

**College of Education and Human Development
Division of Special Education and disAbility Research**

Summer 2019

EDSE 544 647: Adapted Instructional Methods and Transition for Secondary Learners

CRN: 42610, 3 – Credits

Instructor: Dr. Rajiv Satsangi	Meeting Dates: 5/22/2019 – 7/24/2019
Phone: 703-993-1746	Meeting Day(s): Wednesday
E-Mail: rsatsang@gmu.edu	Meeting Time(s): 5:00 pm – 9:30 pm
Office Hours: By email appointment	Meeting Location: Off Campus
Office Location: Fairfax Campus – Finley 209	Other Phone: N/A

****Note:** This syllabus may change according to class needs. Teacher Candidates/Students will be advised of any changes immediately through George Mason e-mail and/or through Blackboard.

Prerequisite(s): None

Co-requisite(s): None

Course Description

Provides strategies for teaching functional academics and social/life skills, facilitating the transition to postsecondary environments. Focuses on all aspects of transition and alternative assessments for secondary learners with disabilities. Offered by Graduate School of Education. May not be repeated for credit.

Advising Contact Information

Please make sure that you are being advised on a regular basis as to your status and progress through your program. Mason M.Ed. and Certificate teacher candidates/students should contact the Special Education Advising Office at (703) 993-3670 for assistance. All other teacher candidates/students should refer to their faculty advisor.

Advising Tip

Are you completing a teacher licensure or non-licensure certificate program in addition to a Master's degree? Students can submit a Graduate Secondary Certificate Application (<http://registrar.gmu.edu/wp-content/uploads/GSCA.pdf>) to their advisor when they are ready to

add a certificate. Talk to your advisor if you have any questions about the program/s you are completing.

Course Delivery Method

Learning activities include the following:

1. Class lecture and discussion
2. Application activities
3. Small group activities and assignments
4. Video and other media supports
5. Research and presentation activities
6. Electronic supplements and activities via Blackboard

Learner Outcomes

Upon completion of this course, teacher candidates/students will be able to:

1. Identify, describe, and design alternate assessments for secondary learners with disabilities to demonstrate learning outcomes and postsecondary interests and aptitudes;
2. Demonstrate an understanding of evidence-based strategies for facilitating transition into the community, workplace, and postsecondary environments;
3. Demonstrate how to implement cognitive strategies in self-regulation, study skills, attention, memory, motivation, and self-determination;
4. Demonstrate knowledge of the federal and Virginia laws, Standards of Learning, and agencies that require and provide for transition, vocational, and rehabilitation services for students with disabilities at the secondary school level (middle & high school);
5. Identify the role and responsibilities of the Individual Education Plan (IEP) teams as they strive to incorporate transition requirements into the IEP and principles of person-centered planning;
6. Identify organizations, services, networks, and the variety of state and local agencies that maximize the interagency effort involved in the transition process for students with disabilities.

Professional Standards

This course is part of the George Mason University, Graduate School of Education (GSE), Special Education Program for teacher licensure in the Commonwealth of Virginia in the special education areas of Special Education: Students with Disabilities who Access the General Curriculum K-12. This program complies with the standards for teacher licensure established by the Council for Exceptional Children (CEC), the major special education professional organization, as well as those established by the Interstate Teacher Assessment and Support consortium (InTASC). The standards addressed in this class include CEC Standard 1: Learner development and individual learning differences (InTASC 1,2); CEC Standard 2: Learning environments (InTASC 3); CEC Standard 3: Curricular content knowledge (InTASC 4,5); CEC Standard 4: Assessment (InTASC 6); CEC Standard 5: Instructional planning and strategies (InTASC 7,8) & CEC Standard 7: Collaboration (InTASC 10).

Evidence-Based Practices

This course will incorporate the evidence-based practices (EBPs) relevant to self-determination, facilitating transitions, alternative assessments, and social skills. Evidence for the selected research-based practices is informed by meta-analysis, literature reviews/synthesis, the technical assistance networks which provide web-based resources, and the national organizations whose mission is to support students with disabilities. We address both promising and emerging practices in the field of special education. This course will provide opportunities for teacher candidates/students to take an active, decision-making role to thoughtfully select, modify, apply, and evaluate EBPs in order to improve outcomes for students with disabilities.

