Spring 2018

EDSE 629 630: Secondary Curriculum and Strategies for Students with Disabilities who Access
the General Curriculum
CRN: 21355, 3 – Credits

Instructor: Dr. Margaret Weiss	Meeting Dates: 01/11/18 – 03/08/18
Phone: 703.993.5732	Meeting Day(s): Thursday
E-Mail: mweiss9@gmu.edu	Meeting Time(s): 5:00 pm - 9:30 pm
Office Hours: By appointment	Meeting Location: Off-campus/Other
Office Location: Finley 213	Other Phone: N/A

*Note: This syllabus may change according to class needs. Teacher Candidates/Students will be advised of any changes immediately through George Mason e-mail and/or through Blackboard.

Prerequisite(s): None

Co-requisite(s): None

Course Description

Applies research on teacher effectiveness, accountability, and instructional approaches at the secondary level for individuals with mild disabilities. Includes instructional methods necessary for teaching reading, writing, math, and other content areas across the curriculum. Note: Field experience required. Offered by Graduate School of Education. May not be repeated for credit.

Registration Restrictions:

Enrollment limited to students with a class of Graduate or Senior Plus.

Enrollment is limited to Graduate or Undergraduate level students.

Schedule Type: Lecture

Advising Contact Information

Please make sure that you are being advised on a regular basis as to your status and progress through your program. Mason M.Ed. and Certificate teacher candidates/students should contact the Special Education Advising Office at (703) 993-3670 for assistance. All other teacher candidates/students should refer to their faculty advisor.

Advising Tip

Did you know that Mason email is the primary method of communication used by university offices including those arranging internships, reviewing records for graduation, etc.? Check your Mason email regularly or use the instructions at <http://masonlive2.gmu.edu/tutorials/forwardemail.cfm> to forward to an email account you check frequently.

Course Delivery Method

Learning activities include the following:

1. Class lecture and discussion (face to face and online)
2. Application activities
3. Small group activities and assignments
4. Video and other media supports
5. Research and presentation activities
6. Electronic supplements and activities via Blackboard

Learner Outcomes

Upon completion of this course, teacher candidates/students will be able to:

1. Demonstrate knowledge of the federal and state laws that require and provide for instructional services for students with disabilities.
2. Demonstrate the ability to develop a comprehensive unit that includes instructional strategies and adaptations for students with disabilities at the secondary level.
3. Identify and infuse into the curriculum differentiation strategies for successfully including students with disabilities at the secondary level in both regular (math, science, social studies, English, etc.) and special education classroom environments.
4. Demonstrate the ability to assess, plan for, and address the content area literacy needs of students with disabilities who are accessing the general curriculum
5. Describe components of Individual Education Plans that successfully address the needs of secondary students with disabilities.
6. Identify research efforts, organizations, services, networks, and the variety of state and local resources aimed at dropout prevention and improving the outcomes of secondary students with disabilities.

Course Relationship to Program Goals and Professional Organizations

This course is part of the George Mason University, Graduate School of Education (GSE), Special Education Program for teacher licensure in the Commonwealth of Virginia in the special education areas of Special Education: Students with Disabilities who Access the General Curriculum K-12. This program complies with the standards for teacher licensure established by the Council for Exceptional Children (CEC), the major special education professional organization, as well as those established by the Interstate Teacher Assessment and Support consortium (InTASC). The standards addressed in this class include CEC Standard 2: Learning environments (InTASC 3); CEC Standard 4: Assessment (InTASC 6) & CEC Standard 5: Instructional planning and strategies (InTASC 7,8). This course contains at least one Common Assessment developed by the College of Education and Human Development to assess our

candidates' performance on nationally accepted standards for beginning teachers (InTASC) and our programs' performance on national accreditation standards (CAEP).

