\*Note: This syllabus may change according to class needs. Teacher Candidates/Students will be advised of any changes immediately through George Mason e-mail and/or through Blackboard.

**Prerequisite(s):** Teaching licensure or enrollment in a graduate degree program in education.

**Co-requisite(s):** None

**Course Description**

Provides professionals in special education, regular education, and related fields with knowledge and communication skills necessary for collaborative consultation and technical assistance to other educators and service providers. Note: Field experience required. Offered by Graduate School of Education. May not be repeated for credit.

**Advising Contact Information**

Please make sure that you are being advised on a regular basis as to your status and progress through your program. Mason M.Ed. and Certificate teacher candidates/students should contact the Special Education Advising Office at (703) 993-3670 for assistance. All other teacher candidates/students should refer to their faculty advisor.

**Advising Tip**

Did you know that to receive your teaching license you need to submit your request to VDOE? Depending on your situation, you can either submit your paperwork to VDOE through your county HR office or through GMU. For instructions, visit <http://cehd.gmu.edu/teacher/instructions>.

## **Course Delivery Method**

Learning activities include the following:

1. Class lecture and discussion
2. Application activities
3. Small group activities and assignments
4. Video and other media supports
5. Research and presentation activities
6. Electronic supplements and activities via Blackboard

## **Learner Outcomes**

Upon completion of this course, teacher candidates/students will be able to:

1. Define collaboration, consultation, and teamwork and explain the essential characteristics of each;
2. Identify variables that may facilitate or constrain participation in collaboration, consultation, or teamwork settings;
3. Demonstrate communication skills of listening, avoiding communication roadblocks, dealing with resistance, being appropriately assertive, and resolving conflicts;
4. Apply problem-solving techniques in collaborating with professional colleagues, parents, and related and ancillary personnel to provide for students' learning and behavioral needs;
5. Develop self-assessment techniques for improving consultative and collaboration skills.
6. Plan activities that implement effective consultation and collaboration techniques.
7. Develop an Individualized Education Plan

## **Course Relationship to Program Goals and Professional Organizations**

This course is part of the George Mason University, Graduate School of Education (GSE), Special Education Programs for teacher licensure in the Commonwealth of Virginia in the special education areas of Special Education: Students with Disabilities who Access the General Curriculum K-12, Visual Impairments PK-12, and Adapted Curriculum K-12. This program complies with the standards for teacher licensure established by the Council for Exceptional Children (CEC), the major special education professional organization, as well as those established by the Interstate Teacher Assessment and Support consortium (InTASC). The standards addressed in this class include CEC Standard 1: Learner Development and Individual Learning Differences (InTASC 1,2); CEC Standard 3: Curricular content knowledge (InTASC 4,5); CEC Standard 5: Instructional planning and strategies (InTASC 7,8); CEC Standard 6: Professional learning and ethical practice (InTASC 9) & CEC Standard 7: Collaboration (InTASC 10).

## **Evidence-Based Practices**

This course will incorporate the evidence-based practices (EBPs) relevant to communication, collaboration, and consultation. Evidence for the selected research-based practices is informed by meta-analysis, literature reviews/synthesis, the technical assistance networks which provide web-based resources, and the national organizations whose mission is to support students with disabilities. We address both promising and emerging practices in the field of special education. This course will provide opportunities for teacher candidates/students to take an active, decision-

making role to thoughtfully select, modify, apply, and evaluate EBPs in order to improve outcomes for students with disabilities.

### **Recommended Textbooks**

American Psychological Association. (2010). *Publication manual of the American Psychological Association* (6th ed.). Washington, DC: Author.

### **Course Performance Evaluation**

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, Tk20, hard copy).

### **Tk20 Performance-Based Assessment Submission Requirement**

It is critical for the special education program to collect data on how our students are meeting accreditation standards. Every teacher candidate/student registered for an EDSE course with a required Performance-based Assessment (PBA) is required to upload the PBA to Tk20 (regardless of whether a course is an elective, a one-time course or part of an undergraduate minor). A PBA is a specific assignment, presentation, or project that best demonstrates one or more CEC, InTASC or other standard connected to the course. A PBA is evaluated in two ways. The first is for a grade, based on the instructor's grading rubric. The second is for program accreditation purposes. Your instructor will provide directions as to how to upload the PBA to Tk20.

For *EDSE 662*, the required PBA is Individualized Education Program (Spec Ed General) OR Collaborative Team Improvement Project (Adapted/VI). Failure to submit the assignment to Tk20 will result in reporting the course grade as Incomplete (IN). Teacher candidates/students have until five days prior to the University-stated grade change deadline to upload the required PBA in order to change the course grade. When the PBA is uploaded, the teacher candidate/student is required to notify the instructor so that the "IN" can be changed to a grade. If the required PBA is not uploaded five days prior to the University-stated grade change deadline and, therefore, the grade not changed, it will become an F. Please check to verify your ability to upload items to Tk20 before the PBA due date.

