# GEORGE MASON UNIVERSITY COLLEGE OF EDUCATION AND HUMAN DEVELOPMENT Teaching Culturally, Linguistically Diverse & Exceptional Learners

## EDCI 790 – Section 010 Internship in Education - ESL

6 Credits - Fall 2017
Meets Daily at School Sites

**Professor:** Lorraine Valdez Pierce, Ph.D.

Office Hours: Mondays, 4 – 5:30 p.m. and by appointment Office Location: Thompson Hall, Rm. 1502 – Fairfax Campus

Office Phone: (703) 993-2050 Email: LPIERCE@gmu.edu

## **Prerequisites/Corequisites**

Completion of all licensure courses, passing scores on PRAXIS I & VCLA

#### **University Catalog Course Description**

Intensive, supervised clinical experience for full semester in accredited school. Students must register for appropriate section.

#### **Course Overview**

The Graduate School of Education (GSE) prepares teacher licensure candidates to be reflective practitioners who use research-based practices and are responsive to diversity. Field experiences and Teaching Internships are an integral part of coursework and are significant opportunities for candidates to apply new knowledge, skills and dispositions in their teaching field.

Virginia state licensure for English as a Second Language (ESL) teachers at the PreK-12 levels requires teacher candidates to conduct <u>Teaching Internships at both elementary and secondary levels</u>. Since the teaching internship is a 6-credit, one semester requirement, the state mandate to do internships at two separate age/grade levels (and schools) limits the Teacher candidate to approximately 8 weeks at each level, except in cases of On-the-Job Interns, where candidates have received a provisional license to teach in a school while conducting the internship. In these cases, the intern will spend 20 hours observing teachers at a different grade range than the one she is teaching in. For example, an ESL teacher hired at an elementary school would need to make 20 hours of observation at a high school during the internship.

EDCI 790, *Internship in Education,* is the final course and culminating experience in Mason's state-approved ESL teacher licensure program. It provides opportunities for extended practice under the guidance of experienced professionals from the schools and university. Such professionals in the schools are called *Mentor teachers* (MT), except when they have been trained as clinical faculty to assume more responsibility for supervision of Teacher candidates. The *University Supervisor (US)* may be full-time or adjunct faculty.

The purpose of this *syllabus* is to provide guidance to the teacher candidate, the University Supervisor, and the Mentor teacher regarding procedures and required documentation for the ESL Teaching Intern. This syllabus does not purport to provide detailed assistance on planning, teaching, observation, supervision, or evaluation. These are covered in the ESL Teaching Internship Manual and other materials and training provided to members of the Teaching Internship team.

Many problems can be avoided by following instructions in this syllabus and in the internship manual and by seeking assistance early. Always try to solve a problem as close to the source as possible. If that is not possible, respect the lines of communication and authority in the school and university. For example, students should work with their Mentor teachers, principals, and On-site Supervisor before seeking help from the university supervisor. However, faculty and staff of the *Teaching Culturally, Linguistically Diverse & Exceptional Learners* program are available to provide information and assistance to all members of the student teaching team.

#### **Course Delivery Method**

The course format will be that of an internship, where each candidate spends time in a school working with Mentor Teachers and ESL students each day while being evaluated jointly by the Mentor Teacher and University Supervisor.

Teacher candidates can be either *Traditional* or *On-the-Job* Candidates. *Traditional* candidates are pre-service teachers who go into another teacher's classroom to learn from that teacher and take on that teacher's responsibilities for teaching. *On-the-Job* (OTJ) candidates, on the other hand, have been hired by a school system under a Provisional License and will be working independently in their own classrooms.

<u>Traditional Teacher candidates</u> in the ESL PreK-12 program will spend half of their internship period at the elementary grade level (K-6) and the remaining half at the secondary level (7-12). This will typically require a change of school.

On-the-Job Teacher candidates have been hired by a school system under a Provisional License and will be required to conduct their entire Internship at their school of employment. However, because they will be teaching at either the elementary or secondary level, they will also be required by the state and the college to observe students at a different school for a minimum of 20 hours during the on-the-job internship. This will entail leaving their own classrooms to observe teachers working with students at a different grade level. For example, an

OTJ candidate hired to work in a high school will be required to observe an ESL teacher in an elementary school during the Teaching Internship. On-the-Job candidates should make arrangements with their principal or supervisor to complete required observation hours. Hours can be completed by utilizing early release days, planning periods, or by taking leave.

The Teacher Candidate begins by observing the ESL teacher and general education or content teachers and co-teaching with any of these teachers. The purpose of conducting preliminary observations during Week 1 is to familiarize the candidate with the content of instruction in the ESL and various content or general education classrooms to see how each teacher differentiates instruction (or does not) for ESL students, to introduce the candidate to the nature of learning challenges posed to ESL students in both ESL and content-area classrooms (by shadowing an ESL student), and to generate ideas for conducting the Classroom-Based Assessment (CBA) Project.

The Traditional Teacher candidate will gradually assume responsibility for each class until he/she carries a full teaching load for a minimum of 4 weeks. Toward the end of the assignment, the Teacher Candidate gradually returns responsibility for instruction of each class to the ESL teacher. During the transition periods before and after independent teaching, the Mentor teacher and the Teacher candidate may co-teach or share responsibility for specific periods or subjects.

Teacher candidates should always progress at a rate appropriate to their preparedness to assume responsibility for instruction.

<u>Changing to OTJ Internship while in Traditional Internship</u> -In the event that a traditional teaching candidate is offered a full-time contract position with a local school division while in his/her internship, he/she may not immediately switch to an on-the-job (OTJ) internship. The candidate must withdraw from the traditional internship and may apply for an OTJ internship in a future semester.

Mason requires 300 clock hours of teaching, including 150 clock hours of direct teaching. This commitment is a **full-time**, 16-week experience. These requirements exceed state licensure requirements. An extended period of supervised teaching provides better preparation and is protection against contingencies such as illness or other interruptions. Traditional teacher candidates are expected to complete the full semester in two different schools (elementary & secondary). The remaining 150 hours must address indirect teaching, such as lesson planning, parent conferences, or attending faculty meetings or professional development sessions.

During the Internship, each candidate will complete a minimum of 150 hours of direct and independent teaching in his/her classroom for each placement (i.e. 75 hours in a K-6 classroom plus 75 hours in a 7-12 classroom for Traditional Interns). This is an incremental transition of accepting responsibility during the 8-16 week placement in which the Mentor teacher slowly decreases their active role and the candidate takes control of the classroom. Then, as the candidate transitions into the second placement or completion of the Internship, the Mentor teacher will gradually resume full control of the classroom. The Mentor teacher and Teacher candidate will work towards a mutually agreeable schedule to complete the required direct teaching in each placement.

In addition to classroom time, teacher candidates are expected to participate in school-based activities such as after-school programs, school open house or back-to-school night, or other non-teaching responsibilities as required by the school or the University.

