Major Assignment Description:

Class Participation (10 points per class): Active participation in whole-group and small-group interactions is a crucial element of this class. Your class participation grade will reflect the quality as well as the quantity of your participation. Such participation can only occur when you are **present, prepared and engaged**. That is, thorough preparation for the class through deep, critical reading and thinking is the key to fully engaged participation in discussions and activities during class. **Each week, you will complete readings, watch videos, explore websites, and/or complete mini-activities prior to the class meeting.** In this way, in-class discussions and activities will be an opportunity for you to share your thinking on the day's topic(s) thoughtfully and reflectively. You must be present in class, prepared to participate, and engage actively to earn these points.

Be a Teacher for 15 Minutes (50 points): You want to be a teacher...here's your chance! Create and present information to our class on a topic about **one** of the approved topics related to student diversity. This presentation will include involving peers in a brief, meaningful activity. Approval and sign-up required. (50 points: List of potential topics, specific directions, and rubric on Blackboard).

Multicultural Research Summaries (3 at 25 points each): Read three current professional journal articles on cultural pluralism and/or culturally responsive teaching and be ready to discuss them in class. Provide the following information for *each* source including proper references: 3 key concepts, 1 analytical paragraph showing connections and applications, 1 quote from each source worthy of class discussion, and 3 questions to spark discussion. Provide proper citation in APA-6 style for each article. You will need to annotate the article as you read to note connections, critiques, and/or questions/wonderings that you have. ***Please bring the annotated article in print or electronic form to class.***

Professional Dialogue/Interview with a Current Public School Teacher (100 points): Engage in a dialogue/interview around 5 topics with a current public school teacher to learn how this educator learns about and responds to the needs of diverse children. More details about the topics and interview construction will be given in class. Take detailed notes or record the interview. You will be required to share insights you have gained through your conversation which reinforces or negates (from the teacher's perspective) concepts learned in the course. Please probe for examples to illustrate the teacher's comments. Provide the grade level and demographics of the students with whom this teacher works, the number of years this teacher has taught, and the scope of his/her experience.

Use the following format **for each of the 5 topics** of discussion. A. Write the open-ended question(s) and summarize the teacher's answer(s) (4 points); B. State one or two follow-up question(s) you asked and further knowledge you gained (4 points); C. Explain the insights that you gained related to what we have studied this semester in EDUC 301 (4 points); D. What questions did the interview generate about teaching and learning with this diverse population? (4 points); E. In a summary paragraph, for each topic, explain, in detail, what you think teachers must do to serve this diverse population with equity and excellence (4 points). Create a title page for your work. Use 1" margins and *Times New Roman* 12-point font. Single-space your work with double-spacing between major sections (A-E). Use consistent, bolded subheadings to organize your paper.

Field Experience & Reflection (100 points): Observe in a public school setting for a minimum of 10 hours. Make every effort to include an observation of a Professional Learning Community (PLC) meeting and a Special Education or IEP meeting, a 504 screening meeting, or a 504 Plan meeting. Other observation hours can be in a special education classroom and/or in an inclusive, regular education classroom. You will write a reflection paper based on this field experience. Please see Blackboard for specific directions and the rubric for this paper. We will discuss this assignment in class.

Field Experience must be requested as described in class by visiting <https://cehd.gmu.edu/teacher/internships-field-experience>. This site explains how to request placement as well as how to document your Field Experience hours and observations. It is required that you register by **September 15** (early requests are recommended). No placements will be honored after this firm date. Observations need to be done within the last 3 weeks of class.

Attendance

Attendance is **mandatory and required**. Attendance is directly tied to the class participation grade for this course. In the event that a class must be missed due to unavoidable extenuating circumstances, please communicate to the professor prior to the event or as soon as possible. Students without a serious, extenuating reason for missing a class will lose the participation points for that class session. Students who miss a class for any reason are responsible for obtaining pertinent notes/information/hand-outs from a classmate. **Students who miss more than 2 unexcused class sessions will receive a "one letter grade" deduction from the final grade in the course.**

Evaluation

Grades will be based on the completion of course requirements and on the scope, quality, and creativity of the assignments. Assignments will be awarded points as stated above. All assignments are due at the beginning of class. All assignments must be provided in the format required in class.

Note: More detailed descriptions of assignments will be given in class.

Grading

It is expected that all class assignments will be submitted on time to the correct location; therefore, **late assignments will not receive full credit**. Assignments turned in late will receive an automatic deduction of one letter grade making the highest possible score equivalent to 80% (B).
