George Mason University  
College of Education and Human Development  
School of Recreation, Health and Tourism  

PRLS 317 (DL1) – Social Psychology of Play and Recreation  
3 Credits, Spring 2019  
Distance Learning: Blackboard

Faculty  
Name: Bridget E. Thomas, PhD  
Office Hours: By appointment  
Office Phone: 703-407-6838  
Email Address: bthomas5@gmu.edu

Prerequisites/Corequisites  
PRLS 210 (Introduction to Recreation and Leisure) or SRST 200 (History of Sport and Leisure in America.

University Catalog Course Description  
Applies social psychological theories and research to the study of leisure, play, and recreation behavior, including correlates, antecedents, and consequences of and constraints to these concepts. Offered by Recreation, Health & Tourism. May not be repeated for credit.

Course Delivery Method  
This course will be delivered online using an asynchronous format via the Blackboard Learning Management system (LMS) housed in the MyMason portal. You will log in to the Blackboard (Bb) course site using your Mason email name (everything before @masonlive.gmu.edu) and email password. The course site will be available on Tuesday, January 22.  
Under no circumstances may candidates/students participate in online class sessions (either by phone or Internet) while operating motor vehicles. Further, as expected in a face-to-face class meeting, online participation requires undivided attention to course content and communication.

Technical Requirements  
To participate in this course, students will need to satisfy the following technical requirements:

- High-speed Internet access with standard up-to-date browsers. To get a list of Blackboard’s supported browsers see:  
  https://help.blackboard.com/Learn/Student/Getting_STARTED/Browser_Support#supported-browsers

To get a list of supported operation systems on different devices see:  
https://help.blackboard.com/Learn/Student/Getting_STARTED/Browser_Support#tested-devices-and-operating-systems

Last revised July, 2017
• Students must maintain consistent and reliable access to their GMU email and Blackboard, as these are the official methods of communication for this course.

• Students may be asked to create logins and passwords on supplemental websites and/or to download trial software to their computer or tablet as part of course requirements.

• The following software plug-ins for PCs and Macs, respectively, are available for free download:
  - Adobe Acrobat Reader: https://get.adobe.com/reader/

**Expectations**

• **Course Week:** Because asynchronous courses do not have a “fixed” meeting day, our week will start on Tuesday, and finish on Friday.

• **Log-in Frequency:** Students must actively check the course Blackboard site and their GMU email for communications from the instructor, class discussions, and/or access to course materials at least 3 times per week.

• **Participation:** Students are expected to actively engage in all course activities throughout the semester, which includes viewing all course materials, completing course activities and assignments, and participating in course discussions and group interactions.

• **Technical Competence:** Students are expected to demonstrate competence in the use of all course technology. Students who are struggling with technical components of the course are expected to seek assistance from the instructor and/or College or University technical services.

• **Technical Issues:** Students should anticipate some technical difficulties during the semester and should, therefore, budget their time accordingly. Late work will not be accepted based on individual technical issues.

• **Workload:** Please be aware that this course is **not** self-paced. Students are expected to meet specific deadlines and due dates listed in the Class Schedule section of this syllabus. It is the student’s responsibility to keep track of the weekly course schedule of topics, readings, activities and assignments due.

• **Instructor Support:** Students may schedule a one-on-one telephone conference to discuss course requirements, content or other course-related issues. Students should email the instructor to schedule a one-on-one session, and the instructor will work with them to schedule a mutually acceptable time.

• **Netiquette:** The course environment is a collaborative space. Experience shows that even an innocent remark typed in the online environment can be misconstrued. Students must always re-read their responses carefully before posting them, so as others do not consider them as personal offenses. *Be positive in your approach with others and diplomatic in selecting your words.* Remember that you are not competing with classmates, but sharing information and learning from others. All faculty are similarly expected to be respectful in all communications.
• **Accommodations:** Online learners who require effective accommodations to insure accessibility must be registered with George Mason University Disability Services.

**Learner Outcomes or Objectives**

This course is designed to enable students to do the following:

1. Define and discuss the major social psychological theories, concepts, models, and methods that have been applied to the study of recreation and leisure.
2. Understand the major correlates, antecedents, constraints and consequences of leisure, play, and recreation behavior and their relevance to planning for one’s own leisure and that of others.
3. Analyze theoretical and empirical literature relevant to the study of the social psychology of play, recreation, and leisure.
4. Write a research paper applying concepts studied in the classroom with the outside world.

**Professional Standards**

Upon completion of this course, students will meet the following professional accreditation standards for the Council on Accreditation of Parks, Recreation, Tourism, and Related Professions (COAPRT): 7.01: Students graduating from the program shall demonstrate the following entry-level knowledge: a) the nature and scope of the relevant park, recreation, tourism or related profession and their associated industries; b) techniques and processes used by professionals and workers in these industries; and c) the foundation of the profession in history, science, and philosophy.

**Required Texts**

**Course Performance Evaluation**

Students are expected to submit all assignments on time via Blackboard.