Teacher candidates are expected to complete the full semester of the Internship. The Director of the Division of Advanced Professional Teacher Development & International Education may approve early termination based upon the recommendation of the University Supervisor and Mentor teacher.

#### **LEARNER OBJECTIVES**

This internship is designed to enable candidates to:

- 1. Plan and implement a variety of research- and standards-based lessons and instructional activities that meet students' learning needs;
- 2. Teach the academic language of the content areas;
- 3. Use technology to engage students and promote their learning;
- 4. Use knowledge of students' native cultures to plan activities that motivate their participation;
- 5. Provide scaffolding for student learning, such as modeling tasks and providing step-by-step directions;
- 6. Check for learner comprehension and identify areas needing more or different instruction;
- 7. Identify productive approaches to managing disruptive or unengaged students;
- 8. Design and use formative, classroom- and performance-based assessments to monitor student learning and direct instruction;
- 9. Engage in self-assessment to identify areas of strength and areas for improvement; and
- 10. Use professional behavior to collaborate with a school-based Cooperating Teacher and University Supervisor and respond appropriately to constructive feedback.

### PROFESSIONAL STANDARDS (TESOL/CAEP)

InTASC (Interstate Teacher Assessment and Support Consortium) and CAEP (Council for the Accreditation of Educator Preparation) Standards

This internship includes at least one Common Assessment developed by the College of Education and Human Development to assess candidates' performance on nationally accepted standards for

beginning teachers (InTASC) and our programs' performance on national accreditation standards (CAEP).

Licensure courses are aligned with TESOL/CAEP Standards for the Recognition of Initial TESOL Programs in P-12 ESL Teacher Education (2010) as well as with the Interstate New Teacher Assessment and Support Consortium (InTASC) Standards, which represent principles that should be present in all teaching environments, regardless of the subject or grade level, and serve as a framework for the systematic reform of teacher preparation and professional development programs. The standards aim to provide consistency in teacher education programs across the United States in terms of what ESOL teachers need to know and be able to do (i.e., knowledge, skills, and dispositions to effectively teach of culturally and linguistically diverse students).

Effective teachers of all disciplines, subjects, and grade levels model and apply the National Education Technology Standards for Teachers (NETS·T) as they design, implement, and assess learning experiences and as they engage students in the classroom to enhance and support learning while they provide positive models for ethical and effective use of technology to students, colleagues, parents, and the community.

Evidence of the degree to which the academic standards have been met may be compiled in a program participant's Professional Development Portfolio (refer to PDP Guidelines) throughout the licensure component of the program.

Upon completion of this internship, candidates will have met the following professional standards:

## **TESOL & NETS Standards**

- 1. **TESOL Domain 1. Language** Candidates know, understand, and use the major theories and research related to the structure and acquisition of language to help English language learners (ELLs) develop language and literacy and achieve in the content areas. Issues of language structure and language acquisition development are interrelated.
  - a. Standard 1.a. Language as a System Candidates demonstrate understanding of language as a system, including phonology, morphology, syntax, pragmatics and semantics, and support ELLs as they acquire English language and literacy in order to achieve in the content areas.
  - b. Standard 1.b. Language Acquisition and Development Candidates understand and apply theories and research in language acquisition and development to support their ELLs' English language and literacy learning and content-area achievement.
- 2. **TESOL Domain 2. Culture** Candidates know, understand, and use major concepts, principles, theories, and research related to the nature and role of culture and cultural groups to construct supportive learning environments for ELLs.
  - Standard 2. *Culture as It Affects Student Learning* Candidates know, understand, and use major theories and research related to the nature and role of culture in their instruction.

They demonstrate understanding of how cultural groups and individual cultural identities affect language learning and school achievement.

- 3. **TESOL Domain 3. Planning, Implementing, and Managing Instruction** Candidates know, understand, and use evidence-based practices and strategies related to planning, implementing, and managing standards-based ESL and content instruction. Candidates are knowledgeable about program models and skilled in teaching strategies for developing and integrating language skills. They integrate technology as well as choose and adapt classroom resources appropriate for their ELLs.
  - a. Standard 3.a. Planning for Standards-Based ESL and Content Instruction Candidates know, understand, and apply concepts, research, and best practices to plan classroom instruction in a supportive learning environment for ELLs. They plan for multilevel classrooms with learners from diverse backgrounds using standards-based ESL and content curriculum.
  - b. Standard 3.b. Implementing and Managing Standards-Based ESL and Content Instruction Candidates know, manage, and implement a variety of standards-based teaching strategies and techniques for developing and integrating English listening, speaking, reading, and writing. Candidates support ELLs' access to the core curriculum by teaching language through academic content.
  - c. Standard 3.c. Using Resources and Technology Effectively in ESL and Content Instruction Candidates are familiar with a wide range of standards-based materials, resources, and technologies, and choose, adapt, and use them in effective ESL and content teaching.
- 4. **TESOL Domain 4 Assessment -** Candidates understand issues of assessment and use standards-based assessment measures with ESOL students.
  - a. Standard 4.a. Issues of Assessment for ESL. Candidates understand various issues of assessment (e.g. cultural and linguistic bias, political, social, and psychological factors) in assessment, IQ, and special education testing (including gifted and talented); the importance of standards; and the difference between language proficiency and other types of assessment (e.g. standardized achievement tests of overall mastery), as they affect ESOL student learning.
  - b. *Standard 4.b. Language Proficiency Assessment*. Candidates know and use a variety of standards-based language proficiency instruments to inform their instruction and understand their uses for identification, placement, and demonstration of language growth of ESOL students.
  - c. Standard 4.c. Classroom-Based Assessment for ESL. Candidates know and use a variety of performance based assessment tools and techniques to inform instruction.
- **5. TESOL Domain 5. Professionalism** Candidates keep current with new instructional techniques, research results, advances in the ESL field, and education policy issues and demonstrate knowledge of the history of ESL teaching. They use such information to reflect on and improve

their instruction and assessment practices. Candidates work collaboratively with colleagues and the community to: improve the learning environment, provide support, and advocate for ELLs and their families.

a. Standard 5.b. Professional Development, Partnerships, and Advocacy - Candidates take advantage of professional growth opportunities and demonstrate the ability to build partnerships with colleagues and students' families, serve as community resources, and advocate for ELLs.

## **National Education Technology Standards**

#### Standard 2 - Design and develop digital age learning experiences and assessments

Teachers design, develop, and evaluate authentic learning experiences and assessment incorporating contemporary tools and resources to maximize content learning in context and to develop the knowledge, skills, and attitudes identified in the NETS-T (NETS-T 2a, 2b, 2c, 2d).

#### Standard 3 - Model digital age work and learning

Teachers exhibit knowledge, skills, and work processes representative of an innovative professional in a global and digital society (NETS-T 3a, 3b, 3d).