Required Textbooks

Test, D. W. (2012). *Evidence-Based Instructional Strategies for Transition. Brookes Transition to Adulthood Series*. Brookes Publishing Company. PO Box 10624, Baltimore, MD 21285.

Wehman, P. (2011). *Essentials of Transition Planning. Brookes Transition to Adulthood Series*. Brookes Publishing Company. PO Box 10624, Baltimore, MD 21285.

Recommended Textbooks

American Psychological Association. (2010). *Publication manual of the American Psychological Association* (6th ed.). Washington, DC: Author.

Course Performance Evaluation

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, Tk20, hard copy).

Tk20 Performance-Based Assessment Submission Requirement

It is critical for the special education program to collect data on how our students are meeting accreditation standards. Every teacher candidate/student registered for an EDSE course with a required Performance-based Assessment (PBA) is required to upload the PBA to Tk20 (regardless of whether a course is an elective, a one-time course or part of an undergraduate minor). A PBA is a specific assignment, presentation, or project that best demonstrates one or more CEC, InTASC or other standard connected to the course. A PBA is evaluated in two ways. The first is for a grade, based on the instructor's grading rubric. The second is for program accreditation purposes. Your instructor will provide directions as to how to upload the PBA to Tk20.

For EDSE 544, the required PBA is Transition Plan with Assistive Technology. Please check to verify your ability to upload items to Tk20 before the PBA due date.

Assignments and/or Examinations

Performance-Based Assessment (Tk20 submission required)

ASSESSMENT 1: Transition Plan with Assistive Technology (40 points)

The purpose of this assessment is to have candidates demonstrate knowledge of the individualized planning process required for the development of a transition plan for secondary students with mild to moderate exceptional learning needs. Candidates will demonstrate understanding of the components of the transition plan. Based upon case information provided, candidates will construct a transition plan that is legally sufficient and educationally appropriate for the described student. Candidates will use curricular resources and evidence-based practices to demonstrate their ability to plan appropriately for the student with mild to moderate exceptional learning needs.

Directions: In this assignment/project, you will demonstrate your ability to develop a Transition Plan for a hypothetical secondary student with a mild to moderate exceptional learning need. You will be presented with **one case study** and **one Transition Plan document** (both found on Blackboard). Using the information in your selected case study, you will write a transition plan that thoroughly and appropriately addresses the needs of the student in the case scenario and integrates at least one form of assistive technology which increases the student's ability to access the general curriculum and work towards his or her transition goals.

As you write the transition plan, you will:

- Complete a thorough review of the case study facts
- Complete all components of the transition planning forms, using specific instructions provided by the instructor
- *Infuse appropriate augmentative and assistive communication or assistive technology strategies into the transition goals and short-term objectives.*

PART 1: Present Levels of Performance

- **Transition Assessment Information:**

Interests, strengths/capabilities, and career goals (include training, education, employment, and where appropriate independent living)

- Consider the information presented in the vignette as well as any assessment data (formal or informal) and present levels of performance as you develop these statements.
- Consider the impact of the student's academic and social abilities, attitudes, interests, and values on instruction and career development.

PART 2 & 3: Transition Plan & Rationale

- **Measurable Postsecondary Goals:**

- Write *one measurable postsecondary goal* for each domain: **employment**, **education/training**, and **independent living skills**. Base each goal on the information from the vignette and peer-reviewed research. Each goal is a specific statement of what the student wants to achieve after high school written as an "I will" statement. These goals should be based on the student's interests, preferences, and strengths.
- Select and adapt instructional strategies and materials according to the characteristics of

the student with exceptional learning needs and integrate evidence-based practices (from a minimum of **TWO** peer-reviewed journal articles) that have been validated to promote successful transitions for the specific characteristics of the learner and setting.