**Assignments and/or Examinations**

This course will be graded on a percentage point system, with a total of 100 possible percentage points.

Weekly Class Discussions (25 points): All students will be expected to contribute insightful, meaningful, and relevant information via our Blackboard Discussion Boards each week. These will constitute the primary assessment of your comprehension of the material and your participation in this course.

Our online discussions will work as follows: Each week the instructor will post course material by **Tuesday morning**. This will include materials designed to facilitate your understanding of the readings (PowerPoints, key terms and ideas, related videos, etc.), as well as discussion questions for the group. All students are expected to contribute to the discussion at least twice: by **Wednesday at 11:59 p.m.** and again by **Friday by 11:59 p.m.** Remember that these discussions are in lieu of in-person class sessions: it is vital that all students participate frequently or the class doesn’t work! [Additional details about discussion session expectations will be provided.]

Weekly Quizzes (20 points): Each week, a quiz based on that week’s readings will be posted by Wednesday evening. These brief quizzes are intended to help you think more deeply about the course material, as well as to help the instructor gauge the group’s understanding of the material as we work through the various topics. Students must take that week’s quiz by **Friday at 11:59 p.m.** Quizzes will no longer be available after that time.

Time Diary (8 points): Each student will complete a four-day time diary of activities. For those four days, you will record every activity (physical and otherwise) you participate in. Specifics are not required and you do not need to reveal personal private information. The intent of the activity is to see how you segment your day and as such, there are no “right” or “wrong” activities. This assignment will provide a foundation on which to build your other assignments.

Leisure/Recreation Activity Journal (12 points): Each student will be asked, over a 6-week period during the semester, to engage in a new leisure or recreation activity of their choice. Students will track basic information about this activity using the journal function in Blackboard and submit it weekly. [Additional details about this assignment will be provided prior to the start of the 6-week span.]

Leisure/Recreation Activity Reflection Paper (15 points): After the 6 weeks of their new leisure activity, students will write a short reflective paper (2-3 pages) that summarizes their activities and relates their experiences to the social psychology theories covered in the text and other course materials. [Additional details and expectations will be provided.]

Social Psychology of Play and Recreation Final Paper (20 points): Each student will choose and attend a leisure or recreation activity that takes place in a social setting, and will write a final paper that integrates information from this experience with the social psychology theories learned in class. Students will choose from these 3 categories:

- Special Event or Tourism (Wedding, Festival, Fair, 5K Race, etc.)
- Sports/Physical Activity (Baseball, Basketball, Soccer, Hockey, Football, Golf, etc.)
- Arts Event (Dance Competition/Recital, Play, Museum, Concert, Book Signing, etc.)
Students will write a 5-6 page APA style paper discussing their observations and experiences of this event through the lens of social psychology, guided by specific questions and assignment expectations. [Additional details and grading rubric for this assignment will be provided.]

Other Requirements
Attendance Policy: Mason Catalog: "Students are expected to attend the class periods of the courses for which they register. In-class participation is important to the individual student and to the class as a whole. Because class participation may be a factor in grading, instructors may use absence...as de facto evidence of non-participation."
*Accordingly, in this course, failure to post discussion on Blackboard is considered de facto evidence of non-participation.

Assignments: All written assignments are due by 11:59PM on Friday of the assigned week. No late work will be accepted without prior approval by the instructor. Written work is to be typed, spell checked, and proofread to avoid point deduction. APA format must be used. No class participation make-ups (e.g., late posts in discussions) will be available.

Grading
A = 94-100   B = 84-87   C = 74-77   F = 68 and below
A- = 90-93   B- = 80-83   C- = 70-73
B+ = 88-89   C+ = 78-79   D = 60-69

Professional Dispositions

See https://cehd.gmu.edu/students/policies-procedures/

Core Values Commitment

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: http://cehd.gmu.edu/values/.

GMU Policies and Resources for Students

Policies

- Students must adhere to the guidelines of the Mason Honor Code (see https://catalog.gmu.edu/policies/honor-code-system/).

- Students must follow the university policy for Responsible Use of Computing (see http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/).
• Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students **solely** through their Mason email account.

• Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see [https://ds.gmu.edu/](https://ds.gmu.edu/)).

• Students must silence all sound emitting devices during class unless otherwise authorized by the instructor.

**Campus Resources**

• Support for submission of assignments to Tk20 should be directed to tk20help@gmu.edu or [https://cehd.gmu.edu/aero/tk20](https://cehd.gmu.edu/aero/tk20). Questions or concerns regarding use of Blackboard should be directed to [http://coursessupport.gmu.edu/](http://coursessupport.gmu.edu/).

• For information on student support resources on campus, see [https://ctfe.gmu.edu/teaching/student-support-resources-on-campus](https://ctfe.gmu.edu/teaching/student-support-resources-on-campus)

For additional information on the College of Education and Human Development, please visit our website [https://cehd.gmu.edu/students/](https://cehd.gmu.edu/students/).
