College of Education and Human Development  
Division of Special Education and disAbility Research  

Summer 2018  
EDSE 544 638: Adapted Instructional Methods and Transition for Secondary Learners  
CRN: 43045, 3 – Credits  

Instructor: Dr. Shanna E. Takacs  
Meeting Dates: 5/23/2018 – 7/25/2018  
Phone: 703-785-0311  
E-Mail: stakacs@gmu.edu  
Office Hours: by appointment  
Office Location: off campus, by appointment

*Note: This syllabus may change according to class needs. Teacher Candidates/Students will be advised of any changes immediately through George Mason e-mail and/or through Blackboard.

Prerequisite(s): None  
Co-requisite(s): None

Course Description
Provides strategies for teaching functional academics and social/life skills, facilitating the transition to postsecondary environments. Focuses on all aspects of transition and alternative assessments for secondary learners with disabilities. Note: Field experience required. Offered by Graduate School of Education. May not be repeated for credit.

Advising Contact Information
Please make sure that you are being advised on a regular basis as to your status and progress through your program. Mason M.Ed. and Certificate teacher candidates/students should contact the Special Education Advising Office at (703) 993-3670 for assistance. All other teacher candidates/students should refer to their faculty advisor.

Advising Tip
Are you completing a teacher licensure or non-licensure certificate program in addition to a Master’s degree? Students can submit a Graduate Secondary Certificate Application (http://registrar.gmu.edu/wp-content/uploads/GSCA.pdf) to their advisor when they are ready to add a certificate. Talk to your advisor if you have any questions about the program/s you are completing.

Course Delivery Method
Learning activities include the following:
1. Class lecture and discussion  
2. Application activities  
3. Small group activities and assignments  
4. Video and other media supports
5. Research and presentation activities  
6. Electronic supplements and activities via Blackboard

**Learner Outcomes**

Upon completion of this course, teacher candidates/students will be able to:

1. Identify, describe, and design alternate assessments for secondary learners with disabilities to demonstrate learning outcomes and postsecondary interests and aptitudes;
2. Demonstrate an understanding of evidence-based strategies for facilitating transition into the community, workplace, and postsecondary environments;
3. Demonstrate how to implement cognitive strategies in self-regulation, study skills, attention, memory, motivation, and self-determination;
4. Demonstrate knowledge of the federal and Virginia laws, Standards of Learning, and agencies that require and provide for transition, vocational, and rehabilitation services for students with disabilities at the secondary school level (middle & high school);
5. Identify the role and responsibilities of the Individual Education Plan (IEP) teams as they strive to incorporate transition requirements into the IEP and principles of person-centered planning;
6. Identify organizations, services, networks, and the variety of state and local agencies that maximize the interagency effort involved in the transition process for students with disabilities.

**Course Relationship to Program Goals and Professional Organizations**

This course is part of the George Mason University, Graduate School of Education (GSE), Special Education Program for teacher licensure in the Commonwealth of Virginia in the special education areas of Special Education: Students with Disabilities who Access the General Curriculum K-12. This program complies with the standards for teacher licensure established by the Council for Exceptional Children (CEC), the major special education professional organization, as well as those established by the Interstate Teacher Assessment and Support consortium (InTASC). The standards addressed in this class include CEC Standard 1: Learner development and individual learning differences (InTASC 1,2); CEC Standard 2: Learning environments (InTASC 3); CEC Standard 3: Curricular content knowledge (InTASC 4,5); CEC Standard 4: Assessment (InTASC 6); CEC Standard 5: Instructional planning and strategies (InTASC 7,8) & CEC Standard 7: Collaboration (InTASC 10).

**Evidence-Based Practices**

This course will incorporate the evidence-based practices (EBPs) relevant to self-determination, facilitating transitions, alternative assessments, and social skills. Evidence for the selected research-based practices is informed by meta-analysis, literature reviews/synthesis, the technical assistance networks which provide web-based resources, and the national organizations whose mission is to support students with disabilities. We address both promising and emerging practices in the field of special education. This course will provide opportunities for teacher candidates/students to take an active, decision-making role to thoughtfully select, modify, apply, and evaluate EBPs in order to improve outcomes for students with disabilities.