### **Assignments and/or Examinations**

#### **Performance-based Assessment (Tk20 submission required)**

Please see Blackboard for assignment directions: **IEP Assignment (Assignment 4: 55 points)** rubric follows this syllabus

## College Wide Common Assessment (TK20 submission required)

None

## Performance-based Common Assignments (No Tk20 submission required)

### Assignment 1 (5 points)

Respond to Iris Modules on Blackboard “Discussion Board” tab

### Assignment 2 (20 points) CCT Paper

Your text defines Consultation, Collaboration, and Teamwork and provides frameworks and characteristics to illustrate the essential attributes of each. In this paper you will reflect upon and analyze your strengths and challenges related to **EACH** of these essential components of teaching and learning. You will apply this analysis to your current (or future if you are not currently teaching in special education) professional practice. This purpose of this activity is for you to a) define your current skills in relation to **EACH** component, and b) develop a plan of improvement to address your challenges in each area. You will need to use and cite your text as a reference, and you may incorporate feedback from stakeholders, as well. Your paper will be approximately 8-10 pages in length, double spaced in APA.

### Assignment 3 (20 points) Group Professional Development Presentation

Design a professional development activity. The purpose of this assignment is twofold: (1) to develop a one-hour staff development presentation which will be presented to the class on the last two class meetings; and, (2) to provide students with the opportunity to hone their collaborative skills. This project will introduce the staff development process, best practices, and provide the opportunity to work in and reflect on group dynamics and team work. The presentation should deal specifically with some aspect of instruction or an area of need for your group, for example, in the area of instruction, you might consider **a research-based instructional practice, co-teaching**, or you might consider **positive behavior supports** or **mindfulness**. Your presentation should include handouts, a PowerPoint presentation, a related reading (research article) and/or list of references, an agenda or outline, and definitions of related terms that might be unfamiliar to your audience. This assignment includes an individual one page reflection by each group member about your role in the collaborative process, including how your group implemented the concepts of collaboration, communication and team work in preparing your presentation. Finally, each group will need to prepare an evaluation form to be distributed to the group at the end of your presentation.

## Course Policies and Expectations

### Attendance/Participation

Students are expected to (a) attend all classes during the course, (b) arrive on time for each class, (c) stay for the duration of the class time, and (d) complete all class assignments. Attendance, timeliness, and professionally relevant, active participation is expected. Attendance and professional participation at all sessions are very important because many of the activities in class are planned in such a way that they cannot necessarily be recreated outside of the class session. Missing **more than one class** or **repeated tardiness/leaving early** will result in *the loss of five points off your final grade per incident*. Please notify me in advance by phone or email if you will not be able to attend class.

Please note, it is impossible to participate fully in this class if you are texting, on social media, or working on other documents during class. Please be fully present and an engaged member of our class community.

### Late Work

All assignments are due on the dates indicated. Consult with me *in advance* if you have an extenuating circumstance. In fairness to students who make the effort to submit assignments on time, five points will be deducted from your assignment grade for late submission **unless** I have agreed to an extension (may be used **one time** only for **one assignment only**).

### Grading Scale

<i>Grade</i>	<i>%</i>
A	95-100
A-	90-94
B+	87-89
B	84-86
B-	80-83
C	70-79
F	< 70

\*Note: The George Mason University Honor Code will be strictly enforced. Students are responsible for reading and understanding the Code. “To promote a stronger sense of mutual responsibility, respect, trust, and fairness among all members of the George Mason University community and with the desire for greater academic and personal achievement, we, the student members of the university community, have set forth this honor code: Student members of the George Mason University community pledge not to cheat, plagiarize, steal, or lie in matters related to academic work.” Work submitted must be your own or with proper citations (see <https://catalog.gmu.edu/policies/honor-code-system/>).

## Professional Dispositions

Students are expected to exhibit professional behaviors and dispositions at all times. See <https://cehd.gmu.edu/students/polices-procedures/>. In the College of Education and Human Development, dispositions are formally and separately evaluated in at least three points in each student's program – a self-evaluation at the start of their program, an instructor's evaluation in the middle of their program, and a university supervisor's evaluation during internship. When dispositions are assessed, it is important that for areas where a positive disposition is 'occasionally evident' or 'rarely evident,' the student takes steps to grow as an educator. See <https://cehd.gmu.edu/epo/candidate-dispositions>. In special education licensure programs, the mid-point evaluation is completed by instructors in EDSE 628, EDSE 661, and EDSE 616, and the internship evaluation is completed by instructors in EDSE 783, EDSE 784, and EDSE 785.

## Class Schedule

\*Note: Faculty reserves the right to alter the schedule as necessary, with notification to students.

### Core Values Commitment

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: <http://cehd.gmu.edu/values/>

### GMU Policies and Resources for Students

#### Policies

- Students must adhere to the guidelines of the Mason Honor Code (see <https://catalog.gmu.edu/policies/honor-code-system/> ).
- Students must follow the university policy for Responsible Use of Computing (see <http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/>).
- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students **solely** through their Mason email account.
- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see <http://ods.gmu.edu/>).
- Students must silence all sound emitting devices during class unless otherwise authorized by the instructor.

#### Campus Resources

- Support for submission of assignments to Tk20 should be directed to [tk20help@gmu.edu](mailto:tk20help@gmu.edu) or <https://cehd.gmu.edu/aero/tk20>. Questions or concerns regarding use of Blackboard should be directed to <http://coursessupport.gmu.edu/>.
