

**College of Education and Human Development
Division of Special Education and disAbility Research**

Fall 2019

EDSE 662 001: Consultation and Collaboration

CRN: 71652, 3 – Credits

Instructor: Dr. Rajiv Satsangi	Meeting Dates: 08/26/2019 – 12/18/2019
Phone: 703-993-1746	Meeting Day(s): Monday
E-Mail: rsatsang@gmu.edu	Meeting Time(s): 7:20 pm – 10 pm
Office Hours: By email appointment	Meeting Location: Fairfax, KH 15
Office Location: Fairfax Campus – Finley 209	Other Phone: N/A

- **Note:** This syllabus may change according to class needs. Teacher Candidates/Students will be advised of any changes immediately through George Mason e-mail and/or through Blackboard.

Prerequisite(s): Teaching licensure, or enrollment in graduate degree program in education.

Co-requisite(s): None

Course Description

Provides professionals in special education, regular education, and related fields with knowledge and communication skills necessary for collaborative consultation and technical assistance to other educators and service providers.

Advising Contact Information

Please make sure that you are being advised on a regular basis as to your status and progress through your program. Mason M.Ed. and Certificate teacher candidates/students should contact the Special Education Advising Office at (703) 993-3670 for assistance. All other teacher candidates/students should refer to their faculty advisor.

Advising Tip

Did you know that to receive your teaching license you need to submit your request to VDOE? Depending on your situation, you can either submit your paperwork to VDOE through your county HR office or through GMU. For instructions, visit <http://cehd.gmu.edu/teacher/instructions>.

Course Delivery Method

Learning activities include the following:

1. Class lecture and discussion
2. Application activities
3. Small group activities and assignments
4. Video and other media supports
5. Research and presentation activities
6. Electronic supplements and activities via Blackboard

Learner Outcomes

Upon completion of this course, teacher candidates/students will be able to:

1. Define collaboration, consultation, and teamwork and explain the essential characteristics of each.
2. Identify variables that may facilitate or constrain participation in collaboration, consultation, or teamwork settings.
3. Demonstrate communication skills of listening, avoiding communication roadblocks, dealing with resistance, being appropriately assertive, and resolving conflicts.
4. Apply problem-solving techniques in collaborating with professional colleagues, parents, and related and ancillary personnel to provide for students' learning and behavioral needs.
5. Develop self-assessment techniques for improving consultative and collaboration skills.
6. Plan activities that implement effective consultation and collaboration techniques.
7. Develop an Individualized Education Plan.

Professional Standards

This course is part of the George Mason University, Graduate School of Education (GSE), Special Education Programs for teacher licensure in the Commonwealth of Virginia in the special education areas of Special Education: Students with Disabilities who Access the General Curriculum K-12, Visual Impairments PK-12, and Adapted Curriculum K-12. This program complies with the standards for teacher licensure established by the Council for Exceptional Children (CEC), the major special education professional organization, as well as those established by the Interstate Teacher Assessment and Support consortium (InTASC). The standards addressed in this class include CEC Standard 1: Learner Development and Individual Learning Differences (InTASC 1,2); CEC Standard 3: Curricular content knowledge (InTASC 4,5); CEC Standard 5: Instructional planning and strategies (InTASC 7,8); CEC Standard 6: Professional learning and ethical practice (InTASC 9) & CEC Standard 7: Collaboration (InTASC 10).

Evidence-Based Practices

This course will incorporate the evidence-based practices (EBPs) relevant to communication, collaboration, and consultation. Evidence for the selected research-based practices is informed by meta-analysis, literature reviews/synthesis, the technical assistance networks which provide web-based resources, and the national organizations whose mission is to support students with disabilities. We address both promising and emerging practices in the field of special education. This course will provide opportunities for teacher candidates/students to take an active, decision-making role to thoughtfully select, modify, apply, and evaluate EBPs in order to improve outcomes for students with disabilities.

Required Textbooks

Friend & Cook. (2017). *Interactions: Collaboration Skills for School Professionals* (8th ed.). Boston, MA: Pearson. ISBN 9780134168548^[1]_[SEP]

Bateman, B. D., & Linden, M. A. (2006). *Better IEPs: How to develop legally correct and educationally useful programs* (5th ed.). Verona, WI: Attainment Company.

