COURSE PERFORMANCE EVALUATION:
• Attendance and participation
Students are expected to attend all class sessions, arrive on time (allowing for traffic and parking), actively participate in class discussions, and complete all readings, homework and assignments.
Class participation is a factor in grading therefore absences, tardiness, and/or early departures are de facto evidence of non-participation. Class Participation grades are taken daily and any unexcused absence will result in a “0” grade for that day.
There is no make-up work or extra credit. Only those excused absences supported by documentation will be addressed at the instructor’s discretion on an individual basis (e.g. physician’s note for an illness). Exams must be taken on assigned days unless an alternate date is agreed upon in advance or you must provide written documentation, as described above.

• Assignments
Full assignment instructions are provided on Blackboard.
All assignments (including homework) are due at 7:20 PM on the date listed unless otherwise specified in Blackboard. Assignments should be turned in via Blackboard (preferred), email or in class (hard copy) or reduced/no credit will be given. Only students with emergencies, a documented medical excuse or university-sponsored functions (discussed with the instructor prior to the due date) will be given consideration for exception.
Written work is to be typed and checked for grammar and spelling. Follow style guidelines. Grammatical and style errors will result in grade deduction.
You should retain copies of all written work submitted for the duration of the course (until final grades are submitted).

• Exams
Any student who has a documented need for additional time on exams should contact me during the first week of the course and again at least 24 hours prior to each exam.

• Evaluation Requirement: TK20 PERFORMANCE-BASED ASSESSMENT SUBMISSION
Every student registered for any course with a required performance-based assessment is required to submit this assessment to Tk20 through Blackboard (regardless of whether the student is taking the course as an elective, a one-time course or as part of a undergraduate minor). Evaluation of the performance-based assessment by the course instructor will also be completed in Tk20 through Blackboard. Failure to submit the assessment to Tk20 (through Blackboard) will result in the course instructor reporting the course grade as Incomplete (IN).
Unless the IN grade is changed upon completion of the required Tk20 submission, the IN will convert to an F nine weeks into the following semester.

- **Course Performance Evaluation Weighting:**
  
  This course will be graded on a point system, with a total of 100 possible points.

SEMESTER RESEARCH PROJECT
Create and Profile a Fictional SRT Organization

Summary and General Instructions
Objective: To conduct research and apply concepts learned in the course to create and profile a fictional Sport, Recreation or Tourism/Hospitality/Event Management business organization.

Basic Requirements:
• The organization profiled must have been in operation for at least 5 years (founded in 2011 or earlier). In other words, it is not a “start up” business.
• The organization should have at least 10 full-time paid employees (or equivalent).
• The business may be in any sector – commercial/private, non-profit/private, or government/public.
• To receive full credit for the assignments, you must demonstrate evidence of research in each assignment. You will accomplish this by:
  o Finding at least 2 similar organizations to be your “models”; you must have access to business information about these organizations. Note that the organizations do not need to be identical to the business that you are creating. Ideally they will either be in the same sector and/or same general line of business as yours (e.g. hospitality, provision of recreation/sports services, marketing, professional sports team)
  o Establishing contact with at least one professional “consultant” who has experience working in an organization that is similar to the one that you are creating. Students are required to conduct an interview with the consultant, demonstrating evidence of the knowledge gained in one or more of Assignments #2, #3 and/or #4.
  ▪ I strongly suggest that you establish the initial contact early in the semester to gather resource information (strategic and/or business plan, sample organization chart, job descriptions, interview questions, budget data and similar)
  o Use other supporting data to justify your work.
• Describe the organization as if it really exists! Use present tense in your narrative, except when discussing history or future plans.
• Narrative should be “business professional”. Avoid jargon and redundancy. Note also that you are not “selling” the organization; I suggest using third person tense (vs. the first person “I”, “we” or “us”) when discussing the organization.
• With the possible exception of Assignment #1, do not repeat assignment instructions verbatim in the body of the paper. You may use headings to separate the sections if desired.
• Generally speaking, do not copy information! If deemed necessary to do so, properly cite in footnote(s) and bibliography.

