Prerequisites/Corequisites

EDLE 620, EDLE 690, and EDLE 791

EDLE 616.001 Course Description-Curriculum Development and *Evaluation*

Examines relationship of written, taught, and tested curriculum; and identifies critical leadership decisions that can positively impact student achievement. Identifies components of effective curriculum guides, and constructs a Curriculum Design model for emerging leaders. Mini document for personal use is constructed.

Course Overview

Examines the development of curriculum and its impact on students, staff and success of school divisions. The course further explores national legislation and emerging politic that influences what is taught and how it is preparing students for the century.

Course Delivery Method

A variety of instructional methods are used to cover the subject matter and create a dynamic, interactive learning environment. These methods may include large and small group discussions, case studies, media, Internet assignments, lecture, guest practitioners, group presentations, interviews, collaborative learning and reflection. There is some out-of-class work expected. *The challenge is to become a community of learners.*

Learner Outcomes or Objectives

The importance of strengthening and guiding instruction in educational settings is a leadership theme of academic and professional organizations alike. The purpose of the course is to strengthen the knowledge, skills and dispositions of EDLE candidates as instructional leaders

and managers. The course provides models for (1) designing and managing curriculum; (2) relating to school board policy, professional development, and budget to effective instructional leadership; (3) constructing effective teacher-friendly curriculum guides; and (4) collecting and using demographic data to create a plan for improved student performance.

This course meets applicable competencies, standards, and guidelines set forth by the Virginia Department of Education (VA DOE), Interstate School Leaders Licensure Consortium (ISSLC), National Council for Accreditation of Teacher Education (NCATE), and Educational Leadership Constituent Council (ELCC), as shown below:

VA DOE Competencies (a 1,3,4,5 and 6; c1; e1; f 4,5)

NCATE Guidelines (Strategic Leadership: 1.3, 1.6, 2.4; Instructional Leadership: 3.3, 3.4, 3.5, 3.6, 3.9; Organizational Leadership: 9.1)

ELCC Standards [2011]: (1.1), (1.2), (1.4), (2.2), (2.3), (2.4), (6.3)

Students who successfully complete the requirements for EDLE 616 will be able to:

- [i] demonstrate an in-depth knowledge of curriculum design, development and evaluation and connect all parts to ELCC standards in the design [and presentation] of a mini curriculum framework
- [ii] demonstrate the ability to analyze school demographic and assessment data and use the same to create a professional development plan [PDP] to improve student performance in two critical areas
- [iii] identify an emerging/controversial issue in curriculum development/evaluation and create a plan to serve as a guide for educators to fully understand it [the plan should connect best thinking/practices on the issue to 2 or 3 essential questions]
- [iv] investigate the components of a well-formed BOE policy on curriculum development/evaluation and apply that knowledge to *so/ve* a problem either at a specific grade level or content area.

Internship [EDLE 791]: For questions relating to the connections between the Internship and coursework, please talk with either [i] the Instructor, or [ii] your Internship Advisor.

Technology Requirements

Online access is vital for the distance learning aspects of the course and is important if we experience school shutdowns because of the weather or other problems. **All students are now required to activate and monitor their GMU e-mail accounts.** It is my expectation that you will be fully competent to send and receive e-mail messages **with attachments**. If your computer at school or home has spam blocking that will prevent you from seeing messages with attachments,

you are responsible for addressing this problem immediately. All students should have access to standard word processing software that can be read by Microsoft Office 2007.

Required Textbooks:

Nancy J. Mooney and Ann T. Mausbach. (2008) *Align the design: A blueprint for school improvement*. Alexandria, VA: Association for Supervision and Curriculum (ASCD).

Jacobs, Hayes H. (2010) *Curriculum 21: essential education for a changing world*. Alexandria, VA: Association for Supervision and Curriculum Development (ASCD).

Virginia Standards of Learning

Reference texts (optional use as resources for curriculum/PD project.... purchase not required)

McTighe, Jay., Wiggins, G. (2004) *Understanding by design: professional workbook*. Alexandria, VA: Association for Curriculum Development (ASCD).