#### Standard 5 - Engage in professional growth and leadership

Teachers continuously improve their professional practice, model lifelong learning, and exhibit leadership in their school and professional community by promoting and demonstrating the effective use of digital tools and resources (NETS-T 5c).

#### **REQUIRED TEXTS:**

No single textbook is required for this internship, but a number of recommended books and articles are listed or available on Blackboard.

#### **Course Performance Evaluation**

Teacher candidates are expected to submit all evaluation documentation on time in the manner outlined by the lead faculty member and in the ESL Teaching Internship Manual.

#### Assignments

- Log of Hours: Teacher candidates keep a daily log of hours specifying hours spent in direct teaching activities, indirect teaching activities, and other school-based activities. The MT should verify and sign the Log of Hours on at least a weekly basis. A subtotal of hours is calculated and submitted to the University Supervisor at the midterm or end of first placement, and a total sum of hours is submitted at the end of the semester.
- **Bi-Weekly Progress Report:** Teacher candidates complete Part I of the Progress Report once every two weeks, give it to the Mentor teacher for completion of Parts 2 and 3, and submit it to the University Supervisor at each Formal Observation.
- Lesson Plans: For all direct teaching activities, the Teacher Candidate will provide lesson plans for review by the Mentor teacher. The Teacher Candidate should also submit draft lesson plans for the Formal Observation to the University Supervisor AT LEAST 48 HOURS PRIOR TO THE FORMAL OBSERVATION. The format should follow that of the Lesson Plan Template found in the ESL Teaching Internship Manual. The only lesson plans to be turned in to the University Supervisor are those used during the Formal Observations by the US (use file-naming protocol for electronic files see instructions for lesson plans and CBA Project). As part of each Formal Observation conducted by the University Supervisor, the MT & US will each independently rate the planning and instructional ability of the Teacher candidate using the Lesson Plan Rating Scale, compare scores and agree on a final total score.
- Formal Observations: Candidates will arrange to independently teach a group of students for a 60 90 minute period. Candidates working with MTs who do pull-out sessions with small groups for 30 minutes at a time will arrange to work with two groups consecutively during the Formal Observation. University Supervisors conduct observations using the Formal Observation Report form for each Teacher candidate at least four times during the entire Internship. These observations should be distributed at equal intervals, approximately every two weeks, preferably with two observations being made in each semester half. Observations should be of different classes or subject areas whenever possible. University Supervisors will discuss results with the Teacher Candidate and MT during the Formal Observation meeting.
- Videos of Teaching: Teacher candidates will submit two video recordings of 20 30 minute teaching segments in Weeks 4 and 12 for feedback from their University Supervisor and based on previous feedback for areas of needed improvement.

- Mid-Term & Final Evaluations Analytic Rubric for Evaluation of ESL Teacher Candidate &
  Teacher Candidate Assessment rubric. The University Supervisor completes a mid-semester and
  end-of-semester evaluation of each Teacher Candidate using two separate scoring rubrics after
  reaching consensus with the Mentor teacher. Signatures are necessary to verify consensus and
  that the form has been reviewed by the Teacher candidate.
- InTASC Standards one of the College's common assessments, the InTASC scoring rubric will be used to evaluate candidates at the mid-term and end of semester on qualifications for teaching and use of technology.
- Assessment of Dispositions candidates will be assessed on a range of professional behaviors, such as responsiveness to feedback and taking the initiative in problem-solving at the mid-term and end of semester.

## Other Requirements

**Attendance:** Teacher candidates maintain the same schedule as Mentor teachers, with the contract day as the minimum but not the norm. They <u>follow the school's calendar</u>, not the university calendar, until the end of the Mason semester.

**Absences:** Teacher candidates follow school division policy regarding notification of absences for illness or other emergencies. The Mentor teacher and principal must approve all absences (except emergencies) in advance. The University Supervisor must be notified of all absences as they occur, by email and by phone. Time missed in excess of three days usually must be made up in order to provide sufficient time for independent teaching or other experiences.

**School Dress Code:** Teacher candidates are required to obtain information on and follow the school dress code for teachers.

**Substitute Teaching:** Teacher candidates are <u>not allowed to be employed (except for On-the-Job</u> Interns) or paid as substitute teachers.

Professional and Legal Responsibilities: Teacher candidates are expected to meet professional standards in every respect, including personal appearance and behavior. Personal commitments are no excuse for failing to fulfill all duties and responsibilities of the Teaching Internship. Outside employment is not allowed during the Teaching Internship. Teacher candidates are legally responsible for exercising reasonable care for their ESL students' welfare and for complying with federal, state, and local policies and regulations. This is best accomplished through careful study of the school's Teacher Handbook and through guidance from teachers or administrators. Special attention should be given to responsibilities and procedures for dealing with suspected child abuse.

**Confidentiality of Records:** School Divisions and Mason policies regarding student records will be followed. A Teacher candidate's evaluation may be shared with the Mentor teacher, University Supervisor, and administrators until the University Supervisor submits the Teacher candidate's cumulative folder to the Office of Academic and Student Affairs. After that time, access will be in accordance with the Privacy Act. No materials will be released for employment purposes other than for verification of meeting licensure standards.

Blackboard: Every student registered for any TCLDEL course with a required performance-based assessment is required to post it and be evaluated through Blackboard. In this internship, candidates will upload lesson plans to Blackboard, and University Supervisors and Mentor Teachers will complete the Lesson Plan Rating Scale, the Analytic Scoring Rubric for Evaluation of ESL Teacher Candidate, the InTASC Scoring Rubric, and the Assessment of Dispositions Rubric. Failure to submit the assessment to Blackboard will result in the instructor reporting the course grade as Incomplete (IN). Unless the IN grade is changed upon completion of the required Blackboard submission, the IN will convert to an F nine weeks into the following semester.

## **NEW REQUIREMENTS added by VDOE as of July 1, 2017**

- o Hands-on training as part of <u>CPR/First Aid/AED certification for internship</u> required before applying for their teaching license.
- Complete the new VDOE Dyslexia Awareness training module required for teacher licensure.

## **Videos of Teaching & Required Seminars**

Teacher candidates will submit <u>two video recordings of 20 – 30 minute</u> teaching segments in <u>Weeks 4 and 12</u> for feedback from University Supervisors. <u>Weeks 4 and 12 are firm</u> <u>deadlines</u>, set to allow for feedback from the University Supervisor BEFORE mid-term or final performance evaluation. The US will provide feedback for improvement within one week of the candidate's email notifying her that he/she has uploaded a teaching video to Blackboard.

Along with the video, Teacher Candidates will upload to Blackboard <u>a 1-page description</u> setting the scene or providing the context (time of day, age group, level of proficiency, target <u>learning goal</u>) and ONE goal for improvement that he/she has set for him/herself based on previous feedback from your MT and US. What was the recorded lesson meant to accomplish for the intern and for the students? What does it demonstrate about the candidate's teaching? Based on the video, what would the candidate like to be able to do more effectively?

