EDCD 755.005: Practicum in School Counseling
Fall 2015
Wednesday, 4:30 pm – 7:10 pm
Innovation Hall 328

Instructor: Dr. Silvia Restivo
Email: restivo@gmu.edu
Office Hours: By appointment

COURSE DESCRIPTION:

Course Prerequisite: Completion of CNDV program course work except for EDCE 610 or 611 or electives (total credits cannot exceed 3 credits); permission of advisor; overall GPA of 3.00; no grade lower than B in skills courses EDCE 603, 606, 608, and 609; no more than two grades of C in any other graduate course work required by CNDV program; permission of advisor.

Course Description: Provides supervised practice for a minimum of 200 hours in a school counseling setting similar to the setting in which the student may work.

Course Delivery: Seminar-style class discussions, group supervision, & triadic supervision. Class discussions will include brief didactic presentations on relevant and emerging topics for the practicum students, and will include time for group discussion. Group supervision will focus on providing students an opportunity to present, discuss, conceptualize, and receive feedback on current students the practicum students are working with and other professional issues practicum students are experiencing at their practicum setting. Students will have opportunities to discuss specific site-related issues and to strategize about techniques and interventions. Triadic supervision will occur between instructor/supervisor and two students, with supervisees taking turns sharing a taped counseling interaction with a student/client. Because of the serious nature of this work, it is essential that students discuss their reactions and feelings. Such discussions, however, cannot take place outside the context of a supervised class or appropriate site circumstance. Students may not discuss cases in other classes, with friends or relatives, or in social situations. It is essential to maintain confidentiality. Violations of this principle in any form will be treated as a serious ethical/legal infraction. Please do discuss cases in class. That is the primary purpose for meeting. It is also imperative that students discuss cases with their on-site supervisor. If students have questions or concerns that need immediate attention, please contact your university instructor.

COURSE REQUIREMENTS

In order for students to successfully complete their practicum experience, each student must meet the following requirements:

1. Attendance and active participation at your practicum site.

- All C&D students must work at their practicum and internship sites for the full 15 weeks of the semester.
- Practicum students follow a regular schedule at their site, which is negotiated with the on-site supervisor.

2. Attendance and active participation in practicum class.

- Students are expected to arrive on time and stay for the entire class period.
- Students are expected to actively participate in class, including providing constructive feedback and suggestions for classmates.
- Missing two classes will result in failing this course.

3. Completion of all assignments of acceptable quality, turned in by date due.

4. Professional Counseling Liability Insurance. Practicum students must provide evidence of their professional counseling liability insurance policy. Professional counseling organizations provide such coverage, some with association membership, and offer student rates.

5. Practicum/Internship documents. Practicum students are responsible for downloading Practicum/Internship documents and providing copies to site supervisors. *We encourage you to ask your site supervisor whether they would like an electronic copy or a print copy, and make it your responsibility that they have a copy in their desired format.* The following documents are located on the Community Blackboard site: [<https://gmucommunity.blackboard.com>] Overview of Practicum/Internship; School

Counseling Practicum/Internship Contract; Log of Hours; Mid-semester Evaluation; Final Evaluation of Site Experience.

6. School Counseling Practicum/Internship Contract. Contracts will be downloaded, completed, and printed out from the C&D BlackBoard site, and must be signed by the Site Supervisor, University Supervisor and practicum student.

7. Practicum Goal Statement. Students should develop a Personal Goal Statement for their practicum experience. This Goal Statement should be developed in collaboration with the site supervisor and the university supervisor, and should describe specific goals particular to the student's needs, the needs of the site, and the experiences available.

8. Satisfactory mid-semester and final evaluations from Site Supervisor. These evaluations should be completed by the site supervisor, and practicum students should meet with their site supervisors to process these evaluations and receive verbal feedback on strengths and successes as well as areas for growth and goals for second half of the semester.

9. Evaluation of Clinical Field Experience will be completed by practicum student at the end of the semester.

10. Completion of on-site hours. A minimum of 200 hours must be spent at the school placement. Hours spent on off-site training experiences may be counted only if prior approval from instructor has been obtained. Hours spent in class or at home preparing GMU assignments may not be counted toward the 200 hours. The minimum number of hours spent on-site at one time is to be no less than a 3-hour block of time. *Practicum students are strongly encouraged to spend at least on full day per week at their site in order to get the true experience of being a professional school counselor.*

11. Log of Hours. Practicum students will complete the Log of Hours, found on the C&D Organization page on Blackboard. The Log of Hours records all practicum activities and hours is to be maintained, and is to be signed by both the student and the on-site supervisor at the completion of the practicum, and submitted on the last day of class. *The Log of Activities should be made available to the site supervisor during weekly supervision sessions with the site supervisor.*

12. Professional Growth Opportunity. Part of being a successful professional school counselor is being a life-long learner and taking advantage of professional growth opportunities to continually build your knowledge and skills. Towards this end, each student is expected to participate in one or more professional growth opportunities during the semester. You may count the actual hours of attendance at the PGO (seat hours) toward your 200 hours up to a maximum of five hours. Students will collect handouts for the groups, and will share your PGO experiences with the class.

13. School Crisis Management and Response Plan. Students will ask their site supervisor for access to the school /district crisis management and response plan, and will report back to the group regarding the school counselor's roles and responsibilities in the event of a)

school wide crisis, b) suicidal thoughts or intentions on the part of a student, c) threat assessment.

