University Catalog Course Description  
Blends theoretical knowledge and practical application. Provides advanced study of second language pedagogy and teaching trends. Topics include multiple learning styles, alternative forms of assessment, and teaching diverse populations.  

Course Overview  
Provides advanced study of foreign/second language pedagogy and current practices to give pre- and in-service teachers the tools needed to facilitate contextualized and content-based language learning. These tools include standards-based teaching, learning, and assessment; current topics in today’s schools; addressing the needs of diverse learners; integration of technology for enhanced language teaching and learning; and textbook analysis and evaluation. Blending theoretical knowledge and practical application in an interactive format, this course provides advanced study that incorporates field experience, self-monitoring, and critical reflection to assist the course participants in integrating and implementing content into their own teaching in order to improve instruction and consider its impact on language learners.
Course Delivery Method

This course is meets F2F. It is predicated upon learning by doing and discovery learning. Assessment is based on performance-based assignments. Students are encouraged to select projects that have particular relevance to their own respective teaching circumstance. Rubrics are provided for the teaching simulation, field experiences, projects and major assignments. Students are also encouraged to attend any professional conferences.

Learner Outcomes or Objectives

This course is designed to enable students to do the following:

1. Demonstrate oral and written proficiency in the target language at a minimum level of “Advanced Low” in the use of the 3 communicative modes in the teaching setting to facilitate instruction that is aligned with Standards (ACTFL/CAEP Standards 1a, 1b, 1c)
2. Present required sections of the Foreign Language Professional Development Portfolio which includes identified program performance-based projects, a professional development plan, and critical reflections (ACTFL/CAEP Standard 6b, 6c)
3. Demonstrate an understanding of child and adolescent development to create a supportive learning environment for each student (ACTFL/CAEP Standard 3b)
4. Plan and implement content-based or thematic standards-based classroom instruction that a) focuses on language learning, b) addresses the needs of diverse learners, and/or integrates technology, and c) and includes a critical reflection of the lesson’s impact on student learning (ACTFL/CAEP) Standards 2c, 3b, 4a, 4b, 4c, 5a, 5b)
5. Articulate his/her philosophy of education for world language teaching and learning that includes a plan for ongoing professional development (ACTFL/CAEP Standards 1c, 3a, 3b, 4a, 4b, 5b, 6a, 6b)

Professional Standards (ACTFL/CAEP, INTASC, NBPTS, SOLs, INTASC, NBPRS)

Upon completion of this course, students will have met the following professional standards:

The following standards aim to provide consistency in teacher education programs across the United States in terms of what foreign/world language teachers need to know and be able to do – that is, the knowledge, skills, and dispositions that are essential for the effective teaching of culturally and linguistically diverse students.

The EDCI 684 relationship to National and State Standards include:
The ACTFL/CAEP Program Standards for the Preparation of Foreign Language Teachers Interstate New Teacher Assessment and Support Consortium (INTASC) Standards National Board for Professional Teaching Standards (NBPTS) Virginia Standards of Learning (SOLs)
Licensure courses are aligned specifically with the national standards of the American Council on the Teaching of Foreign Languages (ACTFL). This course also follows the INTASC guidelines (Interstate New Teacher Assessment and Support Consortium) that identify those principles that should be present for new teachers in all teaching environments, regardless of the subject or grade level.

The **ACTFL/CAEP Standards** for the Preparation of Foreign Language Teachers articulate what foreign language teachers need to know and be able to do in order to be successful teachers of foreign languages. They were approved in 2013. We also align with the Interstate New Teacher Assessment and Support Consortium (INTASC) Standards for licensure candidates, as well as the Propositions of the National Board for Professional Teaching Standards (NBPTS) for practicing teachers.

These three sets of national professional standards serve as a framework for systematic teacher preparation and professional development programs in our program. Evidence of the degree to which the standards have been met is compiled in a program participant's **Professional Development Portfolio** (refer to the program’s PDP Guidelines) throughout the licensure component of the program and presented to faculty at the conclusion of the licensure internship.

Course Performance Evaluation

Students are expected to submit all assignments on time in the manner outlined by the instructor (e.g., Blackboard, Tk20, hard copy).

