**Prerequisites/Corequisites**

Admission to the PhD in Education program or post-master's status and approval of course instructor.

**University Catalog Course Description**

Explores the relationship between families and professionals in providing appropriate early care and education, birth through grade 3, including children with special education needs and those from culturally, linguistically, and economically diverse backgrounds. Includes in-depth study, analysis, and discussions of original research as well as syntheses of findings.

**Course Overview**

Not applicable

**Course Delivery Method**

This course will be delivered using a seminar format.

**Learner Outcomes or Objectives**

This course is designed to enable students to do the following:

1. Show knowledge of family systems, family functioning, family coping and adaptation, and infant mental health.
2. Show knowledge of current research and limitations of that research related to families from diverse cultural communities.
3. Show knowledge of effective practices to promote family-professional collaboration.
4. Demonstrate the ability to synthesize and critically analyze current family literature from the perspective of diverse cultural communities.
5. Demonstrate the ability to integrate theory, research and recommended practices in developing an original project related to better understanding families of culturally, linguistically, and ability diverse young children.

**Professional Standards** (Council for Exceptional Children and National Association for the Education of Young Children)

Upon completion of this course, students will have met the following professional standards:  
Not Applicable

**Required Texts (select one, see Book Club assignment)**

Chaudry, A. (2004). *Putting children first: How low-wage working mothers manage child care*. New York: Russell Sage Foundation. ISBN: 9780871541727

Chaudry, A., Morrissey, T., Weiland, C., & Yoshikawa, H. (2017). *Cradle to Kindergarten: A new plan to combat inequality*. New York: Russell Sage Foundation. ISBN: 9780871545572

- **Assignments and/or Examinations**

**Attendance, Participation, & Weekly Questions and Reflections (15 points)**

Because active participation and engagement are imperative for optimal learning, preparation for and participation in in-class activities will be evaluated based on the following criteria:

- Students post at least two questions related to the readings on Blackboard before class.  
**DUE: Friday evenings**
- Students attend class, arrive on time, and stay for the entire class period.
- Students complete readings and prepare for class activities prior to class as is evidenced by their ability to discuss and write about the concepts presented and examined in the texts as well as participate fully in related activities.
- Students are actively involved in in-class and online learning experiences as is evidenced by (a) participating in all activities, (b) engaging and speaking in small and large group discussions, (c) using laptops and other electronic devices only to support discussion and learning and not for non-academic uses during class time, (d) completing written work related to the activities, and (e) supporting the participation and learning of classmates.
- Students show evidence of critical reflective thinking through in-class and online discussions, activities, and written reflections.
- After each class, on the class blog, students will post weekly reflections related to the readings, discussion, and activities. **DUE: Tuesday evenings**

**Book Club Questions and Participation** (4 meetings x 5 points = 20 points)

Students will select a "Book Club" to join. To participate fully in each Book Club Session students will read the assigned chapters and bring two discussion questions to provide to their group during the discussion. Upon completion of Book Club Meetings, students will present overarching themes which arose from their Book Club Meetings, especially as they are tied to the course material for the week. Students will be graded upon their contribution to group discussions and presentation.

**Research & Policy Brief (5 pages)** (20 points)

Write a short research and policy brief based on the topic the student is investigating for her final paper or a topic of her choice related to families, communities and schools. This brief should include: Background (what is the problem?), Research Findings\* (summarize and integrate at least 3-5 peer-review journal articles), and Policy Implications. Students should include on the final page of the brief a list of 3 places she plans to submit the brief.

Examples of briefs and ideas for submission sites will be provided upon request. *\*Students may create a research brief based on findings from her own individual research. Students should work with the instructor to complete this type of brief.* **DUE: 10/23/17**

**Annotated Bibliography** (10 points)

Students will develop an annotated bibliography that includes at least 2 books and/or book chapters, 10 research articles, and 3 other types of resources (e.g., essays, white papers, videos, websites, etc.) on a family topic of interest. Entries will include the following:

- 5- to 10-sentence annotation about each source including:
  - reflective note (e.g, connections, implications, questions that arise, etc.)
  - accurate bibliographic information presented in APA style
  - a summary of the argument or thesis, the results, and the conclusions
  - an analysis of the relevance, accuracy, and quality of the article

Students will submit their annotated bibliography on Blackboard discussion board. They will then read their classmates' annotated bibliographies and respond on Blackboard. **DUE: 10/30/17**

**Student-Facilitated Seminar on Diverse Families in Early Childhood** (10 points)

Students will facilitate a 30-35 minute seminar on a topic related to families and early childhood diverse young learners. To prepare for the seminar, students will read extensively. As they read, they will prepare an annotated bibliography (see above assignment) that will include at least 2 books and/or book chapters, 10 research articles, and 3 other types of resources (e.g., essays, white papers, videos, websites, etc.). The bibliography will include references in APA style, a 5- to 10-sentence annotation about each source, and a reflective note (e.g., connections, implications, questions that arise, etc.). During the seminar development process, students will provide face-to-face and online help and feedback to classmates.

