George Mason University  
College of Education and Human Development  
Teaching Culturally & Linguistically Diverse and Exceptional Learners

EDUC 511, 6F1 and 6F3 – Child and Adolescent Development in Global Contexts  
3 Credits, Summer 2017  
Monday-Friday (8 day session), June 28-July 6, 8:30-3:30, 1020 Thompson Hall

Faculty  
Name: Beverly D. Shaklee, Ed.D.  
Office Hours: By appointment  
Office Location: 2500 Thompson Hall, Fairfax Campus  
Office Phone: 703.993.2388  
Email Address: bshaklee@gmu.edu

Prerequisites/Co-requisites  
Students are highly encouraged to complete EDUC 511, EDUC 537 and EDRD 515 within their first two semesters of enrollment in their graduate program.

University Catalog Course Description  
Provides an introduction to teaching culturally & linguistically diverse and exceptional learners. Includes analysis of human growth and development, an overview of psychology, and introduction to using technology across the curriculum. Requires 20 hours of PK-12 classroom fieldwork (Fall 2017 for summer courses).

Course Overview  
This course is a seminar. This means that our work together will primarily be through dialogue with each other. Instead of utilizing lectures, each class will depend on the ideas that we collectively develop as we engage in ongoing discussion about international education and child development. Your own experiences as teachers, readers, writers, and learners, along with the course readings, will be an important part of our developing collective understandings.

It is vitally important for each student to complete readings on a daily basis. Plan to spend each evening of the 8 days reading and/or writing your assignments for class. Successful students in an accelerated learning environment are proactive, self-regulated, and manage their time well.

Course Delivery Method  
This course is an 8 day accelerated class which begins each day from 8:30-3:30, Monday through Friday. In addition, class will be held on Monday July 3rd. Because of the accelerated nature of the course no class absences are permitted.
Learner Outcomes
This course is designed to enable students to do the following:

1. Represent the typical developmental characteristics of children/students in PK-12 grade classrooms.
2. Explore the impact of cultural, linguistic and exceptional diversity on learning in PK-12 grade classrooms.
3. State the principals of learning theory and relate the principals to teaching strategies.
4. State the major components of IDEA, Part B, 504 and Part C.
5. Examine the service models for culturally, linguistically and exceptional learners in PK-12 international schools.
6. Understand the parameters of effective instruction - including behavioral learning theories, cognitive learning theory, information processing theory, as well as understanding motivation and humanistic approaches to education.
7. Become familiar with the following aspects of prevention of child abuse: definition, historical evolution, different forms, underlying factors, legal statutes, assessments, and interventions.
8. Plan and implement observations of child/adolescent development in PK-12 settings.
9. Identify research and web-based educational resources.

Professional Standards (ACEI / TESOL / INTASC / ISTE)
Upon completion of this course, students will have met the following professional standards:

ACEI Standards: Candidates for certification, licensure and/or degree in the program are expected to demonstrate their acquisition and ability to apply the following ACEI Standards at acceptable or target levels:

1.0 Development, Learning and Motivation – candidates know, understand and use the major concepts, principles, theories and research related to development of children and young adolescents to construct learning opportunities that support individual students’ development, acquisition of knowledge and motivation.

3.2 Adaptation to Diverse Learners – candidates understand how elementary students differ in their development and approaches to learning, and create instructional opportunities that are adapted to diverse students.

4.0 Assessment for instruction – candidates know, understand and use formal and informal assessment strategies to plan, evaluate and strengthen instruction that will promote continuous intellectual, social, emotional, and physical development of each elementary student.

5.1 Professional growth, reflection and evaluation – candidates are aware of and reflect on their practice in light of research on teaching, professional ethics and resources available for professional learning; they continually evaluate the effects of their professional decisions and
actions on students, families and other professionals in the learning community and actively seek out opportunities to grow professionally.

5.2 Collaboration with families, colleagues, and community agencies – candidates know the importance of establishing and maintaining a positive collaborative relationship with families, school colleagues, and agencies in the larger community to promote the intellectual, social, emotional and physical growth and well-being of children.

