COURSE DESCRIPTION
Participants will receive training in a research-based model for effective language and content instruction for English learners (ELs) who are enrolled in ESOL/HILT or mainstream classes. Participants will apply and evaluate these best practices with their students. There are no prerequisites or co-requisites for this course.

LEARNER OBJECTIVES
This course is designed to enable students to:
• identify the critical factors affecting second language acquisition;
• plan and implement lessons based on national, state, and local standards for ELs which incorporate features of the SIOP Model;
• evaluate the extent to which features of the SIOP Model are evident in their own teaching;
• utilize the SIOP Checklist to observe peer lessons and provide feedback on the extent to which the features were effectively implemented;
• evaluate the extent to which their participation in this training has affected their students’ achievement.

COURSE ASSIGNMENTS
Assignment Descriptions:

1) **SIOP Component Presentation:** Small groups (2-3) will take turns teaching a SIOP component to the class. You will have one hour in which to highlight the key points of the chapter for us. Be creative. And remember to include content and language objectives for your presentation. An electronic version of your presentation is due prior to class on the day of your group presentation. **Due Dates: See Summary of Course Session Topics, Readings, & Assignments.**

2) **Case Study:** A case study is an in-depth study of something or someone. Your assignment is to choose two ELs from your classes who you would like to know more about in order to better meet their needs. Carefully review their ESL information in their ESL files. Assess their progress in English language development, **making specific reference to Cummins’ model and factors affecting second language acquisition** (as discussed in class and in the readings). Your paper should be a minimum of two pages and a maximum of four pages, double-spaced, 12 inch font, with 1 inch margins. **Turn in a hard copy at the beginning of class. Due: October 15, 2018**
3) **Group Lesson Plan Design and Presentation:** (completed as an in-class assignment)
Participants will work in small grade-level groups to collaboratively design a lesson plan in the SIOP format. (Instructors will provide the template.) You will not be expected to teach this lesson. Each group will have 15 minutes to present highlights of the lesson to the class. (Only 1 copy of each plan will be submitted to the instructors. **Turn in a hard copy at the beginning of class.** Handouts for the class are optional.) **Due: November 26, 2018**

4) **Final Lesson Plan, Reflection and Presentation:**
- Write a lesson plan incorporating all eight SIOP components.
- Teach the lesson. (If the lesson is a multi-session lesson, then teach one session. In your reflection, you’ll need to include what came before and what will come after this session—i.e., tell how this session fits within the complete lesson.)
- Have a peer observe you, using the SIOP checklist, for 45 minutes or longer. The observer should include his/her annotated notes on the checklist.
- Write a reflection paper of the lesson. Your reflection paper should be a minimum of two pages and a maximum of four pages, double-spaced, 12 inch font, with 1 inch margins.
- Include in your reflection:
  - an analysis of the lesson’s implementation,
  - comments from the observer, and
  - a self-assessment as evidence of learning in this course. That is to say, what are some things you did in this final lesson which demonstrates your growth as an educator? What effect has the SIOP training in this course had on your thinking and teaching?
- Your partner’s annotated SIOP checklist of your lesson must be included in this final packet.
- Make a short oral presentation of what you learned from teaching this lesson. (More details on the presentation will be provided in class.) **Due: January 14, 2018**

**Other Expectations:**
- **Attendance and Class Participation:** Both are required at all sessions, as the course relies heavily on peer collaboration and instructor modeling of the course content during each session. The course format emphasizes group work and discussions; **therefore regular attendance, active participation and timely completion of all assignments are expected and required of all participants.**

- **Peer Review/Collaboration:** Participants will be required to work collaboratively with colleagues to develop lesson plans, observe live or videotaped lessons, and evaluate the lessons’ effectiveness.

**Grade Percentages:**
- Attendance and Class Participation: 20%
- SIOP Component Presentation: 20%
- Case Study: 15%
- Group Lesson Plan & Presentation: 15%
- Final Lesson Plan, Class Presentation, SIOP Checklist and Reflection Paper: 30%