- What appropriate augmentative and assistive communication or assistive technology would help the student reach their post-secondary goals?
 - How could that technology be integrated into the instruction in a natural and meaningful way?
- **Ensure that *each* postsecondary goal is based on an age appropriate transition assessment** (functional vocational evaluations, state assessments, or other more informal methods like daily living skills checklists and interest inventories and that you consider the principles of normalization and concept of least restrictive environment when making decisions about post-secondary outcomes.
- **Short-Term Transition Objectives:**
 - Write *one* short-term objective or benchmark for each of the following: **employment, education/training, and independent living skills**. Integrate evidence-based practices that have been validated for the specific characteristics of the learner and setting.
 - At least **TWO** of your objectives must contain a form of appropriate augmentative/assistive communication or assistive technology as a component.
 - You may want to consider the following questions:
 - What specific models, theories, philosophies, and research methods, which form the basis for special education practice, can be utilized?
 - What culturally, linguistically, and gender responsive instructional content, resources and strategies can be implemented?
 - What appropriate augmentative and assistive communication or assistive technology would help the student reach their post-secondary goals? How could that technology be integrated into the instruction in a natural and meaningful way?
 - What evaluation measures (indicators of progress toward meeting the goal) will be implemented intermittently during the year?
 - What strategies can be used to integrate student initiated learning experiences into the instruction in order to maximize opportunities to increase self-determination?
- **School and Post-Secondary Services:**
 - Identify a minimum of **two post-secondary resources** that would be helpful for your student (e.g. Woodrow Wilson Training Center, ARC, Community Services Board).
 - Identify a minimum of **one in-school employment preparation option** (e.g. Academies in Fairfax County Public Schools, Monroe Center in Loudoun County Public Schools, Davis Center, Pulley Center, WAT, OAT).

- **Rationale:**

- In addition to identifying goals, objectives, activities, and services, you are required to write a **DETAILED** analysis within the Transition Plan document (i.e., the right-hand column labeled “Rationale”) which outlines a comprehensive, longitudinal individualized program for your secondary student, including:
 - A justification for the services selected. Relate the level of support to the needs of the student. Why are these services necessary for the student? Ensure that the rationale takes the continuum of placement and services available for students with exceptional learning needs as well as the legal, judicial and educational systems to assist students with exceptional learning needs into consideration.
 - Do you recommend a job coach? Enclave? Any other special support?
 - A detailed explanation of what skills, experiences, activities, opportunities and connections the student needs in order to reach their post secondary goals and the “action plan” to reach them.
 - A detailed explanation of resources, techniques, and recommendations for educational, community, vocational, and post-school adult living experiences which should be used to transition the student with exceptional learning needs out of school and into the postsecondary environment. This should include an explanation of the selected forms of appropriate augmentative and assistive communication or assistive technology which would benefit the student and a discussion of how these technology skills can be introduced and taught.
 - Articulate how you would review this document with the learner and how you would help the student understand how things change when they are no longer covered by IDEA.

***NOTE:** All materials for this assignment will be posted on Blackboard for your reference.

College Wide Common Assessment (TK20 submission required)

N/A

Performance-based Common Assignments (No Tk20 submission required)

ASSESSMENT 2: Site Visit to a Community Agency or School Resource that Facilitates Transition Skills (15 points)

Visit a transition resource either in the community or within the school system and describe the services available to youth with disabilities. Your write-up should include services, accommodations, population(s) served, description of the agency/office, and your questions for staff. Your “lens” for this visit should be, *“What opportunities exist for youth with mild disabilities through this avenue during and/or after high school?”* Include copies of materials available at the center, agency, or office. You will need to make an appointment.

Acceptable options for this assignment include a school career center, interview with a school or county transition coordinator, One-Stop Center, vocational evaluation site, Virginia Department of Rehabilitation Services office, local Community Services Board, Job Placement/Training program, and other suggestions from your professor.

Your write up **MUST** include a synthesis section that integrates the information from your site visit with professional literature on transition and career education.

NOTE: Please use the template provided on Blackboard to complete your paper. It may be helpful to write-up your questions ahead of time and have them available to submit with your paper. The length of this paper should range between *5 pages double-spaced* (not including references and appendices).

ASSESSMENT 3: Blackboard Quiz on Online Modules (15 points)

The Center for Change in Transition Services training modules will give you a comprehensive knowledge base to develop IEPs that are in compliance with state and federal regulations and to develop transition plans that will help students achieve their goals. The modules offer practitioners an opportunity to examine current IEPs using the Indicator 13 Checklist created by the National Secondary Transition Technical Assistance Center (NSTTAC), review the seven components required for transition services, view examples of each component and see suggestions for documentation in an IEP.

