University Catalog Course Description  
Examines complexity of language acquisition and literacy development. Focuses on typical and atypical language development, connections between language and literacy, and diversity of communication styles in families and cultures. Emphasizes first and second language acquisition.

Course Overview  
Not Applicable

Course Delivery Method  
This course will be delivered using a lecture and discussion format.

Learner Outcomes or Objectives  
This course is designed to enable students to do the following:  
1. Explain the reciprocal nature of reading and writing.  
2. Discuss factors (social, cultural, affective, cognitive, and educational) that play a role in language acquisition and literacy learning (reading and writing).  
3. Describe development of linguistic competence in the areas of phonetics, semantics, syntax, morphology, phonology, and pragmatics.  
4. Explain the importance of play-based learning in prekindergarten and kindergarten children’s language and literacy development.  
5. Select and enact strategies that develop prekindergarten and kindergarten children’s phonemic and other phonological awareness, concepts of print, phonics, fluency, vocabulary development, comprehension, composition, conventions of print, spelling development, handwriting, and writing processes.  
6. Recommend ways to foster prekindergarten and kindergarten children’s appreciation of a variety of fiction and non-fiction text.
7. Design a literacy-rich environment that promotes prekindergarten and kindergarten children’s interest and engagement in language acquisition, reading, and writing.

8. Evaluate prekindergarten and kindergarten classroom language and literacy environments and resources (e.g., centers, circle time, toys, books, digital technologies, etc.).

**Professional Standards (Council of Exceptional Children and National Association for the Education of Young Children)**

Upon completion of this course, students will have met the following professional standards:

Not Applicable

**Required Texts**

**Course Performance Evaluation**

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, Tk20, hard copy).

- Assignments and/or Examinations

**Literacy-Rich Classroom Environmental Design (15 points)**

Students will design a literacy-rich environment for a prekindergarten or kindergarten classroom. Students will do the following:

- Make a sketch of a literacy-rich classroom.
- Describe how the classroom environmental design promotes language and literacy in young children.
- Cite class readings, handouts, resources, and discussions to support assertions and include a reference list formatted in APA style.
Family Communication on Developing Linguistic Competence (20 points)
Students will develop a communication (e.g., newsletter, brochure, webpage, blog, etc.) focused on developing prekindergarten and kindergarten children’s linguistic competence in the areas of phonetics, semantics, syntax, morphology, phonology, and pragmatics. Students will include the following:
• Background information, including family-friendly definitions and examples, supported by class readings, handouts, resources, and discussions;
• Three family-friendly, culturally responsive activities families can do at home or in the community that develop linguistic competence;
• A description of one resource families can access to support their child’s language development; and
• A reference list of the sources cited formatted in APA style.

The communication will be created in an engaging and family-friendly format and will be no longer than two single-spaced pages.

Interactive Reading and Writing Experiences Plans (50 points)
Students will plan an interactive reading experience and an interactive writing experience for prekindergarten or kindergarten children. They will do the following for each lesson:
• Part 1: Plan a Reading Experience. Plan a read aloud experience and extension activities.
  o Evaluate three potential books to read aloud using the evaluation form provided in class.
  o Select one book to read to a group of prekindergarten or kindergarten children and write a rationale for the selection of this book
  o Write a read aloud lesson plan using the lesson plan format provided by the instructor.
  o Describe at least three extension activities that extend the read aloud, including at least one that involves a play-based learning activity.
  o Support instructional decisions (i.e., rationale for the book selection, the lesson plan activities, and the extension activities) by citing class readings, handouts, resources, and discussions and including a reference list of the sources cited in APA style.

• Part 2: Plan a Writing Experience. Plan a writing experience and extension activities.
  o Write a lesson plan using the lesson plan format provided by the instructor.
  o Describe at least two extension activities that extend the writing experience, including at least one that involves a play-based learning activity.
  o Support instructional decisions (i.e., rationale for the book selection, the lesson plan activities, and the extension activities) by citing class readings, handouts, resources, and discussions and including a reference list of the sources cited in APA style.