Course Requirements and Evaluation Criteria

You are expected to attend each class because discussion, presentations, and hands-on activities are critical parts of the course. The completion of and reflection on assigned readings, **constructive participation** in discussions and group work, as well as on-line communication with group members are routine expectations. **Access to a computer and a GMU email account are essential because you will receive important information from the university only on your GMU account and only GMU email accounts may be used to communicate with the instructor.**

If missing a class is unavoidable, you are responsible for notifying the instructor (preferably in advance) by either email or phone. **It is your responsibility to check with class colleagues for notes and assignments and complete any missed assignments and readings, etc. before the start of the next class.** All absences **may** affect your final grade because of the heavy emphasis on class participation. All written assignments must be completed on a word processor (unless otherwise indicated) and turned in on or before the due date.

Late assignments will lower your grade on the paper or project, and will not be accepted or given credit if received 48 hours late. Specific course requirements and assigned due dates may be altered as the instructor receives input from you and your classmates about your school calendars. To plan and complete group projects, you may need to meet with other group members at times other than during scheduled class sessions.

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, Tk20, hard copy).

Evaluation and Grading

Because EDLE 616 is a graduate level course, high quality work is expected in class and on all assignments. Assignments 1, 2, 3 and 4 are graded by a rubric. In this way, the rubric can both inform the completion of the assignments and serve as an instrument to assess your grade for the activity.

This course is designed to further develop and expand your managerial and ethical skills in the area of instructional leadership and management. You will be assessed on your ability to analyze situations from the broad perspective of a school administrator, and be expected to view the impact of the decisions from a systematic perspective and from the benefit to student learning.

The grading assessment scales and assigned percentages shown below are guidelines only. Your final grade for the semester will reflect the instructor's judgment of your classroom performance as you attempt to demonstrate leadership behaviors, perspectives and attitudes.

TK20 Performance-Based Assessment Submission Requirement

Every student registered for any EDLE Course with a required performance-based assessment is required to submit these assessments, [a] **Demographic Analysis of Data**, and [b] **Curriculum Design Framework** to TK20 through Blackboard (regardless of whether the student is taking the course as an elective, a onetime course or as part of an undergraduate minor). Evaluation of the performance-based assessment by the course instructor will also be completed in Tk20 through Blackboard. Failure to submit the assessment to Tk20 (through Blackboard) will result in the course instructor reporting the course grade as Incomplete (IN). Unless the IN grade is changed upon completion of the required Tk20 submission, the IN will convert to an F nine weeks into the following semester

Grading Scale:

Participation in class, contribution to group learning.....	10 points
Assignment #1 Identify Critical School Board Policy for Curriculum Development and Evaluation	15 points
Assignment #2 Demographic Analysis of Assessment Data.....	20 points
Assignment #3 Design of Curriculum Framework.....	40 points
Assignment #4 Professional Development for Curriculum Change.....	15 points

TOTAL: 100 points

A+=100 points
B+=87-89 points
C=75 -79 points

A=95-99 points
B=83 -86 points
F=74 points or below

A- =90-94 points
B- =80 -82 points

Professional Dispositions

Students are expected to exhibit professional behaviors and dispositions at all times. Acceptable electronic device use is that pertinent to course topics during class time.

Class Schedule (Faculty reserves the right to alter or change schedule as necessary, with notification to students)

Date	Topic	Essential Questions	Readings, Talks, Etc.	Assignment Due Dates
Session 1 August 28	<ul style="list-style-type: none"> • Introductions • Course Overview/Syllabus • Course in 'Miniature' 	<ol style="list-style-type: none"> 1. What is the definition of curriculum? 2. What is the purpose of curriculum & what is its function in schools and schooling? 3. **Syllabi created in a learner vacuum are by nature, imperfect. **

***** A make-up session will be scheduled, if needed, to replace any session that is cancelled due to weather conditions or other unforeseen circumstances. ******

Core Values Commitment

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles. <http://cehd.gmu.edu/values>

For additional information on the College of Education and Human Development, Graduate School of Education, please visit our website [See <http://gse.gmu.edu/>]

George Mason University Policies and Resources for Students

Policies

1. Students must adhere to the guidelines of the Mason Honor Code (see <http://oai.gmu.edu/the-mason-honor-code/>).
2. Students must follow the university policy for Responsible Use of Computing (see <http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/>).
3. Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students **solely** through their Mason email account.
4. Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see <http://ods.gmu.edu/>).
5. Students must follow the university policy stating that all sound emitting devices shall be silenced during class unless otherwise authorized by the instructor.