**Required Textbooks**

**Recommended Textbooks**

Course Performance Evaluation
Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, Tk20, hard copy).

Tk20 Performance-Based Assessment Submission Requirement
It is critical for the special education program to collect data on how our students are meeting accreditation standards. Every teacher candidate/student registered for an EDSE course with a required Performance-based Assessment (PBA) is required to upload the PBA to Tk20 (regardless of whether a course is an elective, a one-time course or part of an undergraduate minor). A PBA is a specific assignment, presentation, or project that best demonstrates one or more CEC, In TASC or other standard connected to the course. A PBA is evaluated in two ways. The first is for a grade, based on the instructor's grading rubric. The second is for program accreditation purposes. Your instructor will provide directions as to how to upload the PBA to Tk20.

For EDSE 544, the required PBA is Transition Plan with Assistive Technology. Failure to submit the assignment to Tk20 will result in reporting the course grade as Incomplete (IN). Teacher candidates/students have until five days prior to the University-stated grade change deadline to upload the required PBA in order to change the course grade. When the PBA is uploaded, the teacher candidate/student is required to notify the instructor so that the “IN” can be changed to a grade. If the required PBA is not uploaded five days prior to the University-stated grade change deadline and, therefore, the grade not changed, it will become an F. Please check to verify your ability to upload items to Tk20 before the PBA due date.

Assignments and/or Examinations
Performance-based Assessment (Tk20 submission required)

Assignments and/or Other Grading
- Assignment 1: Transition Plan with Assistive Technology (40 points)
- Assignment 2: Site visit (20 points)
- Assignment 3: Quiz on Online Modules (15 points)
- Assignment 4: Transition Assessment Presentations (15 points)
- Assignment 5: Attendance and Participation (10 points)

ASSESSMENT 1: Transition Plan with Assistive Technology (40 points)
The purpose of this assessment is to have candidates demonstrate knowledge of the individualized planning process required for the development of a transition plan for secondary students with mild to moderate exceptional learning needs. Candidates will demonstrate understanding of the components of the transition plan. Based upon case information provided, candidates will construct a transition plan that is legally sufficient and educationally appropriate for the described student. Candidates will use curricular resources and evidence-based practices to demonstrate their ability to plan appropriately for the student with mild to moderate exceptional learning needs.

Directions: In this assignment/project, you will demonstrate your ability to develop a Transition Plan for a hypothetical secondary student with a mild to moderate exceptional learning need. You will be presented with one case study and one Transition Plan document (both found on Blackboard). Using the information in your selected case study, you will write a transition plan that thoroughly and appropriately addresses the needs of the student in the case scenario and integrates at least one form of assistive technology which increases the student’s ability to access the general curriculum and work towards his or her transition goals.
As you write the transition plan, please include:

- Complete a thorough review of the case study facts
- Complete all components of the transition planning forms, using specific instructions provided by the instructor
- Infuse appropriate augmentative and assistive communication or assistive technology strategies into the transition goals and short-term objectives.

**PART 1: Present Levels of Performance**

Transition Assessment Information:

- Interests, strengths/capabilities, and career goals (include training, education, employment, and where appropriate independent living)
- Consider the information presented in the vignette as well as any assessment data (formal or informal) and present levels of performance as you develop these statements.
- Consider the impact of the student’s academic and social abilities, attitudes, interests, and values on instruction and career development.

**PART 2 & 3: Transition Plan & Rationale**

**Measurable Postsecondary Goals:**

- Write one measurable postsecondary goal for each domain: **employment, education/training,** and **independent living skills.** Base each goal on the information from the vignette and peer-reviewed research. Each goal is a specific statement of what the student wants to achieve after high school written as an “I will” statement. These goals should be based on the student’s interests, preferences, and strengths.