Additional considerations:
• You may create an organization that is in the public (government) sector; however, it will need to be a division of a larger entity, such as a municipality or state. For example, you could choose to create a “Recreation Center”, “Senior Recreation Programs Division” or “Visitor’s Bureau” for
a city or county.

- It is acceptable to have your organization be a smaller subsidiary or independent division of a large corporation, such as a franchise operation of a hotel chain, or a regional division of a sports marketing firm.

Recommendations:

- Ensure that you understand the scope of research required for the semester project by becoming familiar with all individual assignment requirements at the start of the semester.
- APA (http://www.apastyle.org/ and http://www.apastyle.org/learn/tutorials/basics-tutorial.aspx) or Chicago style (http://www.chicagomanualofstyle.org/tools_citationguide.html) is recommended for use in these assignments.

The following assignment instructions are as presented as a general guideline only. Please refer to information posted in the Assignments section in Blackboard.

Assignment #1 – Organization Overview
Grade/no grade; failure to submit this assignment by the due date will result in an automatic 4-point deduction on Assignment #2
Due Tuesday September 13

Provide an overview of the organization. Include:

- The name of the organization.
- The purpose of the organization – why it exists; what need(s) it meets.
- Who the organization serves; describe the client/customer base.
- Which sector (public, not-for-profit, commercial) the organization falls under; explain why your organization is in this sector.
- Describe the organizations that you are using as models. Provide bibliographic references for these organizations.
- Explain why you chose to create this organization.

General guidelines

- You may use an outline/bullet-point format for this assignment if preferred.
- This submission should be 1-2 pages in length.

References/Bibliography

For this project you will need to demonstrate that you are using at least 2 model business organizations. Provide reference information from your model organizations in this submission.

Evaluation of this assignment – The instructor and discussion group will provide feedback, which you should use when resubmitting the content required in Assignment #2.
ASSIGNMENT #2 – The Organization
10 points (includes Assignment #1)
Due Tuesday October 4

Provide a written overview of the organization you have created, including several of the points contained in Assignment #1. You are encouraged to make changes from your Assignment #1 submission based on instructor and peer feedback.

General Information – 2 points
• The name of the organization
• Mission Statement – purpose of the organization
• Explain which sector (public, not-for-profit, commercial) the organization falls under and why it is in that sector.

History and Service – 3 points
• Create a history of the organization; how and why was this organization established.
• Explain where the organization is located, including physical administrative and program space, and how services are delivered to customers.
• Describe the services that your organization provides and the target markets. In other words, who are the services designed to serve and/or what customers/clients/constituents are most likely to use the services?
• Describe the organizations’ stakeholders (not customers or employees).
• Discuss competitive forces that effect the business. Who are the rivals (direct competitors)? What other services could be substitutes for the organization’s offerings?

Organization Plan – 3 points
• Present 2 SMART business (vs. program) goals that the organization is attempting to accomplish within the next year.
• For each goal, list 2-3 organizational plans (actions) the organization will execute to achieve those goals.
• Describe your 5-year vision for the organization. Describe two challenges that you believe that your organization will be facing in the future. Explain why you believe these challenges will exist and what steps you think your organization should take now to prepare for them.

References/Bibliography – 2 points
Demonstrate research and use of course and outside resources. Provide footnotes and bibliography, including reference information from your model organizations; in other words, document where you obtained information to support your writing.
Reminder: Students are required to conduct an interview with a professional consultant and show evidence of knowledge gained in one or more of Assignments #2, #3 and/or #4 (see Summary and General Instructions for details).