14. School and district policy regarding CPS Reporting. Students will discuss with their site supervisor the school and/or district policy regarding the school counselor's role in reporting suspected abuse or neglect to CPS. Students will discuss this policy in group supervision.

15. Participation in Child Study Team All students must attend one child study or RTI meeting in order to learn more about special education services available to students and the role of the professional school counselor. Collect any sample child study, special education, and 504 forms used at the school for your own files and to share with other students. Students will discuss their experience in group supervision.

16. Professional Portfolio. The Professional Portfolio is an accumulation of documents that provides the counselor with a visual representation of her/his experience and is structured by the ASCA National Model and the C & D mission statement. It is an evolving record that authenticates a person's growth, skill, and knowledge in a specific discipline. The contents of the portfolio should reflect one's professional philosophy and collegiate experience. Students will continue to maintain professional portfolios built during EDCD 626. Students will give their practicum instructor their portfolio address in order to receive feedback.

17. Recorded counseling sessions for review/feedback. Students will record *at least two* counseling sessions with students and play the recordings during triadic and/or group supervision in order to receive feedback and consultation from the instructor and peers. Practicum students are required to obtain written parent permission prior to taping sessions with a minor. The original of the parent permission form should be kept in the school with the site supervisor, but the student should keep a copy of the form for his or her records. Although the requirement is two tapes, students are encouraged to collect as many recordings as possible to facilitate the supervision process.

COURSE ASSIGNMENTS

1) Assignment Descriptions

a) **Successful Completion of all course requirements (listed above).** Students must successfully complete all course requirements as identified above in order to pass this course.

b) **Participation.** As a class that focuses on learning from practical experiences of the students, this class places a heavy emphasis on processing of information through class discussion, small group discussion, and participating in experiential activities. In addition, because the class will be so interactive and experiential, there is no way to "get the information" from a missed class—the class experience cannot be replicated. For these reasons, your class attendance and active participation is vital not only to your learning, but to your classmates learning as well. Several factors will go into your participation grade, including:

- i) **Attendance** (every student is expected to be at every class),
 - ii) **Punctuality** (every student is expected to be ready to go when class begins, and to stay for the duration of class time),
 - iii) **Active participation** in class exercises (key is *active*, contributing ideas, giving feedback, participating in group discussions)
 - iv) **substantive contributions** to class discussions (not quantity of contributions, but contributions that demonstrate thoughtful analysis of information; comments that move discussion forward; comments based on knowledge and experience, not just opinion; and a demonstrated ability to propose new ideas and/or build on others' ideas in a meaningful way)
- c) **Student-Client consultation presentations.** Students will present one student-client presentation during group supervision in order to receive feedback and consultation from the group. For the group supervision case presentation, practicum students should provide the class with a brief , 1-2 page handout that includes: a brief summary of the client's presenting problem; background, and/or identifying data; discussion of the counseling process, including number of sessions, the nature of those sessions, strategies used, goals, attention to diversity/multicultural issues, use of multicultural counseling strategies, counselor thoughts about 'what's going on;' plans for future sessions, and an evaluation of counseling skills and effectiveness. These forms will be given to the instructor after class so that they may be shredded.
- d) Results Reports.**
The result reports are the performance-- -based assessment for this course. Students will complete a Results Report for *at least* one school counseling core curriculum unit and one small counseling group. The Results Report, found in the ASCA National Model (3rd edition) will use data to provide feedback about the effectiveness of the programs and provide suggestions for improvement of the programs. **Results reports must be uploaded onto Blackboard by December 11.**
- e) Accountability Project.**
 Students will collaborate with their site supervisor and other school stakeholders to obtain access to meaningful school data (e.g., AYP or AMO gaps or goals; discipline data; enrollment of specific groups in high level courses, etc.). With the help of the site supervisor, students will review the data and reflect upon an area of need that a school counseling intervention could address. Based on this data analysis and consultation, students will create a simple document that:
- a. Outlines the identified concern found through data analysis (What is the issue?)
 - b. Presents a basic needs assessment to address the concern (Who/what is needed to help?)
 - c. Details a counseling program/intervention (e.g., training for parents/teachers; classroom lesson; group, etc.) that could address the concern (What we will do about it)
- This document should be presented to your site supervisor and other school stakeholders as well as to your Practicum class.

1. Assignment weighting The following weights will be given to the assignments noted above:

50%	Course Requirements
15%	Participation
10%	Student-Client Consultation Presentation
10%	Results Reports (One curriculum and one group)
15%	Accountability Project

2. Grading policy In accordance with C&D grading policy, the following grading scale will be used:

A =	97-100
A- =	94- 96
B+ =	91- 93
B =	87- 90
B- =	84- 86
C =	83- 80
F =	Below 79

TASKSTREAM REQUIREMENTS

Every student registered for any Counseling and Development course with a required performance-based assessment is required to submit this assessment to Blackboard (regardless of whether a course is an elective, a onetime course, or part of an undergraduate minor). Evaluation of the performance-based assessment by the course instructor will also be completed in Blackboard. Failure to submit the assessment to Blackboard will result in the course instructor reporting the course grade as Incomplete (IN). Unless the IN grade is changed upon completion of the required Blackboard submission, the IN will convert to an F nine weeks into the following semester.