Evidence-Based Practices

This course will incorporate the evidence-based practices (EBPs) relevant to secondary curriculum learning strategies and content area planning. Evidence for the selected research-based practices is informed by meta-analysis, literature reviews/synthesis, the technical assistance networks which provide web-based resources, and the national organizations whose mission is to support students with disabilities. We address both promising and emerging practices in the field of special education. This course will provide opportunities for teacher candidates/students to take an active, decision-making role to thoughtfully select, modify, apply, and evaluate EBPs in order to improve outcomes for students with disabilities.

Required Textbooks

Miller, S. P. (2009). *Validated practices for teaching students with diverse needs and abilities*. Upper Saddle River, NJ: Pearson. ISBN 9780205567478

Archer, A. L., & Hughes, C. A. (2010). *Explicit instruction: Effective and efficient teaching*. New York: Guilford Press.

Recommended Textbooks

American Psychological Association. (2010). *Publication manual of the American Psychological Association* (6th ed.). Washington, DC: Author.

Required Resources

Access to Blackboard

Additional Readings

See Blackboard

Course Performance Evaluation

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, Tk20, hard copy).

Tk20 Performance-Based Assessment Submission Requirement

It is critical for the special education program to collect data on how our students are meeting accreditation standards. Every teacher candidate/student registered for an EDSE course with a required Performance-based Assessment (PBA) is required to upload the PBA to Tk20 (regardless of whether a course is an elective, a one-time course or part of an undergraduate minor). A PBA is a specific assignment, presentation, or project that best demonstrates one or more CEC, InTASC or other standard connected to the course. A PBA is evaluated in two ways. The first is for a grade, based on the instructor's grading rubric. The second is for program accreditation purposes. Your instructor will provide directions as to how to upload the PBA to Tk20.

For EDSE 629, the required PBA is Secondary Curriculum Unit Plan. Failure to submit the assignment to Tk20 will result in reporting the course grade as Incomplete (IN). Teacher candidates/students have until five days prior to the University-stated grade change deadline to upload the required PBA in order to change the course grade. When the PBA is uploaded, the teacher candidate/student is required to notify the instructor so that the “IN” can be changed to a grade. If the required PBA is not uploaded five days prior to the University-stated grade change deadline and, therefore, the grade not changed, it will become an F. Please check to verify your ability to upload items to Tk20 before the PBA due date.

Assignments and/or Examinations

Performance-based Assessment (Tk20 submission required)

Secondary Unit Plan—see Appendix

College Wide Common Assessment (TK20 submission required)

Lesson Plan—part of Secondary Unit Plan (not an additional assignment)

Performance-based Common Assignments (No Tk20 submission required.)

None

Other Assignments

Participation (45 pts; pts/session)

Participation includes (but is not limited to) (a) participation in all class and group activities, (b) displaying evidence of having read material, and (c) completing in class assignments. I plan each session with the expectation that all students will be present and will participate. If you are not in class, you cannot earn participation points. However, I reserve the right to allow individuals to complete class assignments for partial points, in cases of emergency or illness.

Jigsaw Summary and Synthesis (3 @ ____pts each)

This will be a one page analysis of the topics reviewed in our jigsaw activities. The template and rubric are available on Blackboard.

Teaching video and peer review (1@ ____pts each)

Each student will bring a 3-5 min video of their teaching that provides an example of an Explicit Instruction component. I will group you in small groups to do peer reviews of the video. Details are available on Blackboard.

<i>Assignment</i>	<i>Description</i>	<i>Possible Points</i>
Participation	Attend class, participate in all activities, complete in-class assignments (rubric on Blackboard)	65 points (9x5 points for participation; 4x5 points for evaluation of end of class assignment)
Jigsaw Summary and Synthesis (3)	Completed with classmates in class; revised individually and submitted (rubric on Blackboard)	30 points (3@ 10pts each)

Teaching video and peer review	3-5 min video of teaching using one of EI components; peer review (rubric on Blackboard)	15 points
Unit Plan Assignment	Grading rubric on Blackboard	60 points
	TOTAL	170 points

Course Policies and Expectations

Attendance/Participation

Students are expected to (a) attend all classes during the course, (b) arrive on time, (c) stay for the duration of the class time, (d) show evidence of having read/studied material, and (e) complete all in-class assignments to earn points for class participation.

