VIRGINIA CONSORTIUM FOR TEACHER PREPARATION
IN SPECIAL EDUCATION ADAPTED CURRICULUM

Summer 2018
SD Reading, 3 Credits

Consortium Titles
- RU- EDSP 691 Emergent and Early Literacy for Students w Complex Language and Learning Needs
- VCU- TEDU 561 or SEDP 651: Reading Foundations
- NSU- SPE 542: Reading and Literacy Instruction
- ODU- SPED 675: Language and Emergent Literacy for Diverse Learners
- JMU- READ 566: Literacy Acquisition and Development of the Young Reader
- GMU- EDSE 557: Foundations of Language and Literacy for Diverse Learners
  - 557 D01 CRN: 40967; 557 6U1 CRN: 43331; 557 6Y1 CRN: 43342

Instructor: Dr. Melissa Ainsworth
Phone: 703-993-5369
Meeting Dates: 5/22/2018 – 7/10/2018
Meeting Day(s): Tuesdays with additional online Blackboard work
Meeting Time(s): 4:30 pm – 7:10 pm
Office Location: 206A Finley
Office Hours: By Appointment
Teaching University: GMU
Other Phone:

*Note: This syllabus may change according to class needs. Teacher Candidates/Students will be advised of any changes immediately through George Mason e-mail and/or through Blackboard.

Prerequisite(s): None  Co-requisite(s): None

GMU Course Description
Examines the complexity of language acquisition and literacy development. Focuses on typical and atypical language development, connections between language and literacy, and diversity of communication styles in families and cultures. Emphasizes first and second language acquisition. Notes: Field Experience required. Offered by Graduate School of Education. May not be repeated for credit.

Advising Contact Information
Please make sure that you are being advised on a regular basis as to your status and progress through your program. Mason M.Ed. and Certificate teacher candidates/students should contact the Special Education Advising Office at (703) 993-3670 for assistance. All other teacher candidates/students should refer to their faculty advisor.

Course Delivery Method
Learning activities include the following:
1. Class lecture and discussion
2. Application activities
3. Small group activities and assignments
This course will be delivered online (76% or more) using a HYBRID format via Blackboard Learning Management system (LMS) housed in the MyMason portal. You will log in to the Blackboard (Bb) course site using your Mason email name (everything before @masonlive.gmu.edu) and email password. The course site will be available on May 22, 2018.

**Under no circumstances, may candidates/students participate in online class sessions (either by phone or Internet) while operating motor vehicles. Further, as expected in a face-to-face class meeting, such online participation requires undivided attention to course content and communication.**

**Technical Requirements**

To participate in this course, students will need to satisfy the following technical requirements:

- High-speed Internet access with standard up-to-date browsers. To get a list of Blackboard’s supported browsers see: [https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#supported-browsers](https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#supported-browsers)

To get a list of supported operation systems on different devices see: [https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#tested-devices-and-operating-systems](https://help.blackboard.com/Learn/Student/Getting_Started/Browser_Support#tested-devices-and-operating-systems)

- Students must maintain consistent and reliable access to their GMU email (or university email) and Blackboard, as these are the official methods of communication for this course.
- Students will need a headset microphone for use with BlueJeans if approved to access.
- Students may be asked to create logins and passwords on supplemental websites and/or to download trial software to their computer or tablet as part of course requirements.
- The following software plug-ins for PCs and Macs, respectively, are available for free download:

**Expectations**

- **Participation:**
Students are expected to actively engage in all course activities throughout the semester, which includes viewing all course materials, completing course activities and assignments, and participating in course discussions and group interactions.

- **Technical Competence:**
  Students are expected to demonstrate competence in the use of all course technology. Students who are struggling with technical components of the course are expected to seek assistance from the instructor and/or College or University technical services.

- **Technical Issues:**
  Students should anticipate some technical difficulties during the semester and should, therefore, budget their time accordingly. Late work will not be accepted based on individual technical issues.

- **Workload:**
  Please be aware that this course is not self-paced. Students are expected to meet specific deadlines and due dates listed in the Class Schedule section of this syllabus. It is the student’s responsibility to keep track of the weekly course schedule of topics, readings, activities and assignments due.