TK20 PERFORMANCE-BASED ASSESSMENT SUBMISSION REQUIREMENT

(Impact on Student Learning and Reflection-based Philosophy Paper)
Every student registered for any Teaching Culturally, Linguistically Diverse & Exceptional Learners program course with a required performance-based assessment is required to submit this assessment and the Fieldwork Log of Hours and Evaluation Form to Tk20 through Blackboard (regardless of whether the student is taking the course as an elective, a one-time course or as part of an undergraduate minor). Evaluation of the performance-based assessment by the course instructor will also be completed in Tk20 through Blackboard. Failure to submit the assessment to Tk20 (through Blackboard) will result in the course instructor reporting the course grade as Incomplete (IN). Unless the IN grade is changed upon completion of the required Tk20 submission, the IN will convert to an F nine weeks into the following semester.

FIELDWORK REQUIREMENT

Field Experience Record and Evaluation
The field experience is a required component of the teacher preparation program at George Mason University. All students will complete a minimum of 15 hours in field experience for this course. Documentation of your field experience is required as well as a signed statement from your field experience teacher(s) or supervisor(s). If you are taking more than one course in a semester, you must complete 15 hours per course (e.g., two courses require 30 hours of field experience). This means you may be completing different tasks for different courses in the same placement. Materials and products used for one course cannot be used for another course (e.g., videos, lesson plans, activities, etc.)

*TCLDEL Fieldwork Log of Hours and Evaluation Form must be uploaded to TK20 on Blackboard. The form is located on Blackboard in your TCLDEL organization site in the “Fieldwork” page.

In-service teachers: Field experience can often be conducted in your own classroom if you have access to the population of students required for the PBAs and other assignments. Please consult your instructor if you have questions about the viability of your classroom for fieldwork in this class. You must register for your school as your field experience site in the online Field Experience Request form available here: https://cehd.gmu.edu/endorse/ferf. You will check the box indicating that: “I will arrange my own field experiences (observations and/or case studies) because I am a full-time contracted school system employee and will complete field experience at my workplace.” The deadline to submit your field experience placement is Week 2 of class. Failure to do so will result in an unsatisfactory grade for your fieldwork assignment. If you are taking this course as part of a cohort program, please indicate “TCLDEL Cohort” on your request form FIRST, then select
your program and placement location. HINT: Cohort courses have section numbers beginning with “6F” (e.g. EDUC 511.6F1).

Pre-service teachers: If you are not currently working in a K-12 school, you will need to be placed in an appropriate fieldwork setting to complete your required PBAs and fieldwork hours. You must request a fieldwork site using the online Field Experience Request form available here: https://cehd.gmu.edu/endorse/ferf. You will check the box indicating that: I will need George Mason (Clinical Practice Specialist) to arrange a placement for my field experiences (including observations and/or case studies). The deadline to submit your field experience placement is Week 2 of class. Failure to do so will result in an unsatisfactory grade for your fieldwork assignment. If you are taking this course as part of a cohort program, please indicate “TCLDEL Cohort” on your request form, then select your program and placement location. HINT: Cohort courses have section numbers beginning with “6F” (e.g. EDUC 511.6F1).

Virginia state or county cohort teachers: Cohort Students are required by their district and by TCLDEL to complete field experiences as required by the Virginia Department of Education for this program. Each district has arranged for candidates to be able to work at K-12 grade levels in order to complete all licensure requirements. Please contact your district coordinator for further information.

**Philosophy of Education Statement** & **Professional Development Portfolio With Three Reflections** *(Theory, Research, and Professional Development)* | Philosophy: Based on personal beliefs and professional knowledge about Second Language Acquisition (SLA) theory and research, language learning, and learners, candidates write a Philosophy of Education statement, or update the one written previously in EDCI 516, that includes knowledge gained from coursework and learning experiences. To be included in the professional section of your Portfolio, this statement should encompass your beliefs about the role of culture in FL, instructional practices, and your plan for ongoing professional development. **Three Sections written in the target language for evaluation of written performance.**  
Portfolio: Set up of full Professional Development Portfolio (Electronic Format) with all sections clearly marked and Table of Contents created.  
Completion of a minimum of two full Sections (with reflections), and all program related performance-based evidences for remaining sections inserted, as available. This document is preferred in electronic format, but may be considered in hard copy under certain circumstances with instructor permission.

