Course Performance Evaluation

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, Tk20, hard copy).

Assignments and/or Examinations

a. Freire Analysis Paper
b. Social Justice Advocacy Project (No more than two students can select the same SJ issue)
      In 2-3 pages you will reflect on events and life experiences that have shaped your cultural being. You want to explore experiences that are significant in shaping your worldview, cultural heritage and identity; and how these experiences have shaped your thinking, values, and behaviors. You should also interpret the cultural meaning of these experiences (cultural socialization) and the impact on your current functioning. Discuss how your experiences have led you to choose your social justice issue.
2. **Historical review of Social Justice issue**  
   Complete a 5-7 page research paper exploring the historical context of your chosen social justice issue. APA formatting.

3. **Advocacy plan – Individual, Community, Systemic**  
   Develop a 1-page advocacy plan outlining how you intend to advocate for your population at the individual, community and systemic level.

4. **Self-care plan**  
   As social justice advocates, compassion fatigue is common so it is imperative for you to take care of yourself. Briefly outline how you intend to take care of yourself. Maximum 1 page.

5. **Action Step**  
   For this portion of the project you need to take “action” (*Some ideas are outlined below*):  
   **Level 1:** Write a congressperson, interview an ally/advocate of your issue.  
   **Level 2:** Participate in an event, a march, townhall or political talk. Complete a 2-3 page reflection discussing your experiences.

6. **Presentation**  
   During the presentation you will present your issue to your peers by proving the historical context, why you chose your social justice issue, briefly discuss your action steps, and how your peers can support this issue moving forward.  
   *At the end of the semester submit your entire project to Blackboard.*

**Other Requirements**  
NA

**Grading**  
Grading will be based primarily upon the significance, thoroughness, accuracy, relatedness, logic and degree to which points made are effectively supported. Papers receiving an “A” grade will be outstanding in each area. Grammar and style will be taken into account when they detract from the presentation or understanding of the professional arguments made. As noted above points/grade will be deducted from assignments that do not follow APA guidelines and/or exceed the page limit.

**Graded Assignments:** Grades will be posted to Blackboard

Counseling and Development Mission Statement

The Counseling Program is committed to preparing counselors who promote the social, psychological, physical, and spiritual health of individuals, families, communities, and organizations in order to contribute to the advancement of global well-being. The program strives for national and international excellence in implementing a counseling perspective which provides a foundation in basic counseling skills and focuses on social justice, multiculturalism, international, advocacy and leadership. It is our belief that a global perspective on development across the life span, and an understanding and appreciation of multiculturalism, diversity, and social justice are integral to the preparation of professional counselors, requiring that professional counselors are prepared to assume leadership roles, be proactive change agents and become advocates for social, economic and political justice. The program is committed to accomplish this mission by working through interdisciplinary teams as well as promote the interconnectedness of teaching, research, service and professional practice. Through this mission faculty will facilitate a continued tradition of international, national and regional leadership through the development of collaborative partnerships and projects, research, publications, presentations, consultation, and training.

Core Values Commitment
The College of Education and Human Development is committed to collaboration, ethical leadership, innovation, research-based practice, and social justice. Students are expected to adhere to these principles: http://cehd.gmu.edu/values/.