TESOL Standards:
*Standard 2. Culture as It Affects Student Learning.*
Candidates know, understand, and use major theories and research related to the nature and role of culture in their instruction. They demonstrate understanding of how cultural groups and individual cultural identities affect language learning and school achievement.

*Standard 5.b. Professional Development, Partnerships, and Advocacy*
Candidates take advantage of professional growth opportunities and demonstrate the ability to build partnerships with colleagues and students’ families, serve as community resources, and advocate for ELLs.

RELATIONSHIP TO PROGRAM GOALS AND PROFESSIONAL ORGANIZATIONS:

EDUC 511 is the introductory course in the concentration, a collegial program that prepares elementary, ESL, FL teachers for domestic and international schools. TCLDEL applies the goals of GMU elementary, ESOL and FL education curriculum in order to prepare teachers across disciplines to work together on behalf of children and students. EDUC 511 focuses upon the program goals that address educational foundations, especially in human growth and development and psychology. In addition, EDUC 511 primarily addresses the following Standards from the Interstate New Teacher Assessment and Support Consortium (INTASC) and the International Society for Technology in Education (ISTE). EDUC 511 also addresses the following Core Values from the College of Education and Human Development. Visit the appropriate links for complete descriptions and examples of each standard and/or value.

Further, EDUC 511 addresses the following essential understandings in the IB Level I Award and TESOL standards at an introductory (awareness) level:

A. International education and the role/philosophy of the IBO programmes.
B. Curriculum frameworks (principles, structures and practices).
C. Curriculum and instructional design.
D. Curriculum articulation
F. Teaching methodologies and the support of learning
G. Differentiated teaching strategies
H. Selection and evaluation of teaching and learning materials
I. The principles of assessment
N. The principles and process of reflective practice
O. Collaborative working: planning, implementation and evaluation.

**Required Texts**

**Recommended text:**

**Technology Resources:**

All students are required to have access to a computer with Internet access and a current GMU email account.

**Relevant Websites:**

Course Performance Evaluation

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, Tk20, hard copy).

TK20 PERFORMANCE-BASED ASSESSMENT SUBMISSION REQUIREMENT
Every student registered for any Teaching Culturally, Linguistically Diverse & Exceptional Learners program course with a required performance-based assessment is required to submit this assessment (The Child/Adolescent Study) and the Fieldwork Log of Hours and Evaluation Form to Tk20 through Blackboard (regardless of whether the student is taking the course as an elective, a one-time course or as part of an undergraduate minor). Evaluation of the performance-based assessment by the course instructor will also be completed in Tk20 through Blackboard. Failure to submit the assessment to Tk20 (through Blackboard) will result in the course instructor reporting the course grade as Incomplete (IN). Unless the IN grade is changed upon completion of the required Tk20 submission, the IN will convert to an F nine weeks into the following semester.

FIELDWORK REQUIREMENT

Field Experience Record and Evaluation

The **field experience is a required component** of the teacher preparation program at George Mason University. All students will complete a minimum of **20 hours in field experience** for this course. Documentation of your field experience is required as well as a **signed statement** from your field experience teacher(s) or supervisor(s). If you are taking more than one course in a semester, you must complete 20 hours per course (e.g., two courses require 40 hours of field experience). This means you may be completing different tasks for different courses in the same placement. Materials and products used for one course cannot be used for another course (e.g., videos, lesson plans, activities, etc.)

**Field Experience for summer 2017 coursework will take place in Fall 2017.**

*TCLDEL Fieldwork Log of Hours and Evaluation Form must be uploaded to TK20 on Blackboard.* The form is located on Blackboard in your TCLDEL organization site in the “Fieldwork” page.
**In-service teachers:** Field experience can often be conducted in your own classroom if you are a contracted employee and you have access to the population of students required for the PBAs and other assignments. Please consult your instructor if you have questions about the viability of your classroom for fieldwork in this class. You must register for your school as your field experience site in the online Field Experience Request form available here: https://cehd.gmu.edu/endorse/ferf. You will check the box indicating that: “I will arrange my own field experiences (observations and/or case studies) because I am a full-time contracted school system employee and will complete field experience at my workplace”. Failure to do so will result in an unsatisfactory grade for your fieldwork assignment. If you are taking this course as part of a cohort program, please indicate “TCLDEL Cohort” on your request form FIRST, then select your program and placement location. HINT: Cohort courses have section numbers beginning with “6F” (e.g. EDUC 511.6F1).