## Q: What technology will I need?

A: Any video source—smart phone, pad/tablet, video camera. Candidates wil download the video to a PC or laptop and then upload the video file to the *Assignments* tab on Blackboard using instructions for uploading videos with <u>Kaltura</u> at the following link: <a href="http://doit.gmu.edu/students/course-tools/kaltura/">http://doit.gmu.edu/students/course-tools/kaltura/</a>

## Q: What permissions will I need to videotape in my classroom?

A: Most area school divisions have media opt-out releases for students in their classrooms (leaving it to families to opt out of photographs/ videotapes that might be viewed in public

contexts), so permissions are rarely a concern. Teacher candidates should discuss video-recording activities with their cooperating teachers to be sure they are not capturing video of students who have opted out. Recordings will tend to focus on the teacher candidate rather than on students, so it is reasonable to avoid taping the faces of any K-12 students in short video segments.

#### **Required Seminars**

Teacher candidates are required to attend <u>monthly seminars</u> conducted throughout the semester on topics of direct relevance to their teaching. Seminars are typically conducted on Mondays from 5:30 to 7 pm with optional dinner afterward. Topics to be addressed, based on feedback from previous ESL interns, include: *classroom management, cooperative learning, culturally-responsive instruction, and dealing with tramautized immigrants or refugees*.

## **Grading Policy**

All assignments are required for a *Satisfactory* grade; requirements are not assigned different weights or percentages.

Assignment/Assessment Description	Standards Addressed
Log of hours	State requirement
Lesson Plan Rating Scale	TESOL 1 a, 1b, 2, 3a, 3b, 3c, 4c
	NETS-T 2, 3
Analytic Scoring Rubric for Evaluation of ESL	TESOL 2, 3a, 3b, 3c, 4c, 5a
Teacher Candidate - Mid-Term & Final	NETS-T 2, 3, 5
InTASC Scoring Rubric – Mid-term & Final	InTASC Standards 1 – 10
	NETS-T 1 - 5
Assessment of Dispositions – Mid-Term & Final	
Certification Form for OTJ ESL Tchr Candidates	State requirement

The Graduate School of Education has approved the following grading policy for EDCI 790, the Teaching Internship:

- 1. The grading scale will be <u>Satisfactory (S), No Credit (NC)</u>, or <u>In Progress (IP)</u> in accordance with university policy for Internships and GSE policy for counseling and administrative Internships.
- 2. The Mentor Teacher and the University Supervisor will determine the interim and final grades jointly after consultation. If the MT & US cannot agree on a final grade, the Director of the Division of Advanced Professional Teacher Development & International Education will determine the grade based on a review of the documentation and, in some cases, observation of the candidate's performance.
- 3. A Teacher candidate who receives a total <u>score of less than 3.0</u> on the final four-point *InTASC Scoring Rubric* or *Analytic Scoring Rubric for Evaluation of ESL Teacher Candidate* <u>will not be recommended for a state teaching license</u> until he/she repeats all or part of the internship

- with a grade of S (this may require re-enrolling and paying tuition for additional credit hours in a subsequent semester.)
- 4. A Teacher candidate whose performance cannot be evaluated at the end of the grading period will receive a grade of IP. An IP grade will be changed to S or NC before the beginning of the next semester.
- 5. In some cases, a grade of *NC* may be accompanied by a recommendation that the student not be allowed to repeat the Teaching Internship. In such cases, the student will be counseled out of the licensure program, although not necessarily out of the degree program.
- **6.** LATE WORK POLICY- At the graduate level all work is expected to be of high quality and submitted on the dates due. Work submitted late will be considered under evaluation for Professionalism. If candidates have any extraordinary circumstances that prevent them from submitting work in a timely manner, it is their responsibility to contact the instructor as soon as possible after the circumstances occur and make arrangements to complete the work. It is up to the discretion of the instructor to approve the late/makeup work.
- 7. LAPTOP/CELL PHONE POLICY Laptop use is permitted at the discretion of the instructor and for specific purposes as determined by the Mentor Teacher. Cell phones must be turned off/silenced during class periods but may used during breaks. Teacher candidates must follow school site regulations regarding teacher and student use of cell phones and laptops in school and in the classroom.

#### **PROFESSIONAL DISPOSITIONS**

Students are expected to exhibit professional behaviors and dispositions at all times. For a listing and self-assessment of these dispositions see PROFESSIONALISM in both scoring rubrics – *Analytic Rubric for Assmt. of ESL Teacher Candidate & Teacher Candidate Assessment* and in Blackboard>Organizations> TCLDEL Local Placement> Dispositions Assessment.

## **Teaching Schedule & Timeline A for <u>Traditional Candidates</u>**

Working with your MT, use the table below to schedule a gradual transition to your independent teaching and dates for your Formal Observations.

Weeks*	Teacher candidate (TC)	Mentor teacher (MT)	University Supervisor (US)
1-2	Observe MT & several content teachers for differentiation strategies and classroom management approaches (shadow several ESL students to their content or general education classrooms).  Learn about WIDA language proficiency testing schedule and how student scores are used to place students into the ESL program  Plan short lessons to co-teach, lead small groups  Complete Bi-Weekly Progress Report	Orient Intern to school  Facilitate observations of other teachers and classrooms  Plan short lessons with Intern  Allow Intern to co-teach and to work with small groups or individuals  Provide feedback on Intern's teaching skills  Complete Bi-Weekly Progress  Report	Meet with Intern, MT, & AP in charge of ESOL  Schedule observations  Explain, clarify, answer questions, especially required documentation
2 - 3	Plan longer lessons, reflect on the lessons presented  Participate in student-related activities  Take responsibility for teaching at least one class of students, then 2 and 3 classes  Schedule Formal Observation #1/3**  Complete Bi-Weekly Progress Report	Assist TC in lesson planning and provide feedback (Appendix A)  Allow TC to do independent teaching with at least one class of students  Complete Bi-Weekly Progress Report	Conduct Formal Observation # 1  Complete Formal Observation Report & Lesson Plan Rating Scale
4 - 8	Take over total teaching responsibility in coordination with MT for at least 4 weeks  During Weeks 7 and 8, gradually return all classes to the MT and freely observe other teachers  Schedule Formal Observation #2/4  Weeks 4 & 12: Conduct video recording of teaching segment and upload to Blackboard for feedback  Complete Bi-Weekly Progress Report, Log of Hours, online evaluation forms	Assist TC in taking over total teaching responsibility of classes agreed upon  During Weeks 7 (and 8) Gradually resume teaching responsibilities for all classes  Complete Bi-Weekly Progress Report, Mid-term or Final Evaluation Rubric, InTASC Rubric, Asmt. of Dispositions with US, and online	Complete Formal Observation Report & Lesson Plan Rating Scale, Complete Mid-Term or Final Evaluation Rubric,

<sup>\*</sup>Items in red indicate documents due to the University Supervisor.

