EDCD 604.001 Assessment and Appraisal in Counseling (3:3:0)

Spring 2016

Thursday, 7:20 PM – 10:00 PM

Thompson Hall Rm L019

PROFESSOR:

Name: Jennifer Maskell Carney, PhD, LPC

Office hours: Wednesdays and Thursdays by appointment

Office location: Krug Hall 201D

Office phone: (703) 993-4404

Email address: jcarney2@gmu.edu

COURSE DESCRIPTION:

A. Prerequisites/Corequisites

EDCD 601

B. University Catalog Course Description

Prepares students to become informed about psychological and educational tests and assessment procedures that are used and applied in a counseling context.

C. Expanded Course Description

The course will cover basic psychometric properties of tests, methods of gathering and interpreting data, the development and use of assessment tools, resources for learning about tests, and how to choose, administer, and interpret individual and group tests within a culturally appropriate framework.

NATURE OF COURSE DELIVERY

This course is designed to expose students to a wide range of assessment types and approaches. A variety of reading material and experiential activities will be provided during this course. Students should come to class prepared to actively participate in class discussion and activities. Class activities will include lecture, small group work, role play, computer lab work, library instruction, and videos. Each student will choose a specific assessment tool as a focus for exploration during the semester, and also complete a minimum of three additional assessments provided in class.

LEARNER OUTCOMES or OBJECTIVES:

This course is designed to enable students to:

- demonstrate an understanding of historical perspectives concerning the nature and meaning of assessment;
- demonstrate an understanding of basic concepts of standardized and non-standardized testing and other assessment techniques including norm-referenced and criterion-referenced assessment, environmental assessment, performance assessment, individual and group tests and inventory methods, behavioral observations, and computer-managed and computer-assisted methods;

- demonstrate an understanding of statistical concepts, including scales of measurement, measures of central tendency, indices of variability, shapes and types of distributions, and correlations;
- demonstrate an understanding of reliability (i.e., theory of measurement error, models of reliability, and the use of reliability information);
- demonstrate an understanding of validity (i.e., evidence of validity, types of validity, and the relationship between reliability and validity);
- demonstrate an understanding of age, gender, sexual orientation, ethnicity, language, disability, culture, spirituality, and other factors related to the assessment and evaluation of individuals, groups, and specific populations;
- demonstrate an understanding of strategies for selecting, administering, and interpreting assessment and evaluation instruments and techniques in counseling;
- demonstrate an understanding of general principles and methods of case conceptualization, assessment, and/or diagnoses of mental and emotional status; and ethical and legal considerations

PROFESSIONAL STANDARDS (CACREP):

This course is a prerequisite for the career counseling class in the C & D Master's Program. In addition, this course adheres to the CACREP (Council for Accreditation of Counseling and Related Educational Programs) standards regarding assessment as follows: CACREP-Section II.K.g: An understanding of individual and group approaches to assessment and evaluation.

REQUIRED TEXTS:

Drummond, R. J., Sheperis, C. J., & Jones, K. D. (2016). *Assessment procedures for counselors and helping professionals* (8th ed.). New York: Pearson Education, Inc.

16 PF Mail-in scoring Profile Report (Instructions to order will be provided in class)

Cattell, R. B.; Cattell, A. K.; Cattell, H.; (2002). *16 PF* (5th ed.). San Antonio: Pearson Clinical Assessment

5-Factor Wellness Inventory (Assessment will be provided in class)

Myers, J. E. and Sweeney, T. J. (2005). *Five Factor Wellness Inventory*. Menlo Park, CA: Mind Garden, Inc.

COURSE ASSIGNMENTS AND EXAMINATIONS:

All assignments should be submitted to Blackboard unless otherwise noted in class

Assignments

Observation Report (15 points): This assignment is designed to provide practice in conducting behavioral observations and writing observation reports. This method of assessment is most commonly used with children, so observing a child in a classroom setting or other setting (i.e., after-school program, extra-curricular activity, etc) is highly desired. If you do not have access to a child for the purpose of this assignment, please discuss alternative options with Dr. Carney. Use the guidelines posted on Blackboard in conducting the observation and preparing the report. The report is to be a **maximum of three pages** in length.

Informal Assessment (15 points): Students will complete a card sort self-assessment. Instructions will be posted on Blackboard and discussed in class. The assignment will be graded on thought, effort, and depth of analysis. It is anticipated that the report will be a summary and should be a **maximum of three pages** in length.

Self-analysis and Report Writing (30 points): Students will complete a personality assessment (16PF) and a wellness assessment (WEL-5) as a part of the course requirements. Students will be expected to integrate the results of the assessments and develop a comprehensive assessment report. The report should be between 5-6 pages in length, 12 pt. font, double-spaced, and adhere to the *Publication Manual of the APA, 6th Edition*. Further instructions will be given in class.