- **Instructor Support:**
  Students may schedule a one-on-one meeting to discuss course requirements, content or other course-related issues. Those unable to come to a Mason campus can meet with the instructor via telephone or web conference. Students should email the instructor to schedule a one-on-one session, including their preferred meeting method and suggested dates/times.

- **Netiquette:**
  The course environment is a collaborative space. Experience shows that even an innocent remark typed in the online environment can be misconstrued. Students must always re-read their responses carefully before posting them, so as others do not consider them as personal offenses. Be positive in your approach with others and diplomatic in selecting your words. Remember that you are not competing with classmates, but sharing information and learning from others. All faculty are similarly expected to be respectful in all communications.

- **Accommodations:**
  Online learners who require effective accommodations to insure accessibility must be registered with George Mason University Disability Services or their local university’s office of disability services.

**Learner Outcomes**

Upon completion of this course, teacher candidates/students will be able to:

1. Describe language development and emergent literacy skills
2. Describe the nature, function, and rules of language.
3. Describe disorders and deviations in language and related areas.
4. Demonstrate an understanding of components of literacy acquisition, including sound/symbol relationships, explicit phonics instruction, syllables, phonemes, and morphemes.
5. Demonstrate an understanding of how syntax and semantics interact in the construction of meaning in literacy and its relationship to reading comprehension.
6. Demonstrate an understanding of the relationship of on-going assessment and the planning of reading instruction.
7. Identify and implement a variety of early reading comprehension strategies.
8. Identify and implement strategies and activities that foster an appreciation of a variety of literature and independent reading.
9. Demonstrate knowledge of best practices and strategies in reading instruction for students with severe disabilities.

Course Relationship to Program Goals and Professional Organizations
This course is part of The Virginia Consortium for Teacher Preparation in Special Education Adapted Curriculum, a grant from the Virginia Department of Education that includes George Mason University, Virginia Commonwealth University, Radford University, Norfolk State University, Old Dominion University, and James Madison University. Through the completion of the Adapted Curriculum Consortium program, students are eligible for teacher licensure in the Commonwealth of Virginia in the area of Special Education – Adapted Curriculum K-12. This program complies with the standards for teacher licensure established by the Council for Exceptional Children (CEC), the major special education professional organization, as well as those established by the Interstate Teacher Assessment and Support consortium (InTASC). The standards addressed in this class include CEC Standard 1: Learner Development and Individual Learning Differences (InTASC 1,2) & CEC Standard 5: Instructional Planning and Strategies (InTASC 7,8).

This course contains at least on Common Assessment developed by the College of Education and Human Development to assess our candidates' performance on nationally accepted standards for beginning teachers (InTASC) and our programs' performance on national accreditation standards (CAEP).

Required Textbooks

Recommended Textbooks

Erickson & Koppenhaver, Children w/Disabilities: Reading & Writing the Four-Blocks Way, Carson-Dellosa Publishing Co

Required Resources
Access to Blackboard, PowerPoint and Microsoft Word
Additional Readings
As assigned and posted on Blackboard

Course Performance Evaluation
Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, Tk20, hard copy).

Tk20 Performance-Based Assessment Submission Requirement
It is critical for the special education program to collect data on how our students are meeting accreditation standards. Every teacher candidate/student registered for an EDSE course with a required Performance-based Assessment (PBA) is required to upload the PBA to Tk20 (regardless of whether a course is an elective, a one-time course or part of an undergraduate minor). A PBA is a specific assignment, presentation, or project that best demonstrates one or more CEC, InTASC or other standard connected to the course. A PBA is evaluated in two ways. The first is for a grade, based on the instructor's grading rubric. The second is for program accreditation purposes. Your instructor will provide directions as to how to upload the PBA to Tk20.

For EDSE 557, the required PBA is Literacy Case Study Project. Failure to submit the assignment to Tk20 will result in reporting the course grade as Incomplete (IN). Teacher candidates/students have until five days prior to the University-stated grade change deadline to upload the required PBA in order to change the course grade. When the PBA is uploaded, the teacher candidate/student is required to notify the instructor so that the “IN” can be changed to a grade. If the required PBA is not uploaded five days prior to the University-stated grade change deadline and, therefore, the grade not changed, it will become an F. Please check to verify your ability to upload items to Tk20 before the PBA due date.