<sup>\*\*4</sup> Formal Observations should be scheduled in Weeks 3-4, 5-7, 10 - 11 and 13-14 of the Internship.

# Teaching Schedule & Timeline B for On-the-Job Candidates

Weeks*	Teacher candidate (TC)	Mentor teacher (MT)	University Supervisor (US)
1-2	Meet MT & content teachers who work with your ESL students  Observe your MT teach her own and perhaps your class	Orient TC to school  Facilitate observations of other teachers and classrooms	Meet with Intern and MT Schedule observations
	Ask MT to cover your class while you (1) observe content or grade-level teachers for differentiation strategies and classroom management approaches and (2) <i>shadow</i> at least two ESL students	Provide feedback on lessons created by the Intern	Explain, clarify, answer questions, especially required documentation
	Arrange to observe in an elementary school if you are teaching at the secondary level (and vice versa)		
	Learn about WIDA language proficiency testing schedule and how your own students' scores are used for placement in the ESL program  Complete Bi-Weekly Progress Report	Complete Bi-Weekly Progress Report	
2 – 3 & 11 - 12	Continue drafting lesson plans and getting feedback from MT  Schedule Formal Observations	Provide feedback & suggestions on lesson plans, assessments, & classroom management	Conduct Formal Observations #1 & 3
	Complete Bi-Weekly Progress Reports	Complete Bi-Weekly Progress Reports	Complete Formal Observation Report & Lesson Plan Rating Scale
4 – 8 & 13 - 16	Schedule Formal Observations #3 & 4	Provide feedback & suggestions on lesson plans, assessments, & classroom management	Conduct Formal Observations # 2 & 4
	Weeks 4 & 12: Conduct video recording of teaching segment and upload to Blackboard for feedback		Complete Formal
	Complete Bi-Weekly Progress Reports  Complete Log of Hours & all evaluation forms	Complete Bi-Weekly Progress Report, Mid-term or Final Evaluation Rubric, InTASC Rubric, Asmt. of Dispositions with US, and online evaluation forms	Complete Formal Observation Report & Lesson Plan Rating Scale, Complete Mid-Term or Final Evaluation Rubric, InTASC Rubric, Assmt. of Dispositions with MT, and online evaluation
		evaluation forms	forms

<sup>\*</sup>Items in red indicate documents due to the University Supervisor.

#### **CORE VALUES COMMITMENT**

The College of Education & Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: <a href="http://cehd.gmu.edu/values/">http://cehd.gmu.edu/values/</a>.

#### **GMU POLICIES AND RESOURCES FOR STUDENTS**

#### **Policies**

- Students must adhere to the guidelines of the George Mason University Honor Code (see <a href="http://oai.gmu.edu/the-mason-honor-code/">http://oai.gmu.edu/the-mason-honor-code/</a>).
- Students must follow the university policy for Responsible Use of Computing (see <a href="http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/">http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/</a>).
- Students are responsible for the content of university communications sent to their
  Mason email account and are required to activate their account and check it regularly. All
  communication from the university, college, school, and program will be sent to students
  solely through their Mason email account.
- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see <a href="http://ods.gmu.edu/">http://ods.gmu.edu/</a>).
- Students must follow the university policy stating that <u>all sound emitting devices shall</u> be turned off during class unless otherwise authorized by the instructor.

#### Campus Resources

- Support for submission of assignments to Tk20 should be directed to <a href="mailto:tk20help@gmu.edu">tk20help@gmu.edu</a>
  or <a href="https://cehd.gmu.edu/aero/tk20">https://cehd.gmu.edu/aero/tk20</a>. Questions or concerns regarding use of Blackboard should be directed to <a href="http://coursessupport.gmu.edu/">http://coursessupport.gmu.edu/</a>.
- For information on student support resources on campus, see <a href="https://ctfe.gmu.edu/teaching/student-support-resources-on-campus">https://ctfe.gmu.edu/teaching/student-support-resources-on-campus</a>

For additional information on the College of Education and Human Development, please visit our website <a href="https://cehd.gmu.edu/students/">https://cehd.gmu.edu/students/</a>.

#### SPECIAL ASSISTANCE FOR TEACHER CANDIDATES

Teacher candidates will occasionally need special assistance and extraordinary arrangements to complete their licensure programs successfully. In such cases, the Teacher Candidate, University Supervisor, Mentor Teacher, and School Principal will collaborate to develop an individualized plan. The Director of Academic Operations, Office of Academic and Student Affairs will involve the Teacher Candidate's Academic Advisor and must approve the plan.

### Some special supports include:

- Arranging for observation of another candidate or a teacher who models the skills which the candidate needs to demonstrate, followed by a conference.
- Changing a placement within the school to provide a better match of candidate and Mentor teacher.
- Changing a placement to another school if a suitable alternative placement is not available in the same school.
- Modifying the schedule for independent teaching to begin more gradually and/or to add days.
- Providing special experiences during the period after independent teaching in order to address areas needing improvement.
- Referring the candidate to GMU's <u>Counseling and Psychological Services (CAPS)</u> for personal or therapeutic support.
- Referring the candidate to GMU's Office of Student Financial Aid (OFSA) for advice.
- Referring the candidate to GMU's <u>Student Health Services</u> or another source of medical assistance.
- Facilitating conferences with the candidate's academic advisor and/or course instructors.
- Advising the candidate that it is in his/her best interests to repeat all or part of an Internship in the following year.

#### **Coursework & Part-Time Jobs During the Internship**

Due to the intensive nature of the Teaching Internship, candidates will not be approved for taking any courses and are strongly discouraged from holding a part- or full-time job during the semester in which they conduct the Internship.

# **Rating Scales, Scoring Rubrics, & Observation Forms**

<b>Lesson Plan Rating S</b>	Scale	***	<b>Formal</b>	O	bservation#	
-----------------------------	-------	-----	---------------	---	-------------	--

University Supervisors and Mentor teachers will <u>each score independently</u> the Teacher Candidate's planning and instructional skills observed during the <u>Formal Observation</u>. Please compare scores (by phone, email, or in-person), and assign the scores that you both agree on. A passing score will be at least a total of 30 points with no single item less than a 2.

