The learning experiences in this course are afforded through assignments, class participation, lecture, notes, discussion, group activities and technology assisted activities. Course content includes, but is not limited to, the following: Sport in education (intercollegiate, recreation, interscholastic, international); Professionalization of sport; Organizational communication; Management Theories; Present status of the sports industry - collegiate, professional, private, manufacturers; governing bodies in professional and amateur sport; Organizational structure of a variety of sport governing bodies; Authority and functions of various sport governing bodies; Requirements for membership in sport governing bodies; Sanctions and appeal processes utilized by sport governing bodies; Influence of governmental bodies and sports commissions on sport governing bodies; sport policy and governance in international sport.

HONOR CODE:

George Mason shares in the tradition of an honor system that has existed in Virginia since 1842. The Honor Code is an integral part of university life. On the application for admission, students sign a statement agreeing to conform to and uphold the Honor Code. Students are responsible, therefore, for understanding the code's provisions. In the spirit of the code, a student's word is a declaration of good faith acceptable as truth in all academic matters. Cheating and attempted cheating, plagiarism, lying, and stealing of academic work and related materials constitute Honor Code violations. To maintain an academic community according to these standards, students and faculty must report all alleged violations to the Honor Committee. Any student who has knowledge of, but does not report, a violation may be accused of lying under the Honor Code. With this in mind, all students in this course are held to the strictest standards of the George Mason University Honor Code.

INSTRUCTOR EXPECTATIONS:

- 1. All assigned reading for each class is to be completed prior to coming to class.
- 2. All written assignments must be typed (computer word processing is recommended).
- 3. Regular attendance and participation is expected. If you miss a class, it is your responsibility to obtain class materials from sources other than the instructor.
- 4. Students must abide by the Honor Code, guided by the spirit of academic integrity.
- 5. We will refrain from the use of electronic devices in class during the lecture period, except to follow the power point presentation or take notes.

Class Attendance and Participation:

It enhances your academic success to be in class; therefore, you should attend **ALL** scheduled class meetings in accordance with George Mason University policy. In-class participation is important not only to the individual student, but to the class as a whole. We will have fun if everyone is engaged. To be engaged you have to keep up with the reading and be **refreshed** when you attend class. Class participation, attendance, overall enthusiasm for learning and quizzes count for **35%** of your grade in this class. It

is important that everyone arrive on time, in order to help you build good habits for the world of work. Late arrivals are also a distraction to the conduct of the class.

Texting in class is **NOT** acceptable behavior; neither is falling asleep.

Alternative Work and absences/excused:

There is NO make-up work and late assignments will not be accepted. Absences supported by documentation may be excused (e.g. a physician's note for an illness). Alternative work due to intercollegiate athletic competitions or other legitimate university activity must be arranged PRIOR to due date. *There will be NO extra credit.*