**Pre-service teachers:** If you are not currently working in a K-12 school, you will need to be placed in an appropriate fieldwork setting to complete your required PBAs and fieldwork hours. You must request a fieldwork site using the online Field Experience Request form available here: https://cehd.gmu.edu/endorse/ferf. You will check the box indicating that: I will need George Mason (Clinical Practice Specialist) to arrange a placement for my field experiences (including observations and/or case studies). Failure to do so will result in an unsatisfactory grade for your fieldwork assignment. If you are taking this course as part of a cohort program, please indicate “TCLDEL Cohort” on your request form, then select your program and placement location. HINT: Cohort courses have section numbers beginning with “6F” (e.g. EDUC 511.6F1).

**Virginia state or county cohort teachers:** Cohort Students are required by their district and by TCLDEL to complete field experiences as required by the Virginia Department of Education for this program. Each district has arranged for candidates to be able to work at K-12 grade levels in order to complete all licensure requirements. Please contact your district coordinator for further information.

**TCLDEL Fieldwork Log of Hours and Evaluation Assessment**

<table>
<thead>

More detailed descriptions of assignments are shown at the end of the syllabus. Rubrics can be found on Blackboard.

Other Requirements

- **LATE WORK/SUBMISSION**
  - At the graduate level all work is expected to be of high quality and submitted on the dates due.
  - *Work submitted late will be reduced one letter grade for every half-day of delay.* Because we live in uncertain times, if you have any extraordinary circumstances (think flood, earthquake, evacuation) that prevent you from submitting your work in a timely manner, it is your responsibility to contact the instructor as soon as possible after the circumstances occur and make arrangements to complete your work. *It is up to the discretion of the instructor to approve the late/makeup work.*

**ATTENDANCE POLICY**

No absences are permitted in the accelerated 8 day sequence for TCLDEL (8:30-3:30). Should an emergency occur contact your instructor as soon as possible, bshaklee@gmu.edu.

- **Grading**
  At George Mason University course work is measured in terms of quantity and quality. A credit normally represents one hour per week of lecture or recitation or not fewer than two hours per week of laboratory work throughout a semester. The number of credits is a measure of quantity. The grade is a measure of quality. The university-wide system for grading graduate courses is as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>GRADING</th>
<th>Grade Points</th>
<th>Interpretation</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+</td>
<td>≥100</td>
<td>4.00</td>

<td>80-84</td>
<td>3.00</td>
<td>Reflects an understanding of and the ability to apply theories and principles at a basic level</td>
</tr>
<tr>
<td>C*</td>
<td>70-79</td>
<td>2.00</td>
<td>Denotes an unacceptable level of understanding and application of the basic elements of the course</td>
</tr>
<tr>
<td>F*</td>
<td>&lt;69</td>
<td>0.00</td>
<td>Denotes an unacceptable level of understanding and application of the basic elements of the course</td>
</tr>
</tbody>
</table>

Note: “C” is not satisfactory for a licensure course; “F” does not meet requirements of the Graduate School of Education

See the University Catalog for details: [http://catalog.gmu.edu/policies/academic/grading/](http://catalog.gmu.edu/policies/academic/grading/)

**Honor Code & Integrity of Work**

**Integrity of Work**: TCLDEL students must adhere to the guidelines of the George Mason University Honor Code ([http://oai.gmu.edu/honor-code/](http://oai.gmu.edu/honor-code/)). The principle of academic integrity is taken very seriously and violations are treated as such.

