Prerequisites/Corequisites

Completion of CNDV program course work except for EDCD 610 or electives (total credits cannot exceed 3 credits); overall GPA of 3.00; no grade lower than B in skills courses EDCD 630, 606/609 and 608; no more than two grades of C in any other graduate course work required by CNDV program; permission of advisor.

University Catalog Course Description

Provides supervised practice in a counseling setting similar to the setting in which the student may work with an emphasis on the counseling process.

Course Overview

Provides supervised practice for a minimum of 200 hours in a counseling setting similar to the setting in which the student may work. This is a weekly graduate class with an emphasis on site processing.

Course Delivery Method

This course will be delivered using a seminar-style with class discussions, group supervision, and triadic supervision. Class discussions will include brief didactic presentations on relevant and emerging topics for the practicum students, and will include time for group discussion. Group supervision will focus on providing students an opportunity to present, discuss, conceptualize, and receive feedback on current students the practicum students are working with and other professional issues practicum students are experiencing at their practicum setting. Students will have opportunities to discuss specific site-related issues and to strategize about techniques and interventions. Because of the serious nature of this work, it is essential that students discuss their reactions and feelings. Such discussions, however, cannot take place outside the context of a supervised class or appropriate site circumstance. Students may not discuss cases in other classes, with friends or relatives, or in social situations. It is essential to maintain confidentiality. Violations of this principle in any form will be treated as a serious ethical/legal infraction. It is also imperative

that students discuss cases with their on-site supervisor. If students have questions or concerns that need immediate attention, please contact the university instructor.

Learner Outcomes or Objectives

This course is designed to enable students to do the following:

1. Integrate knowledge of counseling theory, conceptualization, and intervention into counseling practice;
2. Demonstrate basic/advanced knowledge and skill competencies per Practicum/Internship Contract agreement and criteria for mid-semester and final evaluations;
3. Apply the C&D mission, including multicultural counseling competencies, social justice, and advocacy;
4. Respond appropriately to ethical/legal issues, site professional standards, and GMU and C&D's professional dispositions;
5. Understand and develop the role of a professional school counselor;
6. Develop program evaluation and prevention program planning and implementation skills consistent with the C&D mission.
7. Develop a professional school counselor portfolio.

Professional Standards (CACREP)

Upon completion of this course, students will have met the following professional standards:

1. Demonstrates the ability to apply and adhere to ethical and legal standards in school counseling. (B.1)
2. Demonstrates self-awareness, sensitivity to others, and the skills needed to relate to diverse individuals, groups, and classrooms. (D.1)
3. Provides individual and group counseling and classroom guidance to promote the academic, career, and personal/social development of students. (D.2)
4. Demonstrates the ability to recognize his or her limitations as a school counselor and to seek supervision or refer clients when appropriate. (D.5)
5. Demonstrates multicultural competencies in relation to diversity, equity, and opportunity in student learning and development. (F.1)
6. Advocates for the learning and academic experiences necessary to promote the academic, career, and personal/social development of students. (F.2)
7. Assesses barriers that impede students' academic, career, and personal/social development. (H. 5)
8. Develops measurable outcomes for school counseling programs, activities, interventions, and experiences. (J.2)
9. Analyzes and uses data to enhance school counseling programs. (J.3)
10. Conducts programs designed to enhance student academic development. (L.1)
11. Participates in the design, implementation, management, and evaluation of a comprehensive developmental school counseling program. (P.1)

12. Plans and presents school-counseling-related educational programs for use with parents and teachers (e.g., parent education programs, materials used in classroom guidance and advisor/advisee programs for teachers). (P.2)

Course Performance Evaluation

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, Tk20, hard copy).

- **Assignments and/or Examinations**

EDCD 755 is graded on a Pass/Fail basis. The completion of the following assignments must be met to receive a passing grade:

1. **Assignment Descriptions:**

- a. **Successful Completion of all course requirements.** Students must successfully complete all course requirements as identified above in order to pass this course.

- b. **Participation.** As a class that focuses on learning from practical experiences of the students, this class places a heavy emphasis on processing of information through class discussion, small group discussion, and participating in experiential activities. In addition, because the class will be so interactive and experiential, there is no way to “get the information” from a missed class—the class experience cannot be replicated. For these reasons, your class attendance and active participation is vital not only to your learning, but to your classmates learning as well. Several factors will go into your participation grade, including:

- i. **attendance** (every student is expected to be at every class),

- ii. **punctuality** (every student is expected to be ready to go when class begins, and to stay for the duration of class time),
- iii. **active participation** in class exercises (key is *active*, contributing ideas, giving feedback, participating in group discussions),
- iv. **substantive contributions** to class discussions (not quantity of contributions, but contributions that demonstrate thoughtful analysis of information; comments that move discussion forward; comments based on knowledge and experience, not just opinion; and a demonstrated ability to propose new ideas and/or build on others' ideas in a meaningful way).

c. Student-Client consultation presentations. Students will present one student-client presentation during group supervision in order to receive feedback and consultation from the group. For the group supervision case presentation, practicum students should provide the class with a brief, 1-2 page handout that includes: a brief summary of the client's presenting problem; background, and/or identifying data; discussion of the counseling process, including number of sessions, the nature of those sessions, strategies used, goals, attention to diversity/multicultural issues, use of multicultural counseling strategies, counselor thoughts about 'what's going on;' plans for future sessions, and an evaluation of counseling skills and effectiveness. These forms will be given to the instructor after class so that they may be shredded.

d. Closing the Achievement Gap Project.

