Yearlong cohort course sequence, including EDCI 555

University Catalog Course Description

Provides research-based introduction to literacy teaching and learning for older children. Emphasizes literacy and language processes and development; connections among cultures, families, and literacy; and literacy integration in curriculum.

Course Overview

N/A

Course Delivery Method

This face-to-face course includes multiple instructional strategies. Individual session formats will vary and may include lecture, small group/ large group discussion, hands-on, interactive work, student presentations, and cooperative learning. **This course also requires 15 hours of field experience.**

Learner Outcomes:

This course is designed to enable students to do the following:

1. Students will demonstrate an understanding of the linguistic, sociological, cultural, cognitive and psychological bases of literacy processes.
2. Students will reflect on their own literacy learning histories and connect these to current theories of literacy teaching and learning.
3. Students will observe and assess the literacy development and needs of elementary literacy learners.
4. Students will plan literacy lessons that demonstrate an understanding of the children's spelling and writing development.
5. Students will survey technological tools, print materials, and other resources for teaching writing.

6. Students will describe the literacy needs of diverse learners, including English Language Learners and students with other special needs, and they will adapt lesson plans to meet these needs.
7. Students will explore and explain the role of families, communities, and schools in children’s literacy learning.
8. Students will demonstrate an understanding of the knowledge, skills, and processes necessary for teaching writing, including attention to form, purpose, audience, grammar, punctuation, spelling and syntax.
9. Students will understand and be able to facilitate oral language development, including speaking, listening, and learning of “standard English” by speakers of other languages and dialects.
10. Students will demonstrate an understanding of the structure of the English language.
11. Students will demonstrate an understanding of the unique needs of students who have special needs in the area of literacy and language development.
12. Students will demonstrate the ability to promote creative thinking and expression, as through writing, storytelling, drama, and choral/oral reading.
13. Students will demonstrate the ability to assess individual and group literacy needs in a classroom situation, and organize classroom instruction to facilitate the literacy development of all learners.

Professional Standards

This course addresses priorities in the GSE master plan including literacy, technology, and diversity. It is designed as an integral component of the Elementary Program for teachers of grades PK-6, and meets state and national guidelines and standards. This course will build closely upon themes taught in the first literacy course and will integrate ideas from other elementary methods courses. It addresses standards from the following professional organizations: Interstate New Teacher Assessment and Support Consortium (INTASC); International Society for Technology in Education (ISTE) National Educational Technology Standards (NETS); the Virginia State Technology Standards for Instructional Personnel; and International Reading Association (IRA) Standards for Literacy Professionals and Paraprofessionals.

Course Performance Evaluation

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g. Blackboard, Edthena, Tk20).

- **Assignments and/or Examinations**

Reading, Writing, Spelling Analysis -PBA (total 50 pts – 38%):

RWSA Spelling section

RWSA Reading section

RWSA all sections complete to Tk20

DUE: June 22nd

DUE: July 6th

DUE: July 13th

This is the programmatic **Performance Based Assessment** for EDCI 555 and EDCI 556. Each student should select an elementary-aged child to work with to assess the child's areas of strengths, skills, strategies, and instructional needs in the area of reading, writing, and spelling. This assignment is broken up into three parts so that you can focus on each section at a time with your student.

To complete this assessment, you will build a relationship with an individual student to gather data on a child's physical, environmental, linguistic, cognitive, and social characteristics to provide context for your analysis. It is important to consider a child's strengths, skills, strategies, and prior knowledge in addition to their instructional needs.

Spelling should be evaluated based on collecting at least three student writing samples as well as administration and analysis from the qualitative spelling inventory.

Reading should be evaluated by gathering data on the child's reading ability, level, strategy use, and comprehension. Multiple types of assessment data should be gathered using a variety of methods suggested in the expanded description at the end of this syllabus. This analysis is expected to represent the current snapshot of your student's reading ability.

Writing should be evaluated based on least three writing samples from the student **over time in order to see writing development**. Please ask your cooperating teacher to help provide samples from across the last 3-4 months. You should collect sample from different sources of writing, such as journal entries, on demand writing, published writing.

For each section, you will analyze the data and create a written analysis that details the appropriate strategies, resources, and materials that builds on your student's strengths and addresses their needs.

