George Mason University  
College of Education and Human Development  
School of Sport, Recreation, and Tourism Management  

PRLS 405 – 71012 – Section DL1 – A01 – Planning and Operation of Recreation Facilities  
3 Credits – Fall 2019  

Faculty  
Name: Don L. Jones, Ph.D.  
Office Hours: By Appointment  
Office Location: Distance Learning  
Office Phone: 321-200-6621  
Email Address: djones31@gmu.edu  

Prerequisites/Corequisites  

60 credit hours  

University Catalog Course Description  

Covers quantity, location, and design standards for facilities. Includes safety, functionality, durability, and maintenance demand criteria in planning and design; programmatic and operational objectives to be met, including user comfort and convenience, crowd management, and traffic flow, and space relationships. Includes field study of local facilities.  

Course Overview  

This course examines the challenges and demands facing Managers of Recreation Facilities. Through readings, site visits, students will begin to acquire the skills to design, plan, and maintain a leisure facility. A key component of this course is the requirement for each student to design their own “Dream Facility”.  

Course Delivery Method  

This course will be delivered online (76% or more) using an asynchronous format via Blackboard Learning Management system (LMS) housed in the MyMason portal. You will log in to the Blackboard (Bb) course site using your Mason email name (everything before @masonlive.gmu.edu) and email password. The course site will be available at all times from Monday, August 26, 2019 through Wednesday, December 18, 2019.  

Under no circumstances, may candidates/students participate in online class sessions (either by phone or Internet) while operating motor vehicles. Further, as expected in a face-to-face class meeting, such online participation requires undivided attention to course content and communication.  

Technical Requirements  

To participate in this course, students will need to satisfy the following technical requirements:  
- High-speed Internet access with a standard up-to-date browser, either Internet Explorer or Mozilla Firefox is required (note: Opera and Safari are not compatible with Blackboard).
• Students must maintain consistent and reliable access to their GMU email and Blackboard, as these are the official methods of communication for this course.
• Students will need a headset microphone for use with the Blackboard Collaborate web conferencing tool. [Delete this sentence if not applicable.]
• Students may be asked to create logins and passwords on supplemental websites and/or to download trial software to their computer or tablet as part of course requirements.
• The following software plug-ins for PCs and Macs, respectively, are available for free download: [Add or delete options, as desire.]
  o Adobe Acrobat Reader: https://get.adobe.com/reader/
  o Apple Quick Time Player: www.apple.com/quicktime/download/

Expectations

• **Course Week:** Because asynchronous courses do not have a “fixed” meeting day, our week will start on [Day], and finish on [Day].
• **Log-in Frequency:** Students must actively check the course Blackboard site and their GMU email for communications from the instructor, class discussions, and/or access to course materials at least [#] times per week.
• **Participation:** Students are expected to actively engage in all course activities throughout the semester, which includes viewing all course materials, completing course activities and assignments, and participating in course discussions and group interactions.
• **Technical Competence:** Students are expected to demonstrate competence in the use of all course technology. Students are expected to seek assistance if they are struggling with technical components of the course.
• **Technical Issues:** Students should expect that they could experience some technical difficulties at some point in the semester and should, therefore, budget their time accordingly. Late work will not be accepted based on individual technical issues.
• **Workload:** Expect to log in to this course at least 3 times a week to read announcements, participate in the discussions, and work on course materials. Remember, this course is not self-paced. There are specific deadlines and due dates listed in the CLASS SCHEDULE section of this syllabus to which you are expected to adhere. It is the student’s responsibility to keep track of the weekly course schedule of topics, readings, activities and assignments due.
• **Instructor Support:** Students may schedule an appointment to discuss course requirements, content or other course-related issues. These discussion(s) will take place via telephone or web conference. Students should e-mail the instructor to suggest preferred times/dates.
• **Netiquette:** The course environment is a collaborative space. Experience shows that even an innocent remark typed in the online environment can be misconstrued. Students must always re-read their responses carefully before posting them, so as others do not consider them as personal offenses. **Be positive in your approach with others and diplomatic in selecting your words.** Remember that you are not competing with classmates, but sharing information and learning from others. All faculty are similarly expected to be respectful in all communications.
• **Accommodations:** Online learners who require effective accommodations to insure accessibility must be registered with George Mason University Disability Services.
Learner Outcomes or Objectives