**Pre-Service Teacher Candidates:** Spend some time observing your mentor teacher to understand the context. Then, working with the mentor teacher, teach (or co-teach) a mini-lesson to the class or a group of students that includes a pre- and post-activity assessment; write a full description of the learning activity/lesson, the pre- & post-activity assessment, and a reflection on the impact of your instruction on student learning & how the assessment will inform upcoming lessons.

**In-Service Teacher Candidates:** In your own classroom you will conduct the above project, designing a series of lessons and video-tape yourself teaching one or two; write a description of the learning activity/lesson, (your pre- & post-activity assessments), and a reflection about the impact of instruction on student learning, what you learned from the video about teaching and learning with your students. Analyze student–teacher interactions.

### Other Requirements

**Laptop/Cell Phone Policy**

Laptops will be closed during discussions, lectures and other assignments in class which require your full attention. Cell phones must be turned off/silenced during class periods. Cell phones may be used during break.
Inclement Weather/Emergency Policy
In case of snow, hurricanes, other bad weather, or security emergencies, call 703-993-1000 or go to www.gmu.edu for information on class cancellations and university closings.

Collaboration:
Collaboration is a cornerstone for this course. Many of the class sessions utilize a workshop format. In advance you must locate materials, complete readings, and be prepared to discuss and share instructional resources in class. Careful record is maintained by the instructor of your attendance and participation in collaborative activities. Students are expected to participate in a lively, professional, punctual, and equitable manner in all collaborative work.

- Grading
At George Mason University course work is measured in terms of quantity and quality. A credit normally represents one hour per week of lecture or recitation or not fewer than two hours per week of laboratory work throughout a semester. The number of credits is a measure of quantity. The grade is a measure of quality. The university-wide system for grading graduate courses is as follows:

<table>

Honor Code & Integrity of Work
Integrity of Work: TCLDEL students must adhere to the guidelines of the George Mason University Honor Code (https://catalog.gmu.edu/policies/honor-code-system/). The principle of academic integrity is taken very seriously and violations are treated as such.

Violations of the Honor Code include:
1. Copying a paper or part of a paper from another student (current or past);
2. Reusing work that you have already submitted for another class (unless express permission has been granted by your current professor before you submit the work);
3. Copying the words of an author from a textbook or any printed source (including the Internet) or closely paraphrasing without providing a citation to credit the author. For
examples of what should be cited, please refer to:  
https://owl.english.purdue.edu/owl/resource/589/02/

4. You may also not “reuse” fieldwork hours. Each placement must have 20 documented hours that are solely for each course that you are in; you may be at the same site, but the same hours may not be counted towards the same course.

Late Work Policy
At the graduate level all work is expected to be of high quality and submitted on the dates due. *Work submitted late will be reduced one letter grade for every day of delay.* Because we live in uncertain times, if you have any extraordinary circumstances (think flood, earthquake, evacuation) that prevent you from submitting your work in a timely manner, it is your responsibility to contact the instructor as soon as possible after the circumstances occur and make arrangements to complete your work. *It is up to the discretion of the instructor to approve the late/makeup work.*

Course Withdrawal with Dean Approval
For graduate and non-degree students, withdrawal after the last day for dropping a course requires approval by the student’s academic dean, and is permitted only for nonacademic reasons that prevent course completion (Mason catalog). *Students must contact an academic advisor* in APTDIE to withdraw after the deadline. There is no guarantee that such withdraws will be permitted.

Online Participation/Attendance Policy
Students are expected to participate in all online discussions. Not participating in an online discussion module will be reflected with a zero for the week and as an absence. **Students with two or more absences will not receive credit for the course.**

Incomplete (IN)
This grade may be given to students who are in good standing, but who may be unable to complete scheduled course work for a cause beyond reasonable control. The student must then complete all the requirements by the end of the ninth week of the next semester, not including summer term, and the instructor must turn in the final grade by the end of the 9th week. Unless an explicit written extension is filed with the Registrar's Office by the faculty deadline, the grade of IN is changed by the registrar to an F (Mason catalog). Faculty may grant an incomplete with a contract developed by the student with a reasonable time to complete the course at the discretion of the faculty member. The faculty member does not need to allow up to the following semester for the student to complete the course. A copy of the contract will be kept on file in the APTDIE office.