Finally, you will look across all three analyses to synthesize connections and plan instruction for your student. It may be useful to describe when and how that instruction would be provided in the future. Consider the audience for these instructional plans to be the your cooperating teacher at your field placement or the student's teacher for the next academic year.

****** Due to the scheduling of this course and your individual access to school sites at the end of the academic calendar, it is suggested that you identify a child who you know will be available to meet with you several times during the month of June. If you are not able to work with a child within a classroom setting, please let me know.

Evaluation

Additional information on this assessment is available on Blackboard and will be discussed in

class. The rubric is provided at the end of this syllabus and is available on Blackboard.

This assessment must be submitted to Tk20.

Hunts and Sorts Lessons (26pts – 20%):

Submit via Blackboard

DUE: July 20th

Students will plan and implement one word hunt and one word sort lesson (a total of two lessons) with a small group of students. After implementation, you will reflect on children's learning and write a reflection to evaluate the experience.

*****It is expected that you will complete these lessons at Garfield Elementary School between July 10 and July 27, 2017. The summer program is Mondays through Thursdays from 8:45am to 12:45pm.*****

Evaluation

Additional information on the lesson plan and reflection is available on Blackboard and will be discussed in class. The checklist is available on Blackboard.

Writing Lesson (total 30 pts –23%)

Submit lesson draft with rehearsal video to Edthena

DUE: July 13th

Submit video with comments, final lesson plan, and written reflection to Edthena **DUE: July 27th**

Students will plan and implement a writing lesson incorporating technology in their placement. You will focus on implementing a Shared Writing or Interactive Writing lesson. To do so, it is critical that you have discussed upcoming content that will be taught with your cooperating teacher in order to embed this writing lesson into meaningful content and authentic purpose.

*****It is expected that you will complete these lessons at Garfield Elementary School between July 10 and July 27, 2017. The summer program is Mondays through Thursdays from 8:45am to 12:45pm.*****

For both parts of this assignment, you will need to have access to a device that can record video (e.g. your cellphone, camera, tablet, etc.). **Be sure to get permission to record students in your fieldwork classroom or ensure that faces are not recorded.**

Draft

You will decide with your cooperating teacher how to integrate your Shared or Interactive Writing lesson into the context and content of the classroom while considering who your students are and what areas of additional instruction or practice are needed in your fieldwork classroom. You will draft a lesson plan for July 13th. In small groups, everyone will have the opportunity to rehearse 10 minutes of your lesson with colleagues. The rehearsal will provide you an opportunity to reflect on your planning as well as gain feedback from your colleagues

and the instructor. You will video record your Writing lesson rehearsal and upload it to Edthena. You will watch it once more at home to determine where you may want to revise your plan.

**Due to the time constraints and fieldwork sites, it is suggested that you work with a colleague in your classroom to plan connected lessons. This will also allow you to deepen your understanding of the students in your classroom through multiple opportunities for assessment.

Final

You will conduct your Writing lesson, video record it, and upload your lesson plan and video to Edthena. After conducting the lesson, you will reflect on your lesson in its entirety by recording technical, practical and critical reflections in Edthena and submitting a brief holistic reflection to summarize the experience.

Evaluation

Additional information on the lesson plan and reflection is available on Blackboard and will be discussed in class. The checklist is available on Blackboard.

- **Other Requirements**

Participation (24 pts. – 19%)

This course operates with the assumption that knowledge is socially constructed and the most meaningful learning opportunities are those where you have the opportunity to offer and explore diverse perspectives with peers. To do this it is expected that **you are on time and attend all scheduled classes outlined within the syllabus.**

Class participation is vitally important in a course such as this because certain concepts build over the course of the semester. Each class session we will have readings to discuss, ideas to unpack, and activities to do. Not participating will be reflected with a zero for the week and as an absence.

Absence from class to observe a religious holiday, to serve jury duty, or to participate in required military service, and medical emergencies are exceptions to the above policy. If you anticipate being absent for any of these reasons, please make arrangements at least 48 hours in advance. In addition, you are expected to be **on time to class each week unless advance notice has been provided to the instructor.**

Unexpected absences due to illness and family emergencies do occur from time to time. Please let me know within 24 hours as to the general nature of your unexpected absence. Missed participation can be made up if discussed with the instructor. **If I have to email you to ask you why you were absent in class that is considered an unexcused absence.** **Students with two or more absences will not receive credit for the course.**

Laptop and tablet use is permitted at the discretion of the instructor and for specific purposes as assigned in the class (e.g. small group work). Laptops will be closed during discussions, lectures and other assignments in class which require your full attention. Cell phones must be turned off/silenced during class periods. Cell phones may be used during break.