General guidelines
• This paper should be 2-4 pages in length.
• Review Summary and General Instructions for additional details.
ASSIGNMENT #3 – Staffing the Organization
10 points
Due Tuesday November 1

Organizational Chart – 3 points
• Develop an organizational chart for your business. The chart should easily fit on one 8 x 11" page. Depending on the size of your organization, boxes may represent "work" at the individual job level or as a grouping of jobs. If your organization is very large, you may choose to represent a division or department of the organization; please specify if this is the case and provide a brief overview of where this division/department fits into the overall organizational structure.
• Organizational Chart Narrative:
  o Explain which of the four structures discussed in class (Functional, Divisional, Matrix, Network, or a combination of these) best represents your organization's structure. Explain why that is the most efficient and effective way for your organization to get work done. Consider: Is your organization dynamic or stable? How much diversification is there in company businesses, products, customers and/or locations? Who should make strategic decisions? How much does the organization rely on lower level employees to be creative and autonomous in decision-making?
  o Provide any additional background information necessary to explain how your business is organized for action. Ensure that all critical business functions (administration, finance, HR, sales, marketing, and similar), as well as service and production, are clearly represented in the organizational chart OR described in the narrative

The Job Description – 3 points
Select one position from your organizational chart and create a job description for that position. Pick a position that supervises a minimum of 3 people and reports to a supervisor. Include all of the recommended content of a job description discussed in class. You should use job descriptions from existing organizations for ideas about format and content. Evaluation is based on both comprehensiveness of content and how strongly you demonstrate that the job description matches your organization’s needs.

The Interview – 2 points
Design interview questions that will help determine each candidate’s suitability for the position. The interview questions should relate directly to the needs of the organization and the requirements outlined in the job description (above). Include a minimum of 10 questions to be asked of applicants in a structured interview.

References/Bibliography – 2 points
Demonstrate research and use of course and outside resources. Provide footnotes and bibliography, including reference information from your model organizations and professional consultant; in other words, document where you obtained information to support your writing. Reminder: Students are required to conduct an interview with a professional consultant and show evidence of knowledge gained in one or more of Assignments #2, #3 and/or #4 (see summary instructions for details).

General guidelines
• This paper should be 3-6 pages in length.
• Review Summary and General Instructions for additional details.
ASSIGNMENT #4 – Finance and Controls
10 points
Due Tuesday November 15

Revenue/Expense Budget Information – 4 points

For your organization, list and explain:
   1) Sources of revenues than directly support and/or are generated from operations
   2) Operational expenses. Consider your organization’s mission and strategic goals, staffing plan (organizational chart), costs of producing products and services, physical space and infrastructure maintenance, as well as administrative requirements, such as taxes and insurance.

Consider whether revenue is set aside each year to:
   ▪ Pay long-term debt
   ▪ Save for future capital or developmental (such as research and design) expenses
   ▪ Distribute to owners (including stockholders) if your organization is in the commercial sector

Controls – 4 points

Select ONE of the SMART goals that your organization plans to achieve within the next year. (See Assignment #2).

For this goal, develop and explain 3 bureaucratic or market controls that you, as an executive manager in the organization, will put into place. Consider the following in your discussion:
   1. Explain how this control device uses bureaucratic or market mechanisms.
   2. Explain how each control is feedforward, concurrent, or feedback.
   3. Walk through the control process. Give samples of valid performance standards that accurately reflect what your organization is attempting to accomplish (i.e. “the goal”). Explain how your organization measures performance. How often does this take place? What is considered an unacceptable deviation requiring correction?
   4. Give suggestions for corrective action if the organization goals are not being met to an acceptable standard.

References/Bibliography – 2 points
Demonstrate research and use of course and outside resources. Provide footnotes and bibliography, including reference information from your model organizations and professional consultant; in other words, document where you obtained information to support your writing.
Reminder: This is the final opportunity to fulfill the interview requirement of this project. There will be a 2-point deduction on the Assignment #5 grade when this requirement hasn’t been met in one or more of Assignments #2, #3 and/or #4 (see summary instructions for details).

General guidelines
   • This paper should be 3-6 pages in length.
   • Review Summary and General Instructions for additional details.