• Other Requirements

Attendance and Participation (15 points)
Because active participation and engagement are imperative for optimal learning, preparation for and participation in in-class activities will be evaluated based on the following criteria:
• Students attend class, arrive on time, and stay for the entire class period.
• Students complete readings and prepare for class activities prior to class as is evidenced by their ability to discuss and write about the concepts presented and examined in the texts as well as participate fully in related activities.
• Students are actively involved in in-class and online learning experiences as is evidenced by (1) participating in all activities, (2) engaging in small- and large-group discussions, (3) completing written work related to the activities, and (4) supporting the participation and learning of classmates.
• Students show evidence of critical reflective thinking through in-class and online discussions, activities, and written reflections.

Written Assignments
All formal written assignments will be evaluated for content and presentation. The American Psychological Association, Sixth Edition (APA) style will be followed for all written work. All written work unless otherwise noted must be completed on a word processor and should be proofread carefully. (Use spell check!) If students are not confident of their own ability to catch errors, they should have another person proofread their work. When in doubt, they should check the APA manual. Portions of the APA manual appear at the Style Manuals link on the Mason library web at http://infoguides.gmu.edu/content.php?pid=39979. Students may consult the Writing Center for additional writing support.

Students will do the following:
1. Present ideas in a clear, concise, and organized manner. (Avoid wordiness and redundancy.)
2. Develop points coherently, definitively, and thoroughly.
3. Refer to appropriate authorities, studies, and examples to document where appropriate. (Avoid meaningless generalizations, unwarranted assumptions, and unsupported opinions.)
4. Use correct capitalization, punctuation, spelling, and grammar.

Type the paper with double spacing, indented paragraphs, 1-inch margins all around, and 12-point Times New Roman font.

• Grading

A = 95-100  A- = 90-94  B+ = 87-89  B = 83-86  B- = 80-82  C = 70-79  F = < 70

All CEHD undergraduate and graduate students are held to the university grading policies as described in the Academic Policies section of the current catalog, which can be accessed at http://catalog.gmu.edu. Those students enrolled in a CEHD Licensure Graduate Certificate program, however, must earn a B- or better in all licensure coursework. A degree-seeking graduate student will be dismissed after accumulating grades of F in two courses or 9 credits of unsatisfactory grades (C or F) in graduate courses. A 3.0 grade point average is required for completion of the graduate degree.

Professional Dispositions
Students are expected to exhibit professional behaviors and dispositions at all times.

**Core Values Commitment**
The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: [http://cehd.gmu.edu/values/](http://cehd.gmu.edu/values/).

**GMU Policies and Resources for Students**

*Policies*

- Students must adhere to the guidelines of the Mason Honor Code (see [http://oai.gmu.edu/the-mason-honor-code/](http://oai.gmu.edu/the-mason-honor-code/)).

- Students must follow the university policy for Responsible Use of Computing (see [http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/](http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/)).

- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students **solely** through their Mason email account.

- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see [http://ods.gmu.edu/](http://ods.gmu.edu/)).

- Students must follow the university policy stating that all sound emitting devices shall be silenced during class unless otherwise authorized by the instructor.

*Campus Resources*

- Support for submission of assignments to Tk20 should be directed to [tk20help@gmu.edu](mailto:tk20help@gmu.edu) or [https://cehd.gmu.edu/aero/tk20](https://cehd.gmu.edu/aero/tk20). Questions or concerns regarding use of Blackboard should be directed to [http://coursessupport.gmu.edu/](http://coursessupport.gmu.edu/).
• The Writing Center provides a variety of resources and services (e.g., tutoring, workshops, writing guides, handbooks) intended to support students as they work to construct and share knowledge through writing (see http://writingcenter.gmu.edu/).

• The Counseling and Psychological Services (CAPS) staff consists of professional counseling and clinical psychologists, social workers, and counselors who offer a wide range of services (e.g., individual and group counseling, workshops and outreach programs) to enhance students’ personal experience and academic performance (see http://caps.gmu.edu/).

• The Student Support & Advocacy Center staff helps students develop and maintain healthy lifestyles through confidential one-on-one support as well as through interactive programs and resources. Some of the topics they address are healthy relationships, stress management, nutrition, sexual assault, drug and alcohol use, and sexual health (see http://ssac.gmu.edu/). Students in need of these services may contact the office by phone at 703-993-3686. Concerned students, faculty and staff may also make a referral to express concern for the safety or well-being of a Mason student or the community by going to http://ssac.gmu.edu/make-a-referral/.