Campus Resources

1. Support for submission of assignments to Tk20 should be directed to tk20help@gmu.edu or <https://cehd.gmu.edu/api/tk20>. Questions or concerns regarding use of Blackboard should be directed to <http://coursesupport.gmu.edu/>.

2. The George Mason University Writing Center staff provides a variety of resources and services (e.g., tutoring, workshops, writing guides, handbooks) intended to support students as they work to construct and share knowledge through writing (see <http://writingcenter.gmu.edu/>).
3. The George Mason University Counseling and Psychological Services (CAPS) staff consists of professional counseling and clinical psychologists, social workers, and counselors who offer a wide range of services (e.g., individual and group counseling, workshops and outreach programs) to enhance students' personal experience and academic performance (see <http://caps.gmu.edu/>).
4. The George Mason University Office of Student Support staff helps students negotiate life situations by connecting them with appropriate campus and off-campus resources. Students in need of these services may contact the office by phone (703993-5376). Concerned students, faculty and staff may also make a referral to express concern for the safety or well-being of a Mason student or the community by going to <http://studentsupport.gmu.edu/>, and the OSS staff will follow up with the student.

Assignment #1

Identify Critical School Board Policy for Curriculum Development and Evaluation ***(Individual Assignment)***

Purpose:

As educators, it is important that we have a clear understanding of the educational policies developed by our school boards, and our responsibility as educational leaders to implement them. This assignment will challenge your ability to investigate a particular policy adopted by a chosen school board and examine its impact on student learning and achievement.

Assignment:

Prepare at minimum a 3 -5 page, double spaced document that investigates one chosen school board policy and analyze its components in relation to the needs of a [i] specific grade level or [ii] content area. Candidates will conduct interviews with administrators and/or stakeholders to gain detailed knowledge of the policy and its impact at the local school level.

School Board Policy
Grading Rubric

ELCC Standards	Criteria	Exceeds Expectations 4	Meets Expectations 3	Approaching Expectations 2	Below Expectations 1
<p>Candidates understand and can anticipate and assess emerging trends and initiatives in order to adapt school-based leadership strategies. [ELCC: 6.3]</p> <p><i>weighting 20%</i></p>	<p>Candidates clearly identify a selected curricular area.</p> <p>Candidates include a statement that relates to area of study.</p>	<p>Proposed curricular area is identified and adequately and clearly described.</p> <p>Statement is clear with adequate reference to the needs of the student learners.</p>	<p>Proposed curricular area is identified AND adequately described.</p> <p>Statement is clear with adequate reference to learners.</p>	<p>Proposed curricular area is identified or described, but not both.</p> <p>Statement is vague or rambling with some reference to student learning.</p>	<p>Proposed curricular area is not identified or described.</p> <p>No statement is included.</p>
<p><i>weighting 40%</i></p>	<p>Connections made from School Board Policy to grade level and/or content area.</p>	<p>Connections from School Board Policy to grade level and/or content area are clearly and concisely explained.</p>	<p>Connections from School Board Policy to grade level and/or content area listed.</p>	<p>Connections from School Board Policy to grade level and/or content area hinted at.</p>	<p>No connections made.</p>

<i>weighting 35%</i>	Candidates will conduct interviews with [a] Administration or [b] School Board members regarding selected policy.	Impact of School Board Policy clearly and concisely presented from multiple interviews [a and b].	Impact of School Board Policy presented from either [a] or [b].	Impact of School Board Policy discussed in general terms.	Impact of School Board Policy is not discussed.
<i>weighting 5%</i>	Spelling, grammar, mechanics.	The project is error free and clearly and professionally presented.	The project has no spelling errors and no more than two mechanical errors.	The project has some spelling grammar, and/or mechanical errors.	The project has multiple errors in spelling, and/or mechanic.

Assignment #2: Demographic Analysis of Assessment Data
**Study of Demographic Information and Assessment Data for Improved Student
Performance - Individual Assignment**
****REQUIRED PERFORMANCE** [Tk20]**

Purpose:

The purpose of this assignment is to demonstrate the ability to analyze demographic and test data (Standards of Learning or other test results) **as it relates to curriculum and/or instructional improvement**. Each student will obtain the above-mentioned information from their schools, and analyze strengths/weaknesses of existing Action Plans with a view to *helping teachers improve student performance* **in two curriculum areas**. Candidates should also include analysis of relevant [recent] research-based strategies as a part of the effort to lead school improvement. (An individual learning activity completed during and outside of class).

