COURSE PERFORMANCE EVALUATION:

• Due Dates: All assignments (including homework and class participation) are due at 7:20 PM on the date specified in the syllabus and/or as outlined by the instructor.

• Assignments (including homework) should be checked for grammar and spelling. For the Semester Research Project assignments, follow style guidelines provided in the assignment instructions. Grammatical and style errors will result in grade deduction. You should retain copies of all written work submitted for the duration of the course until final grades are submitted.

• Exams:
Any student who has a documented need for additional time on exams should provide notification during the first week of the course and again at least 24 hours prior to each exam.

• Attendance and participation
Students are expected to attend all class sessions, arrive on time (allowing for traffic and parking), actively participate in class discussions, and complete all readings, homework and assignments.

Class participation is a factor in grading therefore absences, tardiness, and/or early departures are de facto evidence of non-participation. Class Participation grades are taken daily; any unexcused absence will result in a “0” grade for that day.

There is no make-up work or extra credit. Excused absences supported by documentation will be addressed at the instructor’s discretion on an individual basis (e.g. physician’s note for an illness). Exams must be taken on assigned days unless an alternate date is agreed upon in advance or you must provide written documentation, as described above.

• Grading:
This course will be graded on a point system, with a total of 100 possible points.

Grading Scale

SEMESTER RESEARCH PROJECT
Create and Profile a Fictional SRT Organization

Summary and General Instructions
Objective: To conduct research and apply concepts learned in the course to create and profile a fictional Sport, Recreation or Tourism/Hospitality/Event Management business organization.

Basic Requirements:
- The organization profiled must have been in operation for at least 5 years (founded in 2012 or earlier). In other words, it is not a “start-up” business.
- The organization should have at least 10 full-time paid employees (or equivalent).
- The business may be in any sector – commercial/private, non-profit/private, or government/public.
- To receive full credit for the assignments, you must demonstrate evidence of research in each assignment. You will accomplish this by:
  - Finding at least 2 similar organizations to be your “models”; you must have access to business information about these organizations. Note that the organizations do not need to be identical to the business that you are creating. Ideally, they will either be in the same sector and/or same general line of business as yours (e.g. hospitality, provision of recreation/sports services, marketing, professional sports team)
  - Establishing contact with at least one professional “consultant” who has experience working in an organization that is similar to the one that you are creating. Students are required to conduct an interview with the consultant, demonstrating evidence of the knowledge gained in one or more of Assignments 2, 3 and/or 4.
    - I strongly suggest that you establish the initial contact early in the semester to gather resource information (strategic and/or business plan, sample organization chart, job descriptions, interview questions, budget data and similar)
  - Use other references to support and justify your work.
- Describe the organization as if it really exists! Use present tense in your narrative, except when discussing history or future plans.
- Narrative should be “business professional”. Avoid jargon and redundancy. Note also that you are not “selling” the organization; I suggest using third person tense (vs. the first person “I”, “we” or “us”) when discussing the organization.
- With the possible exception of Assignment 1, do not repeat assignment instructions verbatim in the body of the paper. You may use headings to separate the sections if desired.
- Generally speaking, do not copy information! If deemed necessary to do so, properly cite in footnote(s) and bibliography.

Additional considerations:
- You may create an organization that is in the public (government) sector; however, it will need to be a division of a larger entity, such as a municipality or state. For example, you could choose to create a “Recreation Center”, “Senior Recreation Programs Division” or “Visitor’s Bureau” for a city or county.
- It is acceptable to have your organization be a subsidiary or independent division of a large corporation, such as a franchise operation of a hotel chain, or a regional division of a sports marketing firm.
Recommendations:

• Ensure that you understand the scope of research required for the semester project by becoming familiar with all individual assignment requirements at the start of the semester.
• APA (http://www.apastyle.org/ and http://www.apastyle.org/learn/tutorials/basics-tutorial.aspx) or Chicago style (http://www.chicagomanualofstyle.org/tools_citationguide.html) is recommended for use in these assignments.