This course is designed to enable students to do the following:
1. Describe the process for developing parks and recreation facilities for a community.
2. Discuss the role of market analysis in facility planning and its importance in helping a facility realize its use and revenue potential.
3. Identify the factors of site and facility design that have the greatest impact on the operation, revenue potential and use of a variety of recreation and athletic facilities.
4. Function as a productive member of a facility management team.

Professional Standards
Upon completion of this course, students will meet the following professional accreditation standards:

2013 Council on Accreditation of Parks, Recreation, and Tourism Related Professions (COAPRT) standards met.

7.03 Students graduating from the program shall be able to demonstrate entry-level knowledge about operations and strategic management/administration in parks, recreation, tourism and/or related professions

Required Readings:
There is no required textbook for this class. However, there are a number of journal articles and articles from the Harvard Business Review that you will be required to read. You will need to purchase articles from the Harvard Business Review. The purchase price is $25.50. Please see the instructions that follow:

Harvard Business Review Course Pack – to include the following – NOTE: click on “Home Page” in Blackboard and scroll down to “Harvard Business Review Course Pack” for instructions on how to get these materials – link needed to login is: https://hbsp.harvard.edu/import/649427

Additional Readings:

Additional Required Readings:

**Course Performance Evaluation**

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, Tk20, hard copy). Students are responsible for all information presented in the course, including that delivered via Blackboard, power-points, audio-visuals, journal articles, and Harvard Business Review articles. Students are expected to actively participate in class discussions via Blackboard, and complete all assignments.

- **Assignments and/or Examinations**

**NOTE:** Papers received AFTER their due date will be considered late and will receive a 20% reduction in points per 24-hour period after noon (Saturdays & Sundays are included).

This course will be graded on a point system, with a total of 100 possible points.

a) "**Facility Analysis #1 - Facility Comparison 25 points (15% of final grade)**

A **one and one-half (1 ½) to two (2) page written summary** of findings Assignment is **due by Sunday, November 17** by 5:00 PM. Assignment is to be submitted electronically on Blackboard.
Independently visit and conduct a comparison of two facilities of the same type (i.e., campus recreation center, community recreation/aquatics center, private gym, athletic field complex, park, etc.).

The facilities do not need to be on the same campus or in the same jurisdiction, but they need to be of the same type. They can be public or private clubs, facilities or any Recreation Department park, playground, facility, or “pocket park” provided they are the same type.

The Rubric for this assignment is located at the bottom of this Syllabus under: Assessment Rubric(s).

b) Individual Project (35% of final grade) – due by Sunday, December 1st – 5:00 PM

This project will consist of each student being given a Project Description Overview to include a mock feasibility study and market analysis for the purpose of planning and designing a leisure facility along with scaled cut-outs of leisure/fitness-related items (pool, weight room, cardio-room, childcare center, etc.). Based on the Project Description Overview, feasibility study, and market analysis, each student will then decide what their “dream” facility should look like, each student will submit their Dream Facility paper and their supporting rationale as to why they chose a particular design and why they selected specific components. A detailed Rubric with specific dates for submission of each part of the paper and Template for the paper is provided separately.