Part 1: Students will collaborate with their site supervisor and other school stakeholders to obtain access to meaningful school data (e.g., achievement, attainment or access, and/or school culture). Data should be disaggregated according to race, ethnicity, gender, socioeconomic status, and other criteria to illuminate and analyze any inequities in student achievement. If a school is racially and ethnically homogeneous, then data should be disaggregated by cultural groupings (e.g., gender, socioeconomic status) and school/class characteristics (e.g., teacher, courses taken, grades, etc.). With the help of the site supervisor, students will review the data and reflect upon an area of need that a school counseling intervention could address. If applicable, the proposed school counseling intervention(s) should focus on individual, group and/or school-wide outcomes.

Based on this data analysis and consultation, students will create a document that:

- a) Outlines the identified concern found through data analysis (What is the issue or area of concern?)
- b) Presents a basic needs assessment to address the concern (Who/what is needed to help?)
- c) Details a counseling program/intervention (e.g., classroom lesson or group) that could address the concern (What we will do about it)
- d) Details the types of data to be collected (e.g., process, perception, and outcome data) and time line for completion (How will we know if it worked?)

This document should be presented to your site supervisor and other school stakeholders as well as to your Practicum class. Students may use the Closing the Gap Action Plan, School

Counseling Core Curriculum Action Plan, or Small-Group Action Plan templates provided by the ASCA National Model (2012) as a guide.

Part 2: Based on the identified concern, students will deliver a classroom lesson or facilitate a small-group. Students will collect data on the unit or small group and create a document of the program's effectiveness and make suggestions for future implementation of the program. Students may use the School Counseling Core Curriculum Results Report or the Small Group Results Report templates provided in the ASCA National Model (2012) as a guide (these templates are also available on Bb).

- **Other Requirements**

In order for students to successfully complete their practicum experience, each student must meet the following requirements:

- 1. Attendance and active participation at your practicum site.**

- All C&D students must work at their practicum and internship sites for the full 15 weeks of the semester.
- Practicum students follow a regular schedule at their site, which is negotiated with the on-site supervisor.

- 2. Attendance and active participation in practicum class.**

- Students are expected to arrive on time and stay for the entire class period.
- Students are expected to actively participate in class, including providing constructive feedback and suggestions for classmates.
- Missing two classes will result in failing the course.

- 3. Completion of all assignments of acceptable quality, turned in by date due.**

- 4. Professional Counseling Liability Insurance.** Practicum students must provide evidence of their professional counseling liability insurance policy. Professional counseling organizations provide such coverage, some with association membership, and offer student rates.

- 5. Practicum/Internship documents.** Practicum students are responsible for downloading Practicum/Internship documents and providing copies to site supervisors. We encourage you to ask your site supervisor whether they would like an electronic copy or a print copy, and make it your responsibility that they have a copy in their desired format. The following documents are located on the Community Blackboard site: [<https://gmucommunity.blackboard.com>] Overview of Practicum/Internship; School Counseling Practicum/Internship Contract; Log of Hours; Mid-semester Evaluation; Final Evaluation of Site Experience.

School Counseling Practicum/Internship Contract. Contracts will be downloaded, completed, and printed out from the C&D Blackboard site, and must be signed by the Site Supervisor, University Supervisor and practicum student.

7. Practicum Goal Statement. Students should develop a Personal Goal Statement for their practicum experience. This Goal Statement should be developed in collaboration with the site supervisor and the university supervisor, and should describe specific goals particular to the student's needs, the needs of the site, and the experiences available.

8. Satisfactory mid-semester and final evaluations from Site Supervisor. These evaluations should be completed by the site supervisor, and practicum students should meet with their site supervisors to process these evaluations and receive verbal feedback on strengths and successes as well as areas for growth and goals for second half of the semester.

