# George Mason University College of Education and Human Development

Athletic Training Education Program

ATEP 356 (002) – Practicum III: Therapeutic Modalities 3 Credits, Fall 2016 MW/10:30 – 11:45 AM Bull Run Hall 257, Science & Technology

**Faculty** 

Name: Candace S. Parham, MS, LAT, ATC

Office hours: Wednesdays/1:00 – 2:00 PM and by appointment Office location: Bull Run Hall 208C, Science & Technology Campus

Office phone: 703-993-4389 Email address: cparham@gmu.edu

#### **Prerequisites/Corequisites**

**Pre-requisites:** Formal acceptance to the professional phase of the ATEP; ATEP 150, 180, 250, 255, 256, 260, 265, 266, 270; BIOL 124, 125; HEAL 110, 230; PHED 300; current

Emergency Cardiac Care (ECC) certification.

Corequisite: Concurrently enrolled in ATEP 350 and 355.

#### **University Catalog Course Description**

A clinical practicum field experience under the direct supervision of a preceptor with emphasis on therapeutic modalities.

#### **Course Overview**

This is the third of five clinical practicum experiences that provide students with adequate opportunities to practice and integrate cognitive learning with the associated psychomotor skills required for the profession of athletic training. This course embraces the 'Learning Over Time' concept by requiring students to master a logical progression of clinical proficiency and professional behavior assessments throughout the clinical experience. Students are required to integrate individual component skills (i.e., cognitive and psychomotor skill competencies) into global clinical proficiencies during the clinical experience. Specific cognitive and psychomotor skill components as defined by the NATA Educational Competencies are formally taught, practiced, and assessed in the concurrent classroom and controlled laboratory (clinical course) settings. These clinical proficiency assessments, evaluated by Preceptors, require students to reason methodically and determine which skills (cognitive learning) are appropriate in a given clinical practice situation and correctly perform these skills (psychomotor) in a manner befitting an entry-level athletic trainer (professional behavior). These proficiencies are associated with students in Level II of the ATEP and are a part of the associated Clinical Education Manual. Global clinical proficiencies are composed of two hierarchical categories: Clinical Proficiencies to be Challenged (assessing knowledge, skills, and professional

behaviors learned in the current semester), and Clinical Proficiencies to be Mastered (assessing knowledge, skills, and professional behaviors learned in the prior semester). All clinical proficiencies are graded on a 20 point scale. Students must achieve a passing score of 17 or greater to demonstrate mastery of the clinical proficiency. Students not achieving a passing score must re-take the proficiency until they satisfactorily demonstrate mastery. Students are required to complete 'Mastery Proficiencies' by mid-semester in the clinical experience and submit the results to ATEP faculty for verification. As 'Challenge Proficiencies' assess cognitive and psychomotor skills that the students are learning in the current semester, students need only attempt (not necessarily pass) these proficiencies. Challenge Proficiencies are completed in the second half of the clinical experience. These 'Challenge Proficiencies' then become 'Mastery Proficiencies' for the following clinical experience where the student must now show mastery of the content via a passing score, thus demonstrating their ability to learn and improve over time. During each clinical experience students receive constructive feedback from their Preceptors to allow them to improve and continue to 'Learn Over Time'. This clinical experience allows students opportunities to practice and integrate the cognitive learning, with the associated psychomotor skill requirements associated with therapeutic modalities. In addition, students develop entry-level professional behaviors as Athletic Trainers defined by the NATA Educational Competencies.

## **Course Delivery Method**

This course will be delivered using a seminar and internship format.

# **Learner Outcomes or Objectives**

This course is designed to enable students to do the following:

- 1. Apply theories, concepts, and philosophies learned through previous didactic and clinical experiences;
- 2. Employ record-keeping practices in athletic training;
- 3. Recognize indications and contraindications for therapeutic modalities;
- 4. Select appropriate therapeutic modalities for specific injuries;
- 5. Select and justify treatment parameters using therapeutic modalities; and
- 6. Employ foundational behaviors of professional practice in athletic training.