Late Work

Assignments are due on the date indicated in the syllabus. If I change the due date for reasons related to student need in the course, the change will be discussed in class, posted on the Blackboard site, and confirmed in an email to all students.

I will not accept late work. If you are not in class on the day an assignment is due, you are still responsible for submitting the assignment on or before the due date and time.

Workload

Graduate-level courses require in-depth reading, study, and work on course requirements outside of class time. Students are expected to allot class study and preparation time in addition to time spent on assignments.

Written and oral language

APA Style is the standard format for any written work in the College of Education. If you are unfamiliar with APA, it would benefit you to purchase the *Publication Manual of the American Psychological Association* (6th ed.) You are required to use APA guidelines for all course assignments. Please use the following website for APA format guidelines:

<http://apastyle.apa.org>.

We will use person-first language in our class discussions, written assignments, and ideally in our professional practice.

Other Requirements

Inclement Weather Policy

During the Spring 1 session, we often have cancellations due to inclement weather. If your school system is closed, we do NOT meet face to face as a class. HOWEVER, given the fact that we must get a semester's worth of instruction into nine weeks, if we do not meet face to face as a class due to inclement weather, there will be instructional materials with required assignments posted on Blackboard for you to complete. Depending on when the cancellation is made, I will attempt to get the Blackboard materials posted by noon. The due date for completion and submission will be posted with the assignments. Due dates will never be the same day but MAY be before the next class meeting. In addition, if an assignment was due the day that face to face class is cancelled, it is still due! All assignments will be submitted through Blackboard.

Blackboard Site

We will use our course Blackboard website for much of our course work and material. You will be responsible for all material posted on the website. Please check it regularly. You will also be required to submit all assignments and assessments through Blackboard.

Communication with Dr. Weiss

The most efficient way to contact me is through email. I check email daily at least at 9am and 2pm Monday through Friday. If your email has reached me by either of those times, I will respond immediately. Otherwise, I will respond within 24 hours during the week. Keep in mind that I teach most evenings. On weekends, I check my Mason account on Sundays and will respond to all received then. Do not email me an hour before an assignment is due and expect a response. If you would prefer to meet with me either before or after class (or at another time during the day/after school), please do not hesitate to contact me.

Grading Scale

<i>Grade</i>	<i>%</i>
A	93-100
A-	90-92
B+	88-89
B	83-87
B-	80-82
C	70-79
F	<70

*Note: The George Mason University Honor Code will be strictly enforced. Students are responsible for reading and understanding the Code. “To promote a stronger sense of mutual responsibility, respect, trust, and fairness among all members of the George Mason University community and with the desire for greater academic and personal achievement, we, the student members of the university community, have set forth this honor code: Student members of the George Mason University community pledge not to cheat, plagiarize, steal, or lie in matters related to academic work.” Work submitted must be your own or with proper citations (see <https://catalog.gmu.edu/policies/honor-code-system/>).

Professional Dispositions

Students are expected to exhibit professional behaviors and dispositions at all times. See <https://cehd.gmu.edu/students/polices-procedures/>

Class Schedule

*Note: Faculty reserves the right to alter the schedule as necessary, with notification to students.

Core Values Commitment

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: <http://cehd.gmu.edu/values/>

GMU Policies and Resources for Students

Policies

- Students must adhere to the guidelines of the Mason Honor Code (see <https://catalog.gmu.edu/policies/honor-code-system/>).
- Students must follow the university policy for Responsible Use of Computing (see <http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/>).
- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students **solely** through their Mason email account.
- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see <http://ods.gmu.edu/>).
- Students must follow the university policy stating that all sound emitting devices shall be turned off during class unless otherwise authorized by the instructor.