Assignments and/or Examinations
Performance-based Assessment (Tk20 submission required)
The performance-based assessment for this course is the Literacy Case Study Project. See the Course Assignments section for assignment description.
College Wide Common Assessment (Tk20 submission required GMU only) The college-wide common assessment for this course is the Literacy Case Study Project. See the Course Assignments section for assignment description.

Course Assignments/Fieldwork Experience

1. **Literacy Case Study 100 points** - This is a signature assignment for our program: Using actual observations of a target student, readings from class, class lectures, and your weekly lesson plans, describe your target student and their literacy history and develop a literacy plan. Write up this case study in an 8-10 page paper (minimum) using APA formatting and referencing. On the last night of class, you will present Part II: The literacy plan in a final poster presentation (see the additional assignments for information on this part.) **This assignment (without the poster presentation) must be uploaded to Blackboard and to TK20.**

The case study should specifically address each major component from lectures and readings. These include:

Part One: Literacy History

   a. Thorough description of the target student including present level of performance in literacy.
   b. Literacy experience and FAPE- barriers to literacy for your student and the impact of literacy/lack of access to literacy and literacy instruction on your student’s life and educational history.
   c. Literacy and communication - the relationship between literacy and communication and how this has impacted your student’s life.
   d. A summary of your student’s literacy across the four blocks.

Part Two: Literacy Plan

   a. Identify a range of literacy instruction you will put in place in your classroom and for your student for the next school year. This range of activities should cover the 4 Blocks of literacy. Include both instructional strategies as well as activities that you will use to teach each of the blocks. [Think of this as the curriculum – the broad knowledge that you want your student to have]
      i. Self – Selected reading (include titles of the some of the texts YOU will introduce/use as well as some you might have available for this block)
      ii. Working with Words Block: How do you plan to address moving your student forward in this block (remember to discuss both automatic and mediated reading)
iii. Guided Reading: What reading comprehension skills will you be teaching your student and what strategies might you use to teach these skills (remember the difference between instructional strategies and activities)

iv. Writing: How will you teach writing to this student?

b. Create a literacy goal for your student and include specific instructional strategies you intend to use during literacy instruction. [Think of this as an IEP type of goal – that targets a skill deficit that needs to be addressed so that the student can access the curriculum you presented above]

c. Evaluating progress- How will you evaluate the progress of your student? Be sure to link your evaluation to the IEP and VAAP.

d. AT- What assistive technologies will you incorporate into your literacy instruction for your student?

e. End of paper logistics

   i. Conclusion: You need to have a concluding paragraph summarizing your paper.

   ii. References: you need a reference page which lists all of the sources that you used and cited in your paper.

   iii. Appendix: include the 5 lesson plans you wrote for class in the appendix.

**College Wide Common Assessment (TK20 submission required)**
You will upload your Literacy case study to the Assessment tab in both the InTasc link and to the Literacy Case Study Link.

**Field Experience Requirement**
A field experience is a part of this course. A field experience includes a variety of early and ongoing field-based opportunities in which candidates may observe, assist, and/or tutor. Field experiences may occur in off-campus settings, such as schools (CAEP, 2016). Below are REQUIRED PROCEDURES FOR ALL STUDENTS ENROLLED IN THIS COURSE.

1. **Complete the online EDSE Field Experience form.** This online form will be sent to your GMU email from EDSEfld@gmu.edu on the first day of the semester. Click on the link and complete the form as soon as possible. ALL students should complete the form, regardless of whether you need assistance in locating a field experience placement or not. This information is required by the state. Please direct any questions about the form to Dr. Kristen O’Brien at EDSEfld@gmu.edu.

   If you are arranging your own field experience because you are a full-time contracted school system employee and will complete the field experience at your worksite, you will be asked to specify the school at which you will be completing the field experience.
If you request a field experience placement to be arranged, you will receive information via your GMU email account about your assigned internship placement from the Clinical Practice Specialist in the College’s Educator Preparation Office (EPO). Check your GMU email regularly for important information regarding your field experience. Follow all instructions for the necessary Human Resource (HR) paperwork required to access the assigned field experience placement.

2. **View the EDSE Field Experience Introduction presentation.** On the first week of classes and prior to representing George Mason in off-campus settings, your instructor will show a video presentation or provide a link to the presentation, which includes important information about the registration process for EDSE field experiences and tips for a successful field experience. After the presentation, sign the document provided by your instructor to indicate that you have watched the presentation and are aware of the EDSE field experience professionalism expectations.

