Even though this course is listed as an intermediate course, there will still be introductory elements with emphasis placed on executing proper skills and movements, but there will be more contact. Excessive force, violence, or aggression, however, are not required or expected and will not be tolerated.

## **Required Reading/Text**

## **Course Performance Evaluation**

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, Tk20, hard copy).

### **Assignments and/or Examinations**

- Lab Exercises (15%)
- Quizzes (15%) – Three pop quizzes covering material taught in class
- Midterm Exam (20%) – Written (5%) and practical (15%)
- Final Exam (50%) – Written (10%) and practical (40%)

### **Midterm-Final Exams**

- Written exams are short answers. The Mid-term exam will be given as “take home” exams. They will be handed out from the instructor, or e-mailed as attachments. The Mid-Term will be handed in on a date to be determined, which will be at the approximate middle point of the semester. Students will have several days to obtain and take the exam. The final written exam will be administered in class hour and will be cumulative. On the consideration that these exams would be given in-class on a specific class day, they will only be accepted on the date specified. No early hand-ins, mailings, or proxy hand-ins will be allowed.

### **Practical Exams**

- Practical exams will be physical demonstration of skills taught in classes. The Final Exam will be administered as a demonstration on the last scheduled day of class. Students are required to personally attend or make other arrangements with

the instructor to take the test. Since outside class assignments are allowed, and are based per hour on the number of credits / weekly class meetings, the taking of this test outside of class requires no more time than would be allotted for outside work. It also avails the students more class time dedicated to learning self-defense skills. In the case of the final, it also allows for individual skills evaluation and grading in-class.