Recommended Textbooks

American Psychological Association. (2010). *Publication manual of the American Psychological Association* (6th ed.). Washington, DC: Author.

Course Performance Evaluation

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, Tk20, hard copy).

Tk20 Performance-Based Assessment Submission Requirement

It is critical for the special education program to collect data on how our students are meeting accreditation standards. Every teacher candidate/student registered for an EDSE course with a required Performance-based Assessment (PBA) is required to upload the PBA to Tk20 (regardless of whether a course is an elective, a one-time course or part of an undergraduate minor). A PBA is a specific assignment, presentation, or project that best demonstrates one or more CEC, InTASC or other standard connected to the course. A PBA is evaluated in two ways. The first is for a grade, based on the instructor's grading rubric. The second is for program accreditation purposes. Your instructor will provide directions as to how to upload the PBA to Tk20.

For EDSE 662, the required PBA is Individualized Education Program Project. Please check to verify your ability to upload items to Tk20 before the PBA due date.

Assignments and/or Examinations

Performance-based Assessment (Tk20 submission required)

Individualized Education Program Assignment (40 points)

The purpose of this assessment is to have candidates demonstrate knowledge of the individualized planning process required for the development of educational programs for students with mild to moderate exceptional learning needs. Candidates will demonstrate their ability to develop the critical components of an Individualized Educational Program (IEP) that are legally sufficient and educationally appropriate for the described case study student. Candidates also will also demonstrate an understanding of how these components come together to build a framework for the student's educational program by writing a narrative that includes:

1. Justification for their decisions within the IEP,
2. Explanation of the collaborative process required.

Throughout the assignment it is critical to incorporate collaborative aspects of developing an IEP with stakeholders, including the student (as appropriate), family members, general educators, related service providers, school administrators, and other relevant parties. In continuously considering the collaborative aspects of the IEP process, candidates will participate in in-class cooperative learning opportunities, such as role-play exercises, and activities designed to prepare for the IEP product and writing of the narratives.

Step One: Select a Student

For this assignment, the instructor will assign a case study for your use.

Step Two: Prepare and Write Your Case

Using the information available to you about your student, create a narrative with the components identified below. Head each section of the document with the corresponding component. Within each indicated section or heading, include the component and a separate subheading for your rationale.

Component A: Present Level of Academic Achievement and Functional Performance (PLOP)

1. Using all documentation available, gather information about the student that is relevant to the following areas:
 - a. Student Perspective: The strengths and concerns relevant to enhancing the education of the student as expressed by the student, when appropriate.
 - b. Parent/Guardian/Family Member Perspective: The strengths and concerns relevant to enhancing the education of the student as expressed by the parent(s)/guardian(s)/family member(s).
 - c. Evaluations: The results of the most recent evaluations of the student (educational, speech/language, psychological, OT/PT, social, etc.).
 - d. Assessments: The results of the student's performance on any general state or district-wide assessments, as appropriate.
 - e. Needs: The academic, developmental, and functional needs of the student.
 - f. Behavior: In the case of a child whose behavior impedes the student's learning or learning by others, consider interventions, support, and strategies to address that behavior (e.g., Positive Behavioral Interventions and Supports [PBIS]; Functional Behavioral Analysis [FBA]).
 - g. Limited English Proficiency: In the case of a student with limited English proficiency, consider the language needs of the student as those needs relate to the student's IEP.
 - h. Blind or Visually Impaired: In the case of a student who is blind or visually impaired, provide for instruction in Braille and the use of Braille unless the IEP Team determines, after an evaluation of the student's reading and writing skills, needs, and appropriate reading and writing media (including an evaluation of the student's future needs for instruction in Braille or the use of Braille), that instruction in Braille or the use of Braille is not appropriate for the student.
 - i. Communication (Including Deaf or Hard of Hearing): Consider the communication needs of the student and, in the case of a student who is deaf or hard of hearing, consider the student's language and communication mode, academic level, and full range of needs,

including opportunities for direction instruction in the student's language and communication mode.

j. Assistive Technology: Consider whether or not the student needs assistive technology devices and services.