3. **Document your field experience hours.** Your instructor will provide you with access to field experience documentation forms to use. There are two different field experience documentation forms – one for those completing field experience at their worksite and one for those completing field experiences in other classroom settings (e.g., GMU arranged a placement for you). Use the form that is most appropriate for your field experience placement. Your instructor will provide more directions on how to use and submit the documentation form.

4. **Complete the field experience end-of-semester survey.** Towards the end of the semester, you will receive an email from EDSEfld@gmu.edu with a link to an online survey. This brief survey asks you to report about important features of your field experience placement.

**Other Assignments**

2. **On-line learning modules (100 points) –**
There will be a total of four (4) on-line learning modules related to course topics. These will be reading-intensive assignments with a writing/discussion component. Each will be worth up to 25 points. Submissions will show strong evidence of comprehension and application of key concepts contained in each set of readings, as well as integration with other skills and concepts gained across the course. Directions will be posted in Blackboard each week. **These modules comprise the online portion of this hybrid course and are intended to represent a class period.**

3. **Lesson Plans:** Five lesson plans at 20 points each for a total of 100 points possible

As we cover the 4 blocks of writing you will be asked to turn in 1 – 2 lesson plans per block. Each lesson plan is worth 20 points. Each lesson plan has a different due date.
Detailed descriptions of the directions for each lesson plan is found on blackboard under the assignments tab.

4. In-Class Activities (50 points possible)
   During some class sessions, we will have an in-class activity or writing assignment for which you will be awarded points contributing to your final grade. There will be a total of 5 activities. Each activity is worth 10 points. If you are not present in class when the in-class activity is completed, your grade for that day’s activity will be 0. In-class activities cannot be made up.

5. PPT Presentation and Write up: 50 points possible

   After you have written your case study, you will create a PPT (6 slide maximum) on which you will highlight the following:
   1. Description of your student – 1 slide
   2. Literacy History/current level – 1 slide
   3. Your literacy plan (an outline including the goal) – 1 slide
   4. Your rationale for the plan 1 - slide

   Your PPT will be uploaded onto BB and is worth 35 points.

   During the final class session, you will have time to view your fellow students’ PPTs and you will fill out a “what I learned” form detailing what you personally learned from the five (5) of your classmates PPTS. You will complete the form electronically and submit a copy via BB upload link. The completed “what I learned” form is worth 15 points.
Course Policies and Expectations

Attendance/Participation

Students are expected to attend all class sessions during the course. Because this is a hybrid class with only 8 class sessions, it is imperative that students make every effort to attend class. Students are expected to arrive on time and stay for the duration of class time. Attendance, timeliness, and professionally relevant, respectful and active participation are expected. Attendance and professional participation at all sessions is very important because all of the activities in class are planned in such a way that they cannot be recreated outside the class session.

Since many of the classes involve activities, videotapes, discussion, etc., regular attendance is vital to gain maximum benefit. This class is designed to be interactive and rigorous. This is so your learning is optimized. Your attendance in class is important and required. If you are absent, your class activity grade for that date will be 0. **In class Activities may NOT be made up.** Please contact the instructor if you know ahead of time that you will not be in class on a particular day due to illness or an emergency.

In the unlikely event that you are not able to attend, it is your responsibility to make arrangements to obtain notes, handouts, and lecture details from another student. Students who are absent are held responsible for the material covered including assignment discussions/clarifications/explanations and assignments given and due. It is your responsibility to arrange with another student for collection of materials and to promptly obtain class notes, handouts, lecture details, explanations of content, and procedures/assignments, etc.
**Late Work**

All assignments are due on the posted due date in the syllabus. In fairness to students who make the effort to submit their work on time, 5% of the total points for the assignment will be deducted from the assignment each day that it is late. After one week, NO POINTS will be awarded toward the assignment and the assignment will not be accepted. It is not the instructor’s responsibility to remind students to submit when work is due. **Additionally it is the responsibility of the student to make sure that when work is submitted to Blackboard, it is submitted in the required format (Microsoft word or PPT). PDF’s and Notepad will NOT be accepted.**

**Please note that all late or wrongly uploaded assignments will be graded at instructor convenience and the student forfeits the opportunity for timely feedback.**