GMU Policies and Resources for Students

Policies

- Students must adhere to the guidelines of the Mason Honor Code (see https://catalog.gmu.edu/policies/honor-code-system/).

- Students must follow the university policy for Responsible Use of Computing (see http://universitypolicy.gmu.edu/policies/responsible-use-of-computing/).

- Students are responsible for the content of university communications sent to their Mason email account and are required to activate their account and check it regularly. All communication from the university, college, school, and program will be sent to students solely through their Mason email account.

- Students with disabilities who seek accommodations in a course must be registered with George Mason University Disability Services. Approved accommodations will begin at the time the written letter from Disability Services is received by the instructor (see https://ds.gmu.edu).

- Students must silence all sound emitting devices during class unless otherwise authorized by the instructor.

Campus Resources

- Support for submission of assignments to Tk20 should be directed to tk20help@gmu.edu or https://cehd.gmu.edu/aero/tk20. Questions or concerns regarding use of Blackboard should be directed to https://its.gmu.edu/knowledge-base/blackboard-instructional-technology-support-for-students/.

- Notice of mandatory reporting of sexual assault, interpersonal violence, and stalking: As a faculty member, I am designated as a “Responsible Employee,” and must report all disclosures of sexual assault, interpersonal violence, and stalking to Mason’s Title IX Coordinator per University Policy 1202. If you wish to speak with someone confidentially, please contact one of Mason’s confidential resources, such as Student Support and Advocacy Center (SSAC) at 703-380-1434 or Counseling and Psychological Services (CAPS) at 703-993-2380. You may also seek assistance from Mason’s Title IX Coordinator by calling 703-993-8730, or emailing titleix@gmu.edu.

April 15: Week # 13 - Heritage Language Learners. Challenges and opportunities to meet the needs of teachers and students. Shifting the paradigm to learner-centered instruction and assessment practices. Pedagogical implications for non-Roman script languages. Materials development. Heritage speakers and heritage teachers.

April 29: Week # 15 Final Projects (Impact on Student Learning) presented in class.

Note: Faculty reserves the right to alter the schedule as necessary, with notification to students.
Instructions: You are to select any three of the following possible topics to write a full one-page, single spaced, 12 point font reflection. Your thoughts should be grounded in current theory/research gleaned from readings throughout your foreign/world language coursework. Reference citations on a separate page are required. Use APA style format.

Reflection Topics

Section I: Language proficiency: Interpersonal, Interpretive, and Presentational
ACTFL/CAEP Standard 1 – What are your beliefs about strong language proficiency in the target language? Why is it important for you to be able to present information, concepts, and ideas orally and in writing to an audience of listeners or readers? Why is it important to know your audience and adjust your presentation accordingly?

Section II: Cultures, Linguistics, Literatures, and Concepts from Other Disciplines – ACTFL/CAEP Standard 2 – Reflect on the value and role of culture and literary and cultural texts in language instruction. In your lesson plans, how will you demonstrate the integration of culture and content from other disciplines into language lessons?

Section III: Language Acquisition Theories and Knowledge of Students and Their Needs  ACTFL/CAEP Standard 3 – Reflect on the connection of SLA theories to classroom practice that includes the incorporation of the ACTFL Student Standards, target language input and usage, and how instructional practices meet the needs of diverse learners.

Section IV: Integration of Standards in Planning, Classroom Practice, and Use of Instructional Resources – ACTFL/CAEP Standard 4 – Describe a classroom scenario that illustrates the integration of standards into teaching. Explain the rationales used for the selection of materials used in the lesson.

Section V: Assessment of Languages and Cultures – Impact on Student Learning – ACTFL/CAEP Standard 5 – Reflect on your beliefs about assessment and its role in instruction and learning, how assessment impacts student learning, and in what ways you believe the evidence demonstrates your knowledge in multiple ways.

Section VI: Technology – ISTE Standard 1 – Reflect on your beliefs about technology and language learning and its role in meeting the needs of all learners.

Section VII: Professional Development, Advocacy, and Ethics – ACTFL/CAEP Standard 6 – Reflect on your practices and beliefs about professionalism, reflection, inquiry, and school and community collaboration in the support of student learning. Must include the Professional Development Plan.