Campus Resources

- Support for submission of assignments to Tk20 should be directed to tk20help@gmu.edu or <https://cehd.gmu.edu/aero/tk20>. Questions or concerns regarding use of Blackboard should be directed to <http://coursesupport.gmu.edu/>.
- For information on student support resources on campus, see <https://ctfe.gmu.edu/teaching/student-support-resources-on-campus>

For additional information on the College of Education and Human Development, please visit our website <https://cehd.gmu.edu/students/>.

Appendix: Secondary Unit Plan Instructions and Rubric

Secondary Curriculum Unit Plan

The Secondary Curriculum Unit Plan provides you with the opportunity to demonstrate your ability to prioritize essential concepts and skills, write lesson plans and assessments, and adapt existing lesson plans within a curriculum unit. You are required to write two comprehensive lesson plans that address state standards and include students with disabilities. You are also required to adapt a lesson plan to be delivered in a co-taught classroom that addresses similar state standards. You will write two assessments that provide opportunities for the learners to demonstrate their understanding of the core concepts of the unit for either classroom. Your focus should be on the integration of evidence-based practices that meet the unique needs of learners with mild to moderate exceptional learning needs at the secondary level in a given content area using the appropriate state standards.

Part I: Curriculum Analysis

Choose a state or Common Core standard (or component of a standard) from a specific content area in any grade level 6-12. In narrative form, identify the standard and provide an analysis of the essential concepts, critical vocabulary, and necessary skills (what does a student need to be able to do to acquire, organize, recall, and express the mastery of the standard material) required to meet the standard. This analysis will guide your unit and lesson planning.

Part II: Development of Unit Planning Visual Organizer

Using your analysis of the standard, identify concepts, vocabulary, and skills that fit together and can be taught in a cohesive unit. With these, create a Unit Planning Visual Organizer (document given to you by instructor) that:

- a. Makes explicit connections between prior knowledge and future knowledge (sections 1-4),
- b. Identifies linkages between the essential concepts of the unit (section 5 and page 2),
- c. Demonstrates your ability to prioritize key concepts from the unit (section 5 and page 2),
- d. Provides a schedule of when and in what order the essential concepts will be taught (section 8),
- e. Determines the types of relationships that will be used to link concepts within the unit (section 6; cause/effect, compare/contrast, characteristics, etc.), and
- f. Poses questions that students should be able to answer at the end of the unit to demonstrate deep understanding of the unit concepts (section 7).

Part III: Adaptation of a Lesson Plan

Using a lesson plan provided by the Va Department of Education website for your chosen standard,

1. Identify the essential concepts, vocabulary, and skills included in the lesson.
2. Describe areas of difficulty within the lesson for students with disabilities, providing support for your assertions.

3. Rewrite the lesson using evidence-based practices described in your text or in class to address the difficulties identified in Item 2.
4. In a brief narrative, provide a rationale for each evidence-based practice you include.

Part IV: Lesson Plan Development

1. Provide a brief description of a secondary classroom appropriate for your lessons, including number of students, number of professionals and paraprofessionals, and length of each class session.
2. Write TWO comprehensive lesson plans, focused on your selected state standard, that address either an essential concept(s) or critical vocabulary and include teaching a skill necessary to master the material. For example, you might teach students how to use keyword mnemonics to remember critical vocabulary or you might teach how to use POWER when writing an essay.
3. Both of these lesson plans must include *evidence-based teaching methods and strategies* from the course that:
 - a. address the abilities and needs of the learners with mild to moderate exceptional learning needs,
 - b. individualize instruction to meet these needs,
 - c. emphasize the development, maintenance, and generalization of knowledge and skills across environments,
 - d. are age and ability appropriate, and
 - e. are linked to the lesson objective.
4. Include a copy of any materials necessary to teach the lesson (e.g., powerpoint slides, graphic organizers, checklists).

In a brief narrative accompanying the lesson plans, provide a rationale for:

- a. Your choice of lesson objective,
- b. How the teaching method and strategies you chose meet the needs of the students with disabilities and are evidence-based,
- c. The use of assistive technology (as appropriate), and
- d. How the lesson links to the next lesson/concept.