Directions:

Go to <http://nextsteps-nh.org/transition-iep-requirements/> and click on each of the 7 modules listed below. **Each module is listed on the left hand side of the screen.** After reviewing all 7 modules (reading text and watching videos on each page), you will **complete a quiz on Blackboard**, which will assess your understanding of the material posted.

The 7 modules are as follows:

- Age Appropriate Transition Assessments
- Measurable Postsecondary Goals
- Courses of Study^[SEP]
- Transition Services^[SEP]
- Annual IEP Goals
- Student Invitation
- Invitation of Agency Representative

ASSESSMENT 4: Transition Assessment Presentations (15 points)

Each group will present on one of the following topics covering alternative assessments. Presentations should provide a detailed overview of the topic as well as examples. Each group presentation should last approximately **30 minutes** in length. The instructor will assign topics.

Topics will include:

- Virginia Alternate Assessment Program (VAAP) [SEP]
- Virginia Substitute Evaluation Program (VSEP) [SEP]
- Virginia Grade Level Assessment (VGLA) [SEP]
- Virginia Modified Achievement Standards Test (VMAST)* [SEP]
- Armed Services Vocational Aptitude Battery (ASVAB)

**Topics subject to change at the instructor's discretion*

ASSESSMENT 5: Attendance, Participation, and Reading Checks (15 points)

Participation includes the asking of questions and participation in interactive discussion. Students are to complete the required readings and assignments prior to the relevant class meetings.

Reading checks may be given during any class session to assess your preparation for that day's discussion. Be aware that any points earned through classroom activities during a time of absence will **NOT** be earned and cannot be made up.

Points for class attendance and participation are positively impacted by:

1. Attending class and being psychologically available to learn [SEP]
2. Completing and handing in all class assignments
3. Participating in class discussions/activities [SEP]
4. Thoughtfully contributing to class discussions [SEP]
5. Listening to the ideas of other peers [SEP]
6. Demonstrating an enthusiasm for learning. [SEP]

Participation points are negatively affected by being late to class, demonstrating a disinterest in the material/discussions (e.g., reflection activities, small group activities, discussions, etc.), and/or absences. Points are also deducted for a lack of digital etiquette during class sessions.

NOTE: All assignments should reflect graduate-level spelling, syntax, and grammar, as well as APA style guidelines. If you experience difficulties with the writing process, you will be required to document your work with the GMU Writing Center during this course to improve your skills.

SUMMARY OF ASSESSMENTS

Assessment	Requirement	Individual	Small Group	Total Points	Due Date
1	Transition Plan		X	40	7/10
2	Site Visit	X		15	6/19
3	Blackboard Quiz	X		15	6/5
4	Presentations		X	15	7/24
5	Attendance, Participation, Reading Checks	X		15	Throughout
Total Points: 100					

Course Policies and Expectations

Attendance/Participation

Attendance

Students are expected to (a) attend all classes during the course, (b) arrive on time, (c) stay for the duration of the class time, and (d) complete all assignments. Attendance, timeliness, and professionally relevant- active participation are expected. Attendance and professional participation at all sessions is very important because many of the activities in class are planned in such a way that they cannot necessarily be recreated outside of the class session. Be aware that any points earned for participation in class activities during a time of absence will not be earned and cannot be made up. **One absence will result in 0 points deducted from your overall grade. Two absences will result in a loss of 11 points. Three or more absences will result in a loss of 21 points. Repeated tardiness and/or leaving early will result in a loss of 3 points per incidence. If you have perfect attendance throughout the semester, you will receive 1 extra credit point.** Please notify me *in advance* by email if you will not be able to attend class.

NOTE: It is impossible to participate fully in this class while texting, tweeting, working on documents, etc. Please be *fully* present in class.

Participation.