- Select and adapt instructional strategies and materials according to the characteristics of the student with exceptional learning needs and integrate evidence-based practices (from a minimum of **TWO** peer-reviewed journal articles) that have been validated to promote successful transitions for the specific characteristics of the learner and setting.
  - What appropriate augmentative and assistive communication or assistive technology would help the student reach their post-secondary goals?
  - How could that technology be integrated into the instruction in a natural and meaningful way?

- **Ensure that each postsecondary goal is based on an age appropriate transition assessment** (functional vocational evaluations, state assessments, or other more informal methods like daily living skills checklists and interest inventories and that you consider the principles of normalization and concept of least restrictive environment when making decisions about post-secondary outcomes.

**Short-Term Transition Objectives:**

- Write one short-term objective or benchmark for each of the following: **employment, education/training,** and **independent living skills.** Integrate evidence-based that have been validated for the specific characteristics of the learner and setting.

- At least **TWO** of your objectives must contain a form of appropriate augmentative/assistive communication or assistive technology as a component.

- You may want to consider the following questions:
  - What specific models, theories, philosophies, and research methods, which form the basis for special education practice, can be utilized?
  - What culturally, linguistically, and gender responsive instructional content, resources and strategies can be implemented?
  - What appropriate augmentative and assistive communication or assistive technology
would help the student reach their post-secondary goals? How could that technology be integrated into the instruction in a natural and meaningful way?

- What evaluation measures (indicators of progress toward meeting the goal) will be implemented intermittently during the year?
- What strategies can be used to integrate student initiated learning experiences into the instruction in order to maximize opportunities to increase self-determination?

School and Post-Secondary Services:
- Identify a minimum of **two post-secondary resources** that would be helpful for your student (e.g. Woodrow Wilson Training Center, ARC, Community Services Board, etc.).
- Identify a minimum of **one in-school employment preparation option** (e.g. Academies in Fairfax County Public Schools, Monroe Center in Loudoun County Public Schools, Davis Center, Pulley Center, WAT, OAT, etc.).

Rationale:
- In addition to identifying goals, objectives, activities, and services, you are required to write a **DETAILED** analysis within the Transition Plan document (i.e., the right-hand column labeled “Rationale”) which outlines a comprehensive, longitudinal individualized program for your secondary student, including:
  - A justification for the services selected. Relate the level of support to the needs of the student. Why are these services necessary for the student? Ensure that the rationale takes the continuum of placement and services available for students with exceptional learning needs as well as the legal, judicial and educational systems to assist students with exceptional learning needs into consideration. Do you recommend a job coach? Enclave? Any other special support?
  - A detailed explanation of what skills, experiences, activities, opportunities and connections the student needs in order to reach their post-secondary goals and the “action plan” to reach them.
  - A detailed explanation of resources, techniques, and recommendations for educational, community, vocational, and post-school adult living experiences which should be used to transition the student with exceptional learning needs out of school and into the postsecondary environment. This should include an explanation of the selected forms of appropriate augmentative and assistive communication or assistive technology which would benefit the student and a discussion of how these technology skills can be introduced and taught.
  - Articulate how you would review this document with the learner and how you would help the student understand how things change when they are no longer covered by IDEA.

**ASSESSMENT 2: Site Visit to a Community Agency or School Resource that Facilitates Transition Skills (20 points)**

Visit a transition resource either in the community or within the school system and describe the services available to youth with disabilities. Your write-up should include services, accommodations, population(s) served, description of the agency/office, and your questions for staff. Your “lens” for this visit should be, “**What opportunities exist for youth with mild disabilities through this avenue during and/or after high school?**” Include copies of materials available at the center, agency, or office. You will need to make an appointment.

Acceptable options for this assignment include a school career center, interview with a school or county transition coordinator, One-Stop Center, vocational evaluation site, Virginia Department of Rehabilitation Services.
Services office, local Community Services Board, Job Placement/Training program, and other suggestions from your professor.

Your write up MUST include a synthesis section that integrates the information from your site visit with professional literature on transition and career education.

NOTE: Please use the template provided on Blackboard to complete your paper. It may be helpful to write-up your questions ahead of time and have them available to submit with your paper. The length of this paper should range between 6-8 pages double-spaced (not including references and appendices).