**Other Requirements**

**Grading Scale**

93 –100% = A  
90 – 92% = A-  
87-89% = B+  
80 – 86 % = B  
70-79% = C  
< 70 = F

*Note: The George Mason University Honor Code will be strictly enforced. Students are responsible for reading and understanding the Code. “To promote a stronger sense of mutual responsibility, respect, trust, and fairness among all members of the George Mason University community and with the desire for greater academic and personal achievement, we, the student members of the university community, have set forth this honor code: Student members of the George Mason University community pledge not to cheat, plagiarize, steal, or lie in matters related to academic work.” Work submitted must be your own or with proper citations (see [https://catalog.gmu.edu/policies/honor-code-system/](https://catalog.gmu.edu/policies/honor-code-system/)).

**Professional Dispositions**

Students are expected to exhibit professional behaviors and dispositions at all times. See [https://cehd.gmu.edu/students/policies-procedures/](https://cehd.gmu.edu/students/policies-procedures/). In the College of Education and Human Development, dispositions are formally and separately evaluated in at least three points in each student’s program – a self-evaluation at the start of their program, an instructor’s evaluation in the middle of their program, and a university supervisor’s evaluation during internship. When dispositions are assessed, it is important that for areas where a positive disposition is
‘occasionally evident’ or ‘rarely evident,’ the student takes steps to grow as an educator. See https://cehd.gmu.edu/epo/candidate-dispositions. In special education licensure programs, the mid-point evaluation is completed by instructors in EDSE 628, EDSE 661, and EDSE 616, and the internship evaluation is completed by instructors in EDSE 783, EDSE 784, and EDSE 785.
Class Schedule
*Note: Faculty reserves the right to alter the schedule as necessary, with notification to students.

Honor Code

Each university has its own honor code and it is important for you to review the honor code at your university. However, all students taking this course, regardless of the university they are enrolled in, are expected to follow this honor code and may be asked to pledge all assignments and their exam to indicate that they have followed the honor code. A pledge means that you have not cheated or plagiarized, nor have you given or received assistance that violated the description of how assignments are to be completed for this course. The shortened version may be used: “Pledged” followed by the date and your full name (typed “signatures” will be OK for assignments/tests submitted electronically).

Students at all universities pledge not to cheat, plagiarize, steal, or lie in matters related to academic work.” Work submitted must be your own or with proper citations.

A complete copy of each university’s Honor System document is available through:
GMU: http://oai.gmu.edu/the-mason-honor-code/
VCU: www.students.vcu.edu/rg/policies/rg7honor.html.
Radford: http://www.radford.edu/~dos-web/handbook02-03/Honor_Code.pdf
NSU: http://www.nsu.edu/student_judicial/policy.html
JMU: http://www.jmu.edu/honor/code.shtml
ODU: https://www.odu.edu/about/monarchcitizenship/student-conduct

Accommodations for Disability
At all the participating universities, accommodations can be made with the instructor if a student has a documented disability. University specific information regarding eligibility, services and accommodations can be found at:
GMU: http://www.gmu.edu/student/drc/
VCU: http://www.students.vcu.edu/dss/index.html
Radford: http://www.radford.edu/~dro/
NSU: http://www.nsu.edu/disabilityservices/index.html
JMU: https://www.jmu.edu/ods/
ODU: https://www.odu.edu/life/diversity/accessibility

Inclement Weather
If classes are cancelled at the teaching university, a message will be posted on the class Blackboard site and all class members will receive an email. Because such cancellations are often at the last minute, it may be difficult to get this message prior to leaving for class. If in doubt, visit the teaching university’s website. Do not email us; I will email you regarding weather as soon as it is announced. Please note the cancellation of classes due to inclement weather is determined by the decision of the instructing university only. If the instructing university is open and operational then you are expected to attend class.

Cell Phones and Weapons
All cell phones and beepers should be deactivated while in the classroom. Also, University rules at all participating universities prohibit the possession any firearm, other weapon, or explosive.
Please consult the student handbook and your university for specific information concerning this policy at your university.

Course Materials
This course gives you access to PowerPoint files, class lecture notes, handouts, and copyrighted articles. All of these materials should be regarded as authored materials, which if used or referred to must be fully credited through reference to the author, the class, and date. If used beyond citation, permission of the instructor/author is required.