2. Develop a statement of the student's present levels of performance. Include:

- Description of the student's strengths with evidence from evaluations, assessments, and student/family member's perspectives,
- Description of areas in need of improvement (needs/behavior) with evidence from evaluations, assessments, and student/family member's perspectives AND how performance differs from peers,
- Educational implications of the student's:
 - Mild to moderate exceptionalities,
 - Sensory impairments (when applicable),
 - Variations in cultural beliefs, traditions, and values.

Component B: Measurable Annual Goals

1. Create 3 measurable annual goals for the student. The goals must be:

- Based on the present level of performance statements and the student's needs.
- Observable and measurable.
- Age and ability appropriate.
- Prioritized and based on the scope and sequence of the VA SOL.
- Focused on increasing skills and/or positive behaviors.
- Responsive to variations in beliefs, traditions, and values across cultures.

2. Rationale: Respond to the following questions:

- How are these goals prioritized and age appropriate?
- In what ways do these goals reflect the PLOPs?
- In what ways do these goals show increasing skills and/or positive behavior for the student?
- In what way are these goals responsive to any variations in beliefs, traditions, and values of the student or his/her family?

Component C: Short Term Objectives/Benchmarks

1. Write *at least 2 short-term objectives or benchmarks for each annual goal*. The objectives/benchmarks relate to the goal and are derived by breaking the annual goal down into smaller, achievable tasks. The criteria must be appropriate for the student and for performance of the task.

2. Each objective/benchmark should include:

- a. Task,
- b. Condition

- c. Criterion
3. Rationale: Respond to the following questions:
- a. How are these short-term objectives based on sequential age and ability appropriate for individualized learning objectives?
 - b. How do these objectives relate to the annual goals?
 - c. How do these objectives include learner criteria that are appropriate to task performance? Justify your criteria.
 - d. Do the objectives include statements of generalization and maintenance?

Component D: Services, Least Restrictive Environment, & Placement

1. Identify and describe the student's placement on the continuum of services.
2. List and describe all appropriate program, primary, and related services* that the student needs to appropriately participate in within the students' least restrictive environment. Include a statement of:
 - What the service is (e.g., individual/small group instruction in 7th grade social studies; individual occupational therapy)
 - How often the services will occur (e.g., every day for 50 mins; once a month for 30 mins)
 - Duration of services, with start and end date (e.g., duration: 6 months; start date: 9/3/2013; end date: 2/3/2014)
 - Location of the service (e.g., XYZ school; Fairfax Hospital)
 - Setting of the service (e.g., self-contained classroom with special educator and assistant; occupational therapy room at local hospital)
 - Who will deliver the service (e.g., special educator; occupational therapist)
3. Indicate if there are any activities in which the student is unable to participate, even with support.
4. Rationale: Respond to the following questions:
 - Why did you choose the program and services you describe?
 - How do the primary, program, and related services consistently align with the areas of need based on the students PLOP?

*For the purposes of this assignment:

- Related services include physical therapy, occupational therapy, speech-language pathology, social work, and other services.
- Assistive Technology may be one of the services considered for this assignment.

Component E: Participation in State Assessments

1. Describe the student's participation in state assessments. The assessment(s) noted and participation levels described must reflect:

- The impact that exceptionalities (including auditory and information processing skills) can have on an individual's testing abilities.
- Consideration of due process rights, assurances, and issues related to assessment.
- Accommodations, as suitable, and described, if they are needed.

2. Rationale: Respond to the following questions:

- a) What did you consider in selecting the appropriate levels of student participation in state assessments?
- b) How are the student's participation levels specifically related to the PLOP, including any issues related to auditory and information process skills (as appropriate)?

Note: A quality written rationale includes consideration of the above and discusses how the levels of student participation in the selected state and district-wide assessments relate to present levels of performance. You may use Virginia state assessments as your model.

Component F: Accommodations and Modifications

1. Describe the accommodations and/or modifications necessary to individualize instruction to provide meaningful and challenging learning for the student that:
 - Are based on the present levels of performance and assessment data and (2) consider the student's exceptionalities
 - Allow the student to access the general education curriculum.
 - Assist in providing meaningful and challenging learning experiences for the student.
 - Provide access to educationally related settings, including non-academic and extra-curricular activities.
2. Rationale: Respond to the following questions:
 - a) How did the student's PLOP relate to the choice of accommodations?
 - b) How do the above provide access to nonacademic and extracurricular activities and are they appropriate to the needs of the student?
 - c) Explain how the selected accommodations and/or modifications are based on assessment data.
 - d) In what ways did you consider the student's exceptionality?