**Violations of the Honor Code** include:

1. Copying a paper or part of a paper from another student (current or past);
2. Reusing work that you have already submitted for another class (unless express permission has been granted by your current professor **before** you submit the work);
3. Copying the words of an author from a textbook or any printed source (including the Internet) or closely paraphrasing without providing a citation to credit the author. For examples of what should be cited, please refer to: [https://owl.english.purdue.edu/owl/resource/589/02/](https://owl.english.purdue.edu/owl/resource/589/02/)
4. You may also not “reuse” fieldwork hours. Each placement must have 20 documented hours that are solely for each course that you are in; you may be at the same site, but the same hours may not be counted towards the same course.

**Late Work Policy**

At the graduate level all work is expected to be of high quality and submitted on the dates due. **Work submitted late will be reduced one letter grade for every day of delay.** Because we live in uncertain times, if you have any extraordinary circumstances (think flood, earthquake, evacuation) that prevent you from submitting your work in a timely manner, it is your responsibility to contact the instructor as soon as possible after the circumstances occur and make arrangements to complete your work. **It is up to the discretion of the instructor to approve the late/makeup work.**

**Course Withdrawal with Dean Approval**

For graduate and non-degree students, withdrawal after the last day for dropping a course requires approval by the student’s academic dean, and is permitted only for nonacademic reasons that prevent course completion (Mason catalog). **Students must contact an**
academic advisor in APTDIE to withdraw after the deadline. There is no guarantee that such withdraws will be permitted.

**Incomplete (IN)**
This grade may be given to students who are in good standing, but who may be unable to complete scheduled course work for a cause beyond reasonable control. The student must then complete all the requirements by the end of the ninth week of the next semester, not including summer term, and the instructor must turn in the final grade by the end of the 9th week. Unless an explicit written extension is filed with the Registrar’s Office by the faculty deadline, the grade of IN is changed by the registrar to an F (Mason catalog). Faculty may grant an incomplete with a contract developed by the student with a reasonable time to complete the course at the discretion of the faculty member. The faculty member does not need to allow up to the following semester for the student to complete the course. A copy of the contract will be kept on file in the APTDIE office.

**Professional Dispositions**
Students are expected to exhibit professional behaviors and dispositions at all times.

**Core Values Commitment**
The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: [http://cehd.gmu.edu/values/](http://cehd.gmu.edu/values/).

**GMU Policies and Resources for Students**

*Policies*

- Students must adhere to the guidelines of the Mason Honor Code (see [http://oai.gmu.edu/the-mason-honor-code/](http://oai.gmu.edu/the-mason-honor-code/)).

- Students must follow the university policy for Responsible Use of Computing (see [http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/](http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/)).

- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students solely through their Mason email account.

- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the
time the written letter from Disability Services is received by the instructor (see http://ods.gmu.edu/).

- Students must follow the university policy stating that all sound emitting devices shall be silenced during class unless otherwise authorized by the instructor.

Campus Resources

- Support for submission of assignments to Tk20 should be directed to tk20help@gmu.edu or https://cehd.gmu.edu/aero/tk20. Questions or concerns regarding use of Blackboard should be directed to http://coursesupport.gmu.edu/.

- The Writing Center provides a variety of resources and services (e.g., tutoring, workshops, writing guides, handbooks) intended to support students as they work to construct and share knowledge through writing (see http://writingcenter.gmu.edu/).

- The Counseling and Psychological Services (CAPS) staff consists of professional counseling and clinical psychologists, social workers, and counselors who offer a wide range of services (e.g., individual and group counseling, workshops and outreach programs) to enhance students’ personal experience and academic performance (see http://caps.gmu.edu/).

- The Student Support & Advocacy Center staff helps students develop and maintain healthy lifestyles through confidential one-on-one support as well as through interactive programs and resources. Some of the topics they address are healthy relationships, stress management, nutrition, sexual assault, drug and alcohol use, and sexual health (see http://ssac.gmu.edu/). Students in need of these services may contact the office by phone at 703-993-3686. Concerned students, faculty and staff may also make a referral to express concern for the safety or well-being of a Mason student or the community by going to http://ssac.gmu.edu/make-a-referral/.

For additional information on the College of Education and Human Development, please visit our website https://cehd.gmu.edu/.

