granted for emergencies, unexpected illness or other major unplanned life events. Non-excused absences are the decision of the student however they will result in lower grades. All assignments are due as assigned unless given specific permission of the instructor to change the due date. It is the responsibility of the student to make arrangements with colleagues to gather information about the missed class.

REQUIRED TEXT(S)

COURSE REQUIREMENTS

Active informed participation: This is defined as full attendance, active informed participation in class discussions and activities, demonstration of positive and collaborative disposition toward colleagues, and satisfactory completion of all project work on time. A major part of course
participation is reading, presentation and facilitation of assigned course material. All readings must be completed for the class date for which they are assigned.

EVALUATION

Since this is a doctoral level course, high quality work is expected of all participants. *Attendance at all classes for the entire class is a course expectation.* In order to qualify for a final grade of A+, a participant enrolled in EDUC 880 must (in addition to scoring the maximum possible points) participate in all class discussions, activities and projects. Only University absences identified in the Catalog 2015 will be considered ‘excused’. All papers will follow APA guidelines (most recent edition).

All course requirements will be assessed using a scoring rubrics and/or specific guidelines. All required assignments are due at the beginning of class on the day they are due. Coursework submitted late will automatically receive a one third reduction in total points earned (one full letter grade lower). The grades in this course will be distributed as follows:

- Participation/Personal Narrative/Interview 15% = 15 points
- Analytical Memo I 15% = 15 points
- Analytical Memo II 15% = 15 points
- Annotated Bibliography 25% = 25 points
- IEPP 30% = 30 points

**Incomplete Grades:**
Students who require an incomplete due to extenuating circumstances must be a student in good standing prior to the request, e.g. up-to date with all assignments, activities and readings. Incomplete (IN) can be awarded at the discretion of the instructor. In the case of an IN a contract will be established between the student and instructor with specific dates due for work to be completed. Failure to meet the deadlines will automatically result in a grade of “F”.

**ASSIGNMENTS**

**Personal Narrative Posting (included as part of your participation grade)**

The purpose of the personal narrative is to help you to center your own experiences within the realm of international education. Since our culture, beliefs and understandings affect our professional selves, engaging in the self-examination of your international educational experiences in view of culture and beliefs will allow you to construct a narrative that defines that development and its influence on your professional life today.

Write up a 2-3 page personal narrative and post to the Discussion Board by Wednesday September 9th. Be sure to address the following areas:

- Specific examples or events, including but not limited to international experiences, influencing your professional belief system
- Connections that demonstrate directions or actions taken as a result of your education experiences
- Self-reflection on intercultural competencies and areas for continued development.
- Synthesis of cultural attributes and beliefs shaped by education experience that influences your professional life today
- Critical reflection that demonstrates creative understanding and transformative learning

During the upcoming week (10th-17th) select two personal narratives from your classmates, read and respond with questions that promote conversation (dialog) among the three of you. Be sure to address their answers and follow up with additional and mindful questions or reflections. Your participation in Db should begin no later than Friday in order to give ample time for discussion and response. One word responses or “I agree” are insufficient for credit in discussion, no response should be longer than 1-2 paragraphs. No credit will be given for participation that begins later than Monday. Be prepared in class on the 17th to discuss what you have learned about and from your colleagues.

**Guidelines for Preparing Analytical Memos**

The purpose of the memos is to provide you with the opportunity to apply your critical thinking and analytical skills. For each memo you must select one qualitative article and one quantitative article (a total of 4 articles for the 2 assignments) on the same topic. The memos should be 4-6 pages in length, references no more than 5 years old and come from refereed journals in international education. When submitting your memo to Bb, attach a copy of each article. The first analytical memo should focus on topics such as equity, democracy and/or social justice,
while the second memo should focus on topics related to **curriculum, instruction, assessment, research and/or evaluation in international education**.

Both memos must address the following questions:

1) Who is the audience addressed for each article?
2) What are the implicit and explicit assumptions of the author(s)?
3) What are the issues discussed in each article?
4) What are the implications of the issues discussed for international education policy and practice?
5) What are the limitations of each article?
6) What did you learn from reading each article?

In addition, all memos must include the following: **Participant’s Name, Course Title, Section and Number, University Name, Date and Memo No.** The title of your memo must be in the following format:

**Author(s) Last name, First name. (Year of Publication), Title of Article, Name of Journal, Volume, Number, Page Numbers.**

Please note that failure to adhere to the above requirements will result in loss of points. If you have never written a critical review please read carefully the reference at: olinuris.library.cornell.edu/ref/research/skill26.htm on Critically Analyzing Information Sources.

**Grading of Analytical Memos**

Analytical memos will be worth 15 points each. Each question will be worth two points except for 4 & 6 which will be 3 points apiece. The memos will be graded as follows: 0 = No response to the question, 1-2 = incomplete information, 2-3 = satisfactory, 3-4 = beyond expectation.

**Annotated Bibliography 25%**

An annotated bibliography is a list of citations to refereed articles and is followed by a brief (150 words) descriptive and evaluative paragraph, the annotation. The purpose of the annotation is to inform the reader of the relevance, accuracy and quality of the sources listed (Cornell University Library, 2013). The purpose of the annotated bibliography is to give you an opportunity to explore topical research in international education, provide a concise review, analysis and evaluation of the articles you have read. You must read and review **10 refereed** research articles, 5 qualitative and 5 quantitative, all in the same topical area. You may not duplicate use of articles for the memo and the annotated bibliography; however, you may use the annotated bibliography assignment as part of your final project paper. For each article read you must list the reference citation at the beginning (using APA format) and provide a succinct critical analysis of the article below. Additional information on writing Annotated Bibliographies is provided on the Bb site.

Grading of Annotated Bibliography:
The annotated bibliography will be worth 25 points. Each bibliography will be graded on breadth, objective reasoning, coverage, writing style and evaluation (all worth 5 points each).

Breadth – to what extend did the bibliography represent the topic of study; did it include 5 quantitative and 5 qualitative articles; were all articles refereed?

Objective Reasoning – is the information shared empirical; was the type of research identified; was the analysis congruent with the article results/findings; were the findings valid and reliable; how common were the findings to other studies in the field?

Coverage – do the articles represent the thinking in the field? Were the sources relevant and current?

Writing Style – does the bibliography conform to APA standards in all dimensions? Does the annotation conform to word limits and express an evaluation of the article?

Evaluation – is the author able to evaluate/judge the validity and/or trustworthiness of the reviewed article?

The Annotated Bibliography will be posted to Bb.

**International Education Project Plan (IEPP) and Presentation 30%**

The purpose of the IEPP is to give each participant an opportunity to conduct an in depth examination of specific issues or topics related to international education (e.g., regional studies, social justice, peaceful change, demographics, international curriculum, teacher/administrator professional education, non-formal education, development, international programs).

Students may also propose a major project of their own choosing. This may include grant writing/submission; journal article (written/submitted), an action research plan for initiation of an international project. Each paper will be approximately 20-25 pages in length including references.

All project topics must be approved in advance by the instructor. Each student will become an “expert” in a particular dimension of international education. In addition, each student will provide an outline of their presentation, a brief report of the current research in the field, and a list of references/ resources to share as part of their final presentation. The final project paper and presentation will be posted to Bb.