Part V: Assessments

1. Create two different assessments for your unit. Provide a description of the assessment and sample items. Identify where in the scope and sequence of your instruction each assessment occurs.

In a narrative accompanying the assessments, describe how they:

- a. Require different types of responses,
- b. Evaluate the students' learning of the stated objectives and core content of the unit, and
- c. Guide future instruction.

Assessment #3 Secondary Curriculum Unit Plan

	Does Not Meet Expectations 1	Meets Expectations 2	Exceeds Expectations 3
<p>Curriculum Analysis</p> <p>CEC/IGC Standard 3</p> <p>Candidate uses knowledge of general and specialized curricula to individualize learning for individuals with exceptionalities.</p>	<ul style="list-style-type: none"> • Candidate does not clearly identify a secondary grade level, content area, AND/OR one standard (and/or component thereof) from a specific state or common general curriculum (i.e., Virginia Standards of Learning). • Candidate does not clearly identify and describe ANY of the following related to the standard: <ul style="list-style-type: none"> ○ Critical concepts, ○ Critical vocabulary, or ○ Skills (e.g., what the student must do to acquire, organize, recall, and/or express mastery of the information) Required for a student to meet the standard. • Candidate identifies and/or describes critical concepts, critical vocabulary, or skills that are irrelevant to the identified standard. 	<ul style="list-style-type: none"> • Candidate clearly identifies a secondary grade level, content area, and one standard (and/or component thereof) from a specific state or common general curriculum (i.e., Virginia Standards of Learning). • Candidate clearly identifies, describes, and prioritizes the relevant: <ul style="list-style-type: none"> ○ Critical concepts, ○ Critical vocabulary, and ○ Skills (e.g., what the student must do to acquire, organize, recall, and/or express mastery of the information) Required for a student to meet the standard. 	<ul style="list-style-type: none"> • Candidate clearly identifies a secondary grade level, content area, and one standard (and/or component thereof) from a specific state or general curriculum (i.e., Virginia Standards of Learning). • Candidate clearly identifies, describes, and prioritizes the relevant: <ul style="list-style-type: none"> ○ Critical concepts, ○ Critical vocabulary, and ○ Skills (e.g., what the student must do to acquire, organize, recall, and/or express mastery of the information) Required for a student to meet the standard. • Candidate provides further evidence of task analysis of the standard by: <ul style="list-style-type: none"> ○ Identifying priorities or sequencing of the critical content, ○ Identifying ways to organize the critical content, OR ○ Identifying sources of specialized materials, curriculum, or resources related to the critical content.
<p>Development of Unit Planning Visual Organizer</p> <p>CEC/IGC Standard 3</p> <p>Candidate uses knowledge of general and specialized curricula to individualize learning</p>	<ul style="list-style-type: none"> • Candidate develops a unit planning visual organizer which omits any of the following: <ul style="list-style-type: none"> ○ make explicit connections between prior knowledge and future learning (scope and sequence); ○ make connections between essential concepts; ○ identify, prioritize and sequence key concepts from the unit; and ○ identify questions that students should be able to answer at the end of the unit to 	<ul style="list-style-type: none"> • Candidate develops a unit planning visual organizer which: <ul style="list-style-type: none"> ○ makes explicit connections between prior knowledge and future learning (scope and sequence), ○ makes connections between essential concepts, ○ identifies, prioritizes and sequences key concepts from the unit, and ○ identifies questions that students should be able to answer at the end of the unit to 	<ul style="list-style-type: none"> • Candidate develops a unit planning visual organizer which: <ul style="list-style-type: none"> ○ makes explicit connections between prior knowledge and future learning (scope and sequence), ○ makes connections between essential concepts, ○ identifies, prioritizes and sequences key concepts from the unit, and ○ identifies questions that students should be able to answer at the end of