GMU E-MAIL AND WEB POLICY:

Mason uses electronic mail (www.gmu.edu/email) to provide official information to students. Examples include notices from the library, notices about academic standing, financial aid information, class materials, assignments, questions, and instructor feedback. Students are responsible for the content of university communication sent to their Mason e-mail account and are required to activate that account and check it regularly (Mason catalog). All communication
sent for this course will be sent to your Mason email account. All communication sent for this course will be sent to your Mason email account

**COURSE PERFORMANCE EVALUATION**

All assignments should be turned in on the due date indicated in the schedule below via Blackboard. The submission deadline for assignments is 11:59 pm EST of the due date indicated for each assignment. All projects must be typed, in a legible 12-point font, with one-inch margins, and double-spaced. All writing assignments should be submitted as Word documents, or a word processor based format. The Graduate School of Education uses APA Style Manual (6th edition) for all written work in the College. Writing quality (including mechanics, organization, and content) is figured into the overall points for each writing assignment, so please proofread carefully. Late papers and projects will not be accepted without penalty, except for in extraordinary circumstances. I am happy to clarify and lend assistance on projects and assignments.

1. **Class Participation and Engagement (15%)**  
This class is based upon informed participation. Students are expected to come to class prepared to discuss the assigned content using examples from the text or other readings to support classroom experiences and knowledge about educational psychology and child development. While your current knowledge as a teacher is important to your understandings, finding evidence and research-based support is critical to expanding your knowledge as a practitioner. Further, students are expected to actively participate in in-class activities, be supportive of their classmates and conduct themselves in a professional manner throughout the program. Finally, students are expected to arrive to class on time and be mindful of breaks, lunch and departure times from class. Any departure from the above expectations will result in a deduction of points in the participation grade – simply ‘being’ in class is insufficient to obtain full participation points.

2. **Child Abuse, Neglect, and Intervention (S/U)**  
**Due: Wednesday, July 5**

This on-line training module will provide an overview on child abuse and neglect. Students will find the tutorial at the following web site:  

The purpose of the training is to become familiar with the multiple aspects of child abuse, including: the definition and historical evolution of child abuse, different forms, underlying factors, legal statutes, assessments, and interventions. Because teachers will work with helping professionals from different disciplines, this course will also provide a multidisciplinary perspective to child abuse and neglect.

*This module is a licensure requirement, it must be completed prior to applying for licensure and the printed certificate attached to your application for Virginia licensure.*

Plan to spend about two hours for the completion of the training session. Once you have completed the module you will be able to print a certificate that verifies your completion of the
training. **This certificate should be kept by the student for licensure purposes.** Upon completion of your training, upload a copy of the certificate onto Blackboard to receive credit for completing the training module.

3. **Dispositions for a Career Educator Essay (15%)**

   Due: Thursday, June 29

The College of Education and Human Development along with national and international organizations promote maintaining standards of professional competence. Students must meet GSE grading standards and course requirements as well as *demonstrate professional performance* in the areas required of professional educators: content knowledge, pedagogical skill, and professional dispositions.

This assignment requires you to consider the **professional performance criteria for career educators, and the national standards for your association, including the IB Learner Profile.** To do this, you will write a 4-5 page, double spaced, **reflective essay** identifying your teaching philosophy, professional strengths and areas for development with respect to the Dispositions of a Career Educator. The Dispositions/Teaching Philosophy Paper will account for **15%** of your final grade.

**IMPORTANT:** This is a paper of how you would teach and also an examination of what you believe your strengths or weaknesses are with respect to the Dispositions of a Career Educator. These strengths and weaknesses should be *clarified and substantiated with sufficient evidence.* Even if you have not taught before, you can use your prior experience to show your dispositions. For example, if you have worked in an office, you could tell me that you have “advanced your profession” (found under Commitment to the Profession) because you have taken outside courses to improve yourself in respect to your job. For ESL students this assignment will connect to a final PBA in 610 **be sure to keep a copy for your records.**

The Dispositions for a Career Educator, the IB Learner Profile, and rubric can be found on Blackboard.