9. Evaluation of Clinical Field Experience will be completed by practicum student at the end of the semester.

10. Completion of on-site hours. A minimum of 200 hours must be spent at the school placement. Hours spent on off-site training experiences may be counted only if prior approval from instructor has been obtained. Hours spent in class or at home preparing GMU assignments may not be counted toward the 200 hours. The minimum number of hours spent on-site at one time is to be no less than a 3-hour block of time. *Practicum students are strongly encouraged to spend at least on full day per week at their site in order to get the true experience of being a professional school counselor.*

11. Log of Hours. Practicum students will complete the Log of Hours, found on the C&D Organization page on Blackboard. The Log of Hours records all practicum activities and hours is to be maintained, and is to be signed by both the student and the on-site supervisor at the completion of the practicum, and submitted on the last day of class. *The Log of Activities should be made available to the site supervisor during weekly supervision sessions with the site supervisor.*

Recommendation for related internship activities:

- *60 hours of Direct Contact (in-person interactions between school counselors and students)*
- *140 hours of Indirect Contact (services provided on behalf of students as a result of the school counselor's interactions with others)*

12. Professional Growth Opportunity. Part of being a successful professional school counselor is being a life-long learner and taking advantage of professional growth opportunities to continually build your knowledge and skills. Towards this end, each student is expected to participate in one or more professional growth opportunities during the semester. You may count the actual hours of attendance at the PGO (seat hours) toward your 200 hours up to a maximum of five hours. Students will collect handouts for the groups, and will share your PGO experiences with the class.

13. School Crisis Management and Response Plan. Students will ask their site supervisor for access to the school /district crisis management and response plan, and will report back to the group

regarding the school counselor's roles and responsibilities in the event of a) a school wide crisis, b) suicidal thoughts or intentions on the part of a student, c) threat assessment.

14. School and district policy regarding CPS Reporting. Students will discuss with their site supervisor the school and/or district policy regarding the school counselor's role in reporting suspected abuse or neglect to CPS. Students will discuss this policy in group supervision.

15. Participation in Child Study Team. All students must attend one child study or RTI meeting in order to learn more about special education services available to students and the role of the professional school counselor. Collect any sample child study, special education, and 504 forms used at the school for your own files and to share with other students. Students will discuss their experience in group supervision.

16. Professional Portfolio. The Professional Portfolio is an accumulation of documents that provides the counselor with a visual representation of her/his experience and is structured by the ASCA National Model and the C & D mission statement. It is an evolving record that authenticates a person's growth, skill, and knowledge in a specific discipline. The contents of the portfolio should reflect one's professional philosophy and collegiate experience. Students will continue to maintain professional portfolios built during EDCD 626. Students will give their practicum instructor their portfolio address in order to receive feedback.

Recorded counseling sessions for review/feedback. Students will record at least two counseling sessions with students and play the recordings during triadic and/or group supervision in order to receive feedback and consultation from the instructor and peers. Practicum students are required to obtain written parent permission prior to taping sessions with a minor. The original of the parent permission form should be kept in the school with the site supervisor, but the student should keep a copy of the form for his or her records.

Every student registered for a Counseling course with a required performance-based assessment is required to submit this assessment to TK20. **For this course the accountability project is the performance-based assessment to be submitted to TK20.** Evaluation of the performance based assessment by the course instructor will also be completed in TK20. Failure to submit the assessment to TK20 will result in the course instructor reporting the course as Incomplete (IN). Unless the IN grade is changed upon completion of the required TK20 submission, the IN will convert to an F nine weeks into the following semester. <http://cehd.gmu.edu/api/tk20>

- **Grading**

EDCD 755 is graded on a Pass/Fail basis. The completion of course assignments (listed above) must be met to receive a passing grade.

Professional Dispositions

See <https://cehd.gmu.edu/students/polices-procedures/>

Students are expected to exhibit professional behaviors and dispositions at all times.

GMU's Professional Dispositions GMU students are expected to exhibit professional behavior and dispositions as stated:

The Virginia Department of Education and the National Council for Accreditation of Teacher Education promote standards of professional competence and dispositions. Dispositions are values, commitments, and professional ethics that influence behaviors towards students, families, colleagues, and all members of the learning community. The Graduate School of Education expects students, faculty, and staff to exhibit professional dispositions through a:

- *Commitment to the profession;*
- *Commitment to honoring profession ethical standards;*
- *Commitment to key elements of professional practice;*
- *Commitment to being a member of a learning community;*
- *Commitment to democratic values and social justice.*

C & D's Professional Performance Criteria

As counselor trainees, students have additional professional performance standards. The codes of conduct for the American Counseling Association require counselors and counselor trainees to maintain standards of professional competence and possess good moral character. Therefore, the Counseling and Development Program in the Graduate School of Education at George Mason University requires its students to adhere to GMU University and C&D's Professional Dispositions while in the C&D program, to include their conduct and behavior while doing their field experiences.

Ethical Obligations

All counselors, to include University Supervisors, Students, and On-Site Supervisors, are bound by the professional ethical standards and practices of the American Counseling Association (ACA). University and On-Site Supervisors must also adhere to *ACA's Code of Ethics, Section F: Supervision, Training and Teaching*. See the ACA Ethical Codes (2014) for detailed information.
