**REQUIRED TEXTS:**

Virginia’s Standards of Learning for K-6 ([http://www.pen.k12.va.us](http://www.pen.k12.va.us))

Additional selected readings will be posted on Blackboard

**COURSE PERFORMANCE EVALUATION:**
Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, Tk20, hard copy).

**TK20 PERFORMANCE-BASED ASSESSMENT REQUIREMENTS**
Every student registered for any Elementary Education course with a required performance-based assessment (PBA) is required to submit this assessment, *Special Education and ELL Portfolios*, to Blackboard and TK20 (regardless of whether a course is an elective, a onetime course or part of an undergraduate minor). Evaluation of the performance-based assessment by the instructor will be provided in TK20 through Blackboard. Failure to submit the assessment to TK20 (through Blackboard) will result in the course instructor reporting the course grade as Incomplete (IN). Unless this grade is changed upon completion of the required TK20 submission, the IN will convert to an F nine weeks into the following semester.

*This course contains at least one Common Assessment developed by the College of Education and Human Development to assess our candidates’ performance on nationally accepted standards for beginning teachers (InTASC) and our programs’ performance on national accreditation standards (CAEP).*

**COURSE ASSIGNMENTS:**

1. Assignment Descriptions

   a. Participation
   This course operates with the assumption that knowledge is socially constructed and the most meaningful learning opportunities are those where you have the opportunity to offer and explore diverse perspectives with peers. To do this it is expected that you are on time and attend all scheduled classes and asynchronous/synchronous online meetings outlined within the syllabus. Absence from class to observe a religious holiday, to serve
jury duty, or to participate in required military service, and medical emergencies are exceptions to the above policy. If you anticipate being absent for any of these reasons, please make arrangements at least 48 hours in advance. In addition, you are expected to be on time to class each week unless advance notice has been provided to the instructor.

Class participation is vitally important in a course such as this. Each class session we will have readings to discuss, ideas to unpack, and activities to do. Not participating will be reflected with a zero for the week and as an absence. **Students with two or more absences will not receive credit for the course.**

In addition to the readings, you may be asked to watch a video, collect information, or explore other online resources prior to class. Sometimes, guiding question(s) or tasks related to the readings and these resources will be posted to establish a purpose for reading. These guiding questions or activities will be directly related to discussion for the session. Activities may require you to respond to a specific question, create a representation of ideas from the reading (e.g. concept map, picture), or analyze a piece of text or student work based on your understandings of the readings and other resources. The products of these activities support learning in class meetings. Additionally, classroom activities may include simulations, debates, book club meetings, examination of student work, and quickwrites.

Laptop and tablet use is permitted at the discretion of the instructor and for specific purposes as assigned in the class (e.g. small group work). **Laptops will be closed during discussions, lectures and other assignments in class which require your full attention.** **Cell phones must be turned off/silenced during class periods.** Cell phones may be used during break.

**The professor reserves the right to modify or alter assignments, tasks, due dates, and other requirements during the duration of the course to maximize the learning experience.**

**Participation Guidelines**
Different discussion structures will be organized to maximize participation and community building. This includes partners, small groups, and whole class discussion. You will be responsible for participating in discussion according to the expectations and norms decided upon on the first day of class. These expectations and norms will also apply for online discussion as dictated by our schedule.

You will fill out an online participation form after each session. Please be honest about your participation. The rubric can be found at towards the end of syllabus.

**b. Educational History**
We know from the research literature that our prior school experiences as a student (a.k.a. our apprenticeship of observation - Lortie, 1974) wield incredible influence on our
views of teaching and learning. Therefore, it is essential that we explore our K-12 school experiences so that each of us is aware of the pre-existing perceptions that we bring to teacher preparation. This is also an opportunity for me to get to know you better as a learner and to find out the ways in which I can build upon your experiences and support your interests, strengths, skills, and perceived challenges or weaknesses.

Your Educational History should be 2-4 pages in length and should be an introspective summary/reflection on your memories of teaching/learning across your educational experiences:

- Elementary school
- Middle school
- High School
- College

Questions to guide your introspection and reflection can include:

- When was a time that you felt seen as individual or as a learner by an educator (e.g. teacher, coach, advisor, staff member, principal, professor, etc.)? Why? What did that person see that others did not?
- What strengths and strategies have you employed to be successful in your educational experiences? When was a time these strategies were not successful?
- What challenges have you encountered in your educational experiences? Why do you think you encountered them? What was the outcome?
- When was a time that you felt unseen/misunderstood/overlooked as an individual or as a learner by an educator (e.g. teacher, coach, advisor, staff member, principal, professor, etc.)? Why?