PHILOSOPHY STATEMENT

ACTFL/CAEP PERFORMANCE-BASED ASSESSMENT REQUIREMENT
MUST BE UPLOADED TO TK20-BLACKBOARD

The Description of the Assessment Task

Write a ten (minimum) to fifteen (maximum) page Philosophy of Teaching Statement, with three of the seven domains (below) IN THE TARGET LANGUAGE describing your personal standards-based world language teaching philosophy. Reflect upon the three categories outlined below in your essay. Provide specific examples from your field experiences, microteaching experiences in this course, readings and field observations to support your reflections.

Language Acquisition Theories: Conceptualization of learning

1. What do you believe about language learning? Why? (ACTFL/CAEP 3a)
2. What language acquisition theories do you consider pivotal in establishing an inclusive, comfortable and productive learning environment for all types of learners? (ACTFL/CAEP 3a, 3b)
3. How important is teaching IN, not ABOUT, the target language in the students’ learning process? (ACTFL/CAEP 4a)
4. What is the role of assessment of all modes of communication in the foreign language classroom? (ACTFL/CAEP 5a, b)

Conceptualization of teaching

1. What do you believe about language teaching? (ACTFL/CAEP 4a)
2. What is the role of cultural products, practices and perspectives as a framework for language instruction? (ACTFL/CAEP 4a)
3. What do the ACTFL Standards mean to you? How do you integrate the standards (5Cs) to promote communicative and cultural proficiency in the world language classroom? (ACTFL/CAEP 4a)
4. What is the role of assessment of all modes of communication in the foreign language classroom? (ACTFL/CAEP 5b)

Personal/Professional plan for ongoing professional growth & learning

1. What do you believe about growing as a professional world language educator? Or what does it mean to be a professional world language educator? (ACTFL/CAEP 6b)
2. Teacher candidates incorporate a final revised version of the essay into your World Languages Professional Portfolio, required for licensure.
Instructions: Your philosophy paper is a continuation of where you started in EDCI 516. While that may have been general in its focus, this paper will be more specific and grounded in research-based views on teaching and learning. This will be included in your portfolio. It is a document you should re-visit and revise according to your experiences and new funds of knowledge acquired. For EDCI 684 you must include the following areas:

- A clearly written rationale of your beliefs about teaching and learning
- Clearly described qualities, characteristics, ideal professional preparation and background experience of an effective foreign/world language teacher
- A clearly articulated professional development plan
- Connect your beliefs solidly to research, theory, and current trends using references in cited format (APA style format)

STEPS FOR WRITING THE PHILOSOPHY PAPER AND MAKING CONNECTIONS TO THE ANALYTIC SCORING RUBRIC

**Domain A:** *Language acquisition theories:* Demonstrate an understanding of key principles of language acquisition and create linguistically and culturally rich learning environments.

**Domain B:** *Language acquisition theories:* Demonstrate an understanding of child and adolescent development to create a supportive learning environment for each student.

**Domain C:** *Assessment of languages and cultures:* Describe formative and summative assessments that measure language proficiency.

**Domain D:** *Integration of standards in planning and instruction:* Articulate a rationale for how to integrate the goal areas of the national standards in classroom practice.

**Domain E:** *Integration of standards in planning and instruction:* Demonstrate an understanding of the national and state standards and use them as the basis for instructional planning.

**Domain F:** *Professional responsibility:* Describe your plan to engage in ongoing professional development opportunities that strengthen your own linguistic, cultural, and pedagogic competence and promote reflection on practice.

**Domain G:** *Language proficiency:* Articulate the importance of presenting oral and written information to audiences of listeners or readers, using language at a minimum level of “Advanced Low.”
GUIDELINES FOR TEACHING DEMONSTRATION  
\textit{20\%}

\textbf{Task}: The teaching simulation is to be done in pairs and at least \textit{90\%} in the target language and will align with the Standards and provide evidence of the students’ understanding of teaching in the WL setting. Creativity, visuals, and teacher-made materials are strongly encouraged.  
\textit{ACTFL/CAEP Standards 1a, 1b, 2c, 3a, 3b, 4a, 4b, 4c, 6b}

1. Prepare a lesson plan using the template provided. A Critical Reflection on the lesson is to be completed after your teaching simulation and submitted to Dr. Haley the following week, incorporating the feedback from your professor and classmates.