You are expected to be present, prepared, and exhibit professional dispositions for each class session. Activities resulting in points toward your final grade will be completed during class sessions. Quality of product and completion of the activity within class will impact points earned. **Points missed due to absences during class activities can not be made up.**

Quality participation includes:

- (a) Arriving on time, including back from break(s),
- (b) Staying in the classroom/activity area for the duration of the class time,
- (c) Participating in all class activities (face-to-face and outside of class, including by electronic means)
- (d) Having on hand all materials required for the class session as per course assignments and the syllabus

Late Work

All assignments are due on the dates indicated (at the beginning of class). Consult with me *in advance* if there is a problem. In fairness to students who make the effort to submit papers on time, 5 points per day will be deducted from your assignment grade for late papers **unless** I have agreed to an extension (may be granted **one time only** for **one assignment only**). A maximum

extension of 1 calendar week may be granted. Please retain a copy of your assignments in addition to the ones you submit.

Other Requirements

This is a 3-credit graduate level course. Traditionally, 3-credit courses across a 15-week semester require an average of 45 hours of in-class time and approximately 90 hours of independent reading and assignment completion. Be prepared to put in that amount of time into this class and plan your schedule accordingly.

Some assignments require you to synthesize material from the course and outside sources into coherent statements of your ideas. In such cases, your writing should be databased— meaning that you must support statements and ideas with evidence from these sources, giving these sources credit. The standard format for writing in the field of education is outlined in the *Publication Manual of the American Psychological Association, 6th edition* (www.apastyle.org). Specifically, the final version of your Instructional Program should be written in APA style, including a cover page, running head, pagination, headings (as needed), citations (as needed), and reference pages. The citation for this manual is included in the section entitled “Recommended Texts”. For an online resource, see www.apastyle.org.

It is expected that you know how to paraphrase and cite information appropriately to meet both APA guidelines and to avoid plagiarism. This website provides some useful information on how to avoid plagiarism in your writing: <http://www.plagiarism.org/>

Communication.

The most efficient way to contact me is through email. I check email daily Monday-Friday from 9:00am-9:00pm. If your email reaches me during this period of time, I will respond immediately. Otherwise, I will respond within 24 hours during the week. Keep in mind that I teach from 6:00-10:30pm. On weekends, I check my Mason account on Sunday evenings and will respond to all emails received then. Do not email me an hour before an assignment is due and expect a response. If you would prefer to meet with me either before or after class (or at another time during the day), please do not hesitate to contact me.

Written Language: Students at the graduate level are expected to compose with accuracy (grammar, spelling, other mechanics, form, structure, etc.) and at a conceptual level commensurate with advanced degree study. APA Style is the standard format for any written work in the College of Education and Human Development. If you are unfamiliar with APA format, it would benefit you to purchase the current edition of the Publication Manual of the American Psychological Association. You are required to use APA guidelines for all course assignments as noted in the assignment descriptions. This website links to APA format guidelines: <http://apastyle.apa.org> .

Oral Language: Use “person-first language” in class discussions and written assignments (and, ideally, in professional practice). In accordance with terminology choices in the disability community, strive to replace the term “Mental Retardation” with “Intellectual Disabilities” in

oral and written communication and to avoid language labels by stating, for example, a “student with disabilities” (SWD) rather than a “disabled student”. Please refer to guidelines for non handicapping language in APA Journals, including information available at: <http://www.apa.org/pi/disability/resources/policy/resolution-ada.pdf> and <http://supp.apa.org/style/pubman-ch03.15.pdf> .

Inclement Weather

If classes are cancelled at George Mason University, a message will be posted on the class Blackboard site and all class members will receive an email. Because such cancellations are often at the last minute, it may be difficult to get this message prior to leaving for class. If in doubt, dial the University phone number (703-993-1000) or visit the university website (www.gmu.edu). I will email you regarding weather as soon as it is announced. *Please note, the cancellation of classes due to inclement weather is determined by the decision of the instructing university only. If the instructing university is open and operational, then you are expected to attend class.*

Grading Scale

95-100% = A
90-94% = A-
80-89% = B
70-79% = C
< 70% = F

*Note: The George Mason University Honor Code will be strictly enforced. Students are responsible for reading and understanding the Code. “To promote a stronger sense of mutual responsibility, respect, trust, and fairness among all members of the George Mason University community and with the desire for greater academic and personal achievement, we, the student members of the university community, have set forth this honor code: Student members of the George Mason University community pledge not to cheat, plagiarize, steal, or lie in matters related to academic work.” Work submitted must be your own or with proper citations (see <https://catalog.gmu.edu/policies/honor-code-system/>).