Rubric (1-30 points for each category below for a total of 100 points) – this will be a digital/other presentation submitted on or before Sunday, December 1st. You must also submit a ten (10) page written paper (template provided) with the following information:

a) An introduction to inform the reader why a specific type of facility was chosen and what some of the key issues were in making that selection.

b) The development and submission of a Hedgehog Concept that is clear and concise and pertains to the type of facility chosen.

c) A description of how the facility will meet ADA Standards. What are the specific steps being taken to make certain the facility meets those standards.

d) The Rationale and Strength of Argument for the Design must be made clear to the reader. This will also require that the author makes specific references to at least ten (10) journal articles – five (5) of which must be peer-reviewed journal articles.

e) You are urged and encouraged to be as creative as possible provided the facility design and concept(s) are feasible, practical, and viable (and is accompanied with an itemized budget that reflects the viability of the facility). A power point of each project must be submitted with the paper.

f) You must submit an itemized budget of your expenses to include the dollar amount for each area you put in your facility and justify why you are choosing each. You will be provided with costs for items typically seen and used in recreation facilities. You will also need to provide a rationale for specific amenities in your “Dream Facility”

g) General References and Refereed Journal Articles – must include ten (10) references with at least five (5) of these coming from refereed journal articles. You are required to highlight the peer-reviewed articles in yellow in the reference section of your paper. There will be an automatic deduction of a minimum of 15 points if you do not have the required number of journal articles.

Please see additional information – and a color-coded Rubric – at the bottom of this Syllabus under Assessment Rubric(s).

Requirements

#1 Class Participation (Blackboard) - Students must participate in the online discussions generated by the readings. Contribution will be evaluated based on number and quality of questions asked or answered and opinion provided when asked. NOTE: Participation in less than 75% of Blackboard Discussion Boards will result in a grade of zero (0).
NOTE: Unless otherwise noted, questions posted for Discussion Board are to be answered by midnight on the Monday following the weekly assignment (posted by Friday of each week) and a response to one other student’s post by midnight on the Wednesday of that same week.

#2 Facility Comparison Assignment – due by Friday, November 15th at 5:00 PM - please see Rubric at end of Syllabus. 15 pts.

#3 Design Your Dream Facility Project – Final completed project Due by Sunday, December 1st at 5:00 PM - please see Rubric above and attached. See Rubric for specific individual deadlines. 35 pts.

#4 Final Exam – Wednesday, December 11th (exam will go live at 8:00 AM) – will include all material covered during the semester from the textbook, assigned journal articles, video presentations/webinars, and all power point presentations. 35 pts.

You will receive multiple handouts to be read/reviewed throughout the semester for your “Designing Your Dream Facility” project during the first week of class.
Core Values Commitment
The College of Education and Human Development is committed to collaborations, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: http://cehd.gmu.edu/values/.

GMU Policies and Resources for Students

Policies

- Students must adhere to the guidelines of the Mason Honor Code (see https://catalog.gmu.edu/policies/honor-code-system/)

- Students must follow the university policy for Responsible Use of Computing (see http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/).

- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students solely through their Mason email account.

- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see http://ods.gmu.edu/).

- Students must follow the university policy stating that all sound emitting devices shall be silenced during class unless otherwise authorized by the instructor.
Campus Resources

- Support for submission of assignments to Tk20 should be directed to tk20help@gmu.edu or https://cehd.gmu.edu/api/tk20. Questions or concerns regarding use of Blackboard should be directed to http://coursesupport.gmu.edu/.
- For information on student support resources on campus, see https://ctfe.gmu.edu/teaching/student-support-resources-on-campus

For additional information on the College of Education and Human Development, please visit our website https://cehd.gmu.edu/students/.

Assessment Rubric(s):

**Rubric for the Facility Comparison Assignment – due on Sunday, November 17th:**

a) “Facility Analysis #1 - Facility Comparison 25 points (15% of final grade)

A one and one-half (1 ½) to two (2) page written summary of findings Assignment is due by Friday, November 21st. Assignment is to be submitted electronically on Blackboard

The Assignment

Independently visit and conduct a comparison of two facilities of the same type (i.e., campus recreation center, community recreation/aquatics center, private gym, athletic field complex, park, etc.).