2. You must work in pairs for your teaching demonstration. You have \textbf{30 minutes}. \textit{Please plan your time carefully.} Remember to use the video permission form in the syllabus to get permission from all students who will be video recorded.

3. \textbf{BE CREATIVE!}

\textbf{EVALUATION} of your teaching demonstration will be based upon the following criteria:

- Language Proficiency
- Quality of overall lesson plan
- Simulation conducted in the target language
- Effective Use of Time
- Flexibility & Creativity

Objective: The purpose of the Impact on Student Learning Assessment Project is to provide teacher candidates the opportunity to work with and learn from a mentor teacher in the P-12 setting (field experience). During EDCI 684, Advanced Methods of Teaching Foreign Languages, candidates will work with a mentor teacher to teach a mini lesson and consider the effects of teaching on P-12 student learning. This hands-on learning module enables them to bring theory to practice through pre-and post-teaching assessments and to reflect fully on the effects of the learning outcomes.

Instructions to Candidates
As an experiential learning field based project, and as the ACTFL/CAEP Assessment #5, the Impact on Student Learning Assessment Project seeks to demonstrate a candidate’s effects on P-12 student learning. Candidates will plan and carry out a teaching task from which performance data can be generated for the purposes of determining the degree to which there is improvement in student learning. They will reflect on the lesson taught and discuss its impact on the students and their own learning.

According to CAEP Guidelines, the four elements that should be included in this assessment are that the candidate:

1. Undertakes a diagnosis (a pre-test) on P-12 student learning in some area he or she will teach;
2. Plans an appropriate sequence of instruction to advance P-12 student learning, and teaches in ways that engage P-12 students who bring differing background knowledge and learning needs;
3. Conducts some concluding assessment (or post-test); documents the student learning that occurred, or did not, and
4. Reflects on changes in teaching that might have improved the results.

The work sample that you prepare for this assessment will provide evidence of your teaching and impact on student learning through 1) planning instruction; 2) using best practices that provide opportunities for pupil success; 3) using assessment to inform practice and the continuous development of students; and 4) evaluating the effects of your actions and reflecting on how you can adapt instruction based upon assessment and
reflection. Placement will be made for you with a mentor teacher, or you may make your own arrangements.

**Field Experience**

- Arrange a meeting with your selected in-service teacher to describe the ISLA project
- Explain that you would like, with her/his approval, to develop a pre and post-test assessment to measure students’ knowledge of the foreign/world language
- Let the teacher know that the assessment will not be isolated from their content or skills they emphasize and could provide helpful information to them
- Ask the teacher for suggestions or ideas
- Insure the teacher that the assessment is standards-based and performance-based
- Inform the teacher that you will gladly share drafts of the assessment and welcome their feedback and ideas
- Develop your pre-test, before submitting your draft to me, share the draft with the classroom teacher for feedback
- After my approval, administer the pre-test

**Steps Along The Way**

- Conduct 3-5 observations and provide field notes for your observations
- Develop an evaluation tool, i.e., analytic rubric or checklist with rating scale
- ISLA project action plan is due to me **week 4**
- A draft copy of your pre-test is due **week 6**
- Revised pre-test due **week 7**
- Summary of feedback from the in-service teacher due **week 15**
- Prepare final ISLA project written report due **week 15**
- Don’t forget to share post-test results with classroom teacher

**Required Components for the Performance Assessment**

**A. Title Page**

Title of Lesson Taught
Your Name ________________________________________
Date ________________________________
School Site ________________________________
Grade/Level and Subject ________________________________
**Description of the Learners and Learning Context**

1. Describe the school and school district briefly (you might consult the school website for this information), including demographic information available (gender, cultural, ethnic make-up, etc.)
2. Describe the classroom setting, the students in your lesson, developmental characteristics (social, physical, intellectual that you have observed), their language learning background and any other information about the class you deem important.
3. Describe how to create a supportive classroom.
4. Describe your understanding of language acquisition and how that is used to create opportunities for meaningful interaction in the TL.
   *Please use pseudonyms for both school and students/teachers to ensure confidentiality of all parties.*

**B. Language Acquisition Theories and Knowledge of Student Needs:**

**Planning for Instruction**

1. Write a plan for the lessons you will teach/co-teach. Follow the lesson plan or guidelines from the template provided.
2. Include an explanation of the critical thinking skills to be addressed.
3. Include the assessment instrument(s) you use, with rubrics.
4. Indicate provisions made for various learning styles and any special needs.
5. Describe the adaptations to instruction and assessment for diverse learners.