#### **Professional Standards**

The course meets Commission on Accreditation of Athletic Training Education (CAATE) competencies and proficiencies in one or more of the following content areas: evidence-based practice, prevention and health promotion, clinical examination and diagnosis, acute care of injury and illness, therapeutic interventions, psychosocial strategies and referral, healthcare administration, professional development and responsibility.

#### **Required Texts**

- 1. ATEP 355 & 356 Manual: Therapeutic Modalities
- 2. ATEP Student Handbook

### **Course Performance Evaluation**

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, Tk20, hard copy).

## • Assignments and Examinations

The course instructor, in consultation with the Preceptor, assigns the final grade based on several specific requirements for evaluation. Specifically, the Preceptor will supply scoring and relative open-ended feedback on the Mid Semester Clinical Performance Evaluation, Final Clinical Performance Evaluation, and Clinical Proficiency Evaluations.

# Expectations Document

This form is a guide to explain and clarify the Preceptor expectations of the student. Both student and Preceptor will read and sign this document together at the initial meeting to help ensure that all parties understand their respective responsibilities and duties. *This completed form is due on September 21, 2016 at the beginning of class.* 

### Throughlines

The student is required to complete two Throughline reflective writings which are *due on September 9, 2016 and on November 9, 2016 at the beginning of class*.

### • Cultural Competence Interview

Throughout the semester the Foundational Behaviors of Professional Practice of Athletic Trainers will be discussed and presented. This assignment will provide you with an opportunity to interview your Preceptor about specific cultural competence topics and allow you to reflect on your ideals and beliefs. Five questions will be provided and the student is responsible for developing 10 additional open-ended questions; after the interview the Preceptor will sign and date the question sheet. The student will then provide a typed, double-spaced summary of the interview with their reflections on the Preceptor answers. *All parts of this assignment are due at the beginning of class October 5, 2016.* 

#### Pre-Clinical Experience Survey

This survey will be conducted via Qualtrics in order to collect pertinent information that will aid in making suitable clinical assignments. A link will be provided to the survey on Blackboard. *The survey must be completed by October 5, 2016.* 

### • Clinical Proficiency Evaluations

The student must complete all clinical proficiency evaluations associated with the previous and current courses. These evaluations will be assessed by each student's Preceptor. Failure to successfully complete ALL Mastery Proficiencies (by October 24, 2016) and attempt ALL Challenge Proficiencies (by December 14, 2016) will result in failure of the course.

#### Mid Semester Clinical Performance Evaluation

The Preceptor will complete the evaluation and assign a letter grade based on the student's clinical performance. Preceptors are encouraged to discuss the results of the evaluation with the student. *Evaluations are due at the beginning of class on October 24, 2016.* 

### • Evaluation of Preceptor/Clinical Site Survey

This survey will be conducted via Qualtrics in order to collect feedback about the Preceptor and clinical site. A link to the survey will be provided on Blackboard. *The survey must be completed by November 16, 2016.* 

#### • Case Study Presentation

The student will lead a round table discussion that begins with a presentation of a modalities-based case from their clinical setting. *Presentations will take place November 30, December 5, and December 7, 2016. All presentations are due via Blackboard at the beginning of class on November 30, 2016.* 

#### • Final Clinical Performance Evaluation

The Preceptor will complete the evaluation and assign a letter grade based on the student's clinical performance. Preceptors are encouraged to discuss the results of the evaluation with the student. *Evaluations are due December 14, 2016.* 

### • Final Comprehensive Examination

There will be a practical final examination administered at the time deemed by the official university schedule. *The examination will be on December 14, 2014 from 10:30 AM-1:15 PM*.