The following assignment instructions are also posted in the Assignments section in Blackboard. Submit Semester Project assignments 1, 2, 4 and 5 by clicking on the assignment title in Semester Project Assignments in the course menu in Blackboard and following submission instructions. Submit Assignment 3 by following the instructions in Assessments. In all cases, submit as an attachment.

Assignment 1 – Organization Overview
Grade/no grade; failure to submit this assignment by the due date will result in an automatic 4-point deduction on Assignment 2
Due Tuesday February 13

Provide an overview of the organization. Include:
• The name of the organization.
• The purpose of the organization – why it exists; what need(s) it meets.
• Who the organization serves; describe the client/customer base.
• Which sector (public, not-for-profit, commercial) the organization falls under; explain why your organization is in this sector.
• Describe the organizations that you are using as models. Provide bibliographic references for these organizations.
• Explain why you chose to create and profile this organization.

General guidelines
• You may use an outline/bullet-point format for this assignment if preferred.
• This submission should be 1-2 pages in length.

References/Bibliography
For this project (all five assignments) you will need to demonstrate that you are using at least two model business organizations as resources for accurate and relevant information, in addition to other germane references. Provide bibliographic information about your model organizations in this submission, such as each organizations’ name, description of purpose and services offered, website address, location and/or similar.

Evaluation of this assignment – The instructor and a discussion group will provide feedback, which you should use when resubmitting the content required in Assignment 2.
ASSIGNMENT 2 – The Organization
10 points (includes Assignment 1)
Due Tuesday February 27

Provide a written overview of the organization you have created, reiterating and expanding upon Assignment 1 content. You are encouraged to make changes from your Assignment 1 submission based on instructor and peer feedback.

General Information – 2 points
• The name of the organization
• Mission Statement – purpose of the organization
• Explain which sector (public, not-for-profit, commercial) the organization falls under and why it is in that sector.

History and Service – 3 points
• Create a history of the organization; how and why was this organization established.
• Explain where the organization is located. Describe physical administrative and program space.
• Describe the services that your organization provides and the target markets. In other words, who are the services designed to serve and/or what customers/clients/constituents are most likely to use the services? How are services delivered to customers?
• Describe the organizations’ stakeholders (not customers or employees).
• Name and explain at least three specific factors/activities in the Macroevironment, including its subset, the Competitive Environment, that the organization should monitor regularly and how the organization will monitor these activities.
  Consider specific activities in the Political, Economic, Social and Technological realms.
  Think in terms of all 5 competitive forces e.g. In the social area, look at demographics and values in both the market and the workforce. For instance, who are the rivals (direct competitors)? What other services could be substitutes for the organization’s offerings?

Organization Plan – 3 points
• Present 2 SMART business (vs. program) goals that the organization is attempting to accomplish within the next year. Business goals are related to revenue generation and/or expense control (in the commercial sector, profitability), growth and customer service.
• For each goal, list 2-3 organizational plans (actions) the organization will execute to achieve those goals.
• Describe the 5-year vision for the organization. Describe two challenges that you believe that the organization will be facing in the future. Explain why you believe these challenges will exist and what steps you think the organization should take now to prepare for them.

References/Bibliography – 2 points
Demonstrate research and use of course and outside resources. Provide footnotes and bibliography, including reference information from your model organizations; in other words, document where you obtained information to support your writing.
Reminder: Students are required to conduct an interview with a professional consultant and show evidence of knowledge gained in one or more of Assignments 2, 3 and/or 4 (see Summary and General Instructions for details). There will be a 2-point deduction on the Assignment 5 grade when this requirement hasn’t been met.
General guidelines

- This paper should be 2-4 pages in length.
- Review Summary and General Instructions for additional details.
ASSIGNMENT 3 – Staffing the Organization