In your pre-teaching phase, think about the project areas and the classroom context as you observe your mentor teacher to prepare for this activity:

1. What instructional approaches work well for this age group?
2. In terms of classroom management, what strategies are most effective for your students?
3. What are some effective methods/strategies/assessments for working with students from many different countries?
4. What are the areas of weakness or difficulty for students at your grade level and what do you do to overcome these difficulties?
5. In what ways does your mentor assess student progress?
6. How would you describe her teaching style, and how might your planned mini-lesson work with the style?

**C. Integration of Standards in Planning and Instruction**

1. Demonstrate your understanding of the World Readiness Standards for Learning Languages (WRSLL) and how to integrate them with the instructional design of the lessons.

**D. Assessment: Implementing Instruction and Assessment of Student Learning**

1. Design and use an authentic performance assessment. Conduct a “pre-test” activity or survey to discover what pupils already know at the outset. Compile your data/results.
2. Teach the lesson to the class, or to a group of students.
3. Use a “post teaching evaluation” or instrument to discover what the students know at the conclusion of the lesson. Describe any modifications you used for special needs learners.
4. Collect the evaluation results. Compile the data/results.
5. Compare the results of the post-test to the results of the pre-test and describe the differences. (See E. below.)
6. Note: In your final submission, please include a copy of the assignment you have created (with your mentor teacher), any rubric(s) used to assess student performance, and an analysis of the data you have gathered.

E. Reflection on Assessment & Impact on Student Learning to Improve Instruction
This is a key component of this project. Reflect on the effectiveness of your instruction and plan for modifications of future instruction to better meet pupils’ needs. Please include the following:

1. Identify what was successful and less successful about the assessments you used, and give plausible reasons for their success or lack thereof. Think: What steps might you take to remediate students who did not perform at high levels? How might this inform your practice in the future?
2. Discuss your most significant learning insight(s) from teaching/co-teaching this lesson. Provide an explanation of impact on student learning and why individual students were able or unable to meet expectations.
3. Reflect on your training thus far and identify what professional knowledge, skills, or dispositions would improve your performance in the future. Discuss your strengths and your needs as a teacher and set some specific goals for change.

This experiential learning module provides you the opportunity to connect theory to practice and reflect on your impact on student learning as you continue to grow and develop. As you think and write about school-based experiences, refer to the course content, readings, and discussions. Synthesize this information and apply it to the class content as well as your future (or current status) as an FL teacher.

Special Note: Please remember, you are a guest in these schools and classrooms. Appropriate attire and conduct are mandatory. Professional courtesy is always essential. If you must cancel a scheduled visit, please call right away to let the teacher know. Our school-based colleagues have willingly agreed to make themselves available to you, and I do ask you to please be helpful and lend assistance where possible.
Field Experience Record

To the Mentor Teacher/Supervisor:

The Teaching Culturally, Linguistically Diverse & Exceptional Learners graduate program at George Mason University requires all students complete a minimum of 15 hours of field experience in an appropriate K-12 classroom for each course. Field experience goes beyond observations of the classroom to include hands-on experience implementing teaching & learning activities required for professional educators. Your Mason student will provide a copy of the course syllabus indicating what is required to complete fieldwork, such as interviews with students, teachers or family members; lesson-planning; small group instructional activities; whole-class teaching or co-teaching; implementing or evaluating assessments; and other activities. Please verify the time and activities completed, as well as evaluate as best you can the students’ dispositions for a career educator, by filling out and signing the document below. We appreciate your willingness to mentor our Mason students into the profession and support their growth and learning. If you have questions about the program or the goals of fieldwork, please contact dvrtch@gmu.edu.

Permission to Use Student Materials and Image in Videotape

As a student in the Graduate School of Education at George Mason University I am requesting permission to use student materials and image in a videotape that will be used for discussion about the best ways to teach foreign/second languages. Students will never be identified by their names in the tape. This videotape is not about the students, but is intended for professional development.