ASSESSMENT 3: Quiz on Online Modules (15 points)
The Center for Change in Transition Services training modules will give you a comprehensive knowledge base to develop IEPs that are in compliance with state and federal regulations and to develop transition plans that will help students achieve their goals. The modules offer practitioners an opportunity to examine current IEPs using the Indicator 13 Checklist created by the National Secondary Transition Technical Assistance Center (NSTTAC), review the seven components required for transition services, view examples of each component and see suggestions for documentation in an IEP.

Directions:
Go to http://nextsteps-nh.org/transition-iep-requirements/ and click on each of the seven (7) modules listed below. Each module is listed on the left-hand side of the screen. After reviewing of the modules (reading text and watching videos on each page), please complete the quiz on Blackboard which will assess your understanding of the text and videos posted.

The 7 modules are as follows:
- Age Appropriate Transition Assessments
- Measurable Postsecondary Goals
- Courses of Study
- Transition Services
- Annual IEP Goals
- Student Invitation
- Invitation of Agency Representative

ASSESSMENT 4: Transition Assessment Presentations (15 points)
Each group will present on one of the following topics covering alternative and alternate assessments. Presentations should provide a detailed overview of the topic as well as examples. Each group presentation should last approximately 40 minutes in length. The instructor will assign topics.

Topics will include:
- Virginia Alternate Assessment Program (VAAP)
- Virginia Substitute Evaluation Program (VSEP)
- Virginia Grade Level Assessment (VGLA)
- Virginia Modified Achievement Standards Test (VMAST)*
- Armed Services Vocational Aptitude Battery (ASVAB)

Course Policies and Expectations
Attendance/Participation
Students are expected to attend all classes during the course, arrive on time, stay for the duration of the class time, and complete all assignments. Attendance, timeliness, and professionally relevant- active participation are expected. Attendance and professional participation at all sessions is very important
because many of the activities in class are planned in such a way that they cannot be recreated outside of the class session. Be aware that any points earned for participation in class activities during a time of absence will not be earned and cannot be made up. Please notify me in advance by email if you will not be able to attend class.

**Late Work**
All assignments are due on the dates indicated. Please talk with me if you need an extension. In fairness to students who make the effort to submit papers on time, 1 points per day will be deducted from your assignment grade for late papers unless I have agreed to an extension. Maximum extension is one week. Please retain a copy of your assignments in addition to the one you submit.

**Other Requirements**
This is a 3-credit graduate level course. Traditionally, 3-credit courses across a 15-week semester require an average of 45 hours of in-class time and approximately 90 hours of independent reading and assignment completion. Be prepared to put in that amount of time into this class and plan your schedule accordingly.

Some assignments require you to synthesize material from the course and outside sources into coherent statements of your ideas. In such cases, your writing should be databased– meaning that you must support statements and ideas with evidence from these sources, citing these sources. The standard format for writing in the field of education is outlined in the *Publication Manual of the American Psychological Association, 6th edition* ([www.apastyle.org](http://www.apastyle.org)). Specifically, the final version of your Instructional Program should be written in APA style, including a cover page, running head, pagination, headings (as needed), citations (as needed), and reference pages. The citation for this manual is included in the section entitled “Recommended Texts”. For an online resource, see [www.apastyle.org](http://www.apastyle.org).

It is expected that you know how to paraphrase and cite information appropriately to meet both APA guidelines and to avoid plagiarism. This website provides some useful information on how to avoid plagiarism in your writing: [http://www.plagiarism.org/](http://www.plagiarism.org/)

**Communication.**
The most efficient way to contact me is via email. I will respond within 24 hours during the week. Please do not email me an hour before an assignment is due and expect a response. If you would prefer to meet with me, please do not hesitate to contact me.