Your Educational History is due Feb 8th by 11:59 pm.

c. Teacher Beliefs: Developing a Vision Statement

You will identify, develop, and refine your beliefs about what teaching and learning entails. These beliefs will likely to shift, grow, and deepen as you gain more experience in the classroom and deepen your knowledge of theory and practice. As we begin this program, we often aspire to something that we are not yet able to do or that we don’t do consistently. This assignment serves as an initial tool to uncover what we think is best for teaching and learning and whether this is reflected in our actual teaching practice to support the acquisition of new knowledge and reflective examination of your own teaching practice.

Throughout the course, we will reflect on the prompts below and consider how they relate to one another. We will also take time to consider areas that intersect and sources of tension in your beliefs and preferred practices. You will create a ‘working document’ (format discussed in class) that reflects how your thoughts are changing/evolving and we will revisit this to refine/expand your thoughts.
Your ‘working document’ should include your final beliefs statement which will address each of the following prompts:

- I believe that learning...
- I believe that teaching...
- I believe the purpose of schooling is...
- I believe my classroom is...
- I believe my students learn best when they...
- I believe my students learn best when I...
- I believe community/family is/are...
- I believe collaboration is...
- My professional goals as a teacher are...

This document serves as an evolving draft of your beliefs and you will submit this draft to Dr. Bean. Your ideas are expected to be “in progress” so questions and wonderings are acceptable for this draft, due on March 22nd by 11:59pm. You will receive 5 points for turning in this draft on time.

The final Vision Statement should draw upon your draft and other sources of reflective learning and be only 1-3 sentences. Ergo, this should be succinct and get at the core of what you believe about teaching and learning. For example, here is my vision statement:

My vision as a teacher educator is to develop future teachers who embrace and thoughtfully attend to learner differences by carefully building relationships as well as creating a learning community that best allows instruction to occur for all students.

Your final vision statement is due on the last day of class, May 3rd by 10:30 am. You will upload your statement as well as your final full draft/notes.

d. Community Mapping Activity & Presentation

In your field experience school groups, you will complete a community mapping activity and presentation shared between EDUC 543 and this course. The purpose of this activity is to familiarize you with the myriad factors that influence students’ daily school experiences and to provide a format for introducing your school to your peers.

In your field experience groups, you will research information and create a brief presentation (7-10 minutes max) that introduces us to the following aspects of your school that integrates the perspective, themes, and readings from this course:

1) a visual tour of both your school and the surrounding community
2) school description/demographics
3) community description/demographics
4) aspects of your school that make it unique
5) intersection of course readings/discussions with your school experiences.
It is highly suggested that your group considers the aspects of the ecological systems model (Bronfenbrenner, 1994) as you plan and conduct research and analyze the information gathered at your field experience site.

A rubric will be provided closer to the date of the presentation. The presentation can take any format that your group prefers. Be creative. Please be cognizant of taking pictures of children—any photographs need to be used only for the purposes of this assignment and not distributed/used in any other forum including social media.

Your Community Mapping Presentation is on March 5th at Groveton Elementary.

e. Professional Issues for Teachers: Roundtable discussion

What professional issues confront teachers in their day to day lives? For this assignment, you can consider an education issue as it relates to culture, religion, race, language, ability, gender, and socioeconomic class, as well as any broader topic of your interest.

To this end, you will select and analyze a professional issue that is of particular interest or importance to you. You will research this issue, noting historical significance and current trends/perspectives based on peer-reviewed articles. You will reflect upon how this issue relates to your own experiences, with connections to your current field placement. You will come to class prepared to discuss via roundtable with your notes and handout. We will discuss the roundtable format in class; here is a explanation: [http://www.eval.org/p/cm/ld/fid=171](http://www.eval.org/p/cm/ld/fid=171) You will bring paper copies of your handout for your peers. A rubric will be provided at a later date with specific components.

The process of brainstorming, research, and initial analysis of your issue will be supported in class with a visit with Education Librarian (Anne Driscoll, date TBA) as well as peer conferences.

Roundtable and handout are due on April 26th at 1:30pm.

f. Special Education (SPED) and English Language Learner (ELL) Portfolios ---- PBA

The purpose of this assignment is to integrate your course readings and field experience observations. This will be accomplished through the completion of a series of activities that include readings/reflections, as well as observations. Four Parts will be uploaded into Blackboard to create a portfolio.

3. Grading Policies
At George Mason University course work is measured in terms of quantity and quality. A credit normally represents one hour per week of lecture or recitation or not fewer than two hours per week of laboratory work throughout a semester. The number of credits is a measure of quantity. The grade is a measure of quality. The university-wide system for grading graduate courses is as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>GRADING</th>
<th>Grade Points</th>
<th>Interpretation</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+</td>
<td>=100</td>

</tbody>
</table>

*Remember: A course grade less than B requires that you retake the course.

Note: “C” is not satisfactory for a licensure course; “F” does not meet requirements of the Graduate School of Education

4. Other Expectations

APA format:
All written papers are expected to be double-spaced, with 1” margins, and in 12-point font (Times New Roman, Calibri, or Arial). **APA format is expected.** If you do not have a 6th
Edition APA manual, please use the APA website (http://www.apastyle.org/) or the OWL at Purdue as a resource (http://owl.english.purdue.edu/owl/resource/560/01/).