Step Three: Narrative on IEP Collaboration

Under a separate heading in the document, describe the collaborative nature of the IEP development process, as well as the roles of individuals with exceptional learning needs, families, and school and community personnel in planning of an individualized program. This includes a discussion of:

- The collaborative activities that should occur prior to development of the IEP.
- Methods of involving students, families, related service providers, and other professionals in the IEP development process.
- Methods for fostering respectful and beneficial relationships between students and their families and professionals throughout the IEP development process.

- Collaborative activities that should occur after the IEP is developed, including next steps for working with general education teachers, the student, and other stakeholders.

College Wide Common Assessment (TK20 submission required)

N/A

Performance-based Common Assignments (No Tk20 submission required)

N/A

Other Assignments

Professional Learning Community Group Assignments (30 points: 10 per assignment)

Each student will be placed in a PLC group for the course. Within the PLC group, three major assignments will be completed: chapter presentation, a collaborative lesson plan based on the chapter being presented, and a position paper about a topic in the chapter being presented.

Group Questions: Each group will create a list of questions and discussion topics related to the issue of collaboration between special and general educators in a K-12 setting. Submit these questions with your *Collaboration Interview Assignment* (see below).

1. **Chapter Presentation:** Each PLC group will plan and present one of the following chapters to the class: Chapters **5, 6, 7, 9, or 10**.
2. **Collaborative Lesson Plan:** Aligned to the Chapter Group Presentation chapter.
3. **Position Paper:** Aligned to the Chapter Group Presentation chapter. The PLC group will decide on a topic for research and discussion based on the information in the chapter they are presenting.

* See Blackboard for rubrics and additional information for each assignment.

Collaboration Interviews Assignment (20 points: 10 per interview)

During the course, each student will conduct two interviews with special educators who collaborate with other staff members (e.g., ESOL teachers, General Education teachers, Special Education teachers, administrators) within their work setting during the school day. During the interview sessions, students will interview one-on-one the special educator using questions developed in your PLC group. After each interview, students will write a **two page– single spaced paper** discussing both interviews (12 point font, one inch margins).

*See Blackboard for rubric and additional information.

Attendance, Participation, and Reading Checks (10 points)

Participation includes the asking of questions and participation in interactive discussion. Students are to complete the required readings and assignments prior to the relevant class meetings.

Reading checks may be given during any class session to assess your preparation for that day's discussion. Be aware that any points earned through classroom activities during a time of absence will **NOT** be earned and cannot be made up.

Points for class attendance and participation are positively impacted by:

1. Attending class and being psychologically available to learn [L][SEP]
2. Completing and handing in all class assignments
3. Participating in class discussions/activities [L][SEP]
4. Thoughtfully contributing to class discussions [L][SEP]
5. Listening to the ideas of other peers [L][SEP]
6. Demonstrating an enthusiasm for learning. [L][SEP]

Participation points are negatively affected by being late to class, demonstrating a disinterest in the material/discussions (e.g., reflection activities, small group activities, discussions, etc.), and/or absences. Points are also deducted for a lack of digital etiquette during class sessions.

NOTE: All assignments should reflect graduate-level spelling, syntax, and grammar, as well as APA style guidelines. If you experience difficulties with the writing process, you will be required to document your work with the GMU Writing Center during this course to improve your skills.