**Grading Scale**
95-100% = A  
90-94% = A-  
80-89% = B  
70-79% = C  
< 70% = F

* Note: The George Mason University Honor Code will be strictly enforced. Students are responsible for reading and understanding the Code. “To promote a stronger sense of mutual responsibility, respect, trust, and fairness among all members of the George Mason University community and with the desire for greater academic and personal achievement, we, the student members of the university community, have set forth this honor code: Student members of the George Mason University community pledge not to cheat, plagiarize, steal or lie in matters related to academic work.” Work submitted must or with proper citations (see [https://catalog.gmu.edu/policies/honor-code-system/](https://catalog.gmu.edu/policies/honor-code-system/)).
Professional Dispositions
Students are expected to exhibit professional behaviors and dispositions at all times. See https://cehd.gmu.edu/students/policies-procedures/. In the College of Education and Human Development, dispositions are formally and separately evaluated in at least three points in each student’s program – a self-evaluation at the start of their program, an instructor’s evaluation in the middle of their program, and a university supervisor’s evaluation during internship. When dispositions are assessed, it is important that for areas where a positive disposition is ‘occasionally evident’ or ‘rarely evident,’ the student takes steps to grow as an educator. See https://cehd.gmu.edu/epo/candidate-dispositions. In special education licensure programs, the mid-point evaluation is completed by instructors in EDSE 628, EDSE 661, and EDSE 616, and the internship evaluation is completed by instructors in EDSE 783, EDSE 784, and EDSE 785.

*Note: Faculty reserves the right to alter the schedule as necessary, with notification to students.
Core Values Commitment
The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: http://cehd.gmu.edu/values/

GMU Policies and Resources for Students

Policies
- Students must adhere to the guidelines of the Mason Honor Code (see https://catalog.gmu.edu/policies/honor-code-system/).

- Students must follow the university policy for Responsible Use of Computing (see http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/).

- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students solely through their Mason email account.

- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see http://ods.gmu.edu/).

- Students must silence all sound emitting devices during class unless otherwise authorized by the instructor.

Campus Resources
- Support for submission of assignments to Tk20 should be directed to tk20help@gmu.edu or https://cehd.gmu.edu/aero/tk20. Questions or concerns regarding use of Blackboard should be directed to http://coursessupport.gmu.edu/.

- For information on student support resources on campus, see https://ctfe.gmu.edu/teaching/student-support-resources-on-campus

For additional information on the College of Education and Human Development, please visit our website https://cehd.gmu.edu/students/.

Appendix
Assessment Rubric(s)
Assignment 1: Transition Plan with Assistive Technology (40 points)

Scoring Guidelines

4-Exceeds Standard: Candidates receive a score of 4 if they perform beyond the expectations that includes doing additional research, identifying additional resources, and/or demonstrating exceptional understanding and application of the standard.

3-Meets Standard: This is the TARGET score. It reflects that candidates have met the standard at the level expected at this point in their program.

2-Approaching Standard: Candidates receive this score when their understanding and effort does not meet the Target but shows basic understanding of the content being assessed.

1-Does not meet standard: Candidates who do not submit work, and/or who submit work that is clearly below the expectations for a candidate at this point in their program.

<table>
<thead>
<tr>
<th>Criteria</th>
<th>Does Not Meet Standard 1</th>
<th>Approaching Standard 2</th>
<th>Meets Standard 3</th>
<th>Exceeds Standard 4</th>

InTASC 1
VDOE 1
Diversity

The candidate describes current impact of learner characteristics on learning.

The candidate describes and provides examples of impact of learner characteristics on learning.
| The candidate accesses resources, supports, and specialized assistance and services to meet particular learning differences or needs. **InTASC 2**  
*VDOE 1 Technology* | The candidate does not identify either adaptations or accommodations to support learner achievement of learning objectives. | The candidate identifies either adaptations or accommodations that do not fully align with identified needs. | The candidate identifies and describes appropriate adaptations or accommodations that support learner achievement of learning objectives/goals, including technology. | The candidate thoroughly describes multiple, appropriate adaptations or accommodations that clearly support learner achievement of learning objectives/goals, including technology. |
| --- | --- | --- | --- | --- |