10 points
Due Tuesday April 3

Organizational Chart – 3 points
• Develop an organizational chart for the organization. The chart should fit on one 8 x 11" page. Depending on the size of the organization, boxes may represent “work” at the individual job level or as a grouping of jobs. If the organization is very large, you may choose to represent a division or department of the organization (as opposed to the entire organization); please specify if this is the case and provide a brief overview of where this division/department fits into the overall organizational structure.
• Organizational Chart Narrative:
  ○ Explain which of the four structures discussed in class (Functional, Divisional, Matrix, Network, or a combination of these) best represents your organization’s structure. Explain why that is the most efficient and effective way for your organization to get work done. Consider: Is your organization dynamic or stable? How much diversification is there in company businesses, products, customers and/or locations? Who should make strategic decisions? How much does the organization rely on lower level employees to be creative and autonomous in decision-making?
  ○ Provide any additional background information necessary to explain how the business is organized for action. Ensure that all critical business functions (administration, finance, HR, sales, marketing, and similar), as well as service and production, are clearly represented in the organizational chart OR described in the narrative

The Job Description – 3 points
Select one position from your organizational chart and create a job description for that position. This position must report to a supervisor (should not be the CEO for instance) AND must be a manager, supervising a minimum of 3 employees. Include all of the recommended content of a job description, as discussed in class and presented in the Chapter 8 slides. You should use job descriptions from existing organizations for ideas about format and content. Evaluation is based on both comprehensiveness of content and how strongly you demonstrate that the job description matches the organization’s needs.

The Interview – 2 points
Design interview questions that will help determine each candidate’s suitability for the position. The interview questions should relate directly to the needs of the organization and the requirements outlined in the job description (above). Questions should be: 1) behavioral (if asking about experience), 2) specifically related to the job (not generic) and 3) open-ended to invite discussion (vs. yes/no or one-word answers). Include a minimum of 10 questions to be asked of applicants in a structured interview.

References/Bibliography – 2 points
Demonstrate research and use of course and outside resources. Provide footnotes and bibliography, including reference information from your model organizations and professional consultant; in other words, document where you obtained information to support your writing.
Reminder: Students are required to conduct an interview with a professional and show evidence of knowledge gained in one or more of Assignments 2, 3 and/or 4 (see summary instructions for details). There will be a 2-point deduction on the Assignment 5 grade when this requirement hasn’t been met.

General guidelines
• This paper should be 3-6 pages in length.
• Review Summary and General Instructions for additional details.
ASSIGNMENT 4 – Finance and Controls
10 points
Due Tuesday April 17

Revenue/Expense Budget Information – 4 points

For your organization, list and explain:
1) All sources of revenues than directly support and/or are generated from operations
2) Operational expenses. Consider your organization’s mission and strategic goals, staffing plan (organizational chart), costs of producing products and services, physical space and infrastructure maintenance, as well as administrative requirements, such as taxes and insurance.

Consider whether revenue is set aside each year to:
- Pay long-term debt
- Save for future capital or developmental (such as research and design) expenses
- Distribute to owners (including stockholders) if your organization is in the commercial sector

Controls – 4 points

Select ONE of the SMART goals that your organization plans to achieve within the next year. (See Assignment 2).
To ensure that the goal that you use for this assignment is SMART, see instructor comments in your Assignment 2 submission.

For this goal, develop and explain 3 bureaucratic or market controls that you, as an executive manager in the organization, will put into place. Consider the following in your discussion:
1. Explain how this control device uses bureaucratic and/or market mechanisms.
2. Explain how each control is feedforward, concurrent, or feedback.
3. Walk through the control process. Give samples of valid performance standards that accurately reflect what your organization is attempting to accomplish (i.e. “the goal”). Explain how your organization measures performance. How often does this take place? What is considered an unacceptable deviation requiring correction?
4. Give suggestions for corrective action if the organization goals are not being met to an acceptable standard.

References/Bibliography – 2 points
Demonstrate research and use of course and outside resources. Provide footnotes and bibliography, including reference information from your model organizations and professional consultant; in other words, document where you obtained information to support your writing.
Reminder: This is the final opportunity to fulfill the interview requirement of this project. There will be a 2-point deduction on the Assignment 5 grade when this requirement hasn’t been met in one or more of Assignments 2, 3 and/or 4 (see summary instructions for details).

General guidelines