Professional Dispositions

Students are expected to exhibit professional behaviors and dispositions at all times. See <https://cehd.gmu.edu/students/policies-procedures/>. In the College of Education and Human Development, dispositions are formally and separately evaluated in at least three points in each student’s program – a self-evaluation at the start of their program, an instructor’s evaluation in the middle of their program, and a university supervisor’s evaluation during internship. When dispositions are assessed, it is important that for areas where a positive disposition is ‘occasionally evident’ or ‘rarely evident,’ the student takes steps to grow as an educator. See <https://cehd.gmu.edu/epo/candidate-dispositions>. In special education licensure programs, the

mid-point evaluation is completed by instructors in EDSE 628, EDSE 661, and EDSE 616, and the internship evaluation is completed by instructors in EDSE 783, EDSE 784, and EDSE 785.

Class Schedule

*Note: Faculty reserves the right to alter the schedule as necessary, with notification to students.

NOTE: Please come to class prepared with printed hard copies of each week's handouts.

Meeting & Date	Topic	Readings to be done in advance of <i>this</i> class	Assignments Due on Blackboard by 4:30pm on <i>this</i> date

Core Values Commitment

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: <http://cehd.gmu.edu/values/>

GMU Policies and Resources for Students

Policies

- Students must adhere to the guidelines of the Mason Honor Code (see <https://catalog.gmu.edu/policies/honor-code-system/>).
- Students must follow the university policy for Responsible Use of Computing (see <http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/>).
- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students **solely** through their Mason email account.
- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see <http://ods.gmu.edu/>).
- Students must silence all sound emitting devices during class unless otherwise authorized by the instructor.

Campus Resources

- Support for submission of assignments to Tk20 should be directed to tk20help@gmu.edu or <https://cehd.gmu.edu/aero/tk20>. Questions or concerns regarding use of Blackboard should be directed to <http://coursessupport.gmu.edu/>.
- For information on student support resources on campus, see <https://ctfe.gmu.edu/teaching/student-support-resources-on-campus>

For additional information on the College of Education and Human Development, please visit our website <https://cehd.gmu.edu/students/>.

Transition Plan with Assistive Technology

Scoring Guidelines

4-Exceeds Standard: Candidates receive a score of 4 if they perform beyond the expectations of candidates at this point in their programs. There is evidence that candidates have done

additional research, identified additional resources, and/or demonstrate exceptional understanding and application of the standard.

3-Meets Standard: This is the TARGET score. This score reflects that candidates have met the standard at the level expected at this point in their program. Candidates who receive a 3 have successfully met the standard.

2-Approaching Standard: Candidates receive this score when their understanding and effort does not meet the Target but shows basic understanding of the content being assessed.

1-Does not meet standard: Candidates who do not submit work, and/or who submit work that is clearly below the expectations for a candidate at this point in their program.

Criteria	Does Not Meet Standard 1	Approaching Standard 2	Meets Standard 3	Exceeds Standard 4
Section 1. Who is the Learner? Description of the Learner				
<p>The candidate regularly assesses individual and group performance in order to design and adapt instruction to meet learners' needs in each area of development (cognitive, linguistic, social, emotional, and physical) and scaffolds the next level of development.</p> <p><i>InTASC 1</i> <i>VDOE 1</i></p> <p>Diversity </p>	<p>The candidate does not provide a description of the learner and/or does not include assessment data related to cognitive, linguistic, social, emotional, and/or physical developmental skill levels and abilities, interests, or educational progress.</p>	<p>The candidate provides description of the learner that includes appropriate assessment data but does not address all of the following: cognitive, linguistic, social, emotional, and/or physical developmental skill levels and abilities, interests, or educational progress.</p>	<p>The candidate provides description of the learner that includes appropriate assessment data on all of the following: cognitive, linguistic, social, emotional, and/or physical developmental skill levels and abilities, interests, and educational progress.</p> <p>The candidate describes current impact of learner characteristics on learning.</p>	<p>The candidate provides description of the learner that includes both appropriate and multiple forms of assessment data on all of the following: cognitive, linguistic, social, emotional, and/or physical developmental skill levels and abilities, interests, and educational learning need.</p> <p>The candidate describes and provides examples of impact of learner characteristics on learning.</p>
The candidate accesses	The candidate does not identify	The candidate identifies either	The candidate identifies and	The candidate thoroughly

