University Catalog Course Description

Analyzes meetings, incentives, conventions, and exhibitions with respect to business environment and structure, industry suppliers, site and facility selection, human resource management, legal and financial issues, marketing and promotion, and event organization.

Course Overview

- 1. Cell/smart phones and laptops policy:** Cell phones must be turned off or silenced during class. Laptops, tablets and iPads are permitted but for the sole use of taking notes for the class. If a student is found playing games or on other sites not related to the course, that student will not longer be permitted to utilize electronic note taking for the course.
- 2. Attendance** – Each absence that is not excused by a professor in advance will reduce 10 points from your attendance score of 50. If a student misses more than 5 classes (50 points deduction), additional 10 points per each additional absence will be deducted from the final score of course without limit. The definition of “full attendance” is attending an entire class (7:20pm-10:00pm). A full credit of attendance will only be given to those students who attend the full class. Attendance check will be done at the beginning of classes and after a class break if necessary (if there is any change in the number of students attending second part of class after a break).-

Excuses to miss class will be considered only when family or health emergency occurs and only that is documented. Leaving class early due to a special occasion should be notified to your instructor

prior to the beginning of classes. Attendance credit will be given based on the length of hours stayed in a class. Leaving class to study for another class is not an excused absence. Be sure to let your instructor know, during a break, if you came in late so that you will not be counted as absent.

Specific rule on group project

There are multiple occasions that the class is given a group project time during the class hours- this is counted as a class and all students should remain in the classroom and attend. If failed to do so it will result in deduction of attendance credit.

Course Delivery Method

This course will be delivered using a Lecture/Group Activity format. Our class will be part of a program that uses Blackboard LMS, called Bb Learn 9.1 (Bb 9.1) where you will be able to obtain course postings. Please check Bb before each class.