Group Presentation of Standardized Assessment (30 pts): Identify a population (i.e., child, adolescent, adult, or geriatric) and an area of assessment that is of interest to you (i.e., achievement, behavior, pathology, education, intelligence, personality, etc.). Using the *Mental Measurement Yearbook* (Carlson, J. F., Geisinger, K. F., & Jonson, J. L. (2014). *The Nineteenth Mental Measurements Yearbook* (19th ed.). Nebraska: University of Nebraska Press. and/or The Buros Center for Testing website (<http://www.unl.edu/buros/>), identify possible assessment instruments in that area. Groups will choose one standardized assessment instrument of interest to research, evaluate, and present. The presentation should include the title, author, publisher, and purpose of the instrument, as well as its strengths and limitations. You are to use the research from scholarly resources (including at least one peer-reviewed article), test manuals, *Mental Measurement Yearbook*, *Tests in Print*, AARC website (<http://aarc-counseling.org/test-reviews>) and other publications. Further instructions will be available on Blackboard.

Class participation (10 points): Class participation is both encouraged and expected. Class discussion and exercises will be held on a regular basis and engagement will significantly enhance your learning experience. Please alert the instructor if you will be missing class or significantly late. Only one unexcused absence is permitted, and excessive missed time may impact your grade. Unless there is an emergency, it is expected that all cell phones will be turned off during class time. Laptops should be used for note-taking or class-related purposes only. Please do not check email, Facebook, etc. during class out of courtesy for your instructor and fellow students. In general, my grading of class participation is determined as follows:

- 10:** Attends all classes, arrives on-time, and actively participates in most classes
- 9:** Attends all classes, arrives on-time, and moderately participates in most classes OR misses one class, arrives on-time, and actively participates in most classes
- 8:** Misses one class, arrives on-time, and moderately participates in most classes
- 7:** Misses one class and/or several times late to class and/or low participation in most classes
- 6-below:** Misses one class and/or chronic lateness and/or minimal participation in most classes

Grading Scale:

A	=	97-100
A-	=	93- 96
B+	=	89- 92
B	=	84- 88
C	=	78-83
F	=	77 and below

Attendance Policy:

EDCD 604 is a graded course. Included in the assignments is the requirement that the following must be met to receive a passing grade:

- Completion of all assignments of acceptable quality, turned in by date due.
- Attendance at all classes. More than one unexcused absence will result in course failure and lateness to class will affect your participation grade.
- Active classroom participation including discussion of reading materials, providing and accepting constructive feedback and suggestions for and from classmates and instructor is expected.

Grading also will be based primarily upon the significance, thoroughness, accuracy, relatedness, logic and degree to which points made are effectively supported. Papers receiving the highest numerical grade will be outstanding in each area. Grammar and style will be taken into account when they detract from the presentation or understanding of the professional arguments made. As noted above points/grade will be deducted from assignments that do not follow APA guidelines and/or exceed the page limit.

TK20 PERFORMANCE-BASED ASSESSMENT SUBMISSION REQUIREMENTS

Every student registered for any Counseling and Development course with a required performance-based assessment is required to submit that assessment to Tk20 through Blackboard (regardless of whether the student is taking the course as an elective, a onetime course or as part of an undergraduate minor). Evaluation of the performance-based assessment by the course instructor will also be completed in Tk20 through Blackboard. Failure to submit the assessment to Tk20 (through Blackboard) will result in the course instructor reporting the course grade as Incomplete (IN). Unless the IN grade is changed upon completion of the required Tk20 submission, the IN will convert to an F nine weeks into the following semester.

GMU POLICIES AND RESOURCES FOR STUDENTS

- a. Students must adhere to the guidelines of the George Mason University Honor Code [See <http://oai.gmu.edu/the-mason-honor-code/>].
- b. Students must follow the university policy for Responsible Use of Computing [See <http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/>].
- c. Students are responsible for the content of university communications sent to their George Mason University email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students solely through their Mason email account.
- d. The George Mason University Counseling and Psychological Services (CAPS) staff consists of professional counseling and clinical psychologists, social workers, and counselors who offer a wide range of services (e.g., individual and group counseling, workshops and outreach programs) to enhance students' personal experience and academic performance [See <http://caps.gmu.edu/>].
- e. Students with disabilities who seek accommodations in a course must be registered with the George Mason University Office of Disability Services (ODS) and inform their instructor, in writing, at the beginning of the semester [See <http://ods.gmu.edu/>].
- f. Students must follow the university policy stating that all sound emitting devices shall be turned off during class unless otherwise authorized by the instructor.
- g. The George Mason University Writing Center staff provides a variety of resources and services (e.g., tutoring, workshops, writing guides, handbooks) intended to support students as they work to construct and share knowledge through writing [See <http://writingcenter.gmu.edu/>].

Professional Dispositions

Students are expected to exhibit professional behaviors and dispositions at all times.

Core Values Commitment

The College of Education & Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles [<http://cehd.gmu.edu/values/>].

For additional information on the College of Education and Human Development, Graduate School of Education, please visit our website [See <http://gse.gmu.edu/>]