<p>resources, supports, and specialized assistance and services to meet particular learning differences or needs.</p> <p><i>InTASC 2</i> <i>VDOE 1</i> Technology</p> 	<p>either adaptations or accommodations to support learner achievement of learning objectives.</p>	<p>adaptations or accommodations that do not fully align with identified needs.</p>	<p>describes appropriate adaptations or accommodations that support learner achievement of learning objectives/goals, including technology.</p>	<p>describes multiple, appropriate adaptations or accommodations that clearly support learner achievement of learning objectives/goals, including technology.</p>
---	--	---	---	---

Statement of Educational Need

<p>The candidate effectively uses multiple and appropriate types of assessment data to identify each learner’s learning needs and to develop differentiated learning experiences.</p> <p><i>InTASC 6</i> <i>VDOE 4</i></p>	<p>The candidate does not address learner educational needs or inappropriately uses assessment data to create a statement of educational need.</p>	<p>The candidate uses assessment data to create a statement of educational need that is not well aligned with assessment results.</p>	<p>The candidate uses assessment data to create an appropriate statement of educational need that is aligned with assessment results.</p>	<p>The candidate effectively uses assessment data from multiple sources to create a thorough and appropriate statement of educational need that is directly aligned with assessment results.</p>
---	--	---	---	--

Section 2. What should they learn? Identification of Learning Objectives

<p>The candidate individually and collaboratively selects and creates learning objectives that are appropriate for curriculum goals and content standards, and are relevant to learners.</p>	<p>The candidate identifies learning objectives that are either incomplete because related outcomes are not identified or the objectives are not directly related to learner educational need.</p>	<p>The candidate identifies learning objectives without relevance to learner educational need.</p>	<p>The candidate identifies learning objectives with related outcomes that are relevant to individual learner needs.</p>	<p>The candidate identifies distinct learning objectives with related outcomes that are relevant to individual learner needs. These learning outcomes allow for different and individualized learning pathways</p>
---	--	--	--	--

<p><i>InTASC 7</i> <i>VDOE 2</i></p> <p>Diversity</p> 				<p>that can be accessed fluidly during instruction.</p>
--	--	--	--	---

Identification of Rationale for Learning Objectives

<p>The candidate identifies objectives for instruction based on formative and summative assessment data, prior learner knowledge, and learner interest.</p> <p><i>InTASC 7</i> <i>VDOE 2</i></p> <p>Diversity</p> 	<p>The candidate does not identify objectives for the learner that are aligned to specific learning goals/outcomes and/or the relationship of the learning objectives to learner educational needs is missing or unclear.</p>	<p>The candidate selects objectives for the learner that are poorly aligned to specific learning goals/outcomes and/or the relationship of the learning objectives to learner educational needs is missing or unclear.</p>	<p>The candidate selects objectives for the learner that are aligned to specific learning goals/outcomes and/or the relationship of the learning objectives to learner educational needs is clear.</p>	<p>The candidate selects objectives for the learner that are aligned to specific learning goals/outcomes and/or the relationship of the learning objectives to learner educational needs is clear. Rationales for the selection of those objectives and how they support the achievement of the learning goals are included.</p>
---	---	--	--	--

Section 3. How will you teach and how will they learn? Description of Instructional Strategies and Adaptations

<p>The candidate plans how to achieve each learner’s learning goals, choosing appropriate strategies and accommodations, resources, and materials to differentiate instruction for individuals</p>	<p>The candidate does not identify instructional strategies or identifies instructional strategies that are not related to the learning objectives or learning needs.</p>	<p>The candidate identifies instructional strategies that are inappropriate for meeting the learning objectives or learning needs.</p>	<p>The candidate identifies evidence-based instructional strategies that are aligned to the learning objectives and learning needs.</p>	<p>The candidate identifies evidence-based instructional strategies that are aligned to specific learning objectives and learning needs.</p> <p>The candidate provides evidence of the effectiveness of these selected learning strategies</p>
---	---	--	---	--