# **Course Performance Evaluation Weighting**

ASSESSMENT METHOD	NUMBER	POINTS EACH	POINTS TOTAL
Case Study Presentation	1	25	25
Clinical Proficiency Evaluations	13	Pass/Fail	Pass/Fail
Cultural Competence Interview	1	50	50
Evaluation of Preceptor/Clinical Site Survey	1	10	25
Expectations Document	1	25	25
Final Clinical Performance Evaluation	1	75	75
Final Comprehensive Examination	1	125	125
Mid Semester Clinical Performance Evaluation	1	75	75
Pre-Clinical Experience Survey	1	10	10
Throughlines	2	45	90
TOTAL		_	500

#### • Grading Policies

The student's final letter grade will be earned based on the following scale:

A: 465 – 500 pts. (93%)

A: 450 – 464.9 pts. (90%)

B: 435 – 449.9 pts. (87%)

B: 415 – 434.9 pts. (83%)

C: 365 – 384.9 pts. (73%)

C: 350 – 364.9 pts. (70%)

B: 315 – 349.9 pts. (63%)

B: 400 – 414.9 pts. (80%)

F: < 315 pts.

#### **Professional Dispositions**

Students are expected to exhibit professional behaviors and dispositions at all times. It is critical that each student conduct himself/herself in an appropriate manner and decorum fitting of a health care provider. Making light of injuries, conditions, or illnesses or any action that is not respectful to the class, instructor, or patient study will not be tolerated. Submission of documents or assignments should not include personal information and should comply

with Health Insurance Portability & Accountability Act (HIPAA) regulations.

# **Core Values Commitment**

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: <a href="http://cehd.gmu.edu/values/">http://cehd.gmu.edu/values/</a>.

#### **GMU Policies and Resources for Students**

**Policies** 

- Students must adhere to the guidelines of the Mason Honor Code (see http://oai.gmu.edu/the-mason-honor-code/).
- Students must follow the university policy for Responsible Use of Computing (see http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/).
- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students solely through their Mason email account.
- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see <a href="http://ods.gmu.edu/">http://ods.gmu.edu/</a>).
- Students must follow the university policy stating that all sound emitting devices shall be silenced during class unless otherwise authorized by the instructor.

#### Campus Resources

- Support for submission of assignments to Tk20 should be directed to <a href="tk20help@gmu.edu">tk20help@gmu.edu</a> or <a href="https://cehd.gmu.edu/api/tk20">https://cehd.gmu.edu/api/tk20</a>. Questions or concerns regarding use of Blackboard should be directed to <a href="http://coursessupport.gmu.edu/">http://coursessupport.gmu.edu/</a>.
- The George Mason University Writing Center staff provides a variety of resources and services (e.g., tutoring, workshops, writing guides, handbooks) intended to support students as they work to construct and share knowledge through writing (see <a href="http://writingcenter.gmu.edu/">http://writingcenter.gmu.edu/</a>).
- The George Mason University Counseling and Psychological Services (CAPS) staff consists of professional counseling and clinical psychologists, social workers, and counselors who offer a wide range of services (e.g., individual and group counseling, workshops and outreach programs) to enhance students' personal experience and academic performance (see http://caps.gmu.edu/).
- The George Mason University Office of Student Support staff helps students negotiate life situations by connecting them with appropriate campus and off-campus resources. Students in need of these services may contact the office by phone (703-993-5376). Concerned students, faculty and staff may also make a referral to express concern for the safety or well-being of a Mason student or the community by going to <a href="http://studentsupport.gmu.edu/">http://studentsupport.gmu.edu/</a>, and the OSS staff will follow up with the student.

For additional information on the College of Education and Human Development, please visit our website <a href="https://cehd.gmu.edu/">https://cehd.gmu.edu/</a>.

FINAL	We/12/14	Comprehensive Final Exam, End-of-Semester Clinical Evaluation	
		10:30 AM to 1:15 PM	and All Proficiencies due

Note: Faculty reserves the right to alter the schedule as necessary, with notification to students.