4 = Highly Effective 3= Effective 2 = Inef	fective 1	1 = Not Observ	ed	
Score	1	2	3	4
Task				
BEFORE TEACHING				
Planned appropriate, research- & standards-based instructional activities				
2. Planned for a multilevel classroom by incorporating appropriate scaffolding				
3. Used knowledge of culture and culturally-responsive materials to plan lessons that support learning				
4. Planned lessons focusing on integration of language through content				
DURING TEACHING				
5. Used teaching activities that engaged the learners, including cooperative learning and interactive tasks				
6. Integrated at least 2 language skills in each lesson				
7. Was flexible in adapting lesson plans to rate of student learning				
8. Addressed a variety of learning styles				
9. Checked for learner comprehension				
10. Used technological resources effectively to promote learning

DATE\_\_\_\_\_

Teaching	1	2	3	4
Skills	Does Not Meet Standard	Approaches Standard	Meets Standard	Exceeds Standard
Planning Instruction	Plans a teacher-centered classroom, does not differentiate instruction, does not address standards and does not reflect on teaching.	Plans activities that may not be research-based, do not differentiate instruction, or address either ESL or content-based standards, but may not reflect on teaching or make needed adjustments.	Plans research-based classroom activities with some differentiation, bases learning activities on both ESL and content-based standards, provides scaffolding for learning, and reflects on teaching but makes few adjustments.	Plans research-based instructional activities for multilevel classrooms that are supportive of linguistically and culturally diverse students, including those with special needs, bases learning activities on both ESL and content-based standards, provides a variety of scaffolding for learning, and reflects on teaching and makes necessary adjustments.
Managing & implementing instruction	Does not use activities that integrate language skills and content objectives AND does not use technological resources.	Demonstrates a limited range of teaching activities that may address only language objectives OR does not use technological resources.	Demonstrates teaching activities that integrate language skills and content objectives, and uses technology to enhance learning.	Demonstrates a range of teaching activities that integrate listening, speaking, reading, and writing with content objectives, uses cooperative learning and a range of technological resource materials effectively, and provides access to the core curriculum.
Classroom Management Skills	Does not show respect for all students, is unable to manage conflicts and disruptive behavior, and applies consequences inconsistently.	Shows respect for all students but is frequently unable to manage conflicts and disruptive behavior and/or applies consequences inconsistently.	Ensures that most students are on task, shows respect for students, but may have problems managing minor conflicts or disruptive behavior effectively or applying consequences consistently, and sets and enforces high expectations.	Ensures that most or all students are on task, shows respect for students, prevents or manages conflicts and disruptive behavior, applies consequences consistently, and sets and enforces high expectations for each student.

Culture	Does not demonstrate knowledge about students' cultural values.	Demonstrates knowledge of students' cultural values and beliefs but does not incorporate these values into lesson plans or instructional activities.	Applies knowledge of students' cultural values and beliefs to promote student learning but may only occasionally integrate these into lesson plans or instructional activities.	Regularly integrates students' cultural values and beliefs into lesson plans and instructional activities to tap prior knowledge and promote student learning.
Classroom-based (formative) Assessment	Does not conduct formative assessments or use performance-based assessment tools.	Uses few formative assessment tasks and tools, or most are not performance-based, or some of these do not provide appropriate scaffolding, and/or does not analyze results to inform instruction.	Designs formative assessment tasks and tools based on classroom instruction but some may not be performance-based or may not provide appropriate or sufficient scaffolding, uses results appropriately to direct instruction.	Designs and administers formative, performance-based assessment tasks and tools based on classroom instruction and curriculum objectives, provides appropriate scaffolding, and uses results appropriately to direct instruction.
Professionalism	Consistently arrives late, comes unprepared, does not respond appropriately to feedback, does not communicate effectively with MT or US, delays in submitting required documentation, and/or does not collaborate or follow school dress code. Does not participate in after- or before school activities.	May frequently be late or absent or comes unprepared, does not respond appropriately to feedback or does not communicate effectively with MT or US, or delays in submitting required documentation, and may not collaborate effectively with the MT or follow school dress code. Does not participate in after- or before school activities.	Arrives consistently on time, comes prepared for the task; responds well to feedback but may not communicate effectively with MT or US and/or delays in submitting required documentation, works collaboratively with the MT, and follows school's dress code. May participate in after- or before-school activities.	Arrives consistently early for each class or teacher meeting, comes fully prepared for the task at hand, responds to constructive feedback appropriately, communicates promptly and effectively with both MT and US, works collaboratively with the MT, participates in after- or before - school activities and professional development, submits documentation by required deadlines, and follows school's dress code.

To be completed by the Mentor teacher and University Supervisor <u>at MID-TERM and END of independent teaching</u> for each school placement.

## **Summary of Scores on Analytic Scoring Rubric for Evaluation of ESL Teacher Candidate**

Please indicate <u>consensus scores</u> between the Mentor teacher and University Supervisor on performance status of the Teacher candidate at midand end-of-semester.

Name of Intern:	<u>Sch</u> ool:	Date

#### InTASC Scoring Rubric (common assessment)

#### College of Education and Human Development - George Mason University

Γhis	s rubrio	describe	es the	clinical	experience	performance	standard	s in th	e Coll	ege of	Education	and I	Human	Devel	opme	nt at	Georg	e Mason	i
					-					_					-		_		

University. This instrument assesses classroom performance at <u>2 points during each semester</u> and is <u>completed jointly by the University</u> <u>Supervisor and Mentor Teacher</u>. If the average score for all standards is less than 3, or any individual standard is less than 3, the clinical experience/internship may be extended and materials resubmitted per instruction from your University Supervisor and Internship Coordinator.

This Internship evaluation form was designed to assess the Interstate Teacher Assessment and Support Consortium (InTASC) Standard Model Core Teaching Standards. These standards guide teacher education programs around the country and are a required part of our accreditation process. More information about the standards can be found at <a href="https://www.ccsso.org/Documents/2011/InTASC">www.ccsso.org/Documents/2011/InTASC</a> Model Core Teaching Standards 2011.pdf. Each standard is listed below and rows have been developed to assess specific elements in each standard. When applicable, further explanation of some standards is included in the first column of the rubric.

This assessment also meets the Virginia Department of Education (VDOE) Standards for the Professional Practice of All Teachers. Standards are tagged with the appropriate VDOE standard, as applicable. Virginia Department of Education's technology standards for educators are assessed at the end of this document.

Programs may choose to identify content knowledge and pedagogy standards that are met by the InTASC standards. If used, they are also identified in the appropriate rubric row.

Semester

## **Scoring Guidelines**

- **4-Exceeds Standard:** Candidates receive a score of 4 if they perform beyond the expectations of candidates at this point in their programs. There is evidence that candidates have done additional research, identified additional resources, and/or demonstrate exceptional understanding and application of the standard.
- **3-Meets Standard:** This is the **TARGET** score. This score reflects that candidates have met the standard at the level expected at this point in their program. Candidates who receive a 3 have successfully met the standard.
- **2-Approaching Standard:** Candidates receive this score when their understanding and effort does not meet the Target but shows basic understanding of the content being assessed.
- **1-Does not meet standard:** Candidates who do not submit work, and/or who submit work that is clearly below the expectations for a candidate at this point in their program.

## LEARNER AND LEARNING

## InTASC 1 Learner Development

The candidate understands how learners grow and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and designs and implements developmentally appropriate and challenging learning experiences that include the use of technology.

Performance	1	2	3	4	Evidence/Comments

## **CONTENT KNOWLEDGE-Also see SPA Standards.**

## InTASC 4. Content Knowledge

The candidate understands the central concepts, tools of inquiry, and structures of the discipline(s) he or she teaches and creates learning experiences that make these aspects accessible and meaningful for learners to ensure content mastery.