Assignment:

Prepare, at minimum, a Mini-CASE STUDY (5 to 7 pages, including graphics) utilizing the analysis of actual demographic and test data from your school, and, after examining existing sitebased Action Plans, analyze the *strengths and weaknesses* in the Action Plan with a view to helping teachers/staff members improve student performance in the **two targeted** curriculum areas.

Plan of Action

1. Locate the most recent AYP data for your school
2. Identify demographic information for your school as it relates to AYP data for NCLB sub-groups
3. Analyze the data in two academic areas. Include a brief description of your findings and conclusions regarding curriculum/instruction deficit areas.
4. Examine and analyze existing site-based “action plans” (focusing on strengths and weaknesses) that target the two curriculum areas you selected for improving student achievement.
5. Locate current research-based strategies [recent] that would help [i] target the identified deficit areas, and [ii] strengthen (and improve) the delivery of curriculum/instruction to improve future student performance in those areas.
6. Finally, make recommendations to site-based leadership on ways to involve school staff in the change process.

Assignment #2: Analysis of Assessment Data [Rubric]

Criteria	Levels of Achievement			
	exceeds expectations	meets expectations	approaching expectations	falls below expectations
<p>ELCC 4.1: Candidates understand and can collaborate with faculty and community members by collecting and analyzing information pertinent to the improvement of the school's educational environment. Weight 20.00%</p>	<p>90 to 100 % Cultural diversity in the school and its community is described and analyzed (race, ethnicity, gender, age, socio-economic status, English language learners, and special education) over at least the last three years.</p>	<p>80 to 89 % Cultural diversity in the school is described and analyzed (race, ethnicity, gender, age, socio-economic levels, English language learners, and special education) over the last three years.</p>	<p>70 to 79 % Cultural diversity is described and analyzed, but lacks information on all 7 categories.</p>	<p>0 to 69 % Cultural diversity of either the school or community is analyzed, but not both.</p>

sustainable school improvement Weight 15.00%	promote continual and sustainable school improvement.	continual and sustainable school improvement.	continual and sustainable school improvement.	and sustainable school improvement.
ELCC 1.4 Candidates understand and can evaluate school progress and revise school plans supported by school stakeholders Weight 10.00%	90 to 100 % Candidate provides evidence of a superior ability to evaluate school progress and revise school plans supported by school stakeholders.	80 to 89 % Candidate provides evidence of an adequate ability to evaluate school progress and revise school plans supported by school stakeholders.	70 to 79 % Candidate provides evidence of some ability to evaluate school progress and revise school plans supported by school stakeholders.	0 to 69 % Candidate does not provide evidence, or demonstrates an inability to evaluate school progress and revise school plans supported by school stakeholders.
ELCC 2.2 Candidates understand and can create and evaluate a comprehensive, rigorous, and coherent curricular and instructional school program. Weight 15.00%	90 to 100 % Current school action plan(s) are analyzed in relation to identified achievement gap areas. Instructional practices, instructional programs, and assessments that support student learning in two curriculum areas are described and evaluated.	80 to 89 % Current school action plan(s) are analyzed in relation to identified achievement gap areas. Instructional practices and/or instructional programs, and/or assessments that support student learning in two curriculum areas are described and evaluated.	70 to 79 % Current school action plan(s) are analyzed in relation to identified achievement gap areas. Instructional practices, programs, and assessments are not clearly described or evaluated.	0 to 69 % Limited analysis provided of school action plan(s) in relation to identified achievement gap areas. Instructional practices, programs, and assessments are not addressed.
ELCC 3.4 Candidates understand and can develop school capacity for distributed leadership. Weight 20.00%	90 to 100 % Recommendations highlight appropriate research strategies to promote improved student achievement in two curriculum areas and involve	80 to 89 % Recommendations highlight appropriate research strategies to promote improved student achievement in ONE curricular area and involve school staff in the change process. Strategies reflect students' learning needs analyzed	70 to 79 % Recommendations include limited evidence of appropriate research strategies to improve student achievement and may involve school staff in the change process. Strategies may	0 to 69 % Recommendation does not include appropriate research strategies, involve the school staff, or connect to students' learning needs.

	school staff in the change process. Strategies reflect students' learning needs analyzed from the school's demographic and assessment data.	from the school's demographic and assessment data.	not reflect students' learning needs.	
Spelling, grammar, mechanics. Weight 5.00%	90 to 100 % The project is error free and is clearly and professionally presented.	80 to 89 % The project has no spelling errors and no more than two mechanical errors.	70 to 79 % The project has some spelling, grammar and/or mechanical errors.	0 to 69 % The project has multiple errors in spelling and/or mechanics.