The professor reserves the right to modify or alter assignments, tasks, due dates, and other requirements during the duration of the course to maximize the learning experience.

Weekly activities and discussion

Activities

In addition to the readings, you may be asked to watch a video, collect information, or explore other online resources prior to class. Guiding question(s) or tasks related to the readings and these resources will be posted to establish a purpose for reading. These guiding questions or activities will be directly related to discussion for the session. Activities may require you to respond to a specific question, create a representation of ideas from the reading (e.g. concept map, picture), or analyze a piece of text or student work based on your understandings of the readings and other resources.

The products of these activities support learning in class meetings. Additionally, classroom activities may include simulations, debates, book club meetings, examination of student work, and quickwrites.

Field work is required for this class. It is expected that you will complete approximately 9 hours of fieldwork for this course at Garfield Elementary School between July 10 and July 27, 2017. The summer program is Mondays through Thursdays from 8:45am to 12:45pm.

Discussion Guidelines

Different discussion structures will be organized to maximize participation and community building. This includes partners, small groups, and whole class discussion. You will be responsible for participating in discussion according to the expectations and norms decided upon on the first day of class. These expectations and norms will also apply for online discussion as dictated by our schedule.

Exit Slips

At the end of each class meeting, you will complete an Exit Slip that details your current thinking on the topics given our readings, activities, and discussion. The Exit Slip entry is to help you process your learning and to provide me insight into your developing understanding and perspectives.

Additionally, your entry will also help me to adjust instruction and/or provide direct support for our next session or ongoing assignments. **These entries will only be read by the instructor.** It is expected that your response is brief, but connected to your class participation, readings, and field experiences in relationship to your evolving/changing

thinking on the relationships between theories, instructional strategies and practices, and your professional decision-making that pertain to literacy learning and teaching.

Evaluation

Participation will be evaluated based on readiness, contribution, and submission of Exit Slips.

- **Grading**

At George Mason University course work is measured in terms of quantity and quality. A credit normally represents one hour per week of lecture or recitation or not fewer than two hours per week of laboratory work throughout a semester. The number of credits is a measure of quantity. The grade is a measure of quality. The university-wide system for grading graduate courses is as follows:

Grade	GRADING	Grade Points	Interpretation
A+	=100	4.00	

A	94-99	4.00	Represents mastery of the subject through effort beyond basic requirements
A-	90-93	3.67	
B+	85-89	3.33	Reflects an understanding of and the ability to apply theories and principles at a basic level
B	80-84	3.00	
C*	70-79	2.00	Denotes an unacceptable level of understanding and application of the basic elements of the course
F*	<69	0.00	

Note: “C” is not satisfactory for a licensure course; “F” does not meet requirements of the Graduate School of Education

Students must maintain a 3.0 average and a grade of B or higher for licensure and master’s degree. *All course assignments and field experience activities must be satisfactorily completed before the final grade is awarded.*

APA format:

All written papers are **expected to be double-spaced, with 1” margins, and in 12-point font** (Times New Roman, Calibri, or Arial). **APA format is expected.** If you do not have a 6th Edition APA manual, please use the APA website (<http://www.apastyle.org/>) or the OWL at Purdue as a resource (<http://owl.english.purdue.edu/owl/resource/560/01/>).

***Please Note:** The GMU Writing Center offers online support via email. They will provide feedback on your writing within one hour. Graduate and professional writing can be difficult; I encourage you to take advantage of this service. http://writingcenter.gmu.edu/?page_id=177

Late work policy:

It is expected that all class assignments will be submitted on time to the correct location: **late assignments will not receive full credit.** All assignments must be submitted via **Blackboard** on the due date stated within the syllabus (see below) prior to class. If extraordinary circumstances prevent you from submitting your work in a timely manner, **it is your responsibility to contact the instructor as soon as possible after the circumstances occur and make arrangements to complete your work.** It is up to the discretion of the instructor to approve the late/makeup work. Assignments turned in late without prior communication will receive an automatic deduction of one letter grade making the highest possible score equivalent to 80% (B).

