Course Performance Evaluation

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, Tk20, hard copy).

The instructor is solely responsible for assigning grades. As such, the instructor reserves the right to assess student performance in each of the categories identified in the EVALUATION section of this syllabus. Student non-compliance with stated academic, honor, attendance, or participation expectations will result in a '0' for the associated evaluation.

- **Assignments and/or Examinations**

Exams (3) <i>multiple choice, true/false, matching, short essay</i>	300 points
Participation <i>(attendance, class participation, writing assignments, in class assignments)- 35.7 points each class</i>	500 points
Sport Ethics Debate Presentation (group project)	100 points
Sport Ethics Debate Paper	50 points
Mini Class Discussion - Current Sport Ethics Event	50 points
TOTAL	1000 points

- **Instructor Expectations**

1. All assigned reading for each class is expected to be done prior to class.
2. All written assignments must be typed (computer word processing is recommended).

3. Regular attendance and participation is expected. If you miss a class, it is your responsibility to obtain class materials from sources other than the instructor.
4. Students must abide by the Honor Code, guided by the spirit of academic integrity.

- **Class Attendance**

It enhances your academic success to be in class; therefore, you should attend ALL scheduled class meetings in accordance with George Mason policy: Students are expected to attend the class periods of the courses for which they register. Excused absences are only those supported by documentation such as a physician's note for an illness. Students are responsible for communicating ahead of time if they will miss class regardless of whether the absence is excused or unexcused to obtain relevant class work or to reschedule an exam.

In-class participation is important not only to the individual student, but to the class. **Because class participation may be a factor in grading, instructors may use absence, tardiness, or early departure as de facto evidence of nonparticipation.** Students who miss an exam with an acceptable excuse may be penalized according to the individual instructor's grading policy, as stated in the course syllabus.

- **Participation**

If you attend, are on time, each day, and participate in class related discussions/activities, you'll receive the full 37.7 points for that day. Students will lose 0.5 participation point for every minute period that they are late for class. For example, 30 minutes = -15 points. Unexcused absences, late arrivals, misuse of technology (i.e. texting, utilizing technology for non-class related activity, etc.), and lackadaisical performance could significantly affect the student participation grade.

Respect the free exchange of thought in an academic environment and the participants therein. For example: a) do not have any sound emitting devices turned on; b) wait until the teacher/guest speaker has finished prior to gathering your belongings; and c) do not smoke, chew tobacco, eat, sleep, disrupt others by inappropriate talking, or disrespect the class schedule by being tardy. You are encouraged to a) feel free to openly and respectfully contribute your thoughts; b) listen actively to the comments of others; c) be punctual; d) ask any and all appropriate questions that you have; and e) maintain civility in your interpersonal communications. Class discussions will be conducted in a civil, informed fashion wherein disruptive students will be asked to leave the class. **Your contributions are not only welcomed, they are essential.**

- **Assignment Descriptions**

Sport Ethics Debate Presentation

Groups (to be determined in class) will be given a debate question to which there will be a "pro" and "con" side. Groups will research information on the topic, practice as a group in class, and participate in a debate judged by the instructor and other Mason staff, arguing their assigned side against an opposing group. **A rubric for the debates will be given to class closer to project due date.**

Sports Ethics Debate Paper

Utilizing the Debate Day topic of their choice from those selected by the class, each student will be responsible for writing a paper defending their personal position related to the debate question. This is independent from the Debate Day group presentation. Students are expected to work on this independently. A rubric for the paper will be given to class closer to the project due date.

Mini Class Discussion

Each student will be assigned a class day on which to give a five-minute presentation on a sport related current event. The presentation should relate the current event issue to ethical philosophy, in class material, and must include class discussion questions. This presentation should be created via PowerPoint or another approved method.

- **Alternative Work**

There is NO make-up work. Only those excused absences supported by documentation will be addressed at the instructor's discretion on an individual basis (e.g. a physician's note for an illness). Alternative work due to intercollegiate athletic competitions or other legitimate university activity must be arranged PRIOR to the due date. A grade of '0' will be assigned to all missed work unless otherwise determined by the instructor.

- **Grading**

A = 94 - 100 B+ = 88 - 89 C+ = 78 - 79 D = 60 - 69
A- = 90 - 93 B = 84 - 87 C = 74 - 77 F = 0 - 59
B- = 80 - 83 C- = 70 - 73