6.2 Candidate uses formative assessment to monitor and adjust instruction and to guide the learner decision making.  VDOE 4	Candidate does not incorporate formative assessment in the lesson or unit.	The candidate's approach to the use of formative assessment is rudimentary, including only some of the instructional outcomes and does not involve the learner in decision making.	The candidate's approach to using formative assessment to monitor and adjust instruction and includes a process where the learner, as well as teacher, uses information from the assessments.	Candidate has a well-developed formative assessment plan that uses formative assessment to monitor and adjust instruction. The Teacher Candidate has designed particular approaches to be used and actively involved the learner in decision making.

## PROFESSIONAL RESPONSIBILITY

InTASC 9. Professional Learning and Ethical Practice

The candidate engages in ongoing professional learning and uses evidence to continually evaluate his or her practice, particularly the effects of teacher choices and actions on others (learners, families, other professionals, and the community), and adapts practice to meet the needs of each learner in an ethical and responsible manner.

Performance	1	2	3	4	Evidence/Comments

Comments/Goals:

## TECHNOLOGY STANDARDS

Virginia's Department of Education (VDOE) has identified technology standards for instructional personnel. Virginia teachers take on four roles related to the effective use of appropriate technologies. The following roles are assessed below.

- Lifeline Learner
- Digital Leadership
- Learning Facilitator
- Skilled Technology User

Additionally, CAEP identifies the following technology standards that apply to field-based experiences and instruction of P-12 students:

- 1.5 Providers ensure that candidates model and apply technology standards as they design, implement and assess learning experiences to engage students and improve learning; and enrich professional practice.
- 2.3 The provider works with partners to design clinical experiences of sufficient depth, breadth, diversity, coherence, and duration to ensure that candidates demonstrate their developing effectiveness and positive impact on all students' learning and development. Clinical experiences, including technology-enhanced learning opportunities, are structured to have multiple performance-based assessments at key points within the program to demonstrate candidates' development of the knowledge, skills, and professional dispositions, as delineated in Standard 1, that are associated with a positive impact on the learning and development of all P-12 students.
- 3.4 The provider creates criteria for program progression and monitors candidates' advancement from admissions through completion. All candidates demonstrate the ability to teach to college- and career-ready standards. Providers present multiple forms of evidence to indicate candidates' developing content knowledge, pedagogical content knowledge, pedagogical skills, and the integration of technology in all of these domains.

## Technology

Candidates model and apply technology standards as they design, implement and assess learning experiences to engage students and improve learning; and enrich professional practice. Candidates effectively use available technologies to provide opportunities for all learners to use technology in a purposeful and developmentally appropriate way.

## **VDOE 1 Lifelong Learner**

Candidates engage in ongoing professional learning related to content, pedagogy and technology.

The candidate used digital tools to obtain feedback and to collaborate in ways that allows for reflection on educational topics to improve teaching and learning.	The candidate did not reflect on feedback to improve teaching and learning, nor collaborated on educational topics to improve teaching and learning.	The candidates may or may not have reflected on feedback. There was little evidence of collaboration on educational topics to improve teaching and learning.	The candidate reflected on feedback and collaborated on educational topics to improve teaching and learning.	community on educational topics and learning opportunities.  The candidate used reflection-inaction to reflect on feedback and strategically worked to improve teaching and learning.	
The candidate promoted safe and ethical behavior with students through collaborative online experiences, including the development of an understanding of the rights and obligations of student privacy and security when collecting and using student data and selecting digital content, tools, and resources.	The candidate did not take purposeful actions to promote safe and ethical behavior with students through collaborative online experiences.	The candidate took actions to promote safe and ethical behavior with students through collaborative experiences, but actions were not consistently observed.	The candidate promoted safe and ethical behavior with students through collaborative online experiences.	The candidate promoted safe and ethical behavior with students through collaborative online experiences.	
The candidate modeled the use of technology to communicate, created appropriate digital content, (including tools and resources that meet local, state and/or federal policies), collaborated and solved problems.	The candidate did not use available technology to make responsible instructional decisions—grounded in knowledge of digital safety and security best	The candidate occasionally used available technology to make responsible instructional decisions—grounded in	The candidate used available technology to make responsible instructional decisions—grounded in knowledge of digital safety and security best	The candidate effectively used available and appropriate technology, as well as additional technology identified to assist in making purposeful	

	practices. The candidate did not effectively use digital communication and collaboration tools and resources.	knowledge of digital safety and security best practices—that pertain to various digital communication and collaboration tools and methods. The technology used was often ineffective or not well aligned to digital safety and security best practices.	practices—that pertain to various digital communication and collaboration tools and methods. The available technology used was effective or well aligned to digital safety and security best practices.	instructional decisions about digital safety and security best practices. The candidate consistently used digital communication and collaboration tools and methods in their own classroom. The technology used was effective and well aligned to digital safety and security best practices.
The candidate cultivated and managed their digital identity and reputation and displayed awareness of the permanence of his/her actions in the digital world.	The candidate made multiple choices (personal and instructional) that was evidence he/she was unaware of the permanence of his/her actions in the digital world.	The candidate made instructional decisions that was evidence he/she was unaware of the permanence of his/her actions in the digital world.	The candidate made appropriate personal and instructional decisions that was evidence he/she was clearly aware of the permanence of his/her actions in the digital world.	The candidate made appropriate personal and instructional decisions that was evidence he/she was clearly aware of the permanence of his/her actions in the digital world. The candidate provided specific instruction and models for students regarding the permanence of the students' actions in the digital world.

## **VDOE 3 Learning Facilitator**

Candidates support student learning by harnessing the power of technology.

Diversity

## College-and-Career-Ready

		8	·	
The candidate assisted students in selecting and using appropriate and available digital tools for learning, creating, problem-solving and communicating.	The candidate did not use available technology for thinking skills, problem solving, and decision-making, communication, and presentation within the curriculum.	The candidate occasionally used available technology for thinking skills, problem solving, and decision-making.	The candidate used a variety of formative and summative assessments assessed, using both quantitative and qualitative techniques, to meet the needs of students and stakeholders.	The candidate consistently and purposefully used effective and appropriate technology as a tool for thinking skills, problem solving, and decision-making.
The candidate Incorporated learning strategies that used technology to accommodate learner variability, personalize learning, and engender student choice, self-direction and goalsetting, including the use of data to effectively respond to students' needs and communicate findings to various stakeholders.	The candidate did not use available technology as a tool for adapting instruction to meet the needs of learners in a variety of educational settings. The candidate did not provide opportunities for learners to use available and appropriate technologies.	The candidate's use of available technology was not evident for most of these tasks: data collection, information management, problem solving, decision-making, communication, and presentation within the curriculum.	The candidate purposefully used available and appropriate technology for thinking skills, problem solving, and decision-making. This included using technologies for data collection, information management, problem solving, decision-making, communication, and presentation within the curriculum.	The candidate took the initiative to seek out additional technologies for data collection, information management, problem solving, decision-making, communication, and presentation within the curriculum.
The candidate used a variety of formative	The candidate	The candidate	The candidate used	The candidate used