Technology Proficiencies
All students participating in this course are expected to be proficient in several technology skills. Students are expected to be proficient in using the Internet and have reliable and consistent Internet access. Students are expected to have an active university email account and to check email regularly. This course requires students to use Blackboard, which is our online course management system located at http://mymason.gmu.edu under the COURSES tab.

Students are expected to login to this system frequently and be proficient in using its features. Students are expected to be proficient in using the computer, which includes downloading and saving files, typing, and word processing skills. Students participating in this course are expected to use Microsoft Word for all written assignments. Furthermore, students are expected to use Microsoft PowerPoint and Adobe Acrobat Reader for class documents located on the Blackboard website.

Blackboard Access and Non-Mason Students
NON GMU students will be required to activate and utilize their GMU login credentials to access Blackboard. NEW students this semester should have received an email with activation directions from Marci Kinas Jerome. Any questions please contact Marci Kinas Jerome, mkinas@gmu.edu. Passwords must be reset every 6 months. If students do not receive the change password email request, they will need to request a password reset if they can no longer login. Students can reset their password at https://password.gmu.edu

GMU Email and Non-Mason Students
NON GMU students will be required to activate their GMU email account and either check the account regularly or forward their mail to their home university account. By default all accounts in the Blackboard system are GMU accounts. Directions for activating your GMU email account can be found at: http://masonlive2.gmu.edu/instructions.cfm and directions for forwarding your mail are located at: http://masonlive2.gmu.edu/tutorials/forwardemail.cfm

Remote Site Student
It is the policy of the consortium that students attending classes at university sites are expected to be present at those university sites during class time. However, there are situations in which students are unable to attend classes at the university sites and may be permitted to take a course as a “remote site” student. To be considered, students must meet the requirement of more than 90 minutes of one-way travel time to the closest participating university (under normal
circumstance). OR have a documented medical need. In addition, there are several technology and procedural requirements that are detailed on the Consortium website: http://kihd.gmu.edu/sdc/ and posted on Blackboard. Students must obtain permission from both the course instructor and the consortium coordinator to be considered a remote site student. Students’ continued participation as a remote site will be re-assessed each semester.

In special circumstances where students would otherwise miss class (in accordance to the attendance policy) students may request to participate as a remote site if they (a) have met all of technical and procedural requirements, (b) have received permission from the instructor at least one week prior to class, and (c) have had a successful test session with GMU tech support personnel.

Under no circumstances, may candidates/students participate in online class sessions (either by phone or Internet) while operating motor vehicles. Further, as expected in a face-to-face class meeting, such online participation requires undivided attention to course content and communication.

Course Facilitators
Each site will have a facilitator or assistant who will assist with the class. Learn who that person is as they will be taking role and keeping track of class participation and reporting it to me weekly. However, if you think you must miss a class, please email me ahead if at all possible (or later if need be).

Blackboard Assistance
This course requires that you be a regular email user and be able to use various features of Blackboard (sign on, download materials, hand in completed assignments electronically through the assignment submission link). You may direct your questions about Blackboard to Marci Kinas Jerome (mkinas@gmu.edu). She will be the best resource.

Remote Site Viewing
All Consortium courses are recorded and archived on a video-streaming server. Students and faculty are welcome to view previous classes at vcms.gmu.edu. Select the category: EDSE and click on the link for the specific class session. The password for this class is 4557.
GMU Core Values Commitment
The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: http://cehd.gmu.edu/values/

GMU Policies and Resources for Students

Policies

- Students must adhere to the guidelines of the Mason Honor Code (see https://catalog.gmu.edu/policies/honor-code-system/).

- Students must follow the university policy for Responsible Use of Computing (see http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/).

- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students solely through their Mason email account.

- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see http://ods.gmu.edu/).

- Students must silence all sound emitting devices during class unless otherwise authorized by the instructor.

Campus Resources

- Support for submission of assignments to Tk20 should be directed to tk20help@gmu.edu or https://cehd.gmu.edu/aero/tk20. Questions or concerns regarding use of Blackboard should be directed to http://coursessupport.gmu.edu/.