The facilities do not need to be on the same campus or in the same jurisdiction, but they need to be of the same type and they must be facilities – not parks. You will need to submit your choices at least one month prior to your review for approval.
1. Description of Facilities (10 points each)
   - Name and location of each facility (include name of university or park system, if applicable)
   - Amenities/Services/Experiences offered at each (Be as specific as you can)
   - Describe three positive attributes of each (Be as detailed as you can)
   - Describe three perceived challenges for each (Be as detailed as you can)

2. Which facility did you like better and why? - two to three paragraph narrative (5 points)

3. Deduction if facilities are too disparate (-2)

4. Deduction for missing the submission deadline (-3 to -25)

b) Individual “Design Your Dream Facility” Project (35% of final grade) – due by Sunday, December 1st

This project will consist of each student being given a Project Description Overview to include a mock feasibility study and market analysis for the purpose of planning and designing a leisure facility along with scaled cut-outs of leisure/fitness-related items (pool, weight room, cardio-room, childcare center, etc.). Based on the Project Description Overview, feasibility study, and market analysis, each student will then decide what their “dream” facility should look like, each student will submit their Dream Facility paper and their supporting rationale as to why they chose a particular design and why they selected specific components. A detailed Rubric with specific dates for submission of each part of the paper and Template for the paper is provided separately.

Rubric (1-30 points for each category below for a total of 100 points) – this will be a digital/other presentation submitted on or before Sunday, December 1st. You must also submit a ten (10) page written paper (template provided) with the following information:

h) An introduction to inform the reader why a specific type of facility was chosen and what some of the key issues where in making that selection.

i) The development and submission of a Hedgehog Concept that is clear and concise and pertains to the type of facility chosen.

j) A description of how the facility will meet ADA Standards. What are the specific steps being taken to make certain the facility meets those standards.

k) The Rationale and Strength of Argument for the Design must be made clear to the reader. This will also require that the author makes specific references to at least ten (10) journal articles – five (5) of which must be peer-reviewed journal articles.
I) You are urged and encouraged to be as **creative** as possible provided the facility design and concept(s) are feasible, practical, and viable (and is accompanied with an itemized budget that reflects the viability of the facility). A **power point** of each project must be submitted with the paper.

m) You must submit an **itemized budget** of your expenses to include the dollar amount for each area you put in your facility and justify why you are choosing each. You will be provided with costs for items typically seen and used in recreation facilities. You will also need to provide a rationale for specific amenities in your “Dream Facility.”

n) General References and Refereed Journal Articles – must include ten (10) references with at least five (5) of these coming from refereed journal articles. **The peer-reviewed journal articles must be highlighted in yellow** or you will not receive any credit.

</table>
Creativity (10 points) | 0-3 points | 4-7 points | 8-10 points
---|---|---|---
The Design presented is very basic. | The Design presented is adequate but could be improved. | The Design presented is creative and meets the standards for a well thought out project concept.

References and Budget (10 Points) | 0-3 points | 4 – 7 points | 8-10 points
---|---|---|---
Due with the final paper/project submission on Monday, December 3rd | Author cited 4 or fewer articles that support the design and has no budget. | Author accurately cited at least 5 articles but less than the 10 required that support the design and is either over budget or the budget is not completed. | Author accurately cited 10 or more articles that support the design with five (5) coming from peer-reviewed journal articles and is within budget.

This course will be graded on a point system, with a total of 100 possible points.

Guidelines:

- **All work in this course should be written in the third person** using complete sentences.

- **Use subheadings** appropriate to the assignment (e.g., Introduction, Type of Facility Chosen and Why, Hedgehog Concept, ADA Compliance, References and Budget) to serve as a guide for “piecing together” your final proposal and to help you be sure you have responded to all requirements of the assignment.

- **At least five (5) of your references must be research articles appearing in refereed journals.** Additional references providing support for significance and definitions **may** come from other literature sources.

- ** Appropriately cite all sources following the current APA guidelines.**

- Create an **APA-style cover page** with running headers throughout the document.

- Create an **APA-style references/works cited page.**

**Grading:**

- Overall, grading will be based on completeness of responses, clarity and accuracy of written presentation. **See rubric for details.**
• Proposal drafts should be developed through the integration of material from your courses, readings and practical experiences, and should demonstrate independent thought and attention to detail (e.g., grammar and spelling).