The candidate demonstrated the ability to choose and use digital technologies including both hardware, software and web-based resources to support classroom instruction, including basic computing operations such as accessing accounts, select appropriate applications to perform tasks, file management and web navigation.	The candidate did not use technology to support instruction.	The candidate used limited or archaic technologies to support instruction.	The candidate used effective, appropriate, and contemporary technologies to support instruction.	The candidate systematically, used effective, appropriate, and contemporary technologies to support instruction.	
The candidate demonstrated the ability to troubleshoot typical classroom technologies.	The candidate had poor technology knowledge and skills and could not perform basic computing operations or troubleshoot classroom technology issues.	The candidate had poor technology knowledge and skills and could perform only very basic computing operations. The candidate was able to troubleshoot basic classroom technology issues.	The candidate applied technology knowledge and skills and could easily perform basic computing operations and troubleshoot classroom technology issues.	The candidate applied extensive technology knowledge and skills to create a variety of technology-supported activities. The candidate could easily perform computing operations and troubleshoot a wide-range of classroom technology issues.

## **Assessment of Dispositions**

Candidate Name:	Course/Section:EDCI 790 – 010 – ESL Tchg Internship
Assessors:	Date Assessed:

Education professionals are held to high standards, both inside and outside of the classroom. Educators are evaluated on their behaviors and interactions with students, parents, other professionals, and the community at large. The behaviors observed reflect the *dispositions* held by education professionals at all stages in their careers, including as a candidate in CEHD's teacher licensure programs.

Dispositions reflect one's attitudes and deeply held beliefs. They can be positive (e.g., committed) or negative (e.g., apathetic). Dispositions are not directly "visible," but are inferred from one's actions. Throughout a candidate's program of study at Mason, s/he should demonstrate behaviors that reflect positive dispositions befitting a professional. Dispositions are assessed multiple times during the teacher education program. Growth in one's dispositions is developmental and can be informed through instruction, experience, and reflection. A single occurrence of dispositional issues might be due to a lack of understanding of the disposition and expectations of appropriate behaviors. It is important that an assessor rely on observations of candidate behaviors when assessing dispositions. Assessment of dispositions should not be used as a punitive action, but as an instructional tool to address developmental gaps or clarify the overt actions being assessed for each dimension of the disposition.

**Directions for Assessors:** For each of the dimensions below, please rate the degree to which you observe the candidate behaving in a fashion consistent with each disposition, 4 being the highest as "Consistently Evident," 1 being the lowest as "Rarely Evident." Assessors will base ratings upon multiple data points, observations, and/or incidents.

## What each Rating Means

A score of 4-Consistently Evident is a rating for candidates who exhibit behaviors beyond the expectations of candidates at this point in their programs.

## A score of 3 (Often Evident) is the target score.

A score of 2 (Occasionally Evident) should be viewed as a "teachable moment" for the assessor. The assessor <u>should meet with the candidate to clarify expectations and discuss what behaviors were observed</u> that warranted a score of 2. (See the Educator Preparation Office (EPO) website at <a href="https://cehd.gmu.edu/epo/">https://cehd.gmu.edu/epo/</a> for specific information related to this process.)

A <u>single score of 1 (Rarely Evident) will require the creation of a Disposition Development Plan to assist the candidate in improving dispositions</u>. (See the EPO website at <a href="https://cehd.gmu.edu/epo/">https://cehd.gmu.edu/epo/</a> for a copy of the Plan.) For further direction and specifics related to how the dispositions are assessed in your program, please contact your Academic Program Coordinator, Course Lead, Assessor, or the Educator Preparation Office at 703-993-5899.

#### **Rating Guidelines**

- **4-Consistently Evident** Consistently Evident is a rating for candidates who exhibit behaviors beyond the expectations of candidates at this point in their programs. Observers see candidates demonstrate behaviors consistent with professional dispositions in multiple situations/data points.
- **3-Often Evident**-is the TARGET score. This score reflects that candidates have met the standard at the level expected at this point in their program. Behaviors are observed that align with expectations for this specific dimension of the dispositions. Candidates who receive a 3 have successfully met the disposition.
- **2-Occasionally Evident-** Candidates receive this score when their understanding and effort does not meet the Target but they exhibit some of the behaviors associate with the disposition. A score of 2 requires a conversation with the candidate to clarify or educate him/her on the appropriate behaviors associate with the disposition.
- **1-Rarely Evident-** Candidates receive a 1 when his/her understanding and behaviors related to a disposition is not evident or rarely exhibited. A score of 1 requires a specific action plan to educate and/or remediate behaviors associate with the disposition.

Descriptions of behaviors are provided for each dispositional dimension and are meant to be representative examples of observable behaviors. The examples may pertain to your specific setting, but should not be viewed as encompassing all observable behaviors related to the disposition:

	Consistently	Often	Occasionally	Rarely	Not
	Evident	Evident	Evident	Evident	Applicable
	4	3	2	1	
1. Openness to Feedback					
<ul> <li>Is receptive to constructive criticism/growth-producing feedback</li> <li>Self-regulates and modifies professional behavior based on feedback</li> <li>Seeks opportunities for professional growth to improve practice</li> <li>Acts on feedback toward improvement</li> </ul>	4	3	2	1	
2. Continuous Improvement/ Change Orientation					
<ul> <li>Takes initiative appropriately</li> <li>Seeks opportunities for continual improvement and change</li> <li>Seeks evidence for use in decision making</li> <li>Is willing to take appropriate risks/try new things</li> </ul>					
3. High Expectations for Learning					
<ul> <li>Takes appropriate responsibility for student learning</li> <li>Holds high expectations for all learners</li> <li>Monitors and assesses student learning to provide feedback and alter instruction to improve learning</li> </ul>	4	3	2	1	
4. Advocacy	4	3	2	1	

- Advocates on behalf of students and families
- Seeks to understand and address student issues and challenges
- Shows a genuine interest in others' well-being
- Seeks to direct students and/or families to needed resources

					45
5. Professionalism	4	3	2	1	
<ul> <li>Is punctual and well prepared</li> <li>Exhibits professional demeanor (dress &amp; appearance)</li> <li>Is reliable, responsible</li> <li>Demonstrates respect for students, families, colleagues, and/or property</li> <li>Uses technology &amp; social media appropriately</li> </ul>					
6. Legal and Ethical Conduct	4	3	2	1	
<ul> <li>Exhibits integrity and ethical behavior</li> <li>Maintains privacy and confidentiality of sensitive information</li> <li>Demonstrates fairness and consistency in applying and enforcing rules, policies, and regulations</li> </ul>	on Condidate 2