Summary of Assignments

Assessment	Individual	Small Group	Total Points
Individualized Education Program		X	40
PLC: Chapter Presentation		X	10
PLC: Collaborative Lesson Plan		X	10
PLC: Position Paper		X	10
Collaboration Interviews	X		20
Attendance, Participation, Reading Checks	X		10

Course Policies and Expectations

Attendance/Participation

Attendance

Students are expected to (a) attend all classes during the course, (b) arrive on time, (c) stay for the duration of the class time, and (d) complete all assignments. Attendance, timeliness, and professionally relevant- active participation are expected. Attendance and professional participation at all sessions is very important because many of the activities in class are planned in such a way that they cannot necessarily be recreated outside of the class session. Be aware that any points earned for participation in class activities during a time of absence will not be earned and cannot be made up. **One absence will result in 0 points deducted from your overall grade. Two absences will result in a loss of 11 points. Three or more absences will result in a loss of 21 points. Repeated tardiness and/or leaving early will result in a loss of 3 points per incidence. If you have perfect attendance throughout the semester, you will receive 1 extra credit point.** Please notify me *in advance* by email if you will not be able to attend class.

NOTE: It is impossible to participate fully in this class while texting, tweeting, working on documents, etc. Please be *fully* present in class.

Participation.

You are expected to be present, prepared, and exhibit professional dispositions for each class session. Activities resulting in points toward your final grade will be completed during class sessions. Quality of product and completion of the activity within class will impact points earned. **Points missed due to absences during class activities can not be made up.**

Quality participation includes:

- (a) Arriving on time, including back from break(s),
- (b) Staying in the classroom/activity area for the duration of the class time,
- (c) Participating in all class activities (face-to-face and outside of class, including by electronic means)
- (d) Having on hand all materials required for the class session as per course assignments and the syllabus

Late Work

All assignments are due on the dates indicated (at the beginning of class). Consult with me *in advance* if there is a problem. In fairness to students who make the effort to submit papers on time, 5 points per day will be deducted from your assignment grade for late papers **unless** I have agreed to an extension (may be granted **one time only** for **one assignment only**). A maximum extension of 1 calendar week may be granted. Please retain a copy of your assignments in addition to the ones you submit.

Other Requirements

This is a 3-credit graduate level course. Traditionally, 3-credit courses across a 15-week semester require an average of 45 hours of in-class time and approximately 90 hours of independent reading and assignment completion. Be prepared to put in that amount of time into this class and plan your schedule accordingly.

Some assignments require you to synthesize material from the course and outside sources into coherent statements of your ideas. In such cases, your writing should be databased— meaning that you must support statements and ideas with evidence from these sources, giving these sources credit. The standard format for writing in the field of education is outlined in the *Publication Manual of the American Psychological Association, 6th edition* (www.apastyle.org). Specifically, the final version of your Instructional Program should be written in APA style, including a cover page, running head, pagination, headings (as needed), citations (as needed), and reference pages. The citation for this manual is included in the section entitled “Recommended Texts”. For an online resource, see www.apastyle.org.

It is expected that you know how to paraphrase and cite information appropriately to meet both APA guidelines and to avoid plagiarism. This website provides some useful information on how to avoid plagiarism in your writing: <http://www.plagiarism.org/>

Communication.

The most efficient way to contact me is through email. I check email daily Monday-Friday from 9:00am-9:00pm. If your email reaches me during this period of time, I will respond immediately. Otherwise, I will respond within 24 hours during the week. Keep in mind that I teach from 6:00-10:30pm. On weekends, I check my Mason account on Sunday evenings and will respond to all emails received then. Do not email me an hour before an assignment is due and expect a response. If you would prefer to meet with me either before or after class (or at another time during the day), please do not hesitate to contact me.

Written Language: Students at the graduate level are expected to compose with accuracy (grammar, spelling, other mechanics, form, structure, etc.) and at a conceptual level commensurate with advanced degree study. APA Style is the standard format for any written work in the College of Education and Human Development. If you are unfamiliar with APA format, it would benefit you to purchase the current edition of the Publication Manual of the American Psychological Association. You are required to use APA guidelines for all course assignments as noted in the assignment descriptions. This website links to APA format guidelines: <http://apastyle.apa.org> .

Oral Language: Use “person-first language” in class discussions and written assignments (and, ideally, in professional practice). In accordance with terminology choices in the disability community, strive to replace the term “Mental Retardation” with “Intellectual Disabilities” in oral and written communication and to avoid language labels by stating, for example, a “student with disabilities” (SWD) rather than a “disabled student”. Please refer to guidelines for non handicapping language in APA Journals, including information available at:

<http://www.apa.org/pi/disability/resources/policy/resolution-ada.pdf> and <http://supp.apa.org/style/pubman-ch03.15.pdf> .