4. **Multimedia Project: Influences on Learning and Student Engagement (25%)**

   Due: Monday, July 3

This assignment is designed to increase your knowledge about factors that influence students and their ability to engage in learning. The concept you choose should help you work more effectively with students and should be related to topics in the course. Examples of topics include: the importance of play in early childhood, Third Culture Kids (TCK’s), gifted and talented students, the effects of divorce on children, inclusion in international schools, mobility/transition, cultural influences on teaching/learning, language/learning. **You must have your topic approved by the instructor, and only one student will be permitted per topic.**
Working independently, you will utilize a multimedia tool (e.g. Prezi, iMovie, PowerPoint, www.powtoon.com) to design a presentation on your selected topic. Presentations will be shared with the entire class online as well as being presented in class. The goal of the presentation is to teach your fellow classmates about this specific topic, and the presentation should be viewed as one that could be presented in a professional development session for teachers. Please note the presentation is not just a summary of the topic, rather it should identify information that will be helpful to you as a teacher. Your presentation should clearly explain what your chosen topic is, examine why this topic is significant for teachers, explore what this topic “looks like” in the classroom, provide suggestions and strategies for teachers to use in relation to this topic, and give suggested resources to help teachers learn more.

To gather your data, review several sources including our textbook and the IB website on special needs/issues. Read and review what you have found, then select a minimum of five sources for your presentation of the key findings on the topic. At least three of your sources should come from traditional references such as refereed journals or books. You may use the Internet as a source of information, as well, but you will need to evaluate the quality of the information you find and reference it properly. In addition, you will need to supply at least five online resources that your colleagues can draw upon to find further resources and information about your topic.

The presentation will count for 25% of your final grade, and the rubric can be located on Blackboard.

5. Classroom Management Portfolio (20%)
   Due: Wednesday, July 5
   The purpose of this assignment is to help you reflect on the relationship between your philosophy of education and your style of management in your classroom (now or in the future). For this assignment, each student will write a brief review of their current practices that he or she uses (or intends to use) to manage the classroom environment that reflects his/her professional philosophy/dispositions toward teaching and learning. Each student will then create a portfolio presentation of 5 potential strategies that will be considered for use in his or her own classroom or in an inclusive setting (e.g. co-teaching, coaching, resource support). To complete this, students are encouraged to draw from the textbook (Chapter 13), but three additional sources must be utilized. Each strategy needs to be defined and explained, and an example of how the strategy could be situated in classroom practice needs to be provided.

The Classroom Management Portfolio Presentation will count for 20% of your final grade, and the rubric can be found on Blackboard.

6. Child/Adolescent Study *Performance Based Assessment (25%)
   Due: November 15, 2017
   All TCLDEL licensure courses have a required Performance Based Assessment (PBA). The required PBA for this course is the Child/Adolescent Study Assignment.
You will conduct a **Child/Adolescent Study** using a *variety* of activities, small/whole group lessons, teacher/parent/student interviews, observations, work samples etc., and write paper that describes the key findings. It is important that you read the guidelines **NOW** so that you know what you will be writing about for this assignment.

The purpose of the study is to begin to learn about children and adolescent development in a holistic sense. It is important to note that these activities are introductory in nature - they cannot explain characteristics of large groups of students. It is important to begin planning for your Child/Adolescent Study very early in your Field Experience in order to complete sufficient activities and observations with your target student. No Child/Adolescent Child Study of less than 4 weeks will be accepted.

The Child/Adolescent Study will count for **25%** of your final grade.

The Child/Adolescent Study guidelines document, which contains detailed directions, and the Child /Adolescent Study rubric can be found on Blackboard. The PBA guidelines and rubric are also included at the end of this syllabus.

**7. Field Experience and Field Experience Reflection (S/U)**

**Due: November 15, 2017**

The **field experience is a required component** of the teacher preparation program at George Mason University. All students will complete a minimum of 20 hours in field experience for this course. Documentation of your field experience is required as well as a signed statement from your field experience teacher(s) or supervisor(s). The Fieldwork documents are located on Blackboard.