Assignment #3: Design of Curriculum Framework
[Curriculum Framework Design Project]
*****REQUIRED PERFORMANCE*** [Tk20]**

Purpose:

The purpose of this assignment is to demonstrate, **on a smaller scale**, knowledge of program design in curriculum as evidenced in the creation of a **content area** model for emerging leaders in the field of administration. The rationale for developing a program for emerging leaders instead of a grade level or subject area framework is because instructional/administrative leadership focuses on broad implementation, as opposed to teacher leadership that is more grade/subject specific (these curricula are often mandated by the state/district anyway). As one of the middle courses in the licensure program, creating a leadership framework allows students an opportunity to reflect on what they've learned about site-based leadership to date and what they would still like to explore. This also helps to define a topic for Assignment Four. Finally, creating the framework ties all (if not most) of the major concepts of the course together, allowing students to practically apply what they've learned in a concrete way (theory to practice), such as aligning the program with standards and assessments, as well as implementing the ideas of Backwards Design (UBD). These concepts can then be applied to any curricular area as a site-based leader. Some examples of smaller-scale program designs in Curriculum might be: Special Education, Global Education, Leading in Urban Settings, etc.

Assignment:

In small groups explore and research existing leadership programs, then individually design and construct a Curriculum Guide Framework for aspiring educational leaders. The document is not to exceed 20 pages [25 slides if using PowerPoint], including references that are written in APA style. Components to be included in the curriculum framework are listed in the directions below.

DIRECTIONS:

[a] Collaboratively.....

- Conduct Internet searches of other leadership programs across the nation (and world).
- Interview both seasoned and new administrators about what they believe emerging administrators need in preparing them for 21st century leadership.
- Check the web sites of educational organizations, the State Departments of Education, accrediting agencies to discover the requirements and suggested content and activities for leading-edge programs.
- Collect information and ideas about leadership development from other sources selected by your group.

[b] Individually.....

- Be creative in your ideas about the different teaching methods that could help aspiring leaders learn, how they will be assessed, activities for learning, and locations where leadership development could occur.
- Synthesize those data that your group collects from various sources and make content and format decisions for your [individual] curriculum document. Select the essential knowledge, skills, and dispositions that you believe should be included in a curriculum framework for aspiring leaders. Then, construct a matrix to validate and support what you consider “the right curriculum.” Select one of
- the concepts in your program design and use a modified “backward design” mini lesson plan to teach that concept to aspiring leaders [Assignment #4]

Your curriculum framework –curriculum map, course offerings & brief descriptions-should include the following components:

1. a philosophy and/or vision for the aspiring leaders’ program
2. a validation matrix with at least 4 to 6 sources (include ISLLC, NCATE, ELCC, VA DOE components)
3. a list of the critical knowledge, skills, and dispositions needed by aspiring leaders
4. a list of essential questions to guide the content of your curriculum framework

5. one PD mini-lesson using the simplified backward design model [Assignment 4]
6. evidence of inclusion of UBD
7. a reference page to document the sources [minimum of 6] used when collecting data and constructing the framework.

Assignment #3: Design of Curriculum Framework [Rubric]

