Assignment Details:

**Blackboard Postings** – 10 total points (2 points given per week for participation)

Students will be required to post at least one response per class session regarding the readings and classroom discussions. This is intended to serve as smaller group discussion outside of class. Blackboard postings will be due by the beginning of class time, i.e., 4:00 pm, on the next class day. Blackboard discussion groups will be randomly selected by the professor.

**Class Papers**

1. **Assignment # 1: Helms/White Privilege Paper (2-3 pages) (10 points)**
   Provide your reactions (both cognitive and emotional) to the Helms book and White privilege readings/class discussions.

2. **Assignment # 2: Critical Incident Paper (2 to 3 pages) (10 points)**
   Write about a critical incident from your life pertaining to a multicultural experience. A critical incident is an event or circumstance that is generally outside your personal control or is some decision you have made in response to a painful or difficult situation; in this case, it should be racially/culturally-related. It often changes the course of your life. The goal is to pick a significant event that somehow impacted or influenced you in a powerful way. Please do not choose a counseling related experience unless you were the client during that process. Lastly, please utilize a racial/cultural identity development model to conceptualize your critical incident. An example will be provided by the instructor to reference.

3. **Assignment #3: (Cultural Immersion Paper) (2-3 pages) (10 points)**
   Each student will individually participate in a cultural immersion experience by attending a cultural activity that is distinctly different from the student’s cultural values, norms, and personal experiences (instructor approval needed). Students will provide a reaction paper to participating in this experience including a before, during, and after the experience process (e.g., what are some fears/thoughts/feelings being experienced before, during, and after having gone out of your comfort zone. Was there any growth? Please note any observations/realizations, etc.)
4. Assignment #4: (Research Paper) (8-10 pages) (30 points) (PBA)
You can choose any topic related to multicultural counseling independent of papers you have already written in the program. You should cite at least 10 peer-reviewed sources in this paper and provide me with an abstract for approval by 06/05/2019. These papers will be submitted electronically via Safe Assign on Blackboard on/by 06/21/19.

5. Assignment #5 (Final Course Reflection Paper) (2 pages max) (5 points)
Briefly reflect on personal/professional experiences areas gained from class. What did you learn about multicultural counseling? What did you learn about yourself?

Group Presentations (10 points)
You will divide into 5 groups (3 people per group) to present on a particular racial and ethnic group chosen at random as noted on the timeline portion of the syllabus. Your presentation should last no more than 40 minutes followed by a 10-minute role-play utilizing effective evidence-based interventions with this population. You will then have the remainder of class time to lead the class in a discussion related to your topic. You should integrate multimedia techniques into your presentation including a representation of how your group has been portrayed in the media and include a discussion of intersecting issues (e.g., sexual orientation and religion or being a POC and a woman, etc.; within group concerns) within your particular group. You should also include your personal reactions (emotional and cognitive) to what you learned and additional counseling role-plays for your peers to participate in, time permitted. Finally, students not involved in the group presentation of the day should bring in two questions related to the readings, which will be addressed by the presenting group members.

Class Participation/Attendance – (15 points)
Students are expected to attend and complete all reading assignments for each class. Due to the limited time, class attendance is indispensable. Therefore, it is expected of students to attend all classes (which includes arriving on time and staying for the entire class). This course relies heavily on classroom discussion to foster skill development; therefore, attendance at all class sessions is critical. Please consider that absences will not only affect individual student learning but will also negatively impact other class members. Students have (1) unexcused absence at their disposal; however, participation points will be deducted for that day. Students who miss more than (1) class with unexcused absences will not receive a passing grade for the course. Late arrivals to class will affect your class participation grade; arriving more than 15 minutes late to class without prior instructor notification will count as an unexcused absence. Excused absences are permitted for illness, religious holidays, or emergency situations only; documentation is required for the absence to be considered excused. Work-related absences are not considered excused. If there is a scheduling conflict that interferes with attendance during any portion of the class, students should see the instructor on the first class to discuss continuing in the class this semester or taking the course during another semester.

Grading Policies:
Grading will be based primarily upon the significance, thoroughness, accuracy, relatedness, logic and degree to which points made are effectively supported. Papers receiving an “A” grade will be outstanding in each area. Grammar and style will be considered when they detract from the presentation or understanding of the professional arguments made. Points/a letter grade will be deducted from assignments that do not follow APA guidelines and/or exceed the page limit. Late
assignments will not be accepted unless there is a reasonable excuse (e.g., family emergency, illness with a doctor’s certificate).

\[ A = 100 - 97; \ A- = 96 - 94; \ B+ = 93 - 91; \ B = 90 - 87; \ B- = 86 - 84; \ C = 83 - 80; \ F = \text{below } 79 \]

All CEHD undergraduate and graduate students are held to the university grading policies as described in the Academic Policies section of the current catalog, which can be accessed at http://catalog.gmu.edu. Those students enrolled in a CEHD Licensure Graduate Certificate program, however, must earn a B- or better in all licensure coursework. A degree-seeking graduate student will be dismissed after accumulating grades of F in two courses or 9 credits of unsatisfactory grades (C or F) in graduate courses. A 3.0 grade point average is required for completion of the graduate degree.

**Professional Dispositions**
Students are expected to exhibit professional behaviors and dispositions at all times. See [https://cehd.gmu.edu/students/polices-procedures/](https://cehd.gmu.edu/students/polices-procedures/)

Given the workshop nature of the course, students are expected to maintain confidentiality about material shared by one another.