In addition to the fieldwork log, each student will write a 2-3-page reflection on the fieldwork experience. The reflection should explain what you have learned from the fieldwork experience and your overall reflections on the process.

The instructor reserves the right to modify and/or change the schedule to better suit the needs of the class.
Overview:

The case study is a rich portrait of the development of a student that you observed in the school context. It is based on your written observations, interactions with the child and includes general descriptive information about family, community, and cultural context. The purpose is to help you learn how to observe children and collect data systematically so that you gain insight into development. These skills will enable you to assess students and plan developmentally and culturally appropriate learning experiences for them.

The purpose of the child/adolescent study is to systematically collect evidence about an international student. Observations of children are foundational to assessment and in your teaching may be used to adjust curriculum and plan learning opportunities to meet student’s individual needs. Observations also help parents understand different levels of mastery, engagement, and behavior.

Teachers should have a good sense of the progression of capabilities for each area of development to be observed. Knowing what comes before or after developmentally allows the teacher to generally know what to expect. For individual children, establishing a baseline of observations allow us to see how children grow over time.

All data collected should have a purpose in mind. For example, asking yourself, “what do I hope to learn from my observations?” or “how will I use the information I have learned?” help to establish purpose. Data can be collected through a variety of means: lesson plans, narratives, time/event sampling, anecdotal records, review of academic records, teacher or parent interviews, checklists, observations, or student work products. It is not necessary to use all of these means to collect data during your Child/Adolescent Study however it is very important to use a variety of means, over time, to collect your evidence.

Be sure that you do not make a student feel isolated or uncomfortable during this process. Work with a small group of students during the Child/Adolescent Study but collect data/evidence only on your target child. Your classroom teacher/supervisor should be able to help you arrange a non-intrusive manner in which to complete your work.

If you are not currently a teacher, be sure to get permission from teachers or parents for activities in which you are an active participant and collecting data. Most schools will allow you to collect general information about a child as a normal part of your field experience. In some schools, you will need specific permission both from a supervisor, your teacher and/or parents, be sure to obtain any needed permissions before you begin. If you are a practicing professional follow the guidelines in your school policies.
All reports must use pseudonyms (fictitious names) to protect the confidentiality of the school, parent, child and teacher. At no point should anyone be able to identify the student or school. Your final report will be given directly to your instructor; no copies should be distributed or disseminated. Remember you are learning how to observe and make sense of those observations – you need to be cautious in your interpretations and discuss your findings with your teacher for clarification.

Each case study will include the following:

1. Physical description of the child/student
2. Summary of the child’s socio-cultural context (family, school, community, language, socio-economic status, ethnicity)
3. Socio-economic status, ethnicity
4. Summary of the child’s capability in each of the developmental areas (physical, cognitive, linguistic, social, emotional, moral) supported by specific examples from your observations/teaching/interviews/interactions with the child
5. Summary of the elements of the learner profile (IB) found in the environment and exhibited by the student.
6. Description of the teaching implications for the child/student
7. Reflection of what you’ve learned by doing a child study describing your experience.

Your observations, lessons taught, interviews and other field notes constitute the data for your case study. Your knowledge of course material (e.g. child/adolescent development theory and research, the influence of family, community, culture and school on development) should be woven throughout to provide research/theoretical support for your analysis. Use your textbook as one of your sources of support.

Support your analysis and conclusions with specific examples from your observations, field notes, lessons, pupil products, and parent or teacher interviews. Do not send all of your evidence just those samples that support the statements in your analysis. Do not rely on a single source of data (e.g. observational) to support your analysis - you must demonstrate the use of multiple methods to collect your evidence.

The paper should be written in narrative form, single-sided, double-spaced, and between 12 to 15 pages in length. Use APA format. Attach samples of your ethnographic records and anecdotal observations as an appendix (these samples should be the ones you draw upon in your paper as evidence of your analysis).

Each TCLDEL student is required to complete a minimum of 20 hours of fieldwork. Using your fieldwork time can also provide your evidence for your Child Study report. If you cannot use your fieldwork site to complete your Child Study then you will need to arrange other opportunities to complete your Child Study.