Revise & Resubmit:

If a student submits an assignment that may indicate limited understanding or confusion about the content as indicated by scoring on the assignment rubric, the instructor may request for a student to revise and resubmit the assignment based on feedback. This is an opportunity for a student to clarify understanding of the content and demonstrate growth. In most cases, the original assignment and revision will be averaged for a new final grade. The instructor will communicate with the student to determine a reasonable timeframe within which to complete the revision.

Professional Dispositions

Students are expected to exhibit professional behaviors and dispositions at all times.

TK20/Performance-Based Assessment(s) Submission Requirement

Every student registered for any Elementary Education course with a required TK20 performance-based assessment (designated as such in the syllabus) must submit this/these assessment(s) (**EDCI 556: Reading, Writing, Spelling Analysis**) to Tk20 through *'Assessments'* in Blackboard. Failure to submit the assessment(s) to Tk20 (through Blackboard) will result in the course instructor reporting the course grade as Incomplete (IN). Unless this grade is changed upon completion of the required Tk20 submission, the IN will convert to an F nine weeks into the following semester.

Core Values Commitment

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: <http://cehd.gmu.edu/values/>.

GMU Policies and Resources for Students

Policies

- Students must adhere to the guidelines of the Mason Honor Code (see <http://oai.gmu.edu/the-mason-honor-code/>).
- Students must follow the university policy for Responsible Use of Computing (see <http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/>).
- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students **solely** through their Mason email account.

- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see <http://ods.gmu.edu/>).
- Students must follow the university policy stating that all sound emitting devices shall be silenced during class unless otherwise authorized by the instructor.

Campus Resources

- Support for submission of assignments to Tk20 should be directed to tk20help@gmu.edu or <https://cehd.gmu.edu/aero/tk20>. Questions or concerns regarding use of Blackboard should be directed to <http://coursesupport.gmu.edu/>.
- The Writing Center provides a variety of resources and services (e.g., tutoring, workshops, writing guides, handbooks) intended to support students as they work to construct and share knowledge through writing (see <http://writingcenter.gmu.edu/>).
- The Counseling and Psychological Services (CAPS) staff consists of professional counseling and clinical psychologists, social workers, and counselors who offer a wide range of services (e.g., individual and group counseling, workshops and outreach programs) to enhance students' personal experience and academic performance (see <http://caps.gmu.edu/>).
- The Student Support & Advocacy Center staff helps students develop and maintain healthy lifestyles through confidential one-on-one support as well as through interactive programs and resources. Some of the topics they address are healthy relationships, stress management, nutrition, sexual assault, drug and alcohol use, and sexual health (see <http://ssac.gmu.edu/>). Students in need of these services may contact the office by phone at 703-993-3686. Concerned students, faculty and staff may also make a referral to express concern for the safety or well-being of a Mason student or the community by going to <http://ssac.gmu.edu/make-a-referral/>.

Memo:

To: all CEHD students seeking student teaching internships in spring 2018 and forward

From: Jeff Davis, Director of Educator Preparation, CEHD

Re: Internship application requirements

Date: May 1, 2017

Students – please note the following requirements for Spring 2018 internship applications. **No extensions to the application deadlines will be given for missing/incorrect/failing test scores, missing endorsements, or missing/incorrect CPR/AED/First Aid certifications.**

Student Clinical Practice: Internship Application Requirements

TESTING

Since 2015, internship applications must include **all official and passing** test scores must be submitted and in the Mason system (i.e. Banner/PatriotWeb) by the internship application deadline. Allow a **minimum** of six weeks for official test scores to arrive at Mason. Testing too close to the application deadline means scores will not arrive in time and the internship application will not be accepted.

For Spring 2018 internships, this means that the latest you could test in time for scores to be reported to Mason by September 15th is **August 1st.**

Required tests:

- 1 Praxis Core Academic Skills for Educators Tests (or qualifying substitute)
- 2 VCLA
- 3 RVE (specific programs only...see link below)
- 4 ACTFL (Foreign Language only...unofficial scores are acceptable *for this test only*)

College of Education and Human Development
Accreditation and Program Improvement
4400 University Dr MS 6C13, Fairfax, VA 22030
Phone: (703) 993-5290
Fax: (703) 993-5701

- 5 Praxis II (content knowledge exam in your specific endorsement area)

For details, please check <http://cehd.gmu.edu/teacher/test/>

ENDORSEMENTS

Please note that **ALL** endorsement coursework must be completed, with all transcripts submitted and approved by the CEHD Endorsement Office, prior to the internship application deadline. Since the internship application must be submitted in the semester prior to the actual internship, please make an appointment to meet with the Endorsement Specialist and plan the completion of your Endorsements accordingly.