*Please Note: The GMU Writing Center offers online support via email. They will provide feedback on your writing within one hour. Graduate and professional writing can be difficult; I encourage you to take advantage of this service. http://writingcenter.gmu.edu/?page_id=177

**Late work policy:**
It is expected that all class assignments will be submitted on time to the correct location: **late assignments will not receive full credit.** All assignments must be submitted via Blackboard on the due date stated within the syllabus (see below) prior to class. If extraordinary circumstances prevent you from submitting your work in a timely manner, **it is your responsibility to contact the instructor as soon as possible after the circumstances occur and make arrangements to complete your work.** It is up to the discretion of the instructor to approve the late/makeup work. Assignments turned in late without prior communication will receive an automatic deduction of one letter grade making the highest possible score equivalent to 80% (B).

**Revise & Resubmit:**
If a student submits an assignment that may indicate limited understanding or confusion about the content as indicated by scoring on the assignment rubric, the instructor may request for a student to revise and resubmit the assignment based on feedback. This is an opportunity for a student to clarify understanding of the content and demonstrate growth. In most cases, the original assignment and revision will be averaged for a new final grade. The instructor will communicate with the student to determine a reasonable timeframe within which to complete the revision.

**Professional Dispositions**
Students are expected to exhibit professional behaviors and dispositions at all times.
TENTATIVE CLASS SCHEDULE:

Note: Faculty reserves the right to alter the schedule as necessary, with notification to students.

IMPORTANT INFORMATION FOR LICENSURE COMPLETION

Student Clinical Practice: Internship Application Requirements
TESTING
Since 2015, internship applications must include all official and passing test scores must be submitted and in the Mason system (i.e. Banner/PatriotWeb) by the internship application deadline. Allow a minimum of six weeks for official test scores to arrive at Mason. Testing too close to the application deadline means scores will not arrive in time and the internship application will not be accepted.

For Spring 2018 internships, this means that the latest you could test in time for scores to be reported to Mason by September 15th is August 1st.

Required tests:
1. Praxis Core Academic Skills for Educators Tests (or qualifying substitute)
2. VCLA
3. RVE (specific programs only...see link below)
4. ACTFL (Foreign Language only...unofficial scores are acceptable for this test only)
5. Praxis II (content knowledge exam in your specific endorsement area)
For details, please check [http://cehd.gmu.edu/teacher/test/](http://cehd.gmu.edu/teacher/test/)

ENDORSEMENTS
Please note that ALL endorsement coursework must be completed, with all transcripts submitted and approved by the CEHD Endorsement Office, prior to the internship application deadline. Since the internship application must be submitted in the semester prior to the actual internship, please make an appointment to meet with the Endorsement Specialist and plan the completion of your Endorsements accordingly.

CPR/AED/First Aid – NEW hands-on training required for licensure!
Due to a recent change in Virginia law, effective July 1, 2017, all new license applications and license renewals must include verification that “hands-on” First Aid/CPR/AED training was completed. This means that applications for spring 2018 internships must also include verification of completing “hands-on” training. After June 30, 2017, the online training will no longer be accepted.

Emergency First Aid, CPR, and Use of AED Certification or Training requirement must be submitted and in the Mason system (i.e. Banner/PatriotWeb) by the application deadline. Students must submit one of the "acceptable evidence" documents listed at [http://cehd.gmu.edu/teacher/emergency-first-aid](http://cehd.gmu.edu/teacher/emergency-first-aid) to the CEHD Educator Preparation Office. In order to have the requirement reflected as met in the Mason system, documents can be scanned/e-mailed to internsh@gmu.edu or dropped-off in Thompson Hall, Suite 1700.

DYSLEXIA AWARENESS TRAINING – NEW requirement for licensure!
Effective July 1, 2017, every person seeking initial licensure or renewal of a license shall complete awareness training, provided by VDOE, on the indicators of dyslexia, as that term is

Similar to the Child Abuse Prevention Module, students will need to save and print out the completion certificate at the end of the module.

BACKGROUND CHECKS/FINGERPRINTING

All local school systems require students to complete a criminal background check through their human resources office (not through George Mason University) prior to beginning the internship. Detailed instructions on the process will be sent to the student from either the school system or Mason.

When applying for their background check/fingerprinting, students are strongly advised to disclose any/all legal incidents that may appear on their records. School divisions can and will withhold internship placement if discrepancies are found between a student’s disclosure and their official judicial record. Students must assume the risk that classes may be deferred and their program progress delayed or altered due to the individual severity of notations on such a check and review by individual agencies.

PLEASE NOTE:

Your G# must be clearly noted (visible and legible) on the face of any & all documents that you submit.