Criteria	Levels of Achievement			
	exceeds expectations	meets expectations	approaching expectations	falls below expectations
ELCC 6.3 Candidates demonstrate skills in adapting leadership strategies and practice to address emerging school issues. Weight 20.00%	90 to 100 % Proposed curriculum design model reflects [i] current best practices; [ii] emerging trends; [iii] validation by at least 4 Standards' authorities; and [iv] current research on Leadership Programs.	80 to 89 % Proposed curriculum design model includes [a] emerging trends, and [b] 2 other elements listed.	70 to 79 % Proposed curriculum design model includes [a] emerging trends, and [b] 1 other element listed.	0 to 69 % Proposed curriculum design model suggests (generally) trends, best practices and current research.
ELCC 6.2 Candidates understand and can act to influence decisions affecting student learning in the school environment. Weight 10.00%	90 to 100 % Proposed curriculum design model demonstrates candidate's superior ability to advocate for policies and programs that promote equitable learning opportunities for all students	80 to 89 % Proposed curriculum design model demonstrates candidate's ability to advocate for policies and programs that promote equitable learning opportunities for all students	70 to 79 % Proposed curriculum design model demonstrates some capacity to advocate for policies and programs that promote equitable learning opportunities for all students	0 to 69 % The proposed model does not include evidence relate to candidate's superior ability to advocate for policies and programs that promote equitable learning opportunities for all students
ELCC 1.1 Candidates demonstrate skills in the design and support of a collaborative process for developing and implementing a school vision. Weight 10.00%	90 to 100 % Proposed curriculum design model includes [i] a strong mission & philosophy statement; [ii] a vision for a program of excellence; [iii] specific indicators of knowledge, skills and dispositions served; [iv] and at least 4 essential questions to guide the program.	80 to 89 % Proposed curriculum design model includes 3 out of the 4 elements listed.	70 to 79 % Proposed curriculum design model includes 2 out of the 4 elements listed.	0 to 69 % Proposed curriculum design model only focuses on 1 of the elements listed.

<p>ELCC 1.4 Candidates understand and can evaluate school progress and revise school plans supported by school stakeholders Weight 10.00%</p>	<p>90 to 100 % Candidate provides evidence of a superior ability to evaluate school progress and revise school plans supported by school stakeholders.</p>	<p>80 to 89 % Candidate provides evidence of an adequate ability to evaluate school progress and revise school plans supported by school stakeholders.</p>	<p>70 to 79 % Candidate provides evidence of some ability to evaluate school progress and revise school plans supported by school stakeholders.</p>	<p>0 to 69 % Candidate does not provide evidence, or demonstrates an inability to evaluate school progress and revise school plans supported by school stakeholders.</p>
<p>ELCC 2.2 Candidates understand and can create and evaluate a comprehensive, rigorous, and coherent curricular and instructional school program. Weight 15.00%</p>	<p>90 to 100 % Proposed curriculum design model incorporates current Adult Learning theories, multiple assessment (formal & informal) models, opportunities to showcase diverse learners, and strong evidence of the UBD backward design model.</p>	<p>80 to 89 % Proposed curriculum design model includes 3 out of the 4 elements listed.</p>	<p>70 to 79 % Proposed curriculum design model includes 2 out of the 4 elements listed.</p>	<p>0 to 69 % Proposed curriculum design model focuses only on 1 element listed.</p>
<p>ELCC 2.3 Candidates demonstrate skills in designing the use of differentiated instructional strategies, curriculum materials, and evidence of UBD in design and the provision of high-quality instruction. Weight 15.00%</p>	<p>90 to 100 % Proposed curriculum design model reflects differentiation in the design, and a strong inquiry-based approach to learning in the entire course sequence.</p>	<p>80 to 89 % Proposed curriculum design model includes evidence of 2 out of the 3 elements listed.</p>	<p>70 to 79 % Proposed curriculum design model includes evidence of 1 out of the 3 elements listed.</p>	<p>0 to 69 % Proposed curriculum design model only hints at generalities in all of the elements listed.</p>
<p>ELCC 2.4 Candidates demonstrate skills in using technologies for improved classroom instruction, student achievement and continuous school improvement. Weight 10.00%</p>	<p>90 to 100 % Proposed curriculum design model incorporates the application of technologies in classroom instruction, student achievement, and school improvement.</p>	<p>80 to 89 % Proposed curriculum design model includes 2 out of the 3 elements listed.</p>	<p>70 to 79 % Proposed curriculum design model lists only one of the elements.</p>	<p>0 to 69 % No elements are included in the overall design.</p>
<p>ELCC 3.5 Candidates demonstrate</p>	<p>90 to 100 %</p>	<p>80 to 89 %</p>	<p>70 to 79 %</p>	<p>0 to 69 %</p>