Inclement Weather

If classes are cancelled at George Mason University, a message will be posted on the class Blackboard site and all class members will receive an email. Because such cancellations are often at the last minute, it may be difficult to get this message prior to leaving for class. If in doubt, dial the University phone number (703-993-1000) or visit the university website (www.gmu.edu). I will email you regarding weather as soon as it is announced. *Please note, the cancellation of classes due to inclement weather is determined by the decision of the instructing university only. If the instructing university is open and operational, then you are expected to attend class.*

Grading Scale

95-100% = A
90-94% = A-
80-89% = B
70-79% = C
< 70% = F

*Note: The George Mason University Honor Code will be strictly enforced. Students are responsible for reading and understanding the Code. “To promote a stronger sense of mutual responsibility, respect, trust, and fairness among all members of the George Mason University community and with the desire for greater academic and personal achievement, we, the student members of the university community, have set forth this honor code: Student members of the George Mason University community pledge not to cheat, plagiarize, steal, or lie in matters related to academic work.” Work submitted must be your own or with proper citations (see <https://catalog.gmu.edu/policies/honor-code-system/>).

Professional Dispositions

Students are expected to exhibit professional behaviors and dispositions at all times. In the College of Education and Human Development, dispositions are formally and separately evaluated in at least two points in each student’s program – a self-evaluation at the start of their program, and a university supervisor’s evaluation during internship. In special education licensure programs, the self-evaluation is an online survey distributed via email upon program entry, and the internship evaluation is completed by instructors in EDSE 783, EDSE 784, and EDSE 785. When dispositions are assessed, it is important that for areas where a positive disposition is ‘occasionally evident’ or ‘rarely evident,’ the student takes steps to grow as an educator. See <https://cehd.gmu.edu/epo/candidate-dispositions>.

Class Schedule

*Note: Faculty reserves the right to alter the schedule as necessary, with notification to students.

***Note: Please come to class prepared with printed hard copies of each week's handouts.**

Meeting & Date	Topic	Readings to be done in advance of <i>this</i> class	Assignments Due on Blackboard by 4:30pm on <i>this</i> date
8/26	Introduction to EDSE 662 Syllabus and Course Expectations	None	
9/9	Framing Collaboration Communication skills	FC: 1–2	
9/16	Communication skills across teams	FC: 3–6	
9/23	Problem solving	FC: 5	
9/30	No face-to-face meeting	TBD	
10/7	Students with disabilities and special education	https://everybody.si.edu	Collaboration Interviews
10/15	IEP overview Present level of performance	BL: 3 & 4 (71-79)	
10/21	IEP: Annual goals and objectives	BL: 2 & 5	
10/28	No face-to-face meeting	TBD	
11/4	IEP: Decisions about services, placement, accommodations, participation in state tests IEP: Role play and discussion	BL: 7	PLC: Collaborative Lesson Plan
11/11	Co-teaching Organizing ideas and concepts Strategic approaches to tasks Peer assisted learning	FC: 7 & 9	PLC: Position Paper
11/18	PLC Group Presentations	FC: 10 & 11	PLC: Chapter Presentation
11/25	No face-to-face meeting	TBD	Individualized Education Program

Core Values Commitment

The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: <http://cehd.gmu.edu/values/>

GMU Policies and Resources for Students

Policies

- Students must adhere to the guidelines of the Mason Honor Code (see <https://catalog.gmu.edu/policies/honor-code-system/>).
- Students must follow the university policy for Responsible Use of Computing (see <http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/>).
- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students **solely** through their Mason email account.
- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see <http://ods.gmu.edu/>).
- Students must silence all sound emitting devices during class unless otherwise authorized by the instructor.

Campus Resources

- Support for submission of assignments to Tk20 should be directed to tk20help@gmu.edu or <https://cehd.gmu.edu/aero/tk20>. Questions or concerns regarding use of Blackboard should be directed to <http://coursessupport.gmu.edu/>.
- For information on student support resources on campus, see <https://ctfe.gmu.edu/teaching/student-support-resources-on-campus>

For additional information on the College of Education and Human Development, please visit our website <https://cehd.gmu.edu/students/>.
