**Course Policies & Expectations**

*Attendance.*

Attendance and Participation (10 points): Class attendance is required. In order to learn and develop expressive and receptive skills in ASL, students must be present during instruction and participate in the discussions and small group work that occurs during the class period. Additionally, each class builds upon the foundational knowledge of the previous class. If you do have an emergency and will be absent, please inform the instructor in advance via email in order to be excused from class. Each student is allowed 1 excused absence. Beyond that, 1 point will be deducted per absence.

*Late Work.*

No late work will be excepted unless arrangements have been made with the instructor prior to the due date.

*No Voice Policy.*

Our class has a NO VOICE policy. This class is a signing environment at all times for two reasons: (1) It is not considered inclusive to talk in front of a Deaf person and not make the information accessible. It is imperative that you develop the habit of signing when Deaf people
are present. (2) This is an immersion class. Using ASL helps you develop your comprehension skills and your expressive skills quickly and effectively. Talking disrupts this process. If a fellow student asks you for your help, feel free to help by using signs you have learned or by writing back and forth. The first class will be presented in voice but subsequent classes will be voice-off with no whispering (some exceptions will apply).

_No Electronic Device Policy._

Our class has a policy that prohibits the use of electronic devices. All devices, including cell phones, pagers, tablet PCs, mobile presenters, wireless tablets, digital recorders, beepers, palms, iPods, MP3 players, texting calculators, camera phones, digital cameras, laptops, and/or electronic translators are not to be used during class unless the professor authorizes their usage for a class-related purpose.

**Tk20 Performance-Based Assessment Submission Requirement**

Every student registered for any Special Education course with a required performance-based assessment is required to submit the _Sign Presentation Video_ to Tk20 through Blackboard (regardless of whether the student is taking the course as an elective, a onetime course or as part of an undergraduate minor). Evaluation of the performance-based assessment by the course instructor will also be completed in Tk20 through Blackboard. Failure to submit the assessment to Tk20 (through Blackboard) will result in the course instructor reporting the course grade as Incomplete (IN). Unless the IN grade is changed upon completion of the required Tk20 submission, the IN will convert to an F nine weeks into the following semester.