CPR/AED/First Aid – NEW hands-on training required for licensure!

Due to a recent change in Virginia law, effective July 1, 2017, all new license applications and license renewals must include verification that “hands-on” First Aid/CPR/AED training was completed. This means that applications for spring 2018 internships must also include verification of completing “hands-on” training. After June 30, 2017, the online training will no longer be accepted.

Emergency First Aid, CPR, and Use of AED Certification or Training requirement must be submitted and in the Mason system (i.e. Banner/PatriotWeb) by the application deadline. Students must submit one of the "acceptable evidence" documents listed at <http://cehd.gmu.edu/teacher/emergency-first-aid> to CEHD Student and Academic Affairs. In order to have the requirement reflected as met in the Mason system, documents can be scanned/e-mailed to CEHDacad@gmu.edu or dropped-off in Thompson Hall, Suite 2300.

DYSLEXIA AWARENESS TRAINING – NEW requirement for licensure!

Effective July 1, 2017, every person seeking initial licensure or renewal of a license shall complete awareness training, provided by VDOE, on the indicators of dyslexia, as that term is defined by the board and regulations, and the evidence-based interventions and accommodations for dyslexia. The training module is located at

<http://www.doe.virginia.gov/teaching/licensure/dyslexia-module/story.html>.

Similar to the Child Abuse Prevention Module, students will need to save and print out the completion certificate at the end of the module.

BACKGROUND CHECKS/FINGERPRINTING

All local school systems require students to complete a criminal background check through their human resources office (not through George Mason University) **prior to beginning the internship**. Detailed instructions on the process will be sent to the student from either the school system or Mason.

When applying for their background check/fingerprinting, students are **strongly advised** to disclose any/all legal incidents that may appear on their records. School divisions can and will withhold internship placement if discrepancies are found between a student's disclosure and their official judicial record. Students must assume the risk that classes may be deferred and their program progress delayed or altered due to the individual severity of notations on such a check and review by individual agencies.

Guidelines for Reading, Writing, Spelling Analysis (EDCI 555 & 556 PBA) **DUE June 22nd, July 6th, July 13th**

This assignment requires you to apply your knowledge of literacy development and literacy content through an in depth assessment of one child's literacy and the instructional program you would implement for that child based on the assessment. This analysis is the performance-based assessment for both literacy classes (EDCI 555 and EDCI 556).

Please identify an individual elementary-aged child to work with to assess the child's areas of strengths, skills, strategies, and instructional needs in the area of reading, writing, and spelling. Over the course of this assessment, you will spend time to get to know your target child as learner, specifically as a reader and writer.

Reading: Create opportunities to listen to the child read. Keep a log of when you read together. Gather data on the child's reading ability, including level, fluency, self-correction rate, strategy use, and comprehension. You may use anecdotal records, running records, interviews, discussions, reading inventories or any other form of assessment you see fit. You will present a snapshot of the child's reading ability at one point in time. Supporting documents should be attached as appendices and cited in the text. Include a research-based instructional plan.

Writing: Collect at least three writing samples. Be sure they are dated. The samples should include different types of writing. Avoid having all three be from the same source (e.g., 3 journal entries or 3 prompted stories). Based on these samples you will assess the child's writing ability. This will include the developmental level as well as specific examples of their strengths in form, function, and process. Supporting documents should be attached as appendices and cited in the text. Include a research-based instructional plan.

Spelling: Based on writing samples, information from the qualitative spelling inventory, and other observational data, identify the student's developmental spelling level as well as the word study strategies the student uses. Supporting documents should be attached as appendices and cited in the text. Include a research-based instructional plan.

In your final analysis, you will describe your target child's physical, environmental, linguistic, cognitive, and social characteristics to provide context for your analysis. You should also include a conclusion that synthesizes your analyses across Reading, Writing, and Spelling sections and provides specific recommendations for future instruction. It may help to view your cooperating teacher as the audience/recipient of your recommendation for further instruction.

It is expected that this analysis is coherent, well-organized, error free and adheres to APA format.