**Statement of Educational Need**

| The candidate effectively uses multiple and appropriate types of assessment data to identify learner’s needs and to develop differentiated learning experiences. **InTASC 6**  
*VDOE 4* | The candidate does not address learner educational needs or inappropriately uses assessment data to create a statement of educational need. | The candidate uses assessment data to create a statement of educational need that is not well aligned with assessment results. | The candidate uses assessment data to create an appropriate statement of educational need that is aligned with assessment results. | The candidate effectively uses assessment data from multiple sources to create a thorough and appropriate statement of educational need that is directly aligned with assessment results. |
| --- | --- | --- | --- | --- |

**Section 2. What should they learn? Identification of Learning Objectives**

| The candidate individually and collaboratively selects and creates learning objectives that are appropriate for curriculum goals and content standards, and are relevant to learners. **InTASC 7**  
*VDOE 2 Diversity* | The candidate identifies learning objectives that are either incomplete because related outcomes are not identified or the objectives are not directly related to learner educational need. | The candidate identifies learning objectives without relevance to learner educational need. | The candidate identifies learning objectives with related outcomes that are relevant to individual learner needs. | The candidate identifies distinct learning objectives with related outcomes that are relevant to individual learner needs. These learning outcomes allow for different and individualized learning pathways that can be accessed fluidly during instruction. |

| The candidate designs an assessment plan that evaluates all learning objectives and includes both formative and summative assessments that minimize sources of bias. |
| The candidate describes an assessment plan that evaluates all learning objectives and includes both formative and summative assessments that minimize sources of bias. |
| The candidate describes multiple assessment results that would prompt modification of instructional plans and those specific modifications. |

| specific learning objectives that meet learner educational needs is clearly and effectively aligned. Multiple pathways to learner achievement of the learning outcomes are provided. |
## Rubric: Transition Plan with Assistive Technology

| **Transition Assessment Information** CEC/IGC Standards 1 & 4 | Candidate writes an incomplete description of the student’s interests, OR strengths and capabilities OR career goals in any of the following areas:  
  - Education/training  
  - Employment  
  - Independent living (as appropriate). | Candidate interprets information from formal and informal assessments to write a clear description of the student’s interests, strengths and capabilities, and career goal for the following areas:  
  - Education/training  
  - Employment  
  - Independent living (as appropriate) with reference to age-appropriate transition assessments.  
  The candidate includes evidence of an understanding of the educational implications of the characteristics of various exceptionalities, sensory impairments, and variations in beliefs, traditions, and values across and within cultures.  
  Candidate describes the impact the learner’s characteristics may have on auditory and information processing skills (as appropriate). | Candidate interprets information from formal and informal assessments to write a clear description of the student’s interests, strengths and capabilities, and career goal for the following areas:  
  - Education/training  
  - Employment  
  - Independent living (as appropriate)  
  Including direct evidence and examples from the student’s age-appropriate transition assessment data.  
  The candidate includes evidence of an understanding of the educational implications of the characteristics of various exceptionalities, sensory impairments, and variations in beliefs, traditions, and values across and within cultures.  
  Candidate describes the impact the learner’s characteristics may have on auditory and information processing skills (as appropriate). |
<p>| <strong>Candidate</strong> understands how exceptionalities may interact with development and learning and uses this knowledge to provide meaningful and challenging learning experiences for individuals with exceptionalities. Candidate uses multiple methods of assessment and data sources in making educational decisions. | <strong>7 points</strong> | | |</p>

Legal Compliance of Transition Plan

CEC/IGC Standard 6

Candidate uses foundational knowledge of the field and his/her ethical principles and practice standards to inform special education.

Candidate writes an incomplete transition plan which fails to comply with all relevant laws and policies, including FAPE and LRE (and the history of these points of view) or other human issues that have historically influenced and continue to influence the field of special education.

Candidate writes a comprehensive transition plan which complies with all relevant laws and policies, including FAPE and LRE (and the history of these points of view) and other human issues that have historically influenced and continue to influence the field of special education.

Candidate writes a comprehensive transition plan which complies with all relevant laws and policies, including FAPE and LRE (and the history) and other human issues that have historically influenced and continue to influence the field of special education.