# **Extra Credit Opportunities**

#### Galileo's Science Café

Dr. Shane Caswell will be delivering a presentation on "Everything You Need to Know About Concussions and Repetitive Head Traumas in Sports" at the Hylton Performing Arts Center. The event will be on September 8, 2016 from 7:00 to 8:30 PM. Students must check in with Dr. Amanda Caswell by 6:45 PM and check out upon departure for a maximum of 5 pts if present for the entire event.

#### Skill of the Day

Skills of the Day will be assigned at random. Bonus points will be added to the final exam grade at the instructor's discretion for students who complete ALL skills of the day. No points will be deducted for incorrect or incomplete Skills of the Day.

#### **Attendance**

Each student must meet with his/her Preceptor during the first week of the semester to develop a weekly schedule. Students must accrue a *minimum of 200 hours* during the entire semester (approximately 10-20 hours per week). Students are expected to be on time, attend all class meetings and clinical experiences as mutually agreed upon with the Coordinator of Clinical Education, course instructor, and the Preceptor; and submit all assignments in a timely fashion. **Late work will not be accepted under any circumstances.** Excused absences include the following: illness (must bring a receipt or note from a doctor), family death, athletic/academic event, and others at the discretion of the Preceptor and course instructor. For known upcoming absences, students must contact the Preceptor and the course instructor at least one week in advance of the missed class or clinical experience. In the case of illness or some other unforeseen absence, the student must contact the Preceptor and the course instructor via e-mail or telephone.

# **Academic Responsibility**

Although many students must work to meet living expenses, *employment must not take priority over academic responsibilities*. Students employed more than 20 hours a week are strongly urged not to attempt a full-time academic load. Students employed more than 40 hours a week should attempt no more than 6 credits per semester. Students who fail to observe these guidelines may expect no special consideration for academic problems arising from the pressures of employment. Please see the GMU Academic Catalog (<a href="http://catalog.gmu.edu/content.php?catoid=5&navoid=104#Registration attendance">http://catalog.gmu.edu/content.php?catoid=5&navoid=104#Registration attendance</a>) for further information

#### **Scheduling Requirements**

An integral part of students' practicum is time spent under the supervision of the Preceptor.

<sup>\*</sup>Bi-monthly schedule/hours log due.

<sup>†</sup> Preceptor evaluations and proficiencies due

Students should be aware that times are scheduled in conjunction with Preceptor availability. Practicum times may include early mornings, afternoons, evenings, and weekends. Students may also be required to travel to additional sites to meet their Preceptor to engage in clinical education. Unlike other majors, athletic training practicum courses require additional time outside of the traditional classroom. Participation at the clinical site does not excuse you from class and/or related assignments at George Mason University. Students are required to submit bi-monthly schedules (via Blackboard) and show proof of hours completed. Repeated failure to submit schedules and show proof of hours may result in reduction of the final grade.

# **Professional Scholarship**

Students are strongly encouraged to submit an abstract for presentation at one of the professional athletic training conferences at the state (VATA), regional (MAATA), or national (NATA) level. A future assignment in ATEP 456 will require students to show proof of a scholarly submission approved by an ATEP faculty member. Students cannot pass ATEP 456 without completing the assignment. A submission during ATEP 256 will satisfy the course requirement for ATEP 456.

# **Technology Usage**

Students who are observed using any form of technology inappropriately (e.g., sending text messages from cell phones, visiting social networking sites from laptops) will be dismissed from class for the day and not permitted to make up missed assignments.

#### **Additional Policies**

For additional guidelines relating to your athletic training education, please see the program handbook at the following website: <a href="https://rht.gmu.edu/athletic-training/current-students">https://rht.gmu.edu/athletic-training/current-students</a>.

# Student Acknowledgement of Syllabus

I,	, by affixing my signature below, attest to the following:
*I have read the course syllabus therein.	for ATEP 256 in its entirety, and I understand the policies contained