Students will select two to three research articles for their classmates to read prior to the seminar and will email information on how to access the articles at least two weeks before the seminar. On the evening of the seminar, students will introduce the topic, present relevant background information using audio and/or visual aids, facilitate the discussion, and close the discussion with a summary and some future questions and thoughts to explore. They will provide handouts to support the learning and discussion. They will post their

annotated bibliography on Blackboard for their classmates' reference. In addition, students will post feedback for each facilitator on Blackboard after the seminar and prior to the next class session. **DUE: 11/13, 11/20, 11/27**

### **Research Paper: Literature Review and Short Proposal (25 points)**

The student will conduct a review of the literature on a topic of their choice related to the connections between families and early childhood programs. This paper should critically review the literature from the perspective of culturally, linguistically, and ability diverse children and families. It should link to course themes, and it should discuss limitations as well as implications. Specifically, this paper should cover the following: (1) critical review of the literature (student needs to include 12-15 empirical articles), which includes theoretical approach, the major findings and whether there are inconsistencies, methodological, design, and measurement issues, and an integrative statement regarding findings (10-12 pages) (2) issues not addressed by the research to date: what do we know, what are the gaps in the literature (3 pages) (3) implications for future research, policy, and practice (3 pages); and, (4) a short proposal (5 pages) of a possible future study to begin to fill these gaps. **DUE: 12/4/17**

### **Written Assignments**

All formal written assignments will be evaluated for content and presentation. The American Psychological Association, Sixth Edition (APA) style will be followed for all written work. All written work unless otherwise noted must be completed on a word processor and should be proofread carefully. (Use spell check!) If students are not confident of their own ability to catch errors, they should have another person proofread their work. When in doubt, they should check the APA manual. Portions of the APA manual appear at the Style Manuals link on the Mason library website at <http://infoguides.gmu.edu/content.php?pid=39979>. Students may consult the Writing Center for additional writing support.

Students will do the following:

1. Present ideas in a clear, concise, and organized manner. (Avoid wordiness and redundancy.)
2. Develop points coherently, definitively, and thoroughly.
3. Refer to appropriate authorities, studies, and examples to document where appropriate. (Avoid meaningless generalizations, unwarranted assumptions, and unsupported opinions.)
4. Use correct capitalization, punctuation, spelling, and grammar.

Type the paper with double spacing, indented paragraphs, 1-inch margins all around, and 12-point Times New Roman font.

#### **• Grading**

A = 95-100   A- = 90-94   B+ = 87-89   B = 83-86   B- = 80-82   C = 70-79   F = < 70

All CEHD undergraduate and graduate students are held to the university grading policies as described in the Academic Policies section of the current catalog, which can be accessed at <http://catalog.gmu.edu>. Those students enrolled in a CEHD Licensure Graduate Certificate program, however, must earn a B- or better in all licensure coursework. A degree-seeking graduate student will be dismissed after accumulating grades of F in two courses or 9 credits of unsatisfactory grades (C or F) in graduate courses. A 3.0 grade point average is required for completion of the graduate degree.

## Professional Dispositions

Students are expected to exhibit professional behaviors and dispositions at all times.

## **Core Values Commitment**

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: <http://cehd.gmu.edu/values/>.

## **GMU Policies and Resources for Students**

### *Policies*

- Students must adhere to the guidelines of the Mason Honor Code (see <http://oai.gmu.edu/the-mason-honor-code/>).
- Students must follow the university policy for Responsible Use of Computing (see <http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/>).
- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students **solely** through their Mason email account.
- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see <http://ods.gmu.edu/>).
- Students must follow the university policy stating that all sound emitting devices shall be silenced during class unless otherwise authorized by the instructor.

### *Campus Resources*

- Support for submission of assignments to Tk20 should be directed to [tk20help@gmu.edu](mailto:tk20help@gmu.edu) or <https://cehd.gmu.edu/aero/tk20>. Questions or concerns regarding use of Blackboard should be directed to <http://coursessupport.gmu.edu/>.
- For information on student support resources on campus, see <https://ctfe.gmu.edu/teaching/student-support-resources-on-campus>.