- For information on student support resources on campus, see https://ctfe.gmu.edu/teaching/student-support-resources-on-campus

For additional information on the College of Education and Human Development, please visit our website https://cehd.gmu.edu/students/.
## Assessment Rubric(s): Literacy Case Study

<table>
<thead>
<tr>

<thead>
<tr>
<th>CEC/ICC Standards 5</th>
<th>Candidate selects, adapts, and uses a repertoire of evidence-based instructional strategies to advance learning of individuals with exceptionalities. Candidate provides an incomplete outline of strategies to support and enhance communication for learners with moderate to severe disabilities including augmentative or assistive communication strategies or devices.</th>
<th>Candidate outlines evidence-based instructional strategies to support and enhance communication for learners with moderate to severe disabilities including augmentative or assistive communication strategies or devices.</th>
<th>Between literacy and communication for learners with moderate to severe disabilities. Candidate outlines a clear plan for the instruction using a range of evidence-based instructional strategies to support and enhance communication for learners with moderate to severe disabilities including augmentative or assistive communication strategies or devices.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Literacy History: Culture, Communication and Literacy</td>
<td>Candidate provides an incomplete discussion of the effect of cultural and linguistic differences (family background, native language and culture) on the growth and development related to communication and emergent literacy for learners with moderate to severe disabilities.</td>
<td>Candidate discusses the effect of cultural and linguistic differences (family background, native language and culture) on the growth and development related to communication and emergent literacy for learners with moderate to severe disabilities.</td>
<td>Candidate discusses several specific effects of cultural and linguistic differences (family background, native language and culture) and establishes a clear link to the growth and development as related to communication and emergent literacy for learners with moderate to severe disabilities.</td>
</tr>
<tr>
<td>CEC/ICC Standards 1</td>
<td>Candidate understands how exceptionalities may interact with development and learning and uses this knowledge to provide meaningful and challenging learning experiences for individuals with exceptionalities.</td>
<td>Candidate provides an incomplete outline of strategies to support and enhance communication for learners with moderate to severe disabilities including augmentative or assistive communication strategies or devices.</td>
<td>Candidate considers the general curriculum and prioritizes the learning needs of students with moderate to severe exceptionalities by developing age and ability appropriate literacy goals that accommodate the student’s individualized learning needs.</td>
</tr>
<tr>
<td>Selection of Target Skills</td>
<td>Candidate fails to consider the general curriculum and does not prioritize the learning needs of students with moderate to severe exceptionalities by not developing an age and ability appropriate literacy goals that accommodate the student’s individualized learning needs.</td>
<td>Candidate considers the general curriculum and prioritizes the learning needs of students with moderate to severe exceptionalities by developing age and ability appropriate literacy goals that accommodate the student’s individualized learning needs.</td>
<td>Candidate considers the general curriculum and prioritizes the learning needs of students with moderate to severe exceptionalities by developing age and ability appropriate literacy goals that accommodate the student’s individualized learning needs while also integrating communication, social, and life skills with academic curricula.</td>
</tr>
<tr>
<td>CEC/IIC Standard 3</td>
<td>Candidate uses knowledge of general and specialized curricula to individualize learning for individuals with exceptionalities.</td>
<td>Candidate uses knowledge of general and specialized curricula to individualize learning for individuals with exceptionalities.</td>
<td>Candidate uses knowledge of general and specialized curricula to integrate a range of literature, including specialized materials, into the literacy instruction according to the characteristics of the learners.</td>
</tr>
<tr>
<td>Literature Engagement</td>
<td>Candidate fails to demonstrate knowledge of the curricula and integrates limited range of literature, which may or may not include specialized materials, into the literacy instruction.</td>
<td>Candidate uses knowledge of curricula to integrate a range of literature, including specialized materials, into the literacy instruction according to the characteristics of the learners.</td>
<td>Candidate uses knowledge of general and specialized curricula to integrate a range of literature, including specialized materials, into the literacy instruction according to the characteristics of the learners.</td>
</tr>
<tr>
<td>Candidate uses knowledge of general and specialized curricula to individualize learning for individuals with exceptionalities.</td>
<td>instruction or does not select literature according to the characteristics of learners with moderate to severe disabilities.</td>
<td>with moderate to severe disabilities.</td>
<td>characteristics of the learners with moderate to severe disabilities. Candidate selects literature that reflects cultural, linguistic, and gender diversity.</td>