<p>that they can understand and ensure that teacher time focuses on supporting high quality instruction and student learning Weight 5.00%</p>	<p>The proposed curriculum model demonstrates a superior understanding and ability to protect and account for use of time to focus on quality instruction and learning for all students</p>	<p>The proposed curriculum model demonstrates some understanding and ability to protect and account for use of time to focus on quality instruction and learning for all students</p>	<p>The proposed curriculum model demonstrates vague or incomplete understanding and ability to protect and account for use of time to focus on quality instruction and learning for all students</p>	<p>The proposed model does not provide evidence of candidate understanding and ability to protect and account for use of time to focus on quality instruction and learning for all students</p>
<p>Unblemished Prose. Weight 5.00%</p>	<p>90 to 100 % Proposed curriculum design model is error free.</p>	<p>80 to 89 % Proposed curriculum design model contains 1 or 2 errors.</p>	<p>70 to 79 % Proposed curriculum design model contains 5 or more errors.</p>	<p>0 to 69 % Proposed curriculum design model is riddled with errors.</p>

Assignment #4

Professional Development for Curriculum Change

**Identify, Create and Deliver a Professional Development Session for a Selected Curriculum Issue from Assignment 3 OR for a current controversial issue
(Group Project – IN CLASS)**

Purpose:

As educational leaders, we are frequently faced with instructional issues directly related to the written/taught curriculum, and the challenge of presenting them to colleagues in the schoolhouse. The purpose of this assignment is to demonstrate the ability to deliver a PD session to class colleagues based on a **new** course [or new course idea] identified in Assignment 3 **OR** a current controversial issue in curriculum, utilizing the tenets of the *taught curriculum* & 'backward design'[UBD].

Assignment:

You (plural) will identify a current/future curriculum issue and create a PD plan that serves as a guide for educators (can be an issue identified in Assignment #3). Candidates may use a variety of information gathering methods including interviews with peers, administrators, and/or central office personnel; you may also wish to obtain information from the text as well as curriculum guides. Prepare a 15 to 20-minute PD presentation designed to assist educators in their understanding of the curriculum issue and which utilizes the format of the Taught Curriculum & 'backward design' [UBD].

ELCC Standards	Criteria	Exceeds Expectations 4	Meets Expectations 3	Approaching Expectations 2	Below Expectations 1
Candidates understand and can develop and supervise the instructional and leadership capacity of school staff. [ELCC: 2.3] <i>weighting 50%</i>	Clearly identifies a curricular issue/area that includes a rationale that connects to Assignment 2, explains choice of curricular issue. Exemplifies the ‘taught’ curriculum format including: <i>(1) assessing prior knowledge (2) essential questions & understandings (3) modeling main concept (4) differentiation where appropriate (5) assessing for understanding</i>	Proposed curricular area is identified and adequately and clearly described. All elements of the ‘taught’ curriculum are in evidence.	Proposed curricular area is identified AND adequately described. Some elements of the ‘taught’ curriculum are in evidence [3 out of 5].	Proposed curricular area is identified or described, but not both. One or two elements [only] of the ‘taught’ curriculum are in evidence.	Proposed curricular area is not identified or described. No elements are in evidence.
<i>weighting 50%</i>	Includes a professional development “plan” [UBD], which includes a rationale, materials, instructional methods and a guide for ongoing assessment.	Appropriate instructional methods, experiences, activities, and assessments are included and clearly stated. Plan shows reflective thought.	Appropriate instructional methods, experiences, activities, and assessments are included and clearly stated [one of each].	Instructional methods, experiences activities, or assessments are included [but not all listed].	Instructional methods, experiences, activities and/or assessments are not included.

ELCC Standards	Criteria	Exceeds Expectations 4	Meets Expectations 3	Approaching Expectations 2	Below Expectations 1
<i>weighting 10%</i>	Includes suggestions for using technology to enrich curriculum and instruction.	Adequate and appropriate suggestions for using technology to enrich curriculum and instruction practices are included in the lesson design, along with citations for finding resources.	Adequate and appropriate suggestions for using technology to enrich curriculum and instructional practices are included in the lesson design.	Some technology use is included in the lesson design, but its use may not be appropriate.	Technology use is not included in the lesson design.
<i>weighting 10%</i>	Spelling, grammar, mechanics	The project is error free and clearly and professionally presented.	The project has no spelling errors and no more than two mechanical errors.	The project has some spelling grammar, and/or mechanical errors.	The project has multiple errors in spelling, and/or mechanics.