<p>and groups of learners.</p> <p><i>InTASC 7</i> <i>VODE 2</i></p> <p>Diversity</p> 				<p>through data analysis of the assessment.</p>
<p>The candidate uses a variety of instructional strategies to encourage learners to develop an understanding of the content and to apply knowledge in meaningful ways.</p> <p><i>InTASC 8</i> <i>VDOE 3</i></p> <p>Diversity</p>  <p>College-and-Career-Ready</p> 	<p>The instructional strategies used by the candidate do not encourage an understanding of content .</p>	<p>The candidate uses a limited instructional strategies to encourage learners to develop an understanding of the content and to apply that knowledge in meaningful ways.</p>	<p>The candidate uses a variety of instructional strategies that encourage learners to develop an understanding of the content and to apply that knowledge in meaningful ways.</p>	<p>The candidate provides insight into their own pedagogical and content knowledge to discuss the selection of instructional strategies for the learning experience. These instructional strategies encourage all learners to develop an understanding of the content and also authentic application of the new knowledge.</p>
<p>The candidate connects concepts and uses different perspectives and digital resources to engage learners in critical thinking, creativity, and</p>	<p>Candidate does not connect concepts, address different perspectives or use digital resources to engage learners in higher-level learning.</p>	<p>Candidate connect concepts, addresses different perspectives or uses digital resources to engage learners but at a basic level of learning and recall.</p>	<p>Candidate connects concepts, addresses different perspectives and uses digital resources to engage learners in higher-level learning in using at least</p>	<p>Candidate creates multi-disciplinary opportunities and a range of multiple perspectives to engage learners in critical thinking, creativity, and collaborative</p>

<p>collaborative problem solving.</p> <p><i>InTASC 5</i> <i>VDOE 2</i></p> <p>Technology </p> <p>Diversity </p> <p>College-and-Career-Ready </p>			<p>one of these higher-order skills: critical thinking, creativity, and collaborative problem solving.</p>	<p>problem solving.</p>
---	--	--	--	-------------------------

Rationale for Instructional Strategies and Adaptations

<p>The candidate understands that each learner’s cognitive, linguistic, social, emotional, and physical development influences learning and knows how to make instructional decisions that build on learners’ strengths and needs.</p> <p><i>InTASC 1</i> <i>VDOE 1</i></p> <p>Diversity </p>	<p>The candidate does not provide rationales that are aligned to the specific instructional strategies and/or the relationship of instructional strategies to the learning objectives and learner educational needs is missing or unclear.</p>	<p>The rationales provided do not align to the specific instructional strategies and, the relationship of the instructional strategies to the learning objectives that meet learner educational needs is unclear.</p>	<p>The rationales provided are aligned to instructional strategies and, the relationship of the instructional strategies to the learning objectives that meet learner educational needs is clearly identified.</p>	<p>The rationales provided are aligned to the strategies and, the relationship of the instructional strategies to specific learning objectives that meet learner educational needs is clearly and effectively aligned. Multiple pathways to learner achievement of the learning outcomes are provided.</p>
--	--	---	--	--

Section 4. How will I know the learning objectives/goals were achieved? Assessment and

Documentation of Learner Progress				
<p>The candidate designs assessments that match learning objectives with assessment methods and minimizes sources of bias that can distort assessment results.</p>	<p>The candidate does not describe an assessment plan that that evaluates all learning objectives or describes a plan that does not directly measure all of the learning objectives (e.g., is not observable, measurable).</p>	<p>The candidate describes an assessment plan that evaluates all learning objectives but does not include documentation of both formative and summative measures that (and) does not address possible assessment bias.</p>	<p>The candidate describes an assessment plan that evaluates all learning objectives and includes both formative and summative assessments that minimize sources of bias.</p>	<p>The candidate describes an assessment plan that evaluates all learning objectives, includes formative and summative assessments that minimize sources of bias and includes multiple data sources for each objective.</p>
<p><i>InTASC 6 VDOE 4</i></p>			<p>The candidate describes the assessment results that would prompt modification of instructional plans and those specific modifications.</p>	<p>The candidate describes multiple assessment results that would prompt modification of instructional plans and those specific modifications.</p>
